

Does Not Color Hair

Ayer's Hair Vigor, as now made from our new improved formula, does not stain or color the hair even to the slightest degree. Gray hair, white hair, bleached hair is not made a shade darker. But it certainly does stop falling hair. No question about that.

Do not change the color of the hair. Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says.

Ayer's

Indee, we believe it will stop every case of falling hair unless there is some very unusual complication, something greatly affecting the general health. Then you should consult your physician. Also ask for the new Ayer's Hair Vigor.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by Leslie's drug store. 50c.
