See the articles in the Agricultural Department to-day. All who propose to be there, or to bring anything, will read them to advantage.

Swan & Bro's style is to keep no inferior of damaged goods whatever. We have known them to send back large bills of goods because they were inferior to what they had ordered. It is always safe to deal with such a house.

" " " Window Glass and Lamps,
" " " School Books and Letter Paper,
" " all we need in the Drug line at the City Drug Store, where we find the largest stock and lowest Prices.

Arrived at Last! New Goods!! New House!!! New Store!!!!—Greatest bargains ever offered in the west can be had in New Clothing, New and elegant Prints, Hats, etc., just received and opened by the man that never was undersold, that is
D. MAY, Regulator.

Hetzel is Coming!—His goods are on the way; all neatly made; of new material; and gotten up in the latest styles. Hold on to your "old clothes" yet a little while, for the benefit of choosing from a large and full stock of everything that man can desire to deck his corporial diversities cannot be overestimated.

A Fact.—I have been long enough in this city, and long enough in the School Book trade, to be understood when I say I will not be undersold in School Books, Stationery, etc by any house in the city. You will save money by buying your School Books of Marsh at the Post Office.

See the New Advertisement of D. May, "Regulator." He has lately greatly improved his facilities for receiving the Novelties of the season nearly as soon as they appear in New York. He is determined to leave nothing undone to have the latest, best and cheapest goods in the market.

Residence Improvements.—R. V. Hughes is now finishing a very neat new residence on Water between 5th and 6th. It adds materially to the appearance of that portion of our city.

A. Stafford is also erecting a residence on his block in Middle Brownville, and we doubt not will finish it with his usual good taste.

A Want that has long been felt in our city, and much deplored, is soon to be supplied. J. S. Hetzell will be here the next ten days or two weeks, with a stock of Clothing and Gent's Goods, as would do credit to a larger city than ours, and such goods as for make, wear and price, will knock in the shade anything that has been offered since the war began.

Joseph Pfeiffer, of St. Joseph, has one of the largest Marble Works in the west, with a complete assortment of everything in that line. He also keeps on hand Alton and Hannibal White Lime, Cement, Plaster, Hair, White Sand, Marble Dust, Fire Brick, etc. Persons wishing any of the above articles may order with safety and get what they order in two days.

A. J. Riiter, Republican nominee for Commissioner, called on us last Monday, looking none the worse for the infliction which the Republicans of this county are determined he shall bear of acting as Commissioner for three years. He is a gentleman well fitted for the position, as he has shown a financial ability in building up a business in St. Deroin equal to any in the county.

Spendid Game.—We were shown last Friday evening as noble a deer as it has ever been our pleasure to see, which had been killed that afternoon on Honey creek in this county, by our sporting townsman, Wm. Rossell. It is the largest game of the kind that has been killed in this county for many a year, having seven points. Mr. Rossell is entitled to the appelation of king of the chase, and has nobly won the honor.

See the New Advertisement of Wm. Allen, City Baker and Confectioner, in to-day's paper. Mr. Allen commenced business here a little over two years since in a very humble way, and has, by his untiring energy and fair dealing, built up quite a respectable business, erected quite a respectable business house of his own and is now prepared to furnish everything in his line on short notice and deliver goods at the residence of his customers free of charge.

The Pole Raising, last Saturday, was a success; yet owing to the late hour of getting it in position, no out-door demonstration was attempted. It stands 156 feet from the ground up, and is the longest pole so far raised in Nebraska. The cannon was let off several times by the Republican Gun Squad. Great credit is due the workman, Messrs. Kneffer, Wheeler, Berger and Neely, for their untiring energy in getting it up, and to Thad. Trimmer for managing the whole affair from first to last.

Peaches.—Last Monday we were the recipient of a very pleasant favor from W. H. Hawley, of Lafayette Precinct, in the shape of about a peck of Nebraska Seedling Peaches. They were as fine as any we ever saw, and exceeded—or seemed to, at least—in taste any we ever ate. Mr. Hawley has quite an orchard of this fruit. We have seen many samples of Nebraska Seedling Peaches this season, and all indicate that Nebraska, or at least this portion of it, will yet be one of the great Peach section.

BROWNVILLE, Sept. 14, 1868.

Editor Nebraska Advertiser:

With reference to your notice of the road to London, in this county, I would say that many of us residing in the vicinity like yourself, thought that there ought to be a road leading south from there, and therefore petitioned the County Court to appoint a viewer to survey and locate a road on the section line between sections fifteen and sixteen. The road has been surveyed and located as above, and will be opened as soon as the law admits of its being done.
Yours truly, H. O. MINICK.

Gone East.—Robt. Teare, of the firm of Teare & Co., has gone East for their fall stock of Dry Goods, etc. Mr. Teare has been engaged in business in this community for twelve years, and is, perhaps, as well, if not better posted in the wants of this community than any man in it; and from his acquaintance east, and promptness in money matters, can lay in a stock of goods to as good advantage as any merchant in Nebraska. We predict that he will bring a stock of goods unexcelled in quality in Nebraska, and with a margin to sell on with which he may defy competition. Look out for his return.

A CARD TO THE PUBLIC.

To all those in need of New Clothing now, I would respectfully say, wait but a few weeks and I will be prepared to supply your wants from as large and well-assorted a stock as, I believe, was ever opened in Nebraska, and at prices as low, and, perhaps, lower than any you have ever purchased at since the war. I can guarrantee that I will have no 'shoddy' goods, or 'slop-shop' work in my store, as my Clothing have been made up under my own supervision from Goods purchased in the bolt by myself. It shall be my endeavor to give entire satisfaction both in my Goods and Prices, and can safely say to all it will pay you to wait a short time and examine my stock and prices before purchasing.
J. S. HETZEL.

Negro Supremacy.—Few Republicans can realize why rebels and copperheads should so dread negro supremacy. We thought it but an idle cry for political effect until we heard of an incident which transpired in Scott City a few days since, in which a reb realized it. It appears that Geo. McCleery, the worst rebel in Atchison county, is blacking boots for a living. Negro Bill—a Democratic negro—one day drove up and asked George to black his boots, which the chivalrous champion of the 'lost cause' and despiser of the negro, very obligingly did, and, just as he was putting on the finishing touch, Bill drove off, leaving the copperhead minus an equivalent for his labor, and proving the Democratic fear of 'negro supremacy' well grounded. "And the negro troops fought nobly." Look out, Democrats.

May's Campaign Song.

AIR: "O, Susannah."

Every Lady in the land
Surely must confess
May has the best and cheapest goods,
Wherewith to make a dress;
And such a lot of Notions fine
As ne'er was seen before,
He first came into Brownville
The Price Regulator.

New Pants and Coats and Hats and 'sich,'
He has a bran new stock.
So fine and cheap, he's sure to make
Our merchants "walk the chalk."
Then go to May's emporium,
'Tis No. 27,
And dress so fine and nice and gay
You'll think you are in heaven.

The Coming Fall Fashions.—It will gladden the heart of every lady of Brownville and the surrounding country, to know that the Broadway styles will be introduced at May's Regulator, with a magnificent assortment of Dry Goods, direct from the largest Dry Goods House in the world—A. T. Stewart & Co's, of New York. My stock will consist of Scotch and Mackenzie plaid serges, (green, blue, purple and Bismark colors,) which are especially fashionable for suits. Striped Serges for suits will also be very stylish. Those who are fond of gay colors will be charmed with the Velour plaids, which are entirely new; also the Plaid French Poplins. These are sold for train dresses, and are very handsome for the house. I will also have a beautiful assortment of 10-4 Ladies Sackings, Waterproof Cloth, and everything pertaining to a first class Dry Goods House. The new goods will be here this week, and ready for sale on Monday next.

Call and examine my stock. No charge to show goods. D. MAY,
Dry Goods and Clothing Regulator.

Our New Steam Ferry Boat.—Our new Steam Ferry Boat has arrived, and is now making regular trips. It reached here last Sunday morning, under charge of Capt. James Emmons, who is now in command. This boat was built at Muscatine by Woolverton & Arnold, J. A. Woolverton master builder, for their own use, and is put up of the best and strongest material and planed for speed and durability. Her length is 98 feet, breadth of beam 25 feet, over all 35 feet, and depth of hold 4 feet. Her hull is built with five solid bulkheads clear through, bottom of three and a half inch plank, space forward of engines on deck 35x35, in the rear 21x35, with a clear drive on each side of nine feet. She has double engines, with 9½ inch cylinders, three foot stroke; with two five flue boilers, each flue eight inches in diameter, made of five-sixteenth iron, which is heavier than that used by a majority of larger boats. She is allowed to carry 150 pounds of steam, which is 50 pounds more than is ever used on any ferry on this or any other river, and her boilers were tested by a pressure of 235 pounds. She has fifteen foot wheels, with 9½ foot buckets. She has a passenger cabin on the upper deck.

This boat was not built for sale, but for the use of its builders, and everything is built accordingly—for safety, durability and speed. The public may now rest assured that everything will be done at this crossing to facilitate the transportation of goods, passengers, and live stock, without delay or danger, as Mr. Barret's endeavor will be to make this the best crossing on the Missouri river. Close connections can here be made with the Railroads going North and South, and connecting with railroads leading anywhere and everywhere.

An Address

To the Nervous and Debilitated, whose sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable. If you are suffering or have suffered from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky, or ropey, or is it ropy on setting? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling upon this subject? Do you feel dull, listless, moping, tired of company, or life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as we.l? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little apetite, and you attribute this to dyspepsia or liver complaint?

Now, reader, self-abuse, venerial diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man. Did you ever think that those bold, defiant, energetic, persevering, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any other meanness about them. I do not mean those who keep the organs inflamed by running to excess. These will not only ruin their constitutions, but also those they do business with or for.

How many men from badly cured diseases, from the effects of self-abuse and excess, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease—idiocy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.

Diseases of these organs require the use of a diuretic. *HELMBOLD'S FLUID EXTRACT BUCHU* is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon the prompt use of a reliable remedy.

Helmbold's Extract Buchu, established upward of 18 years, prepared by
H. T. HELMBOLD, Druggist,

Manhood! How Lost, How Restored!

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of Spermatorrhœa, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc; also, Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance.

Price, in sealed envelope, only six cents.

The celebrated author, in his admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, postpaid, on receipt of six cents, or two stamps. Also Dr. Culverwell's "Marriage Guide;" price 25 cents. Address the Publishers,

Has been longer engaged in the treatment of Chronic, Sexual and Female Diseases than any other Physician in St. Louis.

Syphilis in all its forms, Gonorrhœa, Gleet, Strictures, Orchitis, Diabetes, and all affections of the Urinary and Sexual Organs, are treated with the greatest success.

Spermatorrhœa, Sexual Debility and Impotency, as the result of self-abuse in youth, or sexual excesses in maturer years, which produce some of the following effects, as blotches, debility, dizziness, dimness of sight, confusion of ideas, evil forebodings, aversion to society of females, loss of memory and sexual power, and rendering marriage improper—can be cured.

Persons suffering from Consumption, Dyspepsia, Chronic Diarrhea, Liver Complaint, Hernia, Rupture or any other chronic affection, may rely upon receiving a radical cure.

Particular attention given to all Female Complaints; Inflammation and Ulceration of the Womb, Leucorrhea, Chlorisi, Sterility, &c. Most cases can be properly treated without an interview, and medicines sent by mail or express, secured free from observation. Consultation by letter or at office FREE. Charges moderate and cures guaranteed.

Office, with hospital accommodations for patients, No. 617 St Charles street, between Sixth and Seventh, St. Louis, Mo.

Everybody can get, in a sealed envelope, my theory and treatment of Sexual and Urinary Diseases, containing full symptom lists, for two postage stamps; also, my paper relating to Chronic and Female Complaints, for a three cent stamp.

NOTICE.

I have this day sold my entire interest in the painting business to J. K. Fretz. Thanking my friends for the liberal patronage bestowed on me for the past eleven years, I hope they will continue the same to my successor in business, as Mr. Fretz is an experienced painter, competent to perform all work entrusted to him in a workmanlike manner, and on reasonably reduced cash terms.

All persons knowing themselves indebted to me will please come and settle the same.
