THE OPORTO GRAPE.

The Oporto is a very strong grower, and is perfectly hardy, having fruited annually for more than ten years. It is very productive, old vines having produced from five to over ten bushels each, in a single season. Two vines, two years planted in Bo Salle county, Illinois, were uninjured by the cold and fruited last season. The wine finds a ready sale from two to four dollars per gallon. Read what the public say of the Oporto.

"It is esteemed by Physicians a good Port Wine. It is somewhat astringent, rich and of fine body.—The vines are unfailing and good bearers."—Rev. L. Lansbury.

"I have six different kinds of Grapes, and the Oporto is the best of either of them for wine, and better than any other grape that I am acquainted with."—A. Devereau, in the Rural.

"Several years we have made wine from the Oporto Grape, and find a ready sale at one dollar per bottle, selling 10 bottles for single orders." Sylvester Clark.

READ, APPLY AND BE HEALED.

Remember there has been six years since J. L. Curtis' MAMMOTH LINIMENT was first offered to the citizens west of the Mississippi. During that time it has acquired a world wide reputation for healing pain. No other medicine has been so generously patronized to relieve distressing pains, in curing old diseases, even those which have baffled the skill of able physicians—wherever this Liniment has been used, it has never failed to relieve distress and suffering, restore health and vigor. Experience has proved that it is a certain cure for Rheumatism, Neuralgia, Sciatica, Lumbago, Old Sores, Cuts, Swellings, Pain in the back joints, Headache, Cutaneous Affections, Bites of insects or reptiles, Salt Rheum, Cracked Hands, Dysentery, Diarrhea, Cholera, Burns, Cramps, Sore Throat and Lungs, Spasms, Sprains, Bruises, Frosted Feet, &c. For HORSES, it is unrivalled, it is the best Liniment for Galls, Sore Backs, Sore Breasts, Sore Throat, Distemper, Colic, Spavin, Ringbone, Splint, Sweeny, Old Sores, Galls, Sitfast, Corns, Founder, &c. Hundreds of the above cases are cured daily, and thousands of certificates might be added; but it is deemed unnecessary since 25 cents bottle will convince the most skeptical. For sale by agents in every neighborhood.

Douglas Improved Sugar Mill.

The attention of Farmers in Nebraska is called to the following certificate of D. H. Ellis, who last season ran a No. 0 Douglas mill in Nemaha County where I had it on exhibition. The price of this sized mill is $50 freight added.

Nemaha County, Nebraska
April 10th, 1861.

R. W. FURNAS, Esq.—Sir: I take pleasure in furnishing you with the following information as the result of my actual experimenting with the small Douglas improved Sugar mill. It must be recollected that the season was extremely dry and the cane by no means good. While I used it I made from 30 to 60 gallons of good molasses per day—12 pounds to the gallon. From one piece of cane, the only one I measured accurately, 80 square rods I made 85 gallons of No 1 molasses. This is over 200 gallons per acre. I am quite sure of a good season, when the cane is rich I can make 300 gallons from an acre. In my opinion no farmer or at least neighborhood in the west should be without one of these or similar iron mills. Yours Respectfully

D. H. ELLIS.

Reference is also made to J. W. Hall, Mr Bailey T B Edwards, A J Richardson, Jno Cole Rev S L Collins, J Eastridge and many others in Nemaha County.

As the cultivation of the sugar cane in the West has proved an entire success, and as an extraordinary amount will this season be planted, it is evident farmers must have a more expeditious and economical mode of manufacturing it. Those who have been using the old wooden mills can compare the result with that above and see that the price of a mill is saved in a single season by the use of an iron crusher.

Where it is not convenient for one farmer to purchase a mill, a neighborhood often clubs together when the cost to each is so trifling as not to be felt compared with the advantages derived.

Farmers will do well to send in their orders early as it is desirable that the mills be shipped in the early part of Summer when freights are low, and also by shipping a number together the charge will be still less.

Address
R. W FURNAS,
Agent.

LUNG DISEASES CAN BE CURED BY J. L. CURTIS' COMPOUND SYRUP OF SASSAFRAS.

It is two years since Curtis' Syrup of Sassafras has been offered for use in the West. During that time it has never been a remedy presented which has become so popular and generally used in so short a time as this. Its reputation stands unequalled among the remedies of the present day. Judging from the satisfaction it has given in effecting a speedy and permanent cure, by the following testimonials, it would seem that no family should hesitate in giving it a trial who is in any one of the above diseases. It is no humbug, but a real good article, and a matter of experiment. Every one who has been unfortunate as to use it for any one of the above diseases, can now rejoice in the return of good health. Any druggists who could not supply their customers with it, could give you a certificate for it for sale in every neighborhood, so that all can be supplied at $5 cents a bottle.

CALEDONIA, Ringgold County, Iowa.

MR. J. L. Curtis—Having been acting as agent for the sale of your mixtures, I have found in stating to you and the public that I have known your Syrup of Sassafras to have been used in almost all the different diseases for which it is recommended. One man who had been suffering with the Lung Disease, followed with a very severe cough, which baffled the skill of the best physicians, also for a case of various kinds of nature, was cured by your Syrup of Sassafras, the disease gradually left the system, until in a few weeks he was entirely cured. Every family in this neighborhood could give you a certificate of some cure it has performed on them. I had as well be without office for sale as your Syrup, such is the demand. Yours truly

J. R. STANLY.
