### WEEKLY MELANGE.

This is St. Patrick's day.....The river blocked about noon on Sunday, and remained so about an hour.....Col. Colt, of the house of Woolworth & Colt, St. Joseph, Mo., called on us last Thursday; he is on a trip soliciting for their first class book binding establishment.....Col. Rhodes, one of Johnson county's best men, called one day last week..... A very high wind set in from the south on Thursday noon, and blew great guns all that day and Friday.....Last Friday as many as twelve emigrant wagons, loaded with women, children, and household furniture, passed west through this city.....Dr. McPherson started for Chicago last week..... Our chief commenced gardening last Friday. .....There have been four runaways during the week; luckily no damage has been done, save in one instance a jug was broken.....The weather turned cold Friday evening, and Saturday morning a slight snow fell.....Sunday came out pleasant, but changed to cloudy about noon, and at night a high wind set in from the north, blowing all night and increasing in fury till Tuesday morning, when it was most intensely cold, with as keen a wind as ever blew anywhere. The wind kept up high through Tuesday and until Wednesday morning, when a slight abatement might be noticed, falling to a calm by night. It was the severest storm on "all flesh" that has been in this section for "lo, these many years.....Theodore Hill returned last Saturday.....Dr. McPherson returned home yesterday morning.....Crossing the river has been very risky for the past three days, so much ice running; $5 a passenger was the fare last Wednesday morning.....Building work is suspended.....A friend at our elbow thinks the sun raises quite a breeze in crossing an imaginary line.....Toodles asks why was the deaf and dumb man discharged by Judge Morgan? Because he could not legally be condemned without a hearing.....E. E. Ebright makes as attentive a Mayor as Brownville ever had, the only question in our mind is will he accept if nominated; we hope he will.....The present City Council hold their last meeting next Friday night; we say the last, but we hope not, as they cannot be replaced by better men.

### Industrial Plow at J. C. Deuser's.

**New Resturant.**—Geo. Daugherty opened up his resturant to the public last Tuesday. George has fixed up this building in a truly pleasant, agreeable and inviting style; things are clear and tidy and make one feel at home. George is one of the best providers that ever kept Hotel in this city, and will not be less good in his new business; and the culinary department, presided over by his better half and Mrs. Sanders, could not be in better hands. For day boarders, or persons wishing a good meal at any hour of the day, the new Resturant is the place. Farmers, when you come to town remember this!

**H. C. Lett** has Blue Grass and Osage Orange Seed.

**The Beatrice Clarion** is still "going for" J. S. Hetzel, clothing merchant of this place, because of some difference of opinion on a settlement. Hetzel still survives, and is thankful to the *Clarion* for the gratuitous advertising it is doing for him. Look out, friend Hogshead, that you don't "put your foot in it." Mr. Hetzel represents no "New York firm." His credit and reputation are his only representatives in New York.

### Deuser has the Industrial Plow!

**A Nice Present.**—We notice at Hannaford & McFall's a new Bishop's Chair, presented by Mrs. Crooks, of Birmingham, Mich., to the Episcopal Church of this city. It is a plain yet beautiful piece of furniture in keeping with the style of the church, surmounted by a grecian cross, and after a plan by Lamb, architect, New York. Its cost will be about $40.

**Where is it?**—We understood, before the match between Valleau and Sloan, that John Shoaf of Omaha had determined to challenge the winner to play for $500 and the championship. We don't find the challenge in our Omaha exchanges, and, as "circumstances alter cases," we may have been misinformed. At any rate we know that Valleau's friends here stand ready to back him to the amount named, and Valleau holds the championship on the merits of his game, a good tenure. We don't see the challenge, but would like to, as it would make a very interesting game.

### For Industrial Plows go to Deuser.

**Bank at Rockport, Mo.**—Rockport is to have a bank. This we know, as our townsmen, Medford & Howard, have received the contract for doing the carpenter work on the same. It is to be an iron front building, as near fire proof as possible. Good for Rockport.

### Go to Deuser for Industrial Plows!

**R. C. Berger** has retired from the Alhambra, and will now give his entire attention to his position of Marshal, and Street Commissioner, to which he intends devoting all of his time.

**Always Ready and Reliable.**—From its perfect purity and strength, Dooley's Baking Powder can be safely relied on as the best and most economical Baking Powder in use. No short weight, as each can contains the full net amount represented, and the same quantity is guaranteed to last longer and give better satisfaction in making rolls, biscuits, pastry, &c., than any other article of the kind now known. Manufactured by DOOLEY & BROTHER, New York.

**We note** with pleasure, that Jacob Rogers, who has charge of the transfer at this place, has not, in a single instance, failed this winter to get the mail across the river, to and from the cars.

**Specie Payment** has been resumed at Valleau's Senate and Huddard's Saloon. The modus operandi is that you take a drink give a dollar to get changed, and receive in your change a silver quarter. Several persons have, so far, got about as much as they could carry. It is a good thing.

### Examine the Industrial Plow!

**Hannaford & McFall** have several car loads of furniture at the Depot in Phelps City, which will be over just so soon as it can be crossed. They will then have Bedsteads, Matrasses, etc., till all may rest easy at night.

**Good work.**—Kneffer & Nealy did the outside finish of Deuser's Stove Store; Medford & Howard the inside work. It is a good job.

**Choice Fresh Butter** at Hauk & Armitages.

**Arrived!**

A new lot of men's Boots & Shoes; also women and children's work, all sizes; best Chicago work, at living prices at George Marion's.

**The Lenten Services** at the Episcopal Church in this city will be held as follows:
March 2d, being Ash Wednesday, the first day of Lent, full morning service, and sermon, evening prayer at 4 p m., the 5 weeks following, evening prayer at 4 p. m., Wednesdays and Fridays, "Holy Week," the last week of Lent, Morning prayer at 10 a. m., evening prayer at 4 p. m. On "Good Friday," full morning service and sermon.
GEO. R. DAVIS,
20-6w Rector.

**A first-class Cabinet Organ for sale.**—One of the celebrated Peloubet Organs, five octave, double blowers, knee swell, four stops, solid Walnut case, the price of which is $175. This Organ is nearly new, in good order, and will be sold cheap for cash. Inquire of
GEO. R. MOORE.

The Premium Corn Planter

Now Ready for Inspection or sale!

The Union Corn Planter, as improved for 1870, has few equals and no superiors. First, it is made of the very best material, carefully selected for the purpose; second, the dropping arrangement is perfect, and is so arranged that every hill can be seen by the driver or dropper; third, the depth at which it is desired to plant can be arranged to a certainty; fourth, by the new sod attachment, the toughest sod can be planted with ease; fifth, with a marker the work can be done more regular and quicker than by any other planter. Shellenberger Bro's Agents.

DR. WHITTIER,
A REGULAR GRADUATE OF MEDICINE, as diploma at Office will show, has been longer engaged in the treatment of VENEREAL, SEXUAL and PRIVATE DISEASES than any other physician in St. Louis.
Syphilis, Gonorrhœ, Gleet, Stricture, Orchitis, Hernia, and Rupture; all urinary Diseases and Syphilitic or Mercurial Afflictions of Throat, Skin or Bones, are treated with unparallelled success.
Spermatorrhea, Sexual Debility and Impotency, as the result of self abuse in youth, sexual excess in mature years, or other causes, and which produce some of the following effects, as Nocturnal Emissions, blotches, debility, dizziness, dimness of sight, confusion of ideas, evil forebodings, aversion to society of females, loss of memory and sexual pewer, and rendering marriage improper, are permanently cured.
The Doctor's opportunities in hospital and private practice are unsurpassed in St. Louis or any other city. Back files of St. Louis papers prove that he has been located here longer than any other so advertising. The establishment, library, laboratory and appointments, are unrivaled in the west, unsurpassed anywhere. Age, with experience, can be relied upon, and the doctor can refer to many physicians throughout the country. In past success and present position he stands without a competitor.
**The Writings of a Physician whose reputation is Union-wide should be worth reading.**
DOCTOR WHITTIER publishes a *Medical Pamphlet* relating to venereal diseases and the disastrous and varied consequence of self-abuse that will be sent to any address in a sealed envelope for two stamps. Many physicians introduce patients to the doctor after reading his medical pamphlet. Communications confidential. A friendly talk will cost you nothing. Empire Shuttle Machine.

Patented Feb. 14, 1860, & Sept. 1, 1866.
RECEIVED THE FIRST PRIZE,
AT THE
Great Fair of the American Institute
In New York, Oct. 26, 1867,
And Highest Premium for Best
Manufacturing Machine
At Paris Exposition, July, 1867.

No. 1 Family Machine.

This machine is constructed on a new principle of mechanism, possessing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be simplicity and perfection combined.
The following are the principal objections urged against sewing machines:
1. Excessive fatigue to the operator.
2. Inability to get out of order.
3. Expense, trouble, and loss of time in repairing.
4. Incapacity to sew every description of material.
5. Disagreeable noise while in operation.

*The Empire Sewing Machine is Exempt from all these Objections.*

It has a straight Needle, Perpendicular Action, makes the Lock or Shuttle Stitch, which will neither rip nor ravel, and is alike on both sides; performs perfect sewing on every description of material, with cotton, linen or silk thread, from the coarsest to the finest number.
It Hems, Fells, Binds, Braids, Tucks, Quilts, Plaits and Gathers.
As a Family Sewing Machine it has no superior. Special attention is called to our new improved
Nos. 2 & 3—Manufacturing Machines
They have been thoroughly tested on every description of Cloth and Leather Work, running by Steam Power at the rate of
1,200 *Stitches per Minute.*
Producing more than double the work of any other Shuttle Machine now in use; the stitch is tight, uniform and beautiful; they are simple in construction, easily understood, and not be liable to get out of order, run light and are comparatively noiseless.
For Tailoring or Leather Work we claim that they are not only equal, but much superior to any other machine that has ever been offered to the public.
