Paul Vandervoort Commander-in-Chief of the Grand Army of the Republic is expected to be present at the Soldiers Camp Fire and Festival on the evening of July 25th, 1882. Speeches for the occasion will be made by numerous persons.

We always thought that if the people of this county would go to work and get rid of the dishonest ring that controlled its affairs for so long, they would be blessed with good crops, and the result of farming operations this year attests our good judgement in the matter.

To the farmers and people of Webster county. I am aware of this fact, that I am dependent on you for the support of myself and family, and for this reason I keep for sale harness, collars, whips, fly-nets and everything in the harness line which I will sell at *living profits*. O. G. ROBERTS.

In view of the fact that the B. & M. R. R. Co., are spending thousands of dollars in improvements at this place, and that the country is blessed with an abundant harvest, can anyone have doubts of the future in store for Red Cloud, Webster county and the great Republican Valley.

If we attend the fair we certainly will call at the Secretary's office and "shake," as requested.

Last Monday Messrs. Potter & Frisbie presented ye editor with a sack of flour made from this year's wheat. The wheat from which the flour was made turned out nearly 50 bushels per acre, being winter wheat of the very best quality. Potter & Frisbie offer this wheat for sale for seed at the very reasonable price of $1.25 per bushel. A sample is on exebition at the CHIEF office, and all who have seen it pronounce it the finest wheat that they have seen in this country.

Next Tuesday evening, July 25th, the G. A. R. boys will hold a festival at the court house for the purpose of raising funds to purchase a suitable banner for Garfield Post. We hope that all our citizens will interest themselves in this matter and help the boys make a success of the undertaking. It is a worthy cause, a cause worthy of your earnest support. The "The Brave Boys in Blue," who twenty years ago risked life and limb for the liberty that we now enjoy, should not be forgotten. Turn out and help make this effort of theirs a grand success.

MR. BRADLEY.

The Sage of the South Side Discourses on Women's Suffrage.

South Side of the River, Jooly 17, 1882.

It is with feelinks uv sadnes not unmixt with pane and disappintment thet I pen these linz.

I am in favor uv wimmin's suffrage hart and sole, and wen I beerd thet Dr. Smith uv Gide Rok, him in hoom I hev the utmost confidens, him, whose posterior person I conseevd to be the son's howrizen, hed set hisself agin thet holy coz, and actooly closed the doors uv the Gide Rok church agin the troo and good and divinly inspyrd Mrs. Campbell, wich wanted to preach on the sacred subjek at thet place a short time ago, I wep bitter teers.

I am somewat disappinted in Mr. Smith, but I hev an undyin confidens in the ultimat triumf uv the wimmin's coz, and I beleve the strong-minded and maskaline uv the opposet seks will controle the politix uv the State and nation in the swect subsekently.

It hez bin sed thet "al demokrats are not drunkards, but all drunkard's are demokrats," and it ma, with ekal troothfulnes be sed thet all maskaline wimmen are not wimmen righters, but all wimmen riters are maskaline.

I luv maskaline wimmen.

Malishus persons hev sed thet the resun I wuz in favor uv ekal rites fur wimmen wuz becoz I hed lived under pettycote guverment fur 25 yeers, datin the time uv mi supposed existens under the abuv named rool from the day thet Miranda and I wuz yoonited in the hoaly bans uv matrimoony. This assershun uv mi enemys I deem tu purile tu need refutin.

I am in favur uv ekal rites fur wimmen becoz the impreshuns uv mi yooth, strenthened by subsekent traneing, wuz thet the gentle seks (with excepshuns uv coorse), hed alredy bin tu long under the golin yoke uv servitood.

The idee uv a troo women, made after man's own image, principaly, stayin tu him and keepin house, washin dishuz, mendin cluz, tendin the children, keepin uv em neet and cleen, learnin uv em tu say their prairs, makin hum pleasant and meetin uv her husband wen he returns frum his his daily toil at the door with a kiss—it is prepostrus. Wimmen hev a nobler, loftier, holier mishun tu fil, wich mishun is to travel over the kentry and talk on wimmens rites.

The wonder is thet they didn't git at it sooner and do more uv it than they do. Wot uv it if the dishuz go unwashed, the hous go to rak, the children run ragged and durty in the streets and the husban know no sich a place ez hum. Wat uv it if the dimpled babe never learns to lisp the sakred name uv mother, and the childish prairs are forever unlearned. This is a progresiv age and the wimmen must progres with the rest uv em regardles uv the consekenses.

Mi idee uv a troo women is distinkly definite, to-wit: Uv imposin and digniide personul appeerence, coorse and manly voice and not afrade tu use it, alluz redy to talk flooently and lowdly on all occasions, quick tu make it hot fur any spindleshanked galoot who dars tu speek disrespekful uv the subjek wich she alluz hez on the end uv her tung and wich iz deerest tu her maskaline hart, with a wholesum and lofty disregard uv the wishus uv her tiranikle husban or the kumfort and tranin uv her children, with but one wish and thot, and thet scentered upon the undyin desire to git the ballet.

Sich is mi idee uv a troo women.

Too much kant be sed fur the nobel and maskaline wimmen thet hev left there hums and fyrecides, there husbans and leetle wons and takin up the kross uv wimmins suffrage and herokly becum märters tu the hoaly coz uv ekal rites fur the down trodden wimmen uv our land. Too much kant be sed fur the multitood uv maskalinely inclind wons wich kant go out tu preech the gospel uv there kreed but help along the nobel coz by discussin uv it in the millinery shops, on the church steps or "Over the garden woll."

Doorin the late onpleasantnes betwixt the north an south there wuz a clas uv men wich coodnt go to the frunt on akkount uv pressin biznes tu hum, but they helpt the coz along by discussin uv it at the grocery stores, and wich egsample many uv our troo harted sisters iz religiously folerin today. They discus wimmens rites in season and out uv season, tu the exklusnun uv domestick affairs. God bless em fur the ajitashun uv the subjek, it is by ajitashun thet great things is akomplished, wich fak inspires me with a unshakable beleef thet wimmens rites will evenshooly triumf, fur ef there is ennything in the hevens or on the yearth thet a good helthy zelus women's righter kant ajitate I wood like tu no wat it is.

Maskalinely thine,
JOSIAH BRADLEY.

The First Accident on the Denver Extension.

The first accident on the B. & M. occurred Tuesday morning of last week. The passenger train due in Denver at 7.45 a. m., while near Brush station, about ninety miles from Denver, was thrown from the track by a contrary steer which was the last of a herd of cattle to leave the rails, and after he had cleared off the grade and when the engineer had greatly decreased his speed, turned square around in a contrary direction and again covered the track. Had the train been running at a fair rate of speed the stupid bovine would have been tossed clear of the rails, but as it was moving slowly the animal was drawn under the wheels, and the engine and almost all the train thrown from the track. No damage was done to the train or passengers, but the engineer and fireman were both injured, though not seriously. A telegram announced the accident to the officials in Denver soon afterward, and a special train was sent out to the scene of the accident. The passengers were transferred to this train and arrived in Denver at 5 o'clock p. m.

ANOTHER ONE.

Last Friday night as the express from Red Cloud to Denver was running at a fair rate of speed, and had reached a point between Indianola and Culbertson the track suddenly gave way and the engine and six cars were precipitated into the ditch. The Pullman sleeper was the only car of the whole train of seven cars that did not leave the rails. The accident was caused by a washout, and it seems miraculous that no one was seriously injured. Conductor Crosby, who was in change of the train had a narrow escape, as a piece of railroad iron was driven with great force up through the floor of the car within a few inches of where he was standing. A wrecking train with Supt. Campbell aboard was immediately dispatched to the scene of the wreck and the track was soon cleared.

STILL ANOTHER.

The incoming freight train from the west was wrecked at this place last Sunday evening, but fortunately no one was hurt. A misipalced switch between the eating house and the depot threw the engine and four box cars from the track and demolished them. The train was slowing up to stop when the accident occured. Had it been under full headway the entire train would doubtless have been ditched. The engineer and fireman escaped injury by leaping from the engine as the ponderous machine turned over into the ditch. The westward bound passenger train was delayed several hours on account of the wreck.

Died,

At Red Cloud, Neb., Tuesday morning July 18th, after a long and painful sickness of two years—Sarah wife of Charley Wiggins.

Funeral will be at the Kirby House Wednesday evening at 5 o'clock, burial at sun-set. Rev. Mr. Pryse of Blue Springs, will conduct services at the house and at the grave.

DIED.

At Louisville, Neb., on the 7th of July, 1882, A. B. Fox, in the forty-first year of his age.

Mr. Fox came from Sarpy county to Louisville, some years ago. He then became a member of the firm of Fox & Glover, merchandising.

At one time he was connected with the Chronicle, a newspaper published at Louisville. It seems but yesterday that we published his marriage notice. Mr. Fox was one of the straightest men we ever knew in business and was respected by all who ever became acquainted with him. His demise thus early is to be regretted, as Cass county cannot well spare such citizens from her midst. The will of fate, however, must be obeyed.—*Plattsmouth Herald.*

Mr. Fox will be remembered as a former resident of this county, and owner of the steam elevator at Cowles. The editor of this paper has known Mr. Fox for years, and can vouch for the Herald's statement that he was an honorable man and respected by all who knew him. We very much regret to hear of his death.
