Cattle—There was another real liberal run of cattle on hand this morning, some 17,000 head showing up. Western beef was in plentiful supply, but demand was pretty broad and desirable kinds at least sold on a good, steady basis. Western Nebraska steers at $15.50 was the highest sold here in some time. Butcher stock was just a little bit draggy, but prices on the whole looked generally steady with yesterday. It was another uneven deal in stockers and feeders, some early sales being higher if anything while the later trades was more quet, but under the influence of a broad demand the general run of values was fully steady with yesterday.

Chicago Grain and Provisions.

Chicago, Oct. 7.—New declines took place in the corn market today, chiefly as a result of ideal weather and owing to a sharp break in the value of hogs. Corn closed heavy, ¾c to 1¼c net lower, with December $1.22⅝ to $1.22¾ and May $1.21 to $1.21⅛. Oats finished unchanged to ¼@⅝c off, and provisions down 55c to $1.60.

Weakness which showed itself in the corn market was especially manifest just after the opening and around the close. Talk of larger receipts next week received fresh impetus from the fact that the prevailing weather could hardly be better for conditioning and moving corn. Besides, bearish sentiment was increased by prospects that a good fall pasture season would greatly reduce feeding of heavy grain. Slowness of eastern shipping demand was also a depressing factor. Persistent buying of December forced a recovery about the middle of the session, but the effect failed to last. Considerable notice was taken of an expected huge grant of credit from Argentina to England, France and Italy.

Oats were relatively firm, owing more or less to a substantial falling off in the visible supply total. German inquiries for oats were reported.

Provisions dropped in sympathy with hogs. There was no aggressive support.

FINANCIAL

New York, Oct. 7.—Specialties dominated today's very lively stock market for a time, the movement comprehending a variety of issues whose technical position and high-price levels restricted dealings to limited proportions.

Activity centered in the oil motor, equipment, leather, food and miscellaneous groups, where new high records were made by Texas company, Mexican Petroleum, General Motors, Kelly-Springfield tire, Endicott-Johnson and Worthington Pump. These stocks made gross gains of 3 to 10 points, while National Biscuit advanced 14 points.

Some of these gains were severely impaired or entirely forfeited in the reaction of the last half hour, when call money rose to 12 per cent, after the customary opening rate of 6 per cent.

United States steel was conspicuous throughout the session for its backwardness. At no time did it advance more than a fraction, reacting ½ point. It closed at a slight loss, as did a few affiliated shares.

Harvester, Baldwin Locomotive, General Electric and Westinghouse led the strong equipments; Hide and Leather preferred, Central Leather, American Wolen, Industrial Alcohol, Sears-Roebuck, May Department Stores, Woolworth Associated Dry Goods and National Lead being included among the other stronger stocks.

Demand for rails was again limited to minor or secondary shares, and shippings were prominent during the early and intermediate stages of the session, but fell back later, when Atlantic Gulf temporarily lost most of its advance.

Sales amounted to 1,450,000 shares.

Investments contributed to the strength of the bond list with tractions, internationals also tending higher, but Liberty issues were barely steady.

Total sales (par value), $11,875,000.

Old registered twos declined ½ per cent on call.
