GREAT RAINS.

THE CROPS PROBABLY DAMAGED CONSIDERABLY.

A MOST INTEMPERATE USE OF WATER IN PLATTSMOUTH.

The Old Brooks House Innundated again.

A Temperance Billiard Hall Flooded with cold, cold Water.

Cows Swept through the Streets by too many horns of Water, Pigs swiled out by drenching rains.

Wagons sent down the Missouri to meet Frank Morrison's boat and debris ofevery kind sent down the river for Capt. Eads use in building jetties at New Orleans.

We have already recorded that exceedingly heavy rains, accompanied by wind and lightning, prevailed in this region during Sunday and Monday nights, but Tuesday night, or rather Wednesday morning capped the climax. Between 12 and 1 o'clock it commenced puring down in perfect sheets of water. We never saw such a rain, and began to think that Frank Morrison was the only sensible man in town, for he had a boat most ready to save himself and Squire O'Neil.

Of course the creek which runs meandering through the town rose, rose big; got on its ear at this intemperate display of the elements, and rushed around on a jamboree that has not been equalled since the famous wash-out and deluge of the Brooks House, several years ago. Great sections of sidewalk were washed out on Washington Avenue, sweeping down by Howland's shop, it was met by the currents down 6th St., and Vine from 5th St. west. It broke the doors of Dr. Schildknecht's stable in and rushed through the barn. Outside, in his lot it tore everything to pieces; took off the sidewalk above and below the house; demolished the fences near the creek; washed out the entire curbing and ruined the handsome yard the Doctor has taken so much pains with.

Over on the other corner, Billy Neville's handsome trees are all broken, by the debris thrown against them; the yard was flooded, garden ruined and sweeping on down the water covered the rear of all the lots on Vine between 5th and 6th. An outbuilding lodged again under the end of the Saunders house in the culvert there, and backwatered every thing.

It swept through Fitzgeralds stable, carried off two cows and it is said tumbled them through the culvert on Main St., where they apparently climed up the bank at Waterman,s lumber pard. It flooded the store cellars on Mian St. Shryocks place, the Hotel basement and in the Temperance billiard Hall raised over the tables.

HOGS WASHED AWAY.

Mr. Shryock's hogs were washed away, a wagon of Fitzgeralds carried through the culvert on Main and lost in the Missouri. All the outbuildings on the creek are gone, great stones and chunks of brick wall from the Hotel lay scattered down the creek.

IN THE COUNTRY.

Reports say the grain is down bad, and corn broken a good deal. Wheat may come up, but oats and barley are nearly ruined. Such persistent and violent rains were hardly ever known before. Bad wash outs are reported on the line of the R. R. and at Louisville and South Bend. Cold water is undoubtedly a good thing as a beverage, but as a floating medium over what should be dry land it is to say the least a—moist unpleasant body.

LATER.—The reports from the country continue to show the grain badly damaged. The storm has been very extensive.

Billy Nevill's cow stood in water up to her neck, just holding her nose out to breathe. Two of Mr. Gregory's hogs are gone for good; one came back. Mr. Shryock's hogs eventually returned. All the morning was spent in cleaning cellars and drying furniture by those on Vine and rear of Main Sts. Jim Grace lay abed until the furniture began to float, when, not liking so much cold water, he bounced out.

New County Maps.

Messrs Bird & Mickle, civil engineers, and publishers of maps, have commenced compiling notes and making preparations for a topographical survey of Cass County. They have already made surveys and published maps of a number of counties in Northern Kansas, and south eastern Nebraska; sample copies of which we have seen and can say they are fine specimens of work. They go on each tract of land in the county and locate the meandering of the streams, the springs, timber, orchards, groves, roads, bridges, farm-houses, school-houses, mills mines, etc. Show the name of each land owner and number of acres marked on the proper piece, also show all town and city plats in the county on a good scale, and then surround the map by lithographic views of the finest public and private buildings and farm residences in the county. This is something that will be of great value to every man in the county, and we are glad to see the work in progress.

—My red bird escaped from its cage last Monday, and has not been heard of since. Any one finding and returning him to me will not only place me under lasting obligations, but will be liberally rewarded.

FATHER HAYES.

Personal.

Mr. Mickle the map man has been in to see us.

Mrs. Marsland made Plattsmouth a flying visit on monday last.

Mr. Wigton, of the Hastings Journal called Tuesday on the way home from his late trip.

We see by the Nebraska City Press, that Miss Lessie Black is visiting Mrs. Covell at that place.

Prof. Frank Stadter, of Lincoln is visiting his old home, and is generally welcomed by many old friends here.

We had the pleasure of meeting young Mr. Morton at Chicago during our late trip. He remembers Plattsmouth as a pleasant station on his passage through life.

Judge Maxwell and daughter visited Plattsmouth last week. We are glad to learn that the Judge has entirely recovered from his recent illness.

Mrs. Hayes has been spending a week in Plattsmouth, and returns to Freemont tomorrow. Mrs. Hayes is always welcomed by her many friends here.

D. D. Johnson, of Weeping Water, was in town Monday, and seemed quite comfortable, but still showing somewhat the effects of the lightning stroke he received some three weeks since.
