SHERMAN HOUSE.

C. M. KAUFFMAN,

PROPRIETOR

46 Main-st., Brownville.

This house has been remodeled and refurnished throughout, and affords the best accommodations in the city to the local and traveling public. It is centrally located. Stages for the West, and Omnibuses for all trains, go from the Sherman House. Fair first class, charges moderate. 15-tf

COLLARS.—All kinds and styles, at HETZEL'S.

BOOTS AND SHOES.—Best in the Market, at HETZEL'S.

☞ Extra copies of the ADVERTISER for sale by Moore & Bradford, Booksellers, Stationers and News Dealers, No. 97 Main street, next door to the Postoffice.

A Ten Horse Thief Captured, and broke Jail.—Charles Phillips, a horse thief extraordinary, living in Dixon county, Kansas, was arrested in this county, and lodged in our county jail, last Thursday, by Deputy Sheriff, Hugh Baker, upon a warrant sworn out by the Deputy Sheriff of Dixon County, Kansas, for stealing ten horses from J. L. Wade in the above named county. The man arrested for stealing Capt. Carson's horse was in jail at the time Phillips was put in. Monday evening, about dusk, both made their escape by taking off the lock of the door and taking it with them. They walked out deliberately while the jailor—who apprehended some difficulty in putting them in the night cell—was out to get assistance. The jail, though a tolerably good cell, is yet not strong enough to hold expert thieves.

Oils and Paints at reduced rates at W. T. DEN'S,

We take pleasure in referring to the nice Ice Cream, Lemonade and good things generally kept by Gardiner Beach at his confectionery one door west of Daugherty's Restaurant. He does things up in nice and and in good style.

One Girl Wanted at the Star Hotel. Highest wages paid.

Snyder's Lunch House is one of the best institutions of the city for the hungry and thirsty; he keeps free lunch at all hours, and has a good stock of beverages. Billy's Place.

Colored Festival.—Last Tuesday we saw a small youth of color perambulating our streets with a piece of paper stating that the colored ladies of our city wished to have a festival, and requesting donations. How he succeeded we do not know; but if the colored ladies wish to have a festival, they ought to have it, for we are among those who sincerely believe "the colored troops fought nobly." Shove it along; pass around the paper.

If you wish a good pair of Boots, go to Chas. Helmer's, for he makes them neat, durable and cheap.

Jackson and Schutler Wagons at DEN'S.

General Railroad Ticket Office for all points at the Star Hotel. 42-3m

Sorgo Machinery.—Among the many Sorgo Mills now before the public, none rank higher than the following: 'American Prize,' 'American Sampson,' 'American Vulcan,' and 'American Hercules,' manufactured by Geo. L. Squier & Bros, Buffalo, N. Y., and for sale by Shellenberger Bro's. They are all vertical mills, weighing from 360 to 1200 pounds, and with relative capacity of from two hundred to twelve hundred gallons per day. These Mills have all the improvements which long experience has suggested and have the reputation of working with more ease to man and beast than any other Mills made. Call at Shellenberger's and get a Sorgo Manual and see the Mills.

Chas. Helmer's Boots and Shoes give entire satisfaction to all who wear them.

Hay Rakes and Pitch-forks at DENS.

The Festival

Last Thursday evening, was a perfect success; reaping for the church about $125, and doing great credit to its managers—all young ladies under fifteen—Minnie Colt, Tillie Beach, Cora Gates, Lizzie Simpson, Lizzie Freeman, Sarah Howard, Mollie Furnas, and Mattie Locke. The occasion was one which those who were present will not soon forget. The following acknowledgement by the officers of the Fair, speaks thanks for the favors shown.

July 29th 1870.

EDITORS ADVERTISER:—The Misses of the M. E. S. School, desire to return a vote of thanks to the citizens of Brownville, for their patronage on Thursday evening, and especially to those who were kind enough to remember us by private donations, for the benefit of our fair; and also to the Band who so highly entertained us with "sweet strains of music" during the evening. And now, last, but not least, we wish to return a most cordial and earnest vote of thanks to the editors of the ADVERTISER and Democrat for the prominence and publicity which they gave our fair and festival in their columns.

MINNIE COLT, Pres't.
ATTILLA BEACH, Sec'y.

An Outrage.—Last Thursday night, a man by the name of Benson, living eight miles south-west of this city, was set upon by parties, then unknown, and beaten severely; and his son, who came to his rescue was treated the same way. Mr. Benson did all in his power to bring the parties to justice and two of the four were arrested and after trial before Justice Ebright on Monday were discharged.

Base Ball.—The Match Game between the Shoo-Fly club, of this city, and the Peru Nine, last Saturday, resulted: Shoo-Fly's 38, Peru's 23.

Who Sells Salt at $3,40? That is nothing! I sell New York or Ohio River Salt at $3,25. Come and see me!

W. T. DEN.

New Shoe Shop.

Geo. Denny has opened up a new shoe shop in No. 15 Main street, one door east of Geo. Marion's. He has a full stock of material of all kinds, is doubtless a good workman, and solicits a portion of the public patronage, guaranteeing satisfaction.

Richard Harpster,

Of the Alhambra, received, by steamer last Saturday, a large and choice stock of all kinds of Liquors, which he warrants to be No. 1 in every respect; and which he is prepared to wait on the public to in the most elegant mixed beverages or "straight." Richard or Garrison know just how to do the thing up nice and cool this hot weather.

C. A. POLLOCK

Is certainly making herculian efforts to accommodate the public in the most convenient place in the city, where all have to go almost daily, the post office building, for he has just added Sugar, Coffee and Tea to his other choice Groceries and Confectionaries. He is enterprising, and deserves success.

Jacob Marohn has received new goods.

Deuser & Shurts, the new firm of the Pioneer Tin Shop are constantly receiving New Goods, and are disposing of them at such low rates that it is no wonder that they go off so rapidly. Give them a call.

"What's the Matter" with our eastern mails? Moore & Bradford inform us that their New York papers are ten days behind time, and St. Louis Daily's three days.—Where is the trouble?

Farmers.

Bring your Butter, Eggs and Chickens to the Postoffice, and get good, fresh Groceries. None but the very best goods kept.

The Band is under many obligations to DeForest Porter for refreshments brought up during practice. He is a gentleman, and a superb judge of w-w-what's good to enliven his fellow man. *Vive 'la Porter.*

Weston's Cylinder Churn.

Shellenberger Bros. are entitled to the thanks and patronage of all who have cows for their introduction of this valuable churn. It is the most complete, simple and efficient churn made, and its price brings it within the reach of all. There are three sizes at $3.50, $4.00, and $4.50, respectively. These churns, as soon as introduced, must certainly take precedence of all others for simplicity, durability and cheapness.

George Daugherty is the most industrious provider that ever kept a Hotel or Resturant in this city. He is always on the watch and knows what's good. Resturant one door west of the Bank.

PERSONAL.

We were pleased last Friday by a visit from the genial "Nasby" of Nemaha City, James A. Titus. He was acting both in the capacity of carrier of the mail and P. M. He is one of Nemaha's most enterprising citizens, and our agent for subscription or advertising in that city.

Major B. F. Lushbaugh and family, of Omaha, spent a few days this week, visiting friends in this city, and seeing to his farming interests in this county. The Major, we learn is about engaging in the banking business in Falls City.

Hon. Thomas Cobb, of Vincennes, Ind., spent a few days in this city during the past week, looking up the interests of Hon. W. R. W. Cobb, deceased, whose estate comprises over one thousand acres in this county, and which is to be sold as soon as it can be got into proper shape. Mr. Cobb, is one of Indiana's most prominent lawyers, and served in the State Senate eight terms. He passed up to see to other interests of the estate.

J. H. Broady, our affable legal friend, returned from Quincy last Friday. He looks as though he had enjoyed the trip.

Andy Tynan, of Peru, dropped in and smiled on us Saturday.

We were pleased to meet last Saturday Dr. L. Rice, of St. Deroin, and Col. J. D. N. Thompson, of Aspinwall, two old pioneer friends, and loyal men, if there are any.

Judge Harmes, still strong for France, called Saturday. His Hanovarian prejudices are very strong.

Joseph Saultzey dropped in Monday, and left with us a portrait of "Jefferson." Both ware welcome.

Dr. Geo. B. Graff, of Omaha spent a day in this city this week.

G. W. Ambrose, of Omaha, made a flying trip to this place, the present week. He returned yesterday.

We had a call last Saturday from Wm. Winsheffel, one of the Justices of Benton Precinct, and one of Nemaha county's most enterprising farmers. He reports matters in a flourishing condition in his neighborhood. He will receive subscriptions in his neighborhood for the *Advertiser*.

Friend Ebright returned last Tuursday morning. He has doubtless made a good campaign for the "Champion," as he never does things by halves.

Friend Dinninney called last Friday. He was on a trip soliciting advertisements for the Johnson county premium list. He worked hard and succeeded well.

A. May, of the Regulator started on a pleasure trip to Lincoln, via Plattsmouth, Tuesday. He will manage to be in time for the opening excursion of B. & M. Road from Plattsmouth to Lincoln.

W. H. Vallean started for St. Charles, Minn., last Monday.

R. B. Smith, Esq., J. P. of Peru, called yesterday. He reports Peru in a flourishing condition.

Rev. Burch, of Peru, called Tuesday. From him we received some notes of the dedication of the new M. E. Church at that place. From him we also learned that the streets of that place had recently been graded and made a great deal more pleasant for travel.

Theo. Coleman, editor and proprietor of the Beatrice *Record*, called yesterday.

Everybody.

Go to Postoffice for your Groceries. All goods new and fresh, and for sale as cheap as the cheapest. Go and see!

At the Postoffice you will find Prunes, Dried Currants, Dried Blackberries, Dried Apples, Coffee, Sugar, Rice, Teas, &c., &c. In fact everything kept by Grocers generally. All goods fresh and pure.

The Star Hotel.

We take pleasure in commending this hotel to both the travelling and resident public. Its gentlemanly proprietors, Messrs. Stevenson & Cross, omit literally nothing that will conduce to the comfort and happiness of their guests. Good, wholesome food, gotten up in splendid style; clean, comfortable beds, good company and moderate rates are the foundations of the remarkable prosperity of this house.

FEED BASKETS.

1/4, 3/4, 1, 1½, 2 and 3 Bushel Baskets, at SWAN & BRO'S.

A. MAY & CO.,

Pioneer Regulators, are in constant receipt of new and late styles of all kinds of Dry Goods. Ladies to be in the fashion completely, so far as material in goods is concerned, must buy at Mays. And Gents who buy their Clothing and Furnishing Goods at May's are never disappointed. Don't fail to give them a call.

F. A. Tisdel, jr., & Co., have just received about ten acres of Threshing Machines, Horse Powers, Studebaker Wagons and Fanning Mills, which they are dispensing to the public as low as they can be bought for anywhere.

A Bridge Across the Missouri River

At this point would be a grand thing for the people of Atchison county, Mo., insomuch as it would increase their facilities for trading with our enterprising Grocers, Swan & Bro., who are constantly in receipt of the choicest Groceries, and whose correct and fair manner of dealing have made them favorites on this side the Big Muddy. We hope the time is not far distant when people on both sides of the river may handily enjoy the privilege of dealing with them.

Low for Cash.

Paints, Oils, Lead and Glass in abundance at McCreery & Nickel's

Sea Moss Farine.

Is certainly the most delectable article for Pudding and *Blanc mange* ever discovered. It is all the go in the east, and we are pleased to notice its introduction here by our enterprising Grocers Swan & Bro. Try it and be delighted.

Meadow King Mower.

We see among our exchanges many most favorable notices of this machine. All over the country it is coming into most favorable notice and use, and is known as the perfection of mowing machines. For sale by Shellenberger Bros.

See Advertisement headed "Land! Land!!"

SHELLENBERGER BROS.

This firm are among our most enterprising business men, and have done, perhaps, as much as any other to bring the trade of the city up to its present respectable and flourishing condition. In one thing alone have they established a trade not surpassed south of the Platte river, that is in Hardware and Cuttlery. In this their stock is acknowledged by all the most complete and best in Southern Nebraska Their stock of Stoves and Tinware is unsurpassable. They aim to keep only the true and tried in the Stove line; and every housewife in these six counties knows that their Tinware is unequalled. They also keep a full supply of Blacksmith's Furnishings, and Iron of every size; and Fence Wire, by the ton. They are enterprising, liberal, and sell as low as it is possible to, and make a living profit. Give them a call, No. 74 McPherson's Block.

Wherever Hay is to be cut, there is the place for a Meadow King Mower. You can get them at Shellenberger Bros.

We take great pleasure in calling the attention of our readers to the advertisement of Dr. J. A. Wroe, to be found in to-day's issue. The Doctor was one of the early adventurers in Southern Nebraska. He came came here in 1857-8, and consequently had an opportunity of selecting the choicest of our lands. He is now offering them on exceedingly favorable terms, to actual settlers. Call on him either at the Reynolds House in this place, or at the Union Hotel in Falls City.

Some Distance.—The number of Charter Oak Stoves made and sold last year by the Excelsior Manufacturing Company, if placed in a line close together, would stretch out for distance of twelve miles.

Messrs. Woolworth & Colt,

Of 83, Felix Street, St. Joseph, Mo., have just received a very large lot of Wall Paper, Curtains, and Curtain goods, Pictures, Picture Frames, etc., to which they call the special attention of wholesale buyers, for they can, in these goods save money to all who will give them a trial, and save a trip to either St. Louis or Chicago. In School Books, Blank Books, or Stationary, they offer lower rates than cities farther east; and their Book Bindry, and facilities for making Blank Books, are not excelled in the west. Our merchants would do well to make a note of this.

Building Improvements, as usual in this city, are now fairly under headway, and will continue as usual, also, until cold weather closes in.

We Tuesday morning, discovered that Chas. Helmer has the foundation in for a neat brick residence, on Fifth street between Main & Atlantic. He is making himself a nice, commodious home.

John Flora has masons at work on his residence on Levee street, between College and Richards. It will make a good showing.

Lewis Hill's residence is nearly up, ready for the roof. It will be one of the best in the city.

David Campbell, our worthy Marshal, has his new residence on College street, so far completed that he will move in, in a few days.

A Palatial Residence.

We have seen the plan of the new residence of R. V. Muir, which is now fairly under way, and judge from it that the building will be second to no residence on the Missouri river, above St. Joseph, for style and finish. It will be 36x40, two stories high, with a cupola observatory in the centre of the roof. The stories will be 12 and 11 feet high. The front will be toward Atlantic street, 40 feet, with projecting portico, supported by eight columns, with beautiful cornice and brackets, the windows will be arched with cut stone, and the cornice for the roof will be very beautiful and appropriate to the design. There will be three large bay windows on the east, west and south fronts. The observatory will be a large sized room, with twelve long, and four narrow windows. This residence will crown one of the prettiest sites in the city, and will do much to set it off to advantage. Medford & Howard have the woodwork, and Ab. Gates the brick, which will insure its being well done.

Splendid Furniture!

It is a pleasure to go up stairs in Hannaford & McFall's Furniture Store, and see the splendid display of Furniture made in sets complete. You will find there full sets covered and plain, in Walnut, Oak or Rosewood. If you want something nice and complete, you can there see it, and judge just how it will look. In other branches from the splendid down to the plain, their stock is complete. And if you wish any work made to order, Jack, as boss, and Helmer and Bunsel as joiners cannot be beat, anywhere. Give them a call.

ACCIDENTS.

James Gibson had his arm broken last Thursday evening by a kick from a horse he was shoeing. Mr. Gibson is doing well, under the circumstances.

A son of Mr. Lyda, a former townsman, but now farming near Humboldt in Richardson county, had his hand so severely mashed last week, as to make amputation necessary.

A son of Benj. Coons, of Peru Precinct, fell and broke his arm last Thursday. He was immediately brought to this city, and put under umedical treatment.

A Mrs. Crooms, of Peru, we learn, dropped dead while washing, one day this week.

Perfect Goods in every respect, coupled with fair dealing in every respect, together with low prices, are what makes the house of F. E. Johnson & Co. so popular. Give them a call.

McPherson & Tuttle are still at No. 66 ready to serve the public with just the choicest Dry Goods or Groceries that can be had in the west. They sell low for the ready cash. Give them a call.

ACOMMODATION WILL WIN IT

Especially if combined with a choice supply of good articles, and a desire to sell as low as possible. This is the case at Rich and Gilmore's Red Store. We speak only to the few who do not deal there, as most people know the above by actual demonstration.

The New Dollar Store,

Is an institution which inspires more genuine satisfaction, perhaps, than any other ever opened in this city. The people like it, for the majority of articles sold for One Dollar could not heretofore be had for less than two dollars, while they offer nothing for One Dollar but what usually sold for more. You can go and see for yourself, and choose for yourself, knowing that it costs a dollar, no matter if it is a Chromo, a Damask Table Cloth, a Linen Table Cloth, four Linen Towels, a set of Glass Ware, a heavy cut glass Pitcher, ten cakes of toilet soaps, or any other article, all nice and good. He has specialities for the ladies that all can see at a glance are as cheap as the raw material without the making. Give him a call at the stand of the old DOLLAR STORE!

Metropolitan Silver Cornet Band.

We said last week that this Band was "played out;" we desire to state that the "clouds that lowered o'er" it "are in the deep bosom of the ocean buried;" that "the winter of our discontent" is gone, the Band is "itself again" once more, and will be ready to compete for the Premium at the State fair. It was our mistake, for which the Band has our apology.

Every member of the Washington Life Insurance Co. is interested in its success.

BROWNVILLE, July 29.

Editors Advertiser:

Our first impression on arriving in Brownville, is that it is a decidedly lively town, and this impression is deepened by a longer stay in town! when, however, we are informed through the columns of the Daily *Democrat* that on the occasion of a dead hog being pulled out of town, their reporter was present, but was too dead to be interviewed, we are much surprised that such a lively paper should have so inert a reporter. The spirit which starts a daily in so small a town is to be admired, but a close attention to typography would improve the *Democrat* wonderfully.

Rail Road Item.

J. H. Broady, just returned from a trip to Quincy, informs us that the corps of Engineers of the Q. M. & P. R. R., will be here in a few days and commence operations on this end of that road, from the River to Rockport, and the President, Col. Savage, says work shall not cease till the section has the rolling stock running upon it. This will do more, to give our people and the balance of mankind, confidence, than anything else that can now be done.

Dividends are applied in the Washington Life to make the policies larger.
