Third District Teachers Meet Well Attended

Clarinda Woman Is Principal Speaker at Norfolk on First Day of Convention.

Norfolk, Neb., Oct. 12.—(Special Telegram.)—The 36th annual convention of the third district Nebraska State Teachers' association was formally opened here by President Harry L. Reimund of Tekamah with a large number of teachers from 17 counties present. Registration indicated the enrollment would be close to the 1,000 mark by Friday afternoon, when the bulk of the teachers will arrive in the city. As the teachers registered they cast their ballots for new officers. The ballot box will be closed at 8 Friday evening and the canvassing board will start working immediately with the count. The result will be announced Saturday morning. The convention will close Saturday noon.

J. Roy Carter, president of the Greater Norfolk association, delivered the address of welcome to the teachers. The response was delivered by President Reimund and then Miss Agnes Samuelson of Clarinda, Ia., delivered the principal address of the morning general session on the consolidated administration and supervision of a county schools system.

Expect Big Crowd.

"We have an enrollment of over 1,500 teachers in the third district," Vice President Flake of Stanton stated. "Several counties let out their schools on Thursday. We expect a record-breaking attendance in Norfolk by Friday morning. We estimate we will have 1,000 teachers here."

During the general sessions Thursday afternoon Dr. E. S. Evenden of New York city spoke on the claims of democracy upon the schools. He spoke again Thursday night. Prof. N. A. Bengston of the University of Nebraska also delivered a lecture.

Singing is Feature.

Community singing is a feature of the general program this year. This part of the program is in charge of H. J. Schultz of Stanton.

Friday morning, Mrs. Elizabeth McMechen of Lincoln will deliver an address on school visitation. Dr. A. L. Halliquest of Cincinnati, O., is on Friday afternoon's program for an address on supervised study.

The most interesting problem facing the county today is that of the rural school, Miss A. Samuelson told the teachers. To rebuild the rural school to meet modern conditions and to reorganize the country school system so that an efficiency competing with that of the best city school system may be developed, is now the task demanding the focus of attention, she declared.

Must Have Efficiency.

This program, according to the speaker, means that modern efficiency standards must be inaugurated into all that pertains to the business of the rural school, and the position of county superintendent elevated to its rightful standing. The rural school must keep pace with the changing times, she declared. Miss Samuelson pointed out that the tendency is for the establishment of a county system of school administration such as is partially or wholly in force in 20 states.

Under this plan, according to the speaker, the oversight of the schools is directed by the county board of education with the county superintendent as the executive official. If properly developed, and if not too highly centralized, this county unit, with its equalization, school taxation and educational advantages, should be of substantial help in solving the rural school problem by its facilitating of consolidation, strengthening of supervision and unifying of administration.

The fundamental weakness of the rural ungraded school is that there is no provision for division of labor or graded school conditions, according to Miss Samuelson. The new and larger consolidated school, bringing better buildings, sanitation, library, teachers, attendance and the like, gives the farmer's child the same chance to obtain a high school diploma, and sleep under the home roof every night as the favored city cousin and thereby equalizes their educational advantages, Miss Samuelson said.

Sunday School Meeting

Pawnee City, Neb., Oct. 12.—(Special.)—The annual convention of the Sunday schools of the Pawnee district will be held in the First Christian church here next Sunday. A large delegation is expected and a high grade program has been arranged.

Market News of the Day

Chicago Grain

By CHARLES D. MICHAELS.
Omaha Bee Leased Wire

Chicago, Oct. 12.—The Chicago grain markets were closed for Columbus day, but Minneapolis, Duluth and Winnipeg markets were open. There was a fair business and an undercurrent of strength in all grain markets. The opening showed an advance and the close was well toward the top. Net gains at Minneapolis were ¼@⅝ cents, May showing weakness at the last after an early advance of 1 cent. Winnipeg gained ⅝ to 1¼ with October leading. Liverpool wheat closed ⅝ to 1¼ higher after being easy early.

Oats closed ⅝ to ⅞ cents higher in Winnipeg and ⅛ to ½ cents higher in Minneapolis. Rye futures in Minneapolis gained 1 cent and barley ½ cent.

Exporters Good Buyers.

Exporters were good buyers of October and cash wheat in Winnipeg, taking all offerings of October as prices advanced. They also absorbed all hedging sales from the country and cash wheat was taken at premiums. Strong Liverpool cables were an important factor, other news being of little importance. There is a more friendly feeling to the buying side of grains and several bullish messages from the northwest were received. Cables said the Liverpool advance was due to the absence of cash pressure.

Hedges were taken off rye at Winnipeg by exporters and 36,000 bushels were delivered on October contracts, making 594,000 bushels delivered so far.

Montana's estimated spring wheat crop is 32,355,000 bushels, or an average of 17 bushels per acre, said a Helena message to Logan and Bryan. The crop last year was 23,940,000 bushels and average yield the past 10 years 15.3 bushels per acre.

An embargo on flour and feed shipments to Duluth and Superior was announced today by the Minneapolis, St. Paul & Sault Ste. Marie railroad. Stocks there have accumulated. There has also been a piling up of merchandise at the docks for shipment down the lakes.

Omaha Produce

(Wholesale.)

By State Department of Agriculture Bureau of Markets and Marketing:

POTATOES.

Cattle—Receipts, 3,200 head. The very moderate run of cattle Thursday failed to stimulate the market appreciably and trade was dull and draggy from start to finish. A few fancy long fed beeves selling at $11.50@12.00 looked strong but on the general market for beef steers cow stuff and feeders it was largely a catch as catch can trade with the trend of values downward. Compared with a week ago all but prime beef steers are 25@50c lower and in some cases more. The feeder trade is badly congested and the movement sluggish at the lower levels.

Quotations on cattle: Choice to prime beeves, $11.00@11.90; good to choice beeves, $9.75@10.75; fair to good beeves, $9.00@9.75; common to fair beeves, $8.00@8.75; choice to prime yearlings, $10.60@11.85; good to choice yearlings, $9.50@10.50; fair to good yearlings, $8.50@9.50; common to fair yearlings, $7.50@8.50; choice to prime grass beeves, $7.75@8.50; good to choice grass beeves, $6.85@7.75; fair to good grass beeves, $5.75@6.85; common to fair grass beeves, $5.25@5.75; Mexicans, $4.75@5.50; good to choice grass heifers, $5.75@6.50; fair to good grass heifers, $4.25@5.50; choice to prime grass cows, $5.25@6.00; good to choice grass cows, $4.40@5.00; fair to good grass cows, $3.85@4.35; common to fair grass cows, $2.50@3.85; prime heavy feeders, $7.50@8.25; good to choice feeders, $6.85@7.40; fair to good feeders, $6.00@6.75; common to fair feeders, $5.25@6.00; good to choice stockers, $6.75@7.50; fair to good stockers, $5.85@6.75; common to fair stockers, $4.75@5.75; stock heifers, $4.00@5.50; stock cows, $3.00@4.25; stock calves, $4.50@8.25; veal calves, $5.00@10.00; bulls, stags, etc., $3.25@3.75.

Hogs—Receipts, 5,200 head. Trading was slow today at unevenly lower prices with the market draggy for the full session, all kinds moving 15@25c lower, light hogs sold largely at $9.00@9.15 with a top price of $9.25. Good quality butchers sold at $9.50@9.60, and mixed loads and packing grades largely at $7.15@9.00. Bulk of sales was $7.35@9.15.

Sheep and Lambs—Receipts, 9,500 head. There was an active demand for all classes today and trading was brisk at strong to 25c higher prices. Western lambs moved largely at $13.00@13.75, the latter top for the day and fed clip lambs at $13.35@13.50. Feeder lambs were active at strong to higher prices, good quality selling readily at $13.75. Sheep were steady to strong, light ewes selling at $5.85. Feeding ewes were slow, good quality moving at $5.25.

Quotations on sheep and lambs: Fat lambs, good to choice, $13.30@13.75; fat lambs, fair to good, $12.75@13.60; fed clipped lambs, $12.25@12.50; feeding lambs, $13.00@13.60; call lambs, $8.00@12.00; fat ewes, light, $4.50@5.60; fat ewes, heavy, $3.50@4.00; feeder ewes, $3.50@3.75.

Consignments---

This progressive company makes a specialty of handling consignments of all kinds of grain in the Omaha, Kansas City, Chicago, Milwaukee and Sioux City markets, and the large volume of business handled by us for country shippers on consignment is the best proof of our unexcelled service.

Our consignment departments are in charge of experienced, conservative men, who have had many years of experience and training in the handling of cash grain and who devote their entire time and attention to the handling of consignments for country shippers.

Our private wire connections with leading markets and with many interior points help make our service superior.

Ample finances assure country shippers that drafts will be paid promptly and balance due always remitted with returns.
