The Nebraska Herald.

LOCAL NEWS.

☞Mr. L. Golding who has been east after goods, arrived on the Denver last Sunday.

☞The Russo-American telegraph is completed to a point 870 miles north of New Westminisetr.

☞Two or three jour Tinners can find employment by applying at the Tin Store of E. T. Duke & Co. in this city.

☞Prot. Epis. Church—Services next Sunday A. M. and P. M. in the Brick School House.

☞Small stacks of bricks are making their appearance in front of many buildings on Main St. preparatory to construction of sidewalks.

☞The new steamer "St. Joseph," belonging to the St. Joseph & Omaha Packet line, came up on Monday evening. She is a neat little craft, and will do excellent service on this route.

☞Some eight or ten wagons loaded with coal made their appearance on our streets last Sunday. We have not been able to learn definitely where it is from nor wither it is bound.

☞Nevada will elect a Congressman, November 7th. Mr. Worthington the late Representative, and Colonel E. V. Sumner, son of the late Major General Sumner, are the candidates.

☞Any persons wishing to purchase Real Estate, will find good bargains by calling at the office of F. M. Dorrington, Real Estate Agent. Office over Black & Buttery's Drug Store.

☞We have a number of names upon our subscription books that were only paid for six months. We would say to all such, the time has expired; and if you wish the paper continued, please present yourselves at the "captains office."

Might have been seen on Main St. last Saturday evening:—A "four years failure" copperhead whining around a returned soldier for the purpose of inducing him to vote the Cop. ticket, and the said soldier telling him that the whole party was a set of back-bitting rebels.

☞Goldings goods have arrived. If you want a hat, coat, pants, vest, or anything usually kept in a clothing house, don't fail to give him a call. He selects his own goods, and you can depend upon everything being of the best quality.—Don't forget the place—one door west of the Herald office.

☞Hon. P. W. Hitchcock, Delegate to Congress from this Territory, was in town on Monday, on his way to the lower part of the Territory. He is looking quite well since returning to the Territory, notwithstanding his health was feeble most of the time he remained in Washington.

☞How do the Democracy reconcile themselves to such strong opposition to negro sufirage when the only vote ever cast by a negro in this Territory was that of a *lame negro fiddler* who cast several votes on the same day in L'Eau-qui-Court county for J. Sterling Morton, and upon which votes, with others of the same character, the said Morton contested the seat in Congress.

☞A returned rebel named Kelly was summarily hung a few days since at Bergan Mo. He went to a saloon in the place and ordered a Lieutenant of militia, who happened to be there, to take his blouse off. The Lieutenent refused to comply with his request, when Kelly drew a revolver and fired at him. Bystanders then knocked Kelly down, took *him* out and suspended him to a limb of a tree

☞C. W. Troy, Esq. traveling Agent of the Hannibal & St. Joseph Railroad gave us a call on Monday. He reports the road as undergoing thourough repairs; new rails are being laid, new Locomotives and cars of the most approved patterns are being put on, and in fact everything is being done to make this road second to none in the west. This road has been the great thoroughfare for all passengers and freight coming west, and will so continue to be for many years yet.

☞Read the advertisement of C. H. Walker, in to-day's paper. This is an excellent opportunity for our sheep-raisers to procure good stock. A cross with these sheep would undoubtedly increase the amount of wool on the ordinary sheep from one to two pounds per head, which would pay for a buck the first season, besides increasing the value of the sheep. Too much attention cannot be paid to this branch of business, and we hope to see the sheep raisers of Cass county improve this opportunity of securing good stock.

☞While the trade of other towns on the river is falling off, that of Plattsmouth is steadily on the increase. Tootle, Hanna & Co., are selling immense quantity of goods, and are laying in a much larger supply than they have ever done before. The house of Amison, Dovey & Co., with the assistance of Mr. R. G. Doom, (whose great weakness is being a cop.,) have already sold out the stock intended for a winter supply, and Mr. Dovey has gone east to start another shipment. Howe & Thatcher's store is constantly crowded with customers, and the same may be said of every store in the city. Never was trade so brisk in Plattsmouth at this season of the year, and our merchants wear smiling faces in consequence.

☞This number completes six months since we commenced the publication of the Herald. When we started out, some who were opposed to us were busy in circulating reports to the effect that it was only a temporary concern, and would only last two or three months. These reports have undoubtely had some effect upon the people, as we were personally a stranger in the community; but notwithstanding, we have continued the Herald, and from our constantly increasing patronage we are led to believe that we have in some measure met the demand that existed here for a paper to fairly present the claims and advantages of the place to the public. Now we would say to those who have withheld their patronage, from whatever motive, if you will come up and give us your help, we shall be pleased to do all in our power to help you in return. That the Herald has been instrumental in causing the great increase of business in the place this summer, no man who reasons from cause to effect will pretend to deny. Now we propose in the future, as in the past, to make the prosperity of Plattsmouth and Cass County the main feature of the paper. We shall, of course, have something to say about politics, but do not propose to make any distinction of person in a *business* capacity in consequence of any difference of opinions on *political* questions. We shall as cheerfully assist those who differ with us in politics to build up a good business as those who hold the same opinions that we do. Let us join issue in making Plattsmouth what nature has designed her to be—the largest city in Nebraska. All that is neccessary to accomplish this, is for every man to put his shoulder to the wheel. We will promise cheerfully to perform our part of the labor, and ask that others do the same.

Farm For Sale.

I have a good farm for sale, consisting of 165 acres; 100 fenced, 90 under cultivation, and about 65 acres of timber. It is situated 7 miles south of Plattsmouth on the main thoroughfare to Nebraska city. For particulars enquire on the premesis, or of Hiram Davis in this city.

A. M. P. WHITTIER.

April, 26 m 1.

☞For the benefit of persons liable to the Excise Law I would state that Section 103 requires a duty of two and one-half per centum on Gross Receipts for the transportation of passengers, merchandise, &c., for hire. Freighters are considered liable to this Section.

Persons delivering the freight are the ones responsible for the tax.

The proviso in the law mentioning the right of adding the amount of tax to freight, "over contract," only applies in cases where the law of the State, where the contract for carrying the freight was made, has fixed the compensation; and in those cases the Act of Congress gives the right to the freighter to add the tax to the freight as fixed by law.

Persons liable will save heavy penalties by making requisite returns as soon as practicable after the delivery of the freight. F. M. DORRINGTON,
