MOYER MADE DENIAL

LABOR LEADER TELLS OF RELA-TIONS WITH ORCHARD.

So Far from Commending Orchard for the Vindicator Job, Witness Insists He Did Not Know the Man Until Long After That Time.

Charles H. Moyer went to the stand at Boise, Idaho, Wednesday, a witness for his fellow defendant, William D. Haywood, and besides making positive denial of all the crimes attributed to him and the other federation leaders by Harry Orchard offered an explanation of the unsolicited appearance of the Western Federation of Miners as the defender of Harry Orchard immediately after his arrest at Caldwell for the murder of Steunenberg.

Moyer swore that it was Jack Simpkins who engaged Attorney Fred Miller at Spokane to go to Caldwell to represent Orchard, then known as Thomas Hogan, and that it was at the request of Simpkins that the witness and Haywood subsequently advanced \$1,500 from the funds of the federation to meet the expense of defending Orchard.

At various stages of the recital the defense offered a number of documents, including a heretofore undisclosed cipher telegram which Simpkins sent to federation headquarters and the union at Silver City, Idaho, covering the moves to protect the federation which was charged with the crime within a few days after it oc-

Moyer remained on the stand under direct examination from shortly after 10 o'clock in the morning and made a self-possessed witness, and at the end of the long day the defense expressed satisfaction over both his testimony and the probable impression he made on the jurors.

Santa Fe Railroad Indicted by Federal Jury.

The federal grand jury in Chicago Wednesday returned an indictment against the Atchison, Topeka and Santa Fe railroad on sixty-five counts on the charge of rebating.

The indictment charges the Santa Fe with granting rebates amounting to \$12,000 to the United States Sugar and Land company, of Garden City, Kan. The indictment contains sixty-five counts, each relating to alleged infringement of the law, and the company, if convicted, will be subject to a maximum fine of \$1,300,000 and a minimum fine of \$65,000.

The rebate is said to have been granted while the sugar refinery was being erected at Garden City, in 1905 on shipments of building material, the freight on which amounted to \$100, 000. It is alleged the railroad had agreed to return \$35,000 of the \$100,-600, but only \$12,000 had been paid. When complaints were heard from the other shippers, the government commenced an investigation.

GREAT COMBINE IS ATTACKED.

Government Turns Guns on the Tobacco Trust.

The government Wednesday filed in the United States circuit court in New York a petition against the American Tobacco company, British-American Tobacco company, American Snuff company, American Cigar company United Cigar Stores company, American Etogie company, McAndrews & Forbes company, Conley Foil company, and fifty-six other corporations and twenty-nine individuals connected with the named companies.

The corporations and individuals constitute what is generally known as the "tobacco trust," and the petition directed against them sets forth the purpose of the government to dissolve this trust by breaking up the agreements under which the consolidated concerns are working.

In showing the growth of th "trust" since its organization in 1890. the conclusion is reached that at an early day, unless prevented, it would completely monopolize the entire tobacco industry.

FRANK INDICTED FOR MURDER. Grand Jury Takes Different View from

the Coroner's. Ernest Frank is in the Pawner county jail charged with the murder

of his wife. In September, 1906, Ernest Frank, son of W. A. Frank, living about six miles northeast of Table Rock, was married to Edith Allen, daughter of Mrs. F. W. Ault. The young couple went to live with the parents of the groom with every prospect of a happy married life before them, each being about 23 years of age. On March 1 they went to housekeeping on a farm in the neighborhood, the parents of the young couple living nearby, and are substantial farmers, old residents and highly hespected. On April 25, Young Frank claims he went to the home of his father, about threefourths of a mile distant, to assist in repairing a spring on the farm. The day not being suitable for the work he returned home and found his wife lying on the kitchen floor with a small twenty-two rifle by her side. On sum. moning help of the neighbors they found her dead with a gunshot wound just before the right ear and that there was an empty shell in the rifle. The coroner enpanelled a jury, who

found that death was by suicide. Last week, district court being in session, with Judge Raper presiding, a grand jury was called and the matter again investigated. After being in session six days the jury returned an indictment against Frank for murder in the first degree. Sheriff Martin arrested Frank and took him to Pawnee
