THE Hastings *Journal* contained two items last week, criticising some things that appeared in the CHIEF. Now, Brother Wigton, haven't you something else to write about than the articles that appear in the CHIEF. If you would really enjoy a little pen and ink combat, why we are willing to take an oar in the race. But we don't want any fun with you, unless you'll promise not to back out when we get our coat off. That's the way the *Journal* has done hitherto. If we are not mistaken, your predecessor, Dague, began the war on the CHIEF and *Gazette*. After a few blows were exchanged, however, the gallant Senator wished to retire from the field, and finally laid down the quill. Now his example ought to be sufficient. You are a good meaning man, a peaceable citizen, and your wife loves you. What more can you ask? We would enjoy a newspaper fight as well as any one. It is healthy and invigorating. But we don't want to quarrel with you. We never quarrel with a good man. We admire, respect, and revere you. You are moral, temperate, and for aught we know, religious. We love and esteem men of that class. It is to be deplored that there are so few of such men in Nebraska. Such as there are, are entitled to our reverence. Now Bro. Wigton, let us whisper in your ear, let the CHIEF alone. Let it pursue its own course. Let it carry its own follies and bear its weaknesses. It

The executive Committee of the State Grange convened in Lincoln on Tuesday the 4th inst., all being present except the Worthy Master. The following circular was promulgated:

OFFICE OF THE EXCUTIVE COM.,
STATE GRANGE OF NEBRASKA.
Lincoln Nebraska, April 4th 1876

TO THE PATRONS OF HUSBANDRY IN NEBRASKA.

We desire to call your attention to the malicious libels being circulated by the Kearney *Press* and seconded by several newspapers in the State, against the character and standing of our Worthy State Master, Brother Church Howe. Such charges without evidence of any kind whatever to sustain them, are in our opinion wicked, malicious, and intended solely to bring disgrace upon our order and destroy its usefulness. As the slanderers when publicly called upon by our Worthy Master to give evidence sustaining said charges, have confessed their entire inability to furnish such proof, we do not hesitate to express our entire disbelief in their assertions and earnestly request patrons throughout the State to unite with us in publishing our condemnation of said unscrupulous attacks, and sustaining our Worthy Master in the good work he is doing for our order, which was never in a more flourishing condition than at present. Let every Subordinate Grange be heard from. By order of the executive Committee.

P. E. BEARDSLEY, Clerk.

All papers in the State friendly to our order please copy.

WE willingly publish the above letter. Still we are not satisfied with Church Howe's attitude in this matter. The Kearney *Press* is a responsible paper, it has made serious charges, which, if not true, are libellous in the extreme. It boasts of its ability to substantiate the charges in a court of law. If Howe be innocent his only recourse is to sue the *Press*, and compel it to bring forth its proofs and make good its charges. Anything short of this puts him in the light of dodging the issue. This circular letter looks very much as if Howe were manipulating the granges for his political ends. It is always a suspicious circumstance when a politician unites himself with an order like the grange. We have great respect for the granges and for anything looking to the welfare of the farmer. But as soon as any order or society becomes powerful, designing men creep into it and strive to divert it from its purposes and to their own aggrandizement.

OAK CREEK, Webster Co., Neb } April 12th, 1876.

ED CHIEF:—News has been rather scarce for the past few weeks, as there was but little going on to break the monotony of this precinct—until A. A Pope and others circulated a petition to divide our school district, which seemed to raise the ire of some in the part of the district where the school house was. The district was six miles square with the school house within one mile of the north side. But in spite of their howling, our worthy Co. Superintendent, has divided the district, and opened up a way wherewith about twenty of the rising generation can get a free education. The voters of the district met the first inst., and organized, and will soon have a sod school house up, ready for the summer school.

There has been but very little wheat sown as yet. Farmers are getting anxious to get through, as nearly all intend to break prairie after they get their corn planted. Henry Haines met with a serious accident a short time ago, while going to a neighbor's house, out of sight of any one, fell and broke his leg. Had it not been for his dog, he would undoubtedly have perished.

The railroad fever has nearly died out. Farmers will soon see the necessity of some way to ship their produce, then there will be less talk and more work.

That this Grange tender their and friends of our most sincere sympathy in their deep affliction and express the hope that this Grange may be permitted to share their sorrow and to give expression of their deep regret at the loss the order has sustained in her untimely death. Cut down in the bloom of young maidenhood, when her life was just in its dawn of usefulness.

RESOLVED, That though her form has been hidden from our sight, yet "Though she be dead, yet speaketh." Her unsullied character, high moral and christian example, her noble and generous devotion to duty, her devoted attachment to friends, her patient submission during a long and wearisome illness, all unite to admonish us that her's was a life, short, but full of beautiful and salutary lessons, and remind us of the loss we have sustained in her early demise. Her peculiarly happy disposition, made her a welcome guest, that always brought sunshine and pleasure; a faithful and obedient daughter, an affectionate sister, a considerate companion, a valuable "Matron" in the order of Patrons; highly esteemed as a teacher, whose influence over her pupils, as such as only could be expected from one of her highly moral and christian character.

THE favorite candidates at this juncture seem to be Blaine and Bristow. Blaine stands ahead with the party controllers, Bristow is strongest with the people. The indications are that they will pull together and make the next presidential ticket. Blaine for President and Bristow for Vice President.

THE LOST CAUSE.

A Magnificent Picture 14x28 inches in size, printed on heavy plate paper, beautiful in design and artistic in execution. It represents a Confederate Soldier after the war returning to his home, which he finds lonely and desolate. In front of the ruined cottage, telling a sad tale of the miseries of war, are two graves with rude crosses, on one of which some friendly hand has hung a garland. To the right the calm river and the rising moon indicate peace and rest. The stars seen through the trees represent the Southern Cross. It is a picture that will touch every Southern heart and should find a place in every Southern home. Sent by mail mounted on a roller and post paid on receipt of 25 cents. Or 3 for 60 cents.

OUR PROSPECTUS FOR '76.

"Saturday Night"

The Best and Brightest of the Weeklies!

Circulation Still Rapidly Increasing.

In making our announcement for the coming year, we refer with great pleasure to the success which has steadily attended all our efforts to keep "SATURDAY NIGHT" far in advance of all competitors.

Last year our circulation increased with great rapidity, and this assurance of the public favor has determined us more than ever to relax no efforts, to spare no money, time, or attention to make "SATURDAY NIGHT" the best family paper.

Its serials will be thrilling! Its Sketches will be entertaining! Its Miscellany will be interesting! Its Poetry will be charming! Nothing will appear in its pages that can offend the religious or political belief of anyone.

Tens of thousands of dollars were paid last year to our exclusive corps of writers. In the coming year, which already shows a very large increase in our subscription, we shall not only retain all our old and popular writers, but we shall add to our extensive staff such authors as may prove their claim to popularity and show themselves worthy to write for a paper which holds a proud preeminence over all competitors.

It is seldom that we ask a favor of our friends, but it would be of great advantage to us if each one of our readers would draw the attention of his or her personal friend to the merits of "SATURDAY NIGHT," and thus aid us in increasing, even more rapidly than at present, our vast circle of admirers. Some times the loan of a single paper, or a word of commendation, will succeed in putting a journal where ever afterward it becomes a welcome visitor.

We receive many letters of commendation—thousands of them—and for these we here return our sincere thanks, and request that those who so admire "SATURDAY NIGHT" will do us the kindness to show and recommend it to their acquaintances.

NOW IS THE TIME TO SUBSCRIBE!

A Magnificent Chromo, in TWENTY DIFFERENT COLORS, and 20x26½ inches in size, will be presented to every yearly subscriber of three dollars to "SATURDAY NIGHT"

Every device known to the art of Chromo Printing has been adopted to produce a finer picture than has ever been given as a premium to the subscribers of any paper.

This Chromo is a perfect gem of art. It would easily retail for six or seven dollars. It will cost as many thousands of dollars, which we shall never get back. But never having given a Chromo to our subscribers, we determined that when we did do so, our Chromo should be as good a picture as the best artists could design and the most careful printers execute.

Remember, only those sending Three Dollars for a Yearly Subscription will be entitled to a copy of the Chromo free.

Parties wishing to take "SATURDAY NIGHT" for a shorter period than one year, can have the paper mailed to them six months for $1.50, or four months for $1.00

☞ *We pay all postage both on Papers and Chromos.*

THE FOLLOWING ARE CLUB RATES.

For $10 we will send four copies for one year to one address, or each copy to a separate address.

For $20 we will send eight copies to one address, or each copy to a separate address.

The party who sends us $20 for a club of eight copies (all sent at one time) will be entitled to a copy FREE.

Getters up of Clubs of eight copies can afterwards add single copies at $2.50 each.

Send Post Office Orders, or register all money letters. Write Name Town, County, State, plainly. We will send Specimen Papers free to any who will send us their address.

THE WEEKLY SUN

1776. NEW YORK. 1876.

Eighteen hundred and seventy-six is the Centennial year. It is also the year in which an Opposition House of Representatives, the first since the war, will be in power at Washington; and the year of the twenty-third election of a President of the United States. All of these events are sure to be of interest and importance, especially the two latter; and all of them and everything connected with them will be fully and freshly reported and expounded in THE SUN.

The Opposition House of Representatives, taking up the line of inquiry so ended years ago by the war, will sift, legally and directly investigate the corruptions and misdeeds of Grant's administration; and will, it is to be hoped, lay the foundation for a new and better period in our national history. Of all this THE SUN will contain complete and accurate account, furnishing its readers with early and trustworthy information upon these absorbing topics.

The twenty-third Presidential election, with the preparations for it, will be memorable as deciding upon Grant's aspirations for a third term of power and plunder, and still more as deciding who shall be the candidate of the party of Reform, and as electing that candidate. Concerning all these subjects, those who read THE SUN will have the means of being thoroughly well informed.

The Weekly Sun, which has attained a circulation of over eighty thousand copies, already has its readers in every State and Territory, and we trust that the year 1876 will see their number doubled. It will continue to be a thoroughly newspaper. All the general news of the day will be found in it, condensed when unimportant, at full length when of moment; and always, we trust, treated in a clear, interesting and instructive manner.

It is our aim to make the WEEKLY SUN the best family newspaper in the world, and we shall continue to give in its columns a large amount of miscellaneous reading, such as stories, tales, poems, scientific intelligence, and agricultural information, for which we have not room in our daily edition. The agricultural department especially is one of its prominent features. The fashions are also regularly reported in its columns; and so are the markets of every kind.

The WEEKLY SUN, eight pages with fifty-six broad columns is only $1.20 a year, postage prepaid. As this price barely repays the cost of the paper, no discount can be made to clubs, agents, Postmasters, or anyone.

The DAILY SUN, a large four page newspaper of twenty-eight columns, gives all the news for two cents a copy. Subscription, postage prepaid, 55 c. a month or $6.50 a year. Sunday edition extra, $1.10 per year. We have no traveling agents.
