Alex. Schlagel has a new office up in "Fitz" block, under the *Watchman* and over the Billiards. He proposes to put a "thief" in one and a pipe in the other and absorb "Old Stout" or MacDonagh's Religion as he feels he needs one consolation or the other.

Mr. Schlagel found an old friend of the HERALD many years ago, out at Sidney—to-wit, Hobbs. Ask him if he remembers "Grey Horse's" cellar—or Moon's summer pants.

Henry Hobbs, one of our boys once, went out on the survey with Aleck.

We couldn't think what made Eddy Kirkpatrick strut around so lately and wear a plug hat and look so confounded "sassy" and happy. You see the HERALD has been away a good deal, so last evening when a gentleman hailed Eddy and said "well how is it; and how's the folks?" and all that we were completely in the dark, and when Eddy says "*It's* all right and we're all happy" we emphatically asked what *it* all meant.

"It's" a baby—that's what's the matter and a boy baby at that. No wonder Eddy wears a big hat now.

LETTER OF THANKS.

ED. HERALD:—The heartfelt thanks of the Louisville band are due and are tendered to the Thomas family and others, who so kindly and generously provided us with the good things of life during our stay with them previous to and during the time of the Co. Fair.

BY ORDER OF THE BAND.

$10,000 FOR A CASS CO. FARM.

The HERALD had a very pleasant call, Monday, from Mr. E. E. Woolsey, of Three Groves, who, we are sorry to say, is about to leave us for Otoe county in the spring. Mr. Woolsey has just sold his farm in this county for $10,000. It may not be uninteresting to note the facts connected with the cost and sale of this land. One hundred and sixty acres were pre-empted at government price, $1.25 per acre; 200 acres more were added at different times at an average of less than $5 per acre.—It now brings over $28 per acre, of course with all the improvements.

Mr. Woolsey has lived in this county since 1857, consequently he is one of our oldest settlers. He came here with small means and became independent by industry and the use of good common sense and a thorough knowledge of his business.

He raised cattle and horses quite extensively and it is presumable fed up his surplus grain and marketed it in the shape of stock. We have made the few remarks above to help show that farming in Nebraska will pay when conducted with sense and skill.

While we are sorry to lose so good a citizen as Mr. Woolsey, we are glad to learn that his farm has been purchased by another live and energetic Nebraska farmer, who will probably enlarge and improve it still more. The purchaser is Mr. Anderson Root, of Lincoln, and now manager of the Agricultural farm of the State under the control of the University. Mr. Root owns another farm almost adjoining the one he has just bought and will move to Cass county in the spring.—Mr. Woolsey retires to a smaller farm near Nebraska City and will enter into the brokerage business. We hope he may be as successful there as he has been here, and we shall welcome Mr. Root, as a citizen, with great pride.

To the Sanitary and salutary details of the old Levitical law the Jews of all times have owed their health and longevity. The principle taught in Deut. xxiii, 12, 13, is best applied by the WAKEFIELD EARTH CLOSET CO., of 36 Dey Street, N. Y.

PERSONAL.

Bob Doom that irresistable Democrat is around talking about what "the people" are going to do this fall. An infant child of Mr. Wm. Balance died on Tuesday, aged 3 weeks.—The body will be taken to Michigan.

Harry Howland had a very handsome, well finised light spring wagon out on the Fair Ground. He is a No. 1 mechanic.

Leach's restaurant, in Stadelmann's old building, is a good place to get a wholesome, clean square meal. Give John a call and destroy some good grub, at moderate prices.

Miss Gilmour, jr., excited quite a furore of surprise and pleasure by her gallant riding on the little grey pony. Miss Pettit is a good bareback rider—both under 14 years.

The Lincoln *Journal* thinks combinations and lobby influence, Senatorial and otherwise, were used to beat its candidate for Judge. Go slow on that neighbor, wasn't the boot on the other leg?

A telegram has just been received stating that the Hon. Jno. Brown died at Kearney, at the home of his brother, on Wednesday morning. Full particulars had not been received on going to Press.

Dr. McCrea, Plattsmouth's great Bee man, took us up to see his wonderful pets the other day. He has over 80 hives, they have done very well this year, it being a good honey year. He tells us they go six miles for honey and never miss their way home, they know the Doctor, and when things don't go to suit them they "buzz" him until he promises a reform. They love their friends and hate their enemies and make honey all the time. Who would not be a Bee.

The HERALD has to thank the Doctor also, for a very handsome box of the finest honey, such as took the premium at the Fair the other day, and our young ladies are just reveling in sweets. They will catch more beaux than ever now.

CLOTHING.

For a cheap suit of Clothes call on
WM. STADELMANN.

Mr. Geo. A. Creamer, a gentleman living near the Ryehart family, and we believe a justice of the peace there, desires the HERALD to make a correction from the apparent statement of the commissioners, that he charged $18 for three trips to visit Ryharts. The facts are that the bill was not itemized, and that the charge covered 6 trips to Plattsmouth and 5 to Louisville. He was obliged to go to the Ryhart house two or three times each day; he furnished 4 bushels of fresh lime and $3 worth of good bedding. All this was included in the one charge of $18.00, besides he went to Louisville for nurses on Sunday. With the exception of two times he had to take a team on each of these trips. He thinks that $18 would not pay for his time at day wages, let alone the things he furnished or the use of the team, and if his statement is correct it would not.

FAIR NOTES AND SQUIBS.

Sam Thomas was around at the Fair as usual, and had the nicest cattle.

Wolf & Porter were the best fellows on hogs. We always thought Wolves were after sheep and we supposed Porter made folks fat, but this proves differently.

A. P. Martin, our new harness man got away with a "first."

P. Merges had that big boot out there. It swallowed all the rest.

Leonard made the finest Photographic display.

Frank Stadler scooped 'em out on Oil Painting. His portrait of Dr. Livingston was very fine and much admired.

Billy Stadelman is heavy on old coins and things.

The Johnson Organ played 'em all out and took a "double first."

Dr. McCrea by his *honeyed* proceedings coaxed a first out of the Com.

Mrs. Walker made the best jelly and Mr. Walker ap-pears to win on Pears. There's a pair of "firsts" in the family.

Hesser just filled one side of the house nearly, as usual, and got away with several red cards.

Azra Smith had stacks of Cottage Dell things and filled his pockets with red ribbons.

The display of apples was very fine; much better than we expected to see, and potatoes, squashes, pumpkins and all root vegetables, were just immense. Altogether our Exposition did not expose us as badly as the HERALD feared it might at one time, but on the contrary it was a very good show.

For further particulars read the premium list published elsewhere, which tells the story better than the editor can.

THE GREAT CAUSE OF HUMAN MISERY.

Just Published, in a Sealed Envelope, price 6 cts

A Lecture on the Nature, Treatment, and Radical cure of Seminal Weakness, or Spermatorrhœa, induced by Self-Abuse, Involuntary Emissions, Impotency, Nervous Debility, and Impediments to marriage generally; Consumption, Epilepsy, and Fits; Mental and Physical Incapacity, &c.—By ROBERT J. CULVERWELL, M. D., author of the "Green Book," &c.

The world-renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequences of Self-Abuse may be effectually removed without medicine, and without dangerous surgical operation, bougies, instruments, rings, or cordials; pointing out a mode of cure at once certain and effectual by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This Lecture will prove a boon to thousands and thousands.
