Election Notice,

There will be held in the City of Brownville, Nebraska, on the 2d day of April, A. D. 1866, an Election for the following City Officers: One Mayor; five Alderman; one Clerk; one Treasurer; one Assessor; one Civil Engineer; one Marshall, and one Street Commissioner.
W. W HACKNEY, Clerk.

If you want a good article of Tobacco call at Swan & Bro's.

Rope of all sizes, at Swan & Bro's.

Corn Wanted, by
WILCOX & WORTHING.

Garden Hoes and Rakes at Swan & Bro s.

J. W. BLISS AUCTIONEER, Sales made in town or Country on the best of terms.

Fish lines and Hooks at Swan & Bro's.

Do you want a splendid Piano? Try your luck in the New ElDorado.

Hon T. W. Tipton will deliver a Lecture on Temperance this, Thursday, evening, at the First Presbyterian Church in this city.

What is the matter with the Court House building? Private individuals are preparing to build, and the County ought not to be behind.

The Ladies' Friend, for April, is on hand, and is a splendid number. This magazine is always up to time in everything, and no lady in the land can do without it.

A new Meat Shop has been opened on First street between Main and Atlantic, in this city, by Messrs. Plasters and Baker, under the name of the "Pioneer Meat Market." Long may it wave!

Wm. H McCreery of the City Drug Store, has on hand a very large stock of Lead, Oil, Paints, of every shade; Varnish, Glass, Putty, Dye Stuffs; and a complete stock of Drugs and Medicines, which he offers to sell at the lowest market rates.

R. T Ramey at the Star Store, has just received a large supply of choice Domestics, Calicoes, Dry Goods and Groceries, and is selling them at figures unprecedentedly low. Now is your time to get cheap choice Dry Goods and Groceries.

During the past week numerous covered wagons, containing emigrants, their families and outfits, have passed through our city to their future homes in this and adjoining counties; in not a few instances bringing fine stock. This is but an indication of the large immigration which will pour into this Land District this Spring.

Last Saturday was a splendid day for getting tight, but not quite so good for fighting. Two arrests were made by Deputy Sheriff, Bliss, and the City received, in fines, about $40.00.

Right here let us remark, that there is a rumor afloat that Mayor Dorsey will not accept that office another term. If this be so, we cannot but regret it, as the City's affairs—so far punishing crimes is concerned—have been better conducted by him than by any previous Mayor. We hope the rumor is incorrect.

See the Sheme of the New ElDorado Lottery, in to-day's paper. The Scheme all can see was not gotten up to "coin money," but simply to dispose of the principal articles therein named, which the Proprietors have on hand, or on the way to this place. The articles are all new and are put in at their cash value. There are no blanks, and no prizes less than $1 00. The large prizes, and in fact all are standard articles, such as few families would do without could they get them. This chance is now offered them at as low figures as they ever will be, and he or she who does not embrace this chance of bettering their condition, can never justly claim the sympathy of this community. Now is the accepted time!

How Refreshing are the April showers; they nourish into life the opening buds and renew all vegitation. But yet it is a time of the year when there is great danger of taking cold from exposure to the weather. Coe's Cough Balsam is excellent for coughs and colds, Sore Throat, and all pulmonary complaints.

While Coe's Dyspepsia Cure is invaluable in Dyspepsia, Indigestion, and all diseases of the stomace aud bowels.

JANUARY 17th, 1866.

Messrs. Morgan & Hewett: Dear Sirs: Yours of the 30th Dec., duly received and contents noted.

I am pleased to hear that you have commenced work on your plows and hope you will be able to supply the spring demand.

In refference to the price of the Plows in Illinois it is the same as I stated at the outset, they run as follows: For the Gang Plows alone, $75.00 at the Shop; for Trench Plows, $75.00 at the Shop; for the Subsoil Plow $75.00 at the Shop.

For Gang and Trench combined, $105 for Gang, Trench and Subsoil, combined $118.00. These are the prices at all places where our Plows are made. The purchasers paying the freight.

Now for the Trench Plows, I said they were fully used for breaking the prairie which is true to the letter, and it has been a complete success in Nebraska, during the past season. Mr. Yager, living near Nebraska City broke prairie last spring with one of our Trench Plows, took Brown's corn planter and planted it which was all he done, and gathered this fall 75 bushels of corn to the acre.

I could give you hundreds of such instances of sod breaking in Illinois, if it was necessary, but you can get plenty of evidence on the subject nearer home.—

Let me give you a few refferences in your own Territory,;

Mr. Yager, - Nebraska City.
Mr. S. Higgins, - " "
Mr. C. Hickose, - " "
Mr. Harvey J. fiers, " "
Mr. Thomas McRavey Sonora, Mo.
Mr. Louis B. Elper. Rockport, Mo.

All of whom will testify to the utility of the Trench Plows as a great improvement over all other plow for breaking Prairie.

The great beauty in using them is the certainty of a good Crop, the first season and that without any work but the breaking and planting. I am not surprised at the farmers supposing the Trench Plow useless, but if you will let them see the use they are in raw land next spring, you will get orders faster than you can make them in 1867.

I am most Respectfly Yours,
R. V. BLACK.

BROWNVILLE

PlowFactory

MRGAN & HEWETT.

Respectfully announce to the public that they are manufacturing the

LEEPER & KIDDER RIDING PLOW

OR

CORN CULTIVATOR.

ALSO

BLACK'S GANG

AND

TRENCH PLOWS.

We have the exclusive right to the manufacture and sale of these plows in this Territory and adjoining counties of Missouri, and intend to supply all demands so far as practicable.

It is conceded by all who have tested the Leeper & Kidder Cultivator, that it is superior to all others, in the following respects:

1st. The plowman can ride easier and plow with less labor.

2nd. Any person who can drive a team can manage it.

3d. Crooked rown of corn are plowed as easily and thoroughly as straight ones, the plowman sitting so as to observe the corn, and see if the work is well done.

4th. It is guided by a perfectly natural and easy foot motion, and does not cramp or tire the plowman.

5th. The plow, while in motion, is moved with perfect ease.

6th. The shovels may be adjusted to any depth, and any desired space between them is easily obtained.

7th. It has adjustable shields to prevent young corn from being covered.

8th, It is admirably adapted to plowing in small grain.

Every cultivator is well made, of good material, and warranted to do good work

We refer to the following named persons, who last year bought and used the cultivator manufactured by Morgan & Mead, in Atchison county, Missouri, to-wit:

THE GANG, TRENCH,

AND

SUBSOIL PLOWS,

Have been DeSigned Especially to Meet the Wants of Farmers.

☞ One man and four horses can do more Work, and do it better, with this plow, than two men with two disconnected plows.

The following are some of the advantages these Plows have over others:

1st. They are so arranged that they cannot rise out of the ground when striking a sod or hard place, insuring thorough work.

2nd They are the lightest draft of any Plow, either single or double, according to the report of the Committee of Trial of Implements, at Decatur, Ill., September, 1863.

3d. They are more easily managed; any stout boy ten years old can manage them.

4th. They are more compact and and simple, therefore not so liable to get out of order.

These Plows have taken Five First Premiums at the Illinois State Fairs, and Four at Iowa State Fairs.

The Trench Plows are used for breaking Prairie or Meadow land, with a Sod Plow in front, cutting the sod in a thin slice, and turning it down into a deep furrow, and the rear plow raising the sub-soil to the surface, covers the sod completely, so that it is out of the way of after culture.

☞ We will promptly fill all orders for the above named plows at this place.
