The Nebraska Herald.

LOCAL NEWS.

From Thursday's Daily.

☞The river has been rising gradually for the past week.

☞Capt. Davenport, of Iowa, has purchased the interest of D. J. McCann, Esq., in the Sun-Set.

☞There will be services at the Catholic Church, to-morrow (Thursday) at 10 1-2 a. m.

☞Gen. Augur and staff took the train of the U. P. R. R. at 6 o'clock last evening for the front of the Indian disturbances.

☞Rev. A. R. Mosher and wife were treated to a silver wedding in Omaha on last evening. Quite a number of nice presents were received.

☞A Montana paper says "the mortality of Helena is extraordinary good. Only seventeen men were killed during the past two weeks."

☞The Western Reserve (Ohio) Chronicle says that a family of huge pretentions moved into that section a few days ago. It consists of a father, mother and twenty-three children.

☞The Omaha *Herald* must be a "live" paper. We received a copy of it yesterday one week old. It has been very "lively" to get twenty miles from home in one week.

☞At the Anniversary of the Massachusetts Bible Society, held in Boston, the old officers were re-elected. The receipts for this year are $40,000. The number of volumes issued this year are fifty thousand.

How to cure Debility.—When this arises from a diseased action of the stomach the occassional use of mild aperients like Roback's Sugar Coated Blood Pills are best, followed by the Stomach Bitters to give tone to the stomach.

☞We hope the Legislature will hurry up the judicial affairs, as we arossadly in need of a term of court in this county. No court can be held here until a judge is appointed, or we are districted anew, and we trust those having the matter in charge will not allow it to lay.

☞We publish a correspondence today, favoring the erection of District School Houses—in fact, both District and High School Houses. We have no objections to this plan if the people think they can afford it, and can make both succeed; but our opinion is that the surest method of success would be to put our whole funds and energies into the one, and make that a Graded School. This plan has been adopted throughout many of the eastern States and where once adopted has never been abandoned. We think the better plan would be to try the graded School, and then if we find a surplus of money on hand, and this graded School does not fill the bill, let District School Houses be built.

From Wednesday's Daily.

☞Dr. M. H. McCluskey arrived at home this morning.

☞About fifty immigrant and freight wagons were crossed at the ferry here yesterday. Every day brings an increase of numbers.

☞Sign the petition to the District School Directors. Let us have one first-class School House now, and then build others if they are needed.

☞Our enterprising townsman, Wm. Stadelmann, has just received another large stock of clothing, which he is desirous of selling off at a very small profit. Now is the time to get bargains.

☞The Good Templars of Cass Co. will hold a pic-nic at Hesser's Grove, on Thursday, the 13th inst. All are invited.

By order of

Committee.

☞The R. R. Packet Co's. boats are making fast time this season. The Lacey came up last evening, only thirty hours from St. Joseph. She will be in St. Joseph again by six o'clock to-morrow morning.

☞It has been discovered by thousands of housewives in all sections of the country that D. B. DeLand & Co's. Best Chemical Saleratus is the only Saleratus that will produce a uniform result, and give perfect satisfaction every time. If once you try it, you will always buy it

☞Messrs. Noyes & Washburn, of Ohio, crossed the river here yesterday with a drove of horses for the California market. They have crossed the plains to California twenty-four different times, and find the Great Central from Plattsmouth the best route to travel.

☞Mr. Wiltes, Chief Clerk of the Surveyor General's Office for Nebraska, has been in the city since yesterday making arrangements for an office building. The furniture of the office is now on the way from Davenport, Iowa, and will arrive in the course of a few days. We learn from Mr. Wiltes that business will be commenced as soon as possible.

☞A large train crossed the river here last evening belonging to parties living in Council Bluffs. It was loaded with freight, and bound for the Mountains. "Straws show;" and apparently uninteresting facts of this kind speak volumes for the route from this city westward. When men living at the starting point of the U. P. Railroad, load their freight into "prairie schooners" and come down to Plattsmouth and take the Great Central Route, it looks very much like this was the natural thoroughfare, and the route over which the principal western Railroad should and will be constructed Talk is all very nice, but practice is the thing that tells the story: and we know of men who talk in favor of the North Platte route, but always travel the Great Central at Plattsmouth when they go west themselves.

From Friday's Daily.

☞Old Muddy is still on a high.

☞Rock Bluffs is soon to have the honor of a new store. Mr. John Wright, of Nebraska City, is to be proprietor.

☞The Cumberland Presbyterians intend to erect a church edifice in Nebraska City this summer.

☞Hon. T. M Marquett, J. I. Early, Esq., and H. D. Hathaway, editor of the Herald, left for Omaha yesterday. "Look out for pickpockets."

☞The reports from various quarters assure us that the grasshopper scare is about over, the cold rains have done the business for these travelers.

☞Sylvanus Cobb, jr. has announced his intention to write a war novel with Greeley and Davis as the hero and heroine.

☞A horse thief *escaped* from the jail in Council Bluffs last Tuesday night. It is intimated that the Vigilance committee assisted him—in climbing a tree.

☞The *Nonpareil* of the 30th says A. C. Mayfield Esq., of Cass County, Nebraska, shipped over the Chicago & Northwestern yesterday 350 head of sheep for the Chicago market.

☞Mr. George Brown, late bar keeper at the Herndon House, died on Wednesday night, from injuries received by the explosion of a kerosene lamp at the Herndon several days ago.

☞The match between Ethan Allen and Brown George, New York, May 19th, mile heats, for a purse of one thousand dollars, was won by the former in 2 26, 2:21 and 2:19. The latter heat is the fastest on record.

☞The horse theives made a raid upon Mike Mantel, says the *Press*, on Saturday night, and captured a fine horse, which, we understand he had but recently purchased. Another was taken from the west end of town at the same time. Marshal Hickey is in pursuit, and we hope will capture them.

☞Mr. Smith agent of the Otoe Indians, called upon the editor of the Nebraska City *News* last Monday, and reported that tribe in a starving condition, and many of them dying from eating putrified meat. Their corn and bean crop last year was very scant and they had barely seed enough to commence operations this spring.

Desperate. — A young friend of "we'uns"—very modest youth—says he is in a *desperate situation*, and if some of our business men would give him a "posish," as a book-keeper, salesman, chambermaid, wet nurse or roust-about, he wouldn't mind the "chance." For particulars see small "Williams" (or Dan.) at this office.—*News.*

Send him up this way Dan, we think he would not have any difficulty in procuring a situation with some of our patrons in the farming business—and he would be more healthy in describing an are with a hoe or clerking for a manure cart, than descanting on the beauties and excellences of this or that article of merchandise, or "slingin' ink" in somebody's counting room.

From Saturday's Daily

☞The town of Lancaster is again in luck, and is to have another store, owned by Mr. Martin Pflug, formerly of Nebraska City.

☞Bishop Clarkson has taken up his abode at Talbot Hall, Nebraska City. The School at the Hall numbers twenty-nine students and is progressing finely.

☞The M. E. Church is holding Quarterly meetings at this place. Services to-morrow morning and evening. Elder Lemon is here and will preach tomorrow.

☞The Council Bluffs *Nonpareil*, of the 31st says: Mr Mueller sold, yesterday, to Mr. Wiley and lady, of Cass county, Nebraska, a thousand dollar piano. We congratulate the Dr. on his good luck, and hope many more of our citizens will follow his example. We go a "heap" on music, we do.

☞We find the following going the rounds and give it for what it is worth, though we are inclined to believe it: A lady asked a gentlemon, the other day, why so many tall gentlemen were bachelors? The reply was that they were obliged to lie crosswise in bed to keep their feet in, and that a wife would be in the way.

☞Some of our sportsmen amused themselves yesterday by seining the bayou above the city. After dragging around some time they succeeded in catching two small "kittens"—not a bone apiece—and then concluded to stop work, as the water was *too wet*, until this morning. The shower we had thismorning was a "little damp," but hope it did not interfere with their operations. "Fisherman's luck."

☞We would call the attention of our Street Commissioner, or anybody else who will attend to the matter, to the bad condition of the road from the city to the upper steamboat landing. As our teamsters have paid license for running to and from there, the road should be kept in such condition as to render its passage easy.

☞The Omaha *Herald* has come to grief. Mr. T. C. Durant having been superceded in the management of the U. P. R. R. by Sidney Dillon, Esq. As Moses broke the idols of the Israelites, so the fates are knocking the pins from under the gods of the *Herald*. George Francis is now the only one on the pedestal, and we fear the Doctor will soon be heard mournfully soliloquising. "On what a slender thread," etc.

☞Who does not love the sight of a baby or flowers—we rather guess no one in this community, judging by appearances. Well, we have good news for lovers of the latter, Hesser has just received a very large lot of Geraniums all varieties. Verbenas, etc., which he will dispose of at astonishingly low prices Pitch in, now, and buy yourselves not only happy but rich. Black, Butterry & Co. are agents in this city, with whom orders can be left.

☞Our editor is on an "auful bust." In the *Republican* we find the following.

Hathaway, of the Plattsmouth Herald, arrived in town yesterday morning. H. D. is looking finely, and has the most unwavering faith in the future of Plattsmouth, and will prove it to you by the most satisfactory evidence. Bully for Plattsmouth.

And in the House proceedings of Friday, we find he had been invited to the bar. We bet he took it, never knew him to refuse.

☞The Otoe County Horticultural Society met on Saturday last at the office of Calhoun & Croxton and effected a permanent organization by the election of Oliver Harmon, Esq., President, and C. W. Sherfey Treasurer. Ten or a dozen new members were added. The Society will be a successful enterprise and vastly benificial to Otoe county.—*Press 30th.*

Why don't the fruit growers of Cass imitate the example of Otoe?—Let us have a Horticultural Society and also an Agricultural Society. It is shameful that a county as large and wealthy as Cass cannot hold Agricultural Fairs. Won't our farmers take the matter in hand and do something? Who speaks first?

From Monday's Daily.

☞The members of the Post of Council Bluffs, Grand Army of the Republic, are to have an excursion to Bartlett on the C. B. & St Joe R. R., on Wednesday the 19th inst.

☞We see our enterprising citizens Gage & Davis are opening a large stock of groceries at their store room on Main street, where they still keep a large stock of boots and shoes.

☞Gen. Augur has arrived in the neighborhood of the "Yahoos," and a few days since Major North at the head of two companies had a skirmish with a band of Sioux, totally routing the latter. No lives lost. A few horses wounded.

☞The warm sunshine and pleasant breeze of yesterday and to-day would indicate that spring was near at hand, and in fact that it had come and gone, and summer succeeded. We say these *indicate* spring, but we wouldn't take a spotted kitten and make a positive assertion on this point, we've been fooled on this very thing once this season, and don't intend to be so easily misled a second time. Experience has made the good old adage doubly dear to us: "Do not enumerate your juvenile poultry before the process of incubation is fully completed," and we'll not decide on the matter until the latter part of September, at which time we hope to have reports in sufficiently explicit to base an opinion.

Serenade.—The Lower half of this city and the Upper half of Plattsmouth, were treated to a Vocal serenade, on last Friday night during the 'wee small hours' by a band of vocalists, who, under the inspiration of rot gut whiskey, imagined that the beauty of any serenade consisted in sonorousness and not in sweet melody. We woke up from a peaceful sleep only to hear a half dozen broken voices squealing out like a stuck pig 'I am lonely since my mother died' &c., and we thought, Lord! what a terrible pity it was that those silly fools didn't die when their mother did, and thus save the Missouri Valley from being shocked by their discordant breach of the peace on that calm still night, when all good people were enjoying a quiet slumber

We find the above in the *Nonpareil*, and desire to inform that enterprising local that he is mistaken. The founders of Plattsmouth had an eye to the kind of denizens the Bluffs would have and located this city far enough away so as not to be disturbed by any such "goings on." Take it back like a man, Cap'n., we're "no sich" down this way—at the witching hour in which your nocturnal slumbers were disturbed our city was as quiet as a statue.

From Tuesday's Daily.

——We are pleased to see our townsman, E. Giles, at home again, looking well. He reports everything lovely in the section he visited.

☞The building recently occupied by Mr. J. I. Early, has been rented for the Surveyor General's office, and the furniture for the same arrived on the Colorado this morning. We may expect soon to see the office open for business.

☞Mr. F. G. Kendall, of Union P. O., was appointed agent in this county for Weir's Corn Plow. This Plow is very highly spoken of, and we would call the attention of our farmer friends to the one on exhibition at Simpson, Mickelwait & Co's.

——We don't wished to be considered over nice, but we do think folks could live just as happy and contented, and probably as long, if they would be particular in cleaning away all filth, and causes of offensive smell in their vicinity. We hope some of our citizens will surprise themselves and delight the community by cleaning up.

☞For Sale—One of Lamb's superior knitting machines—the only kind made that widens and narrows. Enquire at this office. dtf.

☞To those wishing job-work done, we would say that now is the time and the Herald office is the place. We are prepared to execute work in the neatest style and on short notice.

LOST! LOST!

A Gold Pencil and Pen. Pen manufactured by Leroy W. Fairchild, New York, No. 6. The finder will receive a liberal reward by leaving the same with

June 3rd. D. H. Wheeler.

—Rome her had Cæsar, Egypt her Iiee. Omaha her railroads and George Francis, but Plattsmouth has dogs, "got 'em awful;" so bad, indeed, that we don't think two pills would cure the case unless they were lead ones and deposited in the brain of each member of the canine race. A stranger walking through our city would very naturally come to the conclusion that it was a vast dog boarding house, on all sides he is greeted by dogs, big dogs, little dogs, white dogs and black dogs, dogs, of all colors, long tailed and short tailed dogs, good looking dogs and ill looking dogs, in fact every known variety of the canine species. We're friendly to dogs but don't like too many of them, and would like to hear of some action by our City Council tending to make them scarce. Already we have noticed that hydrophobia has commenced among them in other places, and as the season bids fair to be an excessively hot one, it would be well to clear them out before any lives are lost through an excess of so many miserable curs.

DIED.

At the residence of H. D. Hathaway, in this city, on Monday, June 3rd, of Cerebro-spinal-meningetis, Lewis C. youngest son of Sarah Lauer. His remains were taken to his late residence in Nebraska City, this morning.

A delighted and happy woman

I need not say that Mrs. Graves is a delighted and happy woman. Such a machine would carry joy and gladness into ten thousand families, now rendered unhappy by the un-ending finger toil of worn mother and wife. I would not—for my wife's sake—exchange her Willcox & Gibbs machine for the best of all others known to me, and five hundred dollars! What are a few paltry dollars, when weighed against her ever recurring worriment, over "broken needles" and "disordered machinery?"

If my testimony in behalf of the superiority of your machine over all others used in my family, should influence any kind and generous husband to procure one for his wife—or to put his "G——," or "S——," or "W——," or "H——" machine in market, and buy a "W. & G" I am satisfied that that woman would ever remember me most gratefully. [Letter of Rev. John B. Graves, Magnolia Miss., April 12, 1866.
