

DOW CLOTHING CO.

Semi-Annual CLEARANCE SALE!

FOLLOWING our long established and well known custom we are now conducting our Semi-Annual Clearance Sale, which will continue throughout the month of July.

In merchandising every calendar month, week and almost every day in the year has its peculiar and individual duty to perform which affects all the others in their combined year-end results.

July and January are the spend-thrifts of the family, but they are also the managers, and on them lies the responsibility for the ship's cruise.

Our last cargo of freight has now to be unloaded. Everybody is invited to come aboard ship and select whatever may be useful to them at entirely new and much lower prices. Every article now in stock will be reduced, but NOT ALL AT ONCE.

If you need a new suit for yourself or your boy, now is the time to buy and to save.

If you need a light weight overcoat or a pair of trousers, now is the time to buy and to save.

If you need underwear, shirts or neckwear, now is your time to buy and to save.

If you need hats or hosiery, now is your time to buy and to save.

A Good Result.
Under the operation of the new pure food laws, baking powders now generally bear on the labels a statement of the ingredients. This is of utmost importance because of the harmful ingredients used in many cases. Royal Baking Powder is now known to be the only baking powder made of Royal Grape Cream of Tartar, and this no doubt explains its greatly increased sale here.

Careful housekeepers are taking advantage of the protection which the laws afford, and are examining all the reading matter on the back of the label before adopting any brand for use in the home.
When in place of the words Cream of Tartar the words "alum," "aluminum" or "phosphate of lime" appear among the ingredients, they heed the warning and avoid baking powders containing these substitutes.

Speaking about roots, S A Combs, of Homer, brought a root with him when he came up to attend the meeting of the executive committee of the Pioneers and Old Settlers' association last Saturday, that is quite a curiosity in shape in which it grew. It is about an inch in diameter and resembles a snake in appearance, so much so that we have cut out the "boozie," along with a few others, ever since the thing was left in the office.
The executive committee of the Pioneers and Old Settlers' association met last Saturday afternoon at the place to arrange matters for the coming twenty-sixth annual reunion to be held at Clinton park, Dakota City, August 29, 1907. S A Combs was selected to fill the office of secretary made vacant by the resignation of John H Ream. The same committee that made the reunion a success last year were again chosen. Preparations for the coming picnic are well under way, even at this early date, and all look forward with anticipation for the day of all days in Dakota county. Remember the date, Thursday, August 29, 1907.

Obituary.
Died, at Sioux City, Iowa, on the 13th day of July, 1907, Mrs Nancy A McPherson, aged 78 years.
Nancy A Deese was born in Kentucky on the 14th day of March, 1829, and early in life removed to the state of Indiana, where, on July 10, 1848, she was joined in marriage to Joseph S McPherson. In August, 1851, with her husband and children, she removed to Richland, Iowa, and removed from there to Dakota county, Nebraska, in December, 1868. Here the family resided until the fall of 1884, when they removed to Hitchcock county, Nebr, where the family home continued until it was broken up by the death of the husband and father on December 31, 1893.
Mrs McPherson was the mother of eight children, two of whom have preceded her to the Great Beyond. Those surviving her are, Wesley McPherson, Mrs Sinah Ream, Mrs Lydia I Phillips, Mrs America Duncan, Mrs Ruth J Hammond and Mrs Jessie M Little. She died at the home of the last named daughter, with whom she had made her home of late years.
In the dark days of 1861, her husband joined the Union army and faithfully served his country as a soldier for more than three years, during which time the devoted wife and mother no less faithfully served her country in toiling early and late for the support of herself and her six small children.
A kind hearted, patient woman was Mrs McPherson, living her unpretentious life in a thoroughly unselfish way. She thought little of herself, but always had the deepest solicitude for her friends and family. Her nature was deeply sympathetic, and in ministering to others she never stopped to consider self. She was a faithful, loving wife and a good mother. Language cannot express more by way of eulogy.
Mrs McPherson was stricken with illness last New Years, and never recovered her strength, although she was able to be around at times until in May. Since then she rapidly failed until she came on Saturday, July 13th, at about 10 o'clock in the morning. She was a great sufferer during the last days of her sickness, but was patient and uncomplaining through it all.
The funeral services were held on Monday, July 15th, at the home of her daughter, Mrs Little, at 906 Pearl street, Sioux City, Iowa, and were conducted by Rev Joel A Smith, an old friend and former pastor. The Ladies Relief Corps, of Sioux City, was in attendance, she having been a member of that order.
The remains were taken to Trenton, Nebr, where she will be laid beside the husband, at whose side she passed most of life's journey.

The Charming Woman
is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires: neatness, clear eyes, clean smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at Leslie's drug store. 50c.

Long Live the King!

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr King's New Discovery, King of Throat and Lung Remedies" of which Mrs Julia Ryder Paine, Trenton, Mass, says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throat after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by L M Leslie, druggist. 50c and \$1. Trial bottle free.

During the severe electric storm Thursday morning the lightning struck two cottonwood trees in the grove at Roland Orr's near Clinton park. The Interstate Live Stock Fair, which is held every September at Woodland Park, Sioux City, is growing better each succeeding year. Grand Land Opening!
In the Texas Panhandle Country

Commencing July 2nd and continuing on the first and third Tuesdays during July and August, I will conduct Homeseekers Excursions to the Texas Panhandle country where the famous Spring Lake Ranch, an exceptionally fertile body of land comprising 200,000 acres in one tract in Castro and Lamb counties in the Texas Panhandle, will be put on the market for the first time. This tract of land is part of the Farwell estate, the land having been received by the late John V. Farwell of Chicago from the State of Texas in return for money advanced for the building of the Texas state capitol. This body of land has recently been bought by the Geo. G. Wright Co. of Kansas City, the largest and best known real estate dealers in the southwest, who now for the first time are putting it on the market to purchasers, in any quantity, and on such low and easy terms as will insure its quick sale and an exceptionally profitable investment.

\$4.00 per acre down, balance ten years at 6%.

Three new railroads are now in course of construction thro this tract of land and the new town of Spring Lake has just been started at the junction of two of these roads, which is destined to be the metropolis of the Texas Panhandle country.

I have secured the agency for Northeast Nebraska for the sale of this tract of land—am in on the ground floor and in a position to give my customers an inside deal. The company intends to sell every acre of this land within the next sixty days, and it is confidently expected that before the tract is sold entirely out prices will have advanced to double what they started at the opening sale.

Anyone desiring to investigate the special and grand opportunity for profitable investment at this land opening can come with me on any of these dates at the special low rate of \$25.40 for the round trip from Sioux City to Friona, Texas. The train leaves Sioux City at 6:55 Tuesday evening. Leaves Kansas City the following morning in the Wright Special Pullman train, arriving at destination the following morning. Returning, leave Friona Saturday evening, getting to Sioux City Monday morning. Homeseekers provided with sleeping berths and meals on train. Land shown in automobiles.

This is positively the best proposition for land investment in the Southwest today. Purchasers now will surely double their investment before fall. Get in on the ground floor; come with me on this excursion, and if it looks well to you secure a piece of this land near the new town of Spring Lake, and you will have \$50 per acre land before two years.

Land located in the shallow water district obtained in abundance, or from 15 to 50 feet.
