Under the operation of the new pure food laws, baking powders now generally bear on the labels a statement of the ingredients. This is of utmost importance because of the harmful ingredients used in many cases.

Royal Baking Powder is now known to be the only baking powder made of Royal Grape Cream of Tartar, and this no doubt explains its greatly increased sale here. Careful housekeepers are taking advantage of the protection which the laws afford, and are examining all the reading matter on the back of the label before adopting any brand for use in the home. When in place of the words Cream of Tartar the words "alum," "aluminum" or "phosphate of lime" appear among the ingredients, they heed the warning and avoid baking powders containing these substitutes.
