The Nebraska Herald.

LOCAL NEWS.

From Wednesday's Daily.

☞We learn that the grading of the B. & M. Railroad is complete to within 75 miles of Plattsmouth and that 2,000 constructionists are engaged on the work.—*Omaha Herald.*

☞The Nebraska City *News* says a drove of 600 head of sheep from Edon county, Michigan, belonging to Jasan Yurann, passed through town this evening on their way to the Blue river.

THE CHOLERA—Dr. Bigelow, a noted physician of Boston says: "From our past observations I do not believe that cholera, should it appear in this country, will be so likely to trouble New England as it is to visit the malarious regions of the South and West." Among all the many digerent remedies advertised there are none that act so completely as an antidote to this *malarious poison*, and which give vigor and strenght, than Dr Roback's Stomach Bitters and Blood Pills. The Blood Pills act directly on the liver, causing it to throw off the deleterious matter, and the Bitters restore the appetite and invigorate the whole system, thouroughly keeping off the terrible scourge, cholera.

☞Mr James Knox, says the *States*man, residing in Hendricks precinct, on the south branch of the Nemaha, related to us the following particulars of a dispicable act committed on his premises. On Friday night last several persons visited his farm, and taking a span of mares shaved their manes and tails close to the skin; shaved a yearling colt and cut its tail off up close; took a pony away and either killed it or hid it in the brush; upset a barrel of new sorghum and let the molasses run upon the ground; pinned the molasses pan to the ground with a pick-axe; overturned about thirty feet of a hay rick; carried off four halters; tore down the fences, and did several other acts of most malicious mischief. They then took a cowbell and carried it down a field, tinkling it as they went for the purpose, Mr. K. thinks, of decoying him out of the house. He did not follow because he had been warned by a friend of an intention on the part of some of his neighbors to tar and feather, or even to hang him. After firing fifteen or twenty shots the party, supposed to be six or eight in number, left.

From Thursday's Daily.

☞Workmen are engaged in laying the long talked of street crossings.

☞If bombast, froth and *ten dollar* pictures were arguments, how "we apples (Democratic) would swim."

☞Let every lover of free government in Cass county be present on Monday evening, Oct. 1st, to hear the joint debate between Marquett and Morton.

☞Frank White is engaged in "jerking" another house about town to day. He does that business up on short notice, and in first rate style.

☞Maj. John Taffe, candidate for Member of Congress, arrived in town this afternoon on his way to Salt Creek, at which point he speaks to-night. The Maj reports things in good shape north of Platte.

☞It is a curious fact that we have a party, known as the copperjohnson party, based upon opposition to the Constitutional Amendment, yet not an organ nor a speaker in the party *dare* attack a single provision in that Amendment. We all know what their basis of opposition is, yet they do not make it public.—They tried acting upon *principle* when they adopted the Chicago platform: but have "soured" on that way of doing.

From Friday's Daily.

☞A large picture of Gen Robt. E. Lee, was raffled for and won by M. Rich, Esq., last evening.—*News.*

Just so.

☞Another new definition has been added to the *dictionary* in use in this city, to wit:

ECONOMY—Filling a news paper with family portraits of the editor (on wood—metal engravings *cost too much*) in order to save type setting.

☞Let every man in Cass county who is opposed to turning this government over into the hands of unrepentant rebels, be present at the GRAND RALLY at EIGHT MILE GROVE Thursday Oct. 4th. We hope also to see a large attendance of those who *do* think that the rebels should rule (or those who are acting as though they thought so), but such as are willing to listen to facts and acknowledge their error when they are convinced.

From Saturday's Daily.

☞D Graves, Esq., is now ready to attend to customers in his new brick shop, one door west of the Court House.

☞The fire tried loyalists of the South are going over A. Johnson's track to pick up the Constitution and the thirty six stars he dropped on the route.

☞Go to Eight Mile Grove on Thursday the 4 h of October. The Plattsmouth Brass Band has been engaged for the occasion.

☞The only reason why Andrew Johnson didn't veto the Atlantic Telegraph Cable was that he would have been obliged to take water, which is wholly incompatible with "My Policy!"

☞The two "stool pigeons" to treason—Paddock and Lockwood—passed through our city to day, on a "flying" visit to North Platte. We look for Thayer and Irish, who are seeking an answer to their invitation to debate, to follow soon.

☞We should have a few more subscribers to the DAILY HERALD on Salt Creek. Our mail facilities are such that papers can be received every other day; and that go-ahead country can well afford to patronize the only paper that is laboring for its advancement. Send us a few more names.

☞It appears that Dr. F. Renner, of Nebraska City, was lately appointed Assessor for the collection district of Nebraska, but after he had attended the Brownville convention, A. Johnson thought better of it, and appointed a man whom he could use—A. S. Holliday of Brownville. A commercial record should be published—corrected weekly—giving the market price of certain political aspirants.

☞The "conservative" papers of Nebraska are particularly severe upon Gen. Thayer; in fact, their whole force of vituperation is directed against him The reason is obvious. *He fought their party in the south.* There is a studied effort on the part of every conservative-rebel paper in the country to detract from the merit, in a military point of view, of every officer who done effectual service against rebels in the battle field, and who continues to do likewise in the political field. Go ahead—the "boys in blue" expect it.

From Monday's Daily.

☞Go and hear the joint debate to night between Marquett and Morton. We predict that Marquett will use *all* the argument that will be heard and that Morton will have a great deal to say about the "nigger." Bear This in mind, and see if we are not correct.

☞The campaign was commenced in earnest last Saturday evening at Rock Bluffs. Speeches were made by Hons. J. E. Doom, W. R. Davis and A. L. Sprague Esq. They placed the matters before the people in an argumentative shape, and it was not without its effect. Some Democrats who were present acknowledged the force of their arguments, and said boldly that they were for the Constitional Amendment, no matter what action the Democratic party took Another thing, that assisted in elucidating the difference between the two parties was the fact that some Democrats who were present showed a disposition to disturb the meeting, which is the best of evidence that their cause is weak, and their only hope of success lies in keeping arguments from the people. A majority of the Democrats who were present (and there were a goodly number of them) were civil, and appeared anxious to ascertain *facts* in regard to the Amendment question. If a few unruly and boisterous men think to gain party strength by interfering with the quiet of public meetings, they are reckoning "without their host," as that thing has "played out."

From Tuesday's Daily.

☞Did the Democracy of Cass county hear anything "drap" at the School House last night.

☞Gov. Saunders, Senator Thayer, and others will be present and address the people at the Grove on the 4th.

☞A large stock of Fall and Winter clothing just received at Newman's Clothing Emporium, which will be sold at the bottom of the market Go quick, in order to get the best selections.

☞A team of horses belonging to S. Cole, Esq., got loose yesterday evening and scattered things generally. They ran among a lot of plows near Forgy's blacksmith shop, and one of them broke a leg and otherwise injured himself.

☞Wagons will be in readiness at the Court House, at 9 1-2 o'clock on Thursday morning, to convey all who wish to go to Eight Mile Grove. Let us have a general turn out, with music and banners. The Plattsmouth Brass Band—13 instruments—has been engaged for the occassion.

☞Note it down, that Andrew Jackson Poppleton, who stands a head and shoulders above Morton in the Democratic party, said, in a speech at Omaha a few evenings since, that *the Democratic party was opposed to the test oath!* "That's What's the matter." The ears begin to protrude, nothwithstanding the cloak of "National Union." Are you, voter, in favor of repealing the test oath and allowing red handed murderers in Congress?

MARRIED.

ERRORS OF YOUTH.

A gentleman who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN,
sep15w8m] No. 42 Cedar St., New York.

☞In going for or ordering goods, the great question to be solved is where they can be had so as to enable the purchaser to make the greatest profit. If they can be had near home for about the same money that would have to be paid at a greater distance, it is certainly an inducement. Let our dealers in Groceries, Liquors, e.c., reason upon this subject, and when they want anything in the line, go to Westheimer & Eppstein, in St. Joseph, and we doubt not they can make it more profitable than to send or go farther east. je261m

ANOTHER writes, his son was cured after his flesh had almost wasted away.

The doctors pronounced the case incurable.

ANOTHER was cured of Fever and Ague after trying every medicine in his reach.

ANOTHER was cured of Fever Sore which had existed fourteen years.

ANOTHER of Rheumatism of eight years.

Cases innumerable of Dyspepsia and Liver Complaint could be mentioned, in which the Purifier and Pills work like a charm.

THE BLOOD PILLS

Are the most active and thorough pills that have ever been introduced. They act so directly upon the Liver, exciting that organ to such an extent as that the system does not relapse into its former condition, which is too apt to be the case with simply a purgative pill. They are really a
