ECZEMA'S

ITCH IS TORTURE.

Eczema is caused by an acid humor in the blood coming in contact with the skin and producing great redness and inflammation; little pustular eruptions form and discharge a thin, sticky fluid, which dries and scales off; sometimes the skin is hard, dry and fissured. Eczema in any form is a tormenting, stubborn disease, and the itching and burning at times are almost unbearable; the acid burning humor seems to ooze out and set the skin on fire. Salves, washes nor other external applications do any real good, for as long as the poison remains in the blood it will keep the skin irritated.

BAD FORM OF TETTER.

"For three years I had Tetter on my hands, which caused them to swell to twice their natural size. Part of the time the disease was in the form of running sores, very painful, and causing me much discomfort. Four doctors said the Tetter had progressed too far to be cured, and they could do nothing for me. I took only three bottles of S. S. S. and was completely cured. This was fifteen years ago, and I have never since seen any sign of my old trouble."—MRS. L. B. JACKSON, 1414 McGee St., Kansas City, Mo.

S. S. S. neutralizes this acid poison, cools the blood and restores it to a healthy, natural state, and the rough, unhealthy skin becomes soft, smooth and clear.

SSS cures Tetter, Erysipelas, Psoriasis, Salt Rheum and all skin diseases due to a poisoned condition of the blood. Send for our book and write us about your case. Our physicians have made these diseases a life study, and can help you by their advice; we make no charge for this service. All correspondence is conducted in strictest confidence.

L. H. FORT, Chairman.
J. E. KESLER, Secretary.

I hereby announce myself as a candidate for the office of Sheriff of Webster county, Nebraska, subject to the decision of the republican county convention which convenes at Red Cloud on Wednesday, August 21.

WM. WOLFE.

The weather the past week has been somewhat better than for some time past, but there is still plenty of room for improvement. Rains have been numerous throughout the state and also the entire west. The crop conditions are considerably improved also and everyone appears more hopeful.

The first recognized candidate by this paper for an office at the hands of the republican convention which will convene in this city on Wednesday, August 21st, is Wm. Wolfe who aspires to the office of sheriff, and who comes out in the right manner and announces himself in this issue. Mr. Wolfe is an old and well known resident of this county and should he receive the nomination and election will make a good and efficient sheriff.

The old soldiers of Franklin county will hold their 10th annual reunion at Rose Park, Franklin, (the most beautiful grove in this part of the country), August 5, 6, 7 and 8. All soldiers, sailors or marines who wore the blue or the gray in 1861 to 1865, also soldiers of the Spanish-American war and all Ladies of the G. A. R. and the W. R. C., whether of Nebraska or Kansas, are invited to participate in the exercises. The success of reunions at Franklin in the past is an ample guarantee of the success of this and future gatherings.

Hereafter the judges and clerks of election will be appointed by the clerk of the district court instead of the county judge as heretofore. The change is accompanied with a provision making it compulsory for the judges and clerks of election, after having been appointed, to attend at the voting place at least one half hour before opening the polls. Upon failure to attend and serve the offender will be liable to a fine of $5 to $50 and costs. No one excused except for sickness.

The political pot has begun to boil. The number of candidates is unlimited in number and ability. Some of them have already secured the nomination from their point of view, that is they think they have secured enough pledges to insure them the nomination. This is one thing the republicans ought to watch out for in their caucuses. Do not send a delegate to a convention who is pledged, or do not instruct a delegation. Let them come unincumbered with pledges or instructions to act according to the dictates of their own conscience for the good of the party. Instructions and pledges never result in anything but rows, hard feelings, dissention and defeat. Therefore we say, send delegates who are not pledged and not instructed. Cut out anyone who is pledged and wants to be a delegate.

A young fellow in Glencoe, Okla., is selling tickets on himself at $5.00 each. Three thousand have been placed on sale. He disposes of them to young ladies and offers the following explanation of the scheme. "By selling 3,000 chances at $5.00 each it will bring to me $15,000, which is a sufficient sum of money to attract any young woman desirous of marrying. I may not get the prettiest girl in the country, but I will get one I am sure, who is anxious to marry me. I sell numbers for $5 and agree when paid for the numbers to marry the holder of said number provided she draws the lucky number at the raffle. I will have the raffle conducted on fair and square means, by parties entirely disinterested in it. Numbers from 1 to 3,000 will be placed in a box, and a blindfolded party will draw out one number. The girl holding the similar number shall become my wife. I will marry her as soon as she is ready. The money will be invested so as to support us handsomely. I shall take the bride on an extended wedding trip." The tickets are going like hot cakes. All of which goes to show that a fool with money is much more acceptable to many girls than a man with brains and ability.

Thro' Yellowstone Park—Personally Conducted

A personally conducted excursion party leaves Nebraska, Kansas and Colorado points Tuesday, August 20, for a 10 days' trip to and through Yellowstone Park.

The cost will be less, considerably less, than $100. That amount covers every expense of the trip—railroad fare, sleeper both ways, meals en route, hotels and stage through the park.

Incidents of Every Day Life Which Very Few People Stop to Think About on Account of Their Littleness

Numerous towns throughout the state are using the base ball craze to bring trade to their respective towns.—The Indian club of Kansas and of this state have had engagements ahead for a long while.—Red Cloud might possibly get people to forget the dryness of the atmosphere if they would only produce some amusement to keep their minds employed.—This is the only town we ever saw where building operations were going on where the operators were so rankly careless in protecting the public from the chance of getting hurt.—On Saturday evening a young man came in contact with the heavy iron girders in front of the building on Webster street and received a painful cut on the knee.—Of course as he didn't cripple himself so as to have a basis for a damage suit, he had to stand it.—A person can stumble over obstructions and tear his clothes and bark his shins and get up and look pleasant.—He ought to know better.—It makes a big difference in this town as to who you are and what kind of pedestal you stand on, whether you wear ragged clothes and no socks or whether you wear good clothes and have rocks.—It makes a person feel as if he is four miles from nowhere when the first of August passes and he has not been able to go next a good mess of roasting ears.—The person who brings us in a dozen or so of this kind of fodder will have our everlasting gratitude.—Candidates for office are getting as thick as grasshoppers in an alfalfa field.—We have still a number of spaces left for political announcements.—We will assure all those who let their light shine through our window that they will get their ticket in the political lottery wheel.

A WORTHY SUCCESSOR

"Something New Under The Sun.

All Doctors have tried to cure Catarrh by the use of powders, acid gases, inhalers, and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of Catarrh, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures Catarrh by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as Snuffles the Guaranteed Catarrh Cure" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.
