The workmen on second street are almost constantly unearthing curiosities. We have about a hat full of Indian pottery, pipes, mussel shells, etc., taken out some six feet below the surface. An Indian pipe, of a very rustic pattern, was also found. The workmen are now digging for greenbacks, with good hopes of success.

Cotton and Silk Parasols, Sundowns, Ribbons, Laces, Ruffling, Kid Gloves, Corsets, Bugle Trimmings, and the largest stock of Dress Buttons and Trimmings ever before brought to this city. No trouble to show goods at
HENDERSON & CO's.

Cashmere Wool.—To Col. Furnas we are inoebted for a specimen of wool from two of his Cashmere Goats cropped and reared in Nebraska. These specimens are certainly as fine as any ordinary intellect could imagine, yet the best evidence of its fineness is the fact that among the many sent to the Commissioner for the Paris Exhibition the sample sent by Col. Furnas, from a Goat reared in Nebraska, was pronounced the finest.

We have an interesting article from Col. Furnas on the Cashmere Goat, which, on account of a rush of Job Work we are forced to defer until next week.

Masonic Notice.—Notice is hereby given that there will be a meeting of the members of Nemaha Valley Lodge No. 4, A. F. & A. M., at the Masonic Hall in Brownville at the first regular communication on Saturday evening, June 1st, 1867, to take into consideration measures for founding an Institution for the Education of Orphans of deceased Masons. Every member is expected to attend. A. P. COGSWELL, W.M.

A fact worthy the attention of men of capital is that Den had not time to finish his new cottage in Middle Brownville before it was occupied. A dozen others would be served the same way within a month were they erected. The investment is a good one, and we hope others will immitate his example.

Robert Teare & Co. have now about fully opened up their new and choice stock of Dry Goods, Groceries, Boots, Shoes, etc., in the old Brownville House Building corner of Main and 2d, and have not failed to display their advantages through our columns as will be seen by their advertisement.

It is almost impossible to specify their many fine goods in detail, suffice it to say that every department is fully represented in their stock. Ladies' Dress Goods are there in abundance, together with the choicest stock of Trimmings, Notions, etc., to be found in the market. Muslins, Linnens, Goods for Gent's and Boys' wear, Ladies', Misses' and Children's Shoes, Hats, Caps, etc., are all represented by full and complete stocks, too large it may be said for the market yet their low prices is bound to give a new impetus to trade in this section. Their stock of Groceries is complete and of the choicest; together with Queensware, Glassware, Woodenware, Hardware and in fact about anything that man, woman or child can want may there be found.

Mr. Teare prides himself upon having selected these goods with an eye to the wants of this community, and upon having bought exclusively, and that while goods were on the decline, and can therefore sell lower than any older house on the Missouri slope.

Personal.—within the past week we have been pleased to make the acquaintance of Mr. Thomas Scott, Esq., of Crawfordsville, Ind., while on a flying visit to R. V. Hughes and E. D. Smith, relatives of his living in this section. Mr. Scott is now Assistant Door-keeper of the U. S. Senate. He has at different times edited three of the leading county papers in Indiana. His compliments on the general appearance of our country were truly flattering coming from one reared in a well timbered State. May he live to see Nebraska an hundred years hence.

Within the past few days we have noticed many emigrant wagons crossing at this point. The steam ferry is making regular trips while the roads leading to and from our crossing are in excellent condition. We anticipate a heavy land immigration during June and July, last year it came in May, June and July in which time 71,000 acres of public land was taken in this Land District mostly for homesteads. The backwardness of the season will probably delay it one month, yet we've no reason to complain as the land entries in this district for April and May will foot up near 60,000 acres.

Marsh & Co., at their Book Store, have a full supply of the New School Books adopted by the Board of Education for this School District and are fully prepared to supply the demand either for Books or any other material use in Schools. Their long connection with eastern publishers and manufacturers enables them to offer extra inducements to purchasers, in fact they propose to sell anything in the School Book or Stationary line at prices that will defy competition.

15 or 20 Leeper & Kidder Riding Plows on hand, which I will sell for $50 each in cash, or $55 on time, secured by note drawing 10 per cent per annum.

It has been discovered by thousands of housewives in all sections of the country that D. B. DeLand & Co.'s Best Chemical Saleratus is the only Saleratus that will produce a uniform result, and give perfect satisfaction every time.—If once you try it, you will always buy it.

The Latest Fashions,—Since the invention and successful introduction of the Celebrated Duplex Elliptic [or double] Spring Hoop Skirt, by Mr. J. W. Bradley, of New York, the ladies throughout the country have given up the idea of discarding the fashion of wearing hoop skirts on account of the peculiar and graceful manner in which the Duplex Skirt adapt themselves to every exigency and immergency. So generally acceptable have these Skirts become that the ladies regard them as a special favorite, in view of the superior Flexibility, Lightness and Durability Combined in their Manufacture. They also consider them a far more Economical and Comfortable Hoop Skirt than ever has or can be made for all Crowded Assemblies, for the Promenade or House dress. Any lady after wearing one of these Skirts will never afterwards willingly dispense with their use. Long experience in the manufacture of Hoop-Skirts, has proven to the proprietors of this invention, that Single-springs will always retain that stiff, unyielding and bunghing style which has ever characterised them, whereas the Double Spring Hoop or the Duplex Elliptic, will be found Free from these objections. Notwithstanding the ability of the manufacturers, Messrs. Wests Bradley and Cary, to turn out over six thousand Skirts per day from their Large Manufacturies in New York, they feel obliged to request all merchants ordering the Duplex Elliptic Skirts, to send their orders a few days before they are wanted, if possible, as they are most constantly oversold some days ahead.

ASTROLOGY.

The World Astonished
AT THE WONDERFUL REVELATIONS
MADE BY THE GREAT ASTROLOGIST,
Madame H. A. Perrigo

She reveals secrets no mortal ever knew. She restores to happiness those who, from deleterious events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future.—From the stars we see in the firmament the malefic stars that overcome or predominate in the confirmation—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, $1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart written out, with all inquiries answered and likeness enclosed, sent by mail on receipt of above mentioned. The strictest secresy will maintained and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, enclosing a small lock of hair.

GROVESTEEN & Co.,
PIANO FORTE
MANUFACTURERS,
499 Broadway, N. Y.

THE ATTENTION of the public and the trade is invited to our *New Scale, Seven Octave, Rosewood Piano Fortes*, which for volume and purity of tone are unrivalled by any hitherto offered in this market. They contain all the modern improvements, French grand action, harp pedal iron frame, over-strung bass, etc., etc., and each instrument being made under the personal supervision of Mr. J. H. GROVESTEEN, who has a practical experience of over thirty years in their manufacture, is fully warranted in every particular.

The Grovesteen PIANO FORTE

Received the highest award of merit at the celebrated world's Fair, where were exhibited instruments from the best makers of London, Paris, Germany, Philadelphia, Boston, Baltimore and New York; and also at the American Institute for five successive years, the GOLD AND SILVER MEDALS from both of which can be seen at our ware-rooms.

By the introduction of improvements we make a still more perfect Piano forte, and by manufacturing largely, with a strictly cash system, are enabled to offer these instruments at a price which will preclude all competition.

Our prices are from $100 to $200 cheaper than any first-class Piano-forte.
