Theisen Steps Down in Favor of Man Who Trained Five Championship Teams

A. G. Kline to Take Charge of Cagers

Expert Coach Takes Thieson's Place as Mentor of Huskers.

Lincoln, Nov. 6.—A. G. Kline, veteran coach, will handle the Nebraska basketball team this season, according to announcement by athletic director Dawson Tuesday morning. Mr. Kline has been coaching both football and basketball at the University of Florida for the past three years but he was forced to give up his work there because the climate did not agree with his son.

As soon as word got about that Bill Kline was headed north, every effort was made to get in touch with him and as a result he starts drilling the Husket basketball team Wednesday evening.

Coach Kline was at Nebraska Wesleyan from 1911 to 1917 inclusive. While there he turned out some great teams winning five out of seven basketball games played with University of Nebraska teams and his fives were state champions every year. It was conceded that he had the best team in the Missouri Valley at one time.

In 1918, S. A. T. C. year, Coach Kline directed the Husket football team and coached the freshman basketball team which Paul Schissler took the next ye ar and made a greate record with. Coach Kline started at University of Florida and has been there since that time.

In the statement issued by Director Dawson he explains the status of Ralph Thiesen's appointment as basketball coach, which was announced two weeks ago. Mr. Thiesen agreed to accept the position and do the best he could but insisted that Nebraska was entitled to a more experienced coach. Mr. Dawson's statement:

"Through Ralph Theisen's splendid spirit of loyalty to the university and eagerness that we have the best available coaches, we have engaged W. G. Kline as basketball coach for this year.

"In the first place Ralph Thiesen did not apply for the position. I went to him personally and explained that it was impossible for us to secure the man we wanted for the job.

"Reluctantly, Mr. Thiesen agreed to step into the breech and do what he could to handle the situation, at the same time saying we were entitled to a more experienced coach—in fact he said we should have the best coach in the country so that Nebraska basketball would maintain its proper standing in the Valley conference.

"And now, when we suddenly find Mr. Kline is available, Mr. Thiesen said he was only too glad to step down in favor of Mr. Kline."

Tendler-Leonard Go for Tiajuana

Lew Tendler may mix a few rounds with Benny Leonard at Tiajuana, Mex., this winter.

It was reported in St. Louis yesterday that such a match had been arranged. But that was rumor, creditable rumor to be sure.

James W. Coffroth, manager of the Tiajuana track, and promoter of the match, could not be found last night. He was reported to be in Mexico City on a business trip.

That looks promising for the bout. Tom Gibbons told us Sunday that Coffroth was in Mexico City trying to arrange a bond whereby lumber could be taken into Mexico free of charge on condition that it was removed as soon as the use for it was over. This lumber was expected to be used in a mammoth arena.

At this rate things look promising for a go between Gibbons and someone else on the same bill with Tendler and Leonard.

Bluffs Gridsters Hard at Work

Thomas Jefferson High school gridsters settled down last night to a week of hard, grinding practice to perfect their machine against the game Saturday with Abraham Lincoln High school.

The game promises to be the hardest on the season schedule of either team. Neither coach shows any confidence of victory, but both say that if fighting and playing real football will win a game they may come away with the laurels.

Three new plays were outlined to the squad last night. It is hoped that these new plays, coupled with the plays that have been used successfully in the past, will go a long way toward bringing victory to the wearers of the gold jerseys.

Charging, passing, bucking the line, running, tackling and blocking were on the bill for the boys. In addition to the strenuous work of the early afternoon, they scrimmaged. If hard work will make a winning team, Thomas Jefferson High school is going to have it.

Wills was more than willing to let him absorb all he could. The towel was evidently a relief for the harassed feelings of the Bostonian when it sailed into the ring in the fourth round.

Jimmy Zebitz

Joseph (Jimmy) Zebitz, flyweight champion of Denmark, is coming to the United States in search of fights. Jimmy has ambitions of annexing the world flyweight title sometime during 1924 or 1925. According to Spike Webb, boxing coach at the United States Naval academy, Jimmy is one of the best boxers in Europe.

Large Crowds Attend Races

San Francisco, Nov. 6.—Admissions paid at the opening of the Tanforan race track Saturday totalled more than 25,000, according to General Manager John D. Stelling. This is said to have been the largest crowd that ever attended a horse race in California.

Another feature will be run tomorrow, the debutante stakes. Fifty-eight two-year-olds were nominated for this event and a dozen or more are expected to start. Thirty-three have the privilege of entering the derby trial next Saturday, which is for three-year-olds.

Officials of the Pacific coast Jockey club are enthusiastic over the reception accorded "betless" racing.

Des Moines College Defeated in Game

Dubuque, Ia., Nov. 6.—Columbia college of Dubuque whose 12 to 0 defeat of the hitherto unbeaten Des Moines university last Friday has made it a contender for the college championship of Iowa will meet St. Viator college of Kankakee, Ill., at White Sox park, Chicago, next Friday for the Western Catholic college championship. The ancient rivalry between the two schools as well as the title at stake aroused so much interest in the part of the alumni and supporters of the institution that it was decided to hold the game in Chicago.

ROD and GUN

When Ducks Fly South.

EVERBODY will now be on the lookout for a good dog for retrieving ducks that shall fall to the well-considered aim of the wildfowler. His first thought will be for a sturdy dog—a dog that can see afar, and go out, on command, after the bird in yonder marsh or the swamp or water beyond. Such an action, on the part of the dog, is no pup's play. The gunner will now require a dependable dog—a dog unafraid to face any condition of the less negotiable of the immediate elements. The different kinds of the retriever dogs will at once suggest themselves to the sportsman; and among these will be the Chesapeake Bay dogs, the Labrador dogs, the flat and curly coated retrievers, the Irish water spaniels, and the big, upstanding spaniels of the springer kind. It should not be forgotten that the Chesapeake dogs have been bred for duck shooting or "hunting" in this country for about 100 years; and that by selection dogs have been and are produced with coats almost of the exact color of the dead reeds or grass you will find in the fall. No other retriever has this "yellow" color, if we except some of the Russian retrievers, quite a nice variety of dog; noble in appearance and stature, but considered somewhat "soft" by sportsmen in western Europe.

Accommodations for Guests Are Lacking in Chamonix, France

Chamonix, France, Nov. 6.—How to provide shelter for the 20,000 to 30,000 visitors expected here from January 25 to February 5 during the winter sports events which mark the opening of the 1924 Olympic games is the problem confronting the town authorities and French Olympic committee now that the work on the skating rink, bobsleight chute and ski jumps is finished.

Chamonix, a little town of 3,000 inhabitants, perched high on the slopes of Mont Blanc, possesses normal accomodation for about 1,500 to 2,000 transients and by the placing of additional beds in ball rooms, corridors, billiard parlors of the hotels and pressing private house owners to let out the "guest room," this might be increased 3,000.

Frantz R eichel, the general secretary of the French Olympics committee and Allan H. Muhr, internaitnoal secretary were here recently and had several conferences with Mayor Lavairvre with the result that 65 per cent of the hotel accomodations were reserved for the committee which has assumed responsibility for housing the athletics, trainers, officials and newspaper correspondents. Three hundred applications have been received by the committee from newspaper representatives.

The local hotels are already booked up to the limit and it is the present intention of the organizers to refer prospective visitors to hotels in Aix Les Baines and Annecy, and to shuttle them back and forth to Chamonix morning and evening.

For that purpose local excursion trains will be run twice daily between Aix Les Maines, Annecy and Chamonix, while bus lines will be established.

Leo Shea to Referee Bouts

Leo Shea, known around these parts as a referee of all things fistic, has been engaged to act as the third man in the ring tomorrow night when the Douglas County post of the American Legion stages its monthly fight program at the Auditorium.

Nebraska fight fans know Shea as about one of the best referees who has ever stepped into an Omaha ring. He will come from New York to officiate tomorrow night.

He will referee all the bouts, including the main event between Billy Miske and Bill Brennan of St. Paul and New York, respectively.

All of the fighters scheduled to swap punches tomorrow have arrived in town and work out each afternoon at the Business Men's gymnasium.

Divided Title Looms in Big Ten

Chicago, Nov. 6.—Big Ten elevens will go into action this week with more than a possibility that Illinois and Michigan will end the season undefeated and championship honors as did Iowa and Michigan last year. Unless Wisconsin and Minnesota upset all the "dope," as both teams have been known to do, a divided championship looms as strongly probable.

The Badgers started to prepare for the Illini contest Saturday with their scouts' unqualified praise of the sensational "Red" Grange, Illinois ace, ringing in their ears. Scouts who saw the Illinois-Chicago game at Urbana brought back word that they believed Wisconsin's line was as strong as Chicago's.

Michigan will play the United States Marines Saturday in an out-of-conference game.

Minnesota, as yet undefeated, does not play this week-end, but besides Michigan must face Iowa.

The undefeated Chicago eleven takes on Indiana here Saturday, with the Hoosiers on the short end of the dope. Ohio State and Purdue meet on about equal terms. Northwestern plays a nonconference game with Lake Forest.

Wins 46 Games; Loses 3.

Paris, Nov. 6.—Alexander Alechine, the Russian chess star, yesterday played simultaneously 54 games at the Montemarte Chess club against the best players of Paris and the provinces. He won 46 games, lost 3 and drew 5.

Alechine is 31 years old. At the age of 16 he won the national tournment at Petrograd and at 19 took first prize in a tournament at Stockholm. By profession he is an examining magistrate. Ruined by the Russian revolution, he is seeking a living by his wizardry at chess. He leaves for Montreal next week, and next year will meet Jose Capablanca in the United States for the world's championship.

Fight Results

Newark, N. J.—Harry Wills, New York, knocked out Jack Thompson, St. Joseph, Mo., fourth round.

At New York.—Carl Duane, New York, got the decision over Frankie Conway, New York, 12 rounds.

At Brooklyn—Herb Brodie, New York, knocked out Pat Mills, Ireland, first round.

At Columbus.—K. O. Jeakle, Toledo, won from Jimmie Dalton, Indianapolis, 12 rounds.

At Pittsburgh.—Harry Greb, Pittsburgh, outpointed Soldier Jones of Canada, 10 rounds.

At Philadelphia.—Harry (Kid) Brown, Philadelphia, outpointed Freddie Jacks, Brooklyn, 8 rounds. Eddie Wagner outpointed Danny Kramer, both of Philadelphia, 8 rounds.

To say the least the bout should have a lot of interest for the fans.

Tom Gibbons does not have to show anybody what he has. Everyone knows that he can hit and keep his head and body in a mean place for the other fellow to find. He took all Dempsey had to give so he can probably take the best Renault offers.

SON OF WIZARD LOSES TO HOPPE

Jake Schaeffer, jr., son of the "Wizard" and billiard champion of 1922, was eliminated by Willie Hoppe, 500-447 in the international tournament at New York last night.

Jake Schaeffer INTERNATIONAL NEWSREEL PHOTO

Swim Honors May Go to Tech High

From all the dope available Technical High school swimmers will be among the strongest contenders for honors in the fourth interschoolastic swimming meet to be held in the Omaha Athletic club tank Friday evening.

The Tech men are in good condition and the school boasts of entries who have been winners in past meets. Central High school stars will, of course, be there to stop other contenders if possible and retain the honors they won last year. They took the championship at that time.

Eight events are scheduled for the contest. From all appearances Tech has a wonderful opportunity to take at least five of these.

In the low board fancy drive Tech has entered Jack Foster, present midwestern A. A. U. champion low board diver. Irving Nelson, another star diver, will also wear the colors of Tech.

Vernon Hudder will have to be given a good deal of consideration in the 100-yard free style event. For several years past he has been one of the winners in this event and has a golden opportunity of garnering new laurels now.

Bert Garvey is entered in the 100-yard breast stroke event. Last year he swam a beautiful race against Bill Thomas of Central. Garvey swam for Creighton prep last year but will be with the Techmen this year.

Leroy Lucas, midwestern A. A. U. plunge champion, will represent Tech in the plunge event. Foster, Hudder, Nelson and Bazar or Lucas will form the relay team of Tech High school.

Tech, not satisfied with entering men who look like sure firsts, have also entered several students who may slip in for second and third points.

The contestants in the meet this year will be Lincoln High school and the four Omaha hgih schools.

Newsey Sportlets

Spain and Poland have officially accepted the invitation to participate in the Olympics next year.

All the fighters on the Legion's fistic program for tomorrow night are ready for the gong.

The Harvard-Princeton game Saturday tops the list of football games scheduled for next Saturday.

Miss Doreen Kavanaugh, golf champ of California, leads the qualifiers in the state tourney.

Cy sez:
"As to Jack Dempsey he has traveled so far ahead of all other fighters that he finds himself on a lonely road."

Syracuse's undefeated football team, which meets Nebraska at Lincoln, holds four records in the eastern gridiron world.

Lew Tendler and Benny Leonard may meet for the umptieth time in Tiajuana this winter.

Harry Wills knocked out Jack Thompson, Boston negro, in the fourth round last night.

A Sioux City promoter had to send to the factory and have boxing gloves made for Big Munn.

Why not a special bout between Fred Fulton and Joe Beckett to decide the honor of the world's worst fighter?

Eddie Wagner outpointed Danny Kramer in Philadelphia last night.

Three hundred more tickets to the Nebraska-Notre Dame game at Lincoln Saturday will be placed on sale at Beaton's Drug store.

The Central High school football team has been nicknamed Cakeaters because they are given so many cakes.

New York.—Tex Rickard began negotiations to match Jack Renault, Canadian heavyweight, with either Tom Gibbons of St. Paul, or Harry Wills, negro title contender.

Pittsburgh.—Harry Greb, middleweight boxing champion, was given a newspaper decision over Soldier Jones of Canada, light-heavyweight, at the end of 10 rounds.

Purple Clan Looks Forward to Game

Coach Schmidt of Central high is putting in some hard licks getting his pigskin chasers in shape for their battle with Lincoln on the Capitol City lads home grounds on the 17 of this month. All efforts are being centered on defeating the wearers of the red and black this year and winning a state championship.

The Purple clan is working hard on many new formations and is being drilled on the kind of attack to expect from the Lincolnites. All of the Central men survived the Creighton storm in fine shape and are looking forward to their game with Lincoln with plenty of pep.

Kearney is not being overlooked, however, and a hard tussle is expected with them. Esterling, all state fullback last year and Kearney's best bet, lost part of his fingers but is expected to be in good shape for Friday's game.

The game will likely be played at Fontenelle park instead of at Creighton as was announced yesterday. Schpol has been dismissed so much lately that the board of control thought it better to have the game at 3:30 instead of 1:30 and to be played at Fontenelle, as the Tech-Creighton game would conflict if it were played at Creighton.

Sarazen May Race Kentucky Juvenile

New York, Nov. 6.—Turf enthusiasts here are awaiting with keen interest the outcome of negotiations under way to match Sarazen, unbeaten 2-year-old star owned by Mrs. W. K. Vanderbilt II, and Wise Counsellor, Kentucky crack, in a race for the 1923 juvenile crown. According to reports, owners of both horses have practically accepted terms for a match at a mile next Saturdey at Louisville.

SOLON TALKS TO IZAAK WALTONS

Chicago, Nov. 6.—Conservation of America's wild life and her natural resources must be undertaken at once if it is to be effective, Senator Medill McCormick of Illinois declared last night in an address before sportsmen of middle western states, attending a banquet of the Izaak Walton league.

The senator was referring to the plan to drain the upper Mississippi bottom lands where a great amount of this country's wild life is propagated. He is to father a bill in the senate to turn this area into a national preserve and prevent its drainage. The banquet was in honor of Senator McCormick.

Miss Kavanaugh Leads California Golfers

Los Angeles, Cal., Nov. 5.—Miss Doreen Kavanaugh, state women's golf champion, led 85 entrants in the opening round today of the Wilshire Country club's invitational tournament for women, with a gross card of 86.

Mrs. John Worley was second with an 89, and Miss Mary K. Browne, former women's national tennis champion, finished in 90.

Polish Teams in Next Olympic Meet

Paris, Nov. 5.—Spain and Poland have officially accepted the French Olympic committee's invitation for their participation in the Olympics next year. It will be the first time Polish athletes have competed as a team since the revival of the games in 1896.

Burke to Meet Delaney.

Los Angeles, Cal., Nov. 6.—Martin Burke of New Orleans and Jimmy Delaney of St. Paul, light-heavyweights, will meet in the main event of a boxing show at the Vernon arena tonight. Johnny O'Donnell, a stablemate of Delaney, has been matched with Joe Layman in the semi-windup. They are lightweights.

STECHER WINS

St. Louis, Nov. 6.—Joe Stecher, former world's heavyweight champion wrestler, defeated Ivan Mikiloff of Russia in two straight falls here last night. Stecher used the scissors hold in obtaining both falls, the first requiring 38 minutes and the second nine minutes.

Big Ten Star May Be Ineligible

Gerber of Wisconsin Is Said to Be Pro After Teaching Swimmers.

By Associated Press.

Chicago, Nov. 6—Professionalism, a charge that brands a university athlete with a stigma of disrepute, tonight struck out to disqualify a western conference football star because he is alleged to have received compensation for teaching a boys' Y. M. C. A. swimming cliffass as a means of earning the expenses of an education.

The protest is made against Ed C. Gerber, tackle on the University of Wisconsin eleven, just on the eve of the crucial Wisconsin-Illinois game Saturday. The protest, if allowed, means that he will be barred from all athletics on the ground that he was a paid coach.

The situation recalls a similar incident a year ago, when as the Badgers prepared to meet the Illini a protest came from Illinois quarters which disqualified Murray, another star Wisconsin tackle. This protest brought out the wrath of Big John Richards, then Wisconsin coach, and almost resulted in a severance of athletic relations between the two universities.

The attempt to have Gerber ruled out of competition, comes from a different source, according to reliable reports here.

Faced with a shattered line in the most important game of its present season, should Gerber be declared ineligible, Wisconsin athletic authorities tonight hastened an investigation into the charges. T. E. Jones, director of athletics, went to La Crosse to find from Y. M. C. A. officials the status that the athlete held when he taught a boys' swimming class there.

Gerber, rated as one of the star tackles of the Big Ten, maintains that he violated no conference rule. Before the season started he substitated his case to the athletic council of the university, and after an investigation was found to be eligible. He has since played regularly in all of the games in which Wisconsin has competed.

Greb Wins From Soldier Jones

By Universal Service.

Pittsburgh, Pa., Nov. 5.—In one of the best fistic battle seen here in years, Harry Greb, middleweight champion, won over Soldier Jones, the Canadian boxer, taking eight of the 10 rounds.

Jones nearly spilled the beans in the first round when he put Greb down twice, the first time for the count of eight, and again for the count of four.

The second round found Greb groggy but by holding and stalling he weathered through.

It was Greb's fight the rest of the way. In the eighth he knocked Jones out of the ring with a right to the jaw. The Canadian left the ring with his right eye closed and

No Gloves Fit Big Munn, Iowa Boxer

Sioux City, Nov. 5.—Big Munn, Sioux City heavyweight giant, caused Tom Brislane, who is promoting Munn's first match here on Nov. 16 against Jack Clifford of St. Paul, considerable worry when he atempted to buy gloves for the bout. Munn's hands are as big as his name indicates and only after an order had been sent to the Pacific coast to have special gloves manufactured was the promoter able to line up a pair. Munn weighs 248 pounds.

Lincoln Stars Are Injured.

Lincoln, Neb., Nov. 6.—Dorsey McIntyre, star left end, and Foss, substitute center, on Lincoln High school's football team, are both out of the lineup, due to injuries received in the Saturday tussle against St. Joseph, Mo. Foss has a badly wrenched leg which may keep him out of the game for the rest of the season. McIntyre's injuries are of a minor nature. It is hoped he will be in the lineup against York Friday.

Pros Play Exhibition.

Maplewood, N. J., Nov. 6.—Walter Hagen and Joe Kirkwood, defeated Jerome Travers and William Reekie, runner-up in the New Jersey state championship, 3 up and 2 to play, in an exhibition 36-hole golf match on the links of the Maplewood Country club today.

Gibbons Brothers Pals, Says Tommy

It is common sport gossip that Tommy Gibbons, heavyweight boxing title contender, and his brother, Mike, are at outs and have been for some time.

Tommy Gibbons in his dressing room at the World theater last night nailed this story as a falsehood—and Tommy says he knows the man who started it and is looking for him.

The story teller, according to Tommy, is a vaudeville actor by the name of Renault. He says Renault started the story on the west coast, telling that he knew both Tommy and Mike well.

"I never saw him in my life," said Tommy. "But I am hoping for the time when we shall be in the same town. I shall introduce myself."

Gibbons Ready for Renault

Eddie Kane, the dapper little pilot of Tommy Gibbons, St. Paul wielder of the mittens, is ready to meet Jack Renault, the Canadian heavyweight fighter.

"Just let Tex Rickard start talking business with us," yells Kane, "then we will let the dear little public know how Tommy Gibbons feels about fighting."

Gibbons, who recently remained 15 rounds with the champion of his division at the memorial Shelby battle ground, is capitalizing the publicity he got out of the fight by touring the country as a member of a vaudeville circuit. Kane and Tommy are appearing at a local theater.

While Kane is ready to send Gibbons into the ring against Renault the manager of the St. Paul heavy can't see why Tommy should be used in elimination bouts. Gibbons fought Dempsey and is entitled to another bout with the champion, opines Kane. However, fighting is Gibbon's business and as long as there is money involved he is willing to don the mittens.

As for Renault, well, Kane and Gibbons believe the Canadian can be disposed of in short order.

French Winners Pay Big Odds

Paris, Nov. 6.—A $2 bet—nearly 30 francs—parleyed on the six winners at the Maisons Lafitte race track today would have won 42,425,000,000 francs. The entire bank note circulation of France is below 40,000,000,000.

The six winners average 50 to 1. The odds on the horse that won the first race were 175 to 1, on the second 15 to 1, the third 20 to 1 and the fourth, fifth and sixth races 10 to 1. Dave Engander was the only American jockey to pilot home a winner today.

Pruett May Be Back on Mound Next Season

St. Louis, Nov. 6.—George Sisler, manager of the St. Louis Americans, today expressed the belief that Hubert Pruett, fade-away sensation of 1922, whose arm failed him last season, will come back next year and do more remarkable work for the Browns. Pruett is resting in California.

"When a pitcher loses his arm it generally is from an injury to the shoulder," Sisler said. "Pruett's shoulder is as sound as ever. I believe the rest he is taking will fix him up."

Pimlico Track Muddy.

Pimlico Race Track, Md., Nov. 6.—Indications are that the $10,000 Bowie handicap, for 3-year-olds and up, at a mile and a half, the feature on today's card, will go to the best "mudder." Rain has made the track muddy.

Night School for Huskers Is Latest

Every Effort Being Made to Whip Team Into Shape.

Lincoln, Nov. 6.—Another period of preparation Tuesday for the Irish invasion shed no more light on the manner in which Head Coach Dawson is preparing his Husker athletes for the big test Saturday. Those who ventured as far as the stadium gates were politely but firmly told that the path by which they came led in the exact direction they were about to go.

There is no time being wasted. A glimpse inside showed the entire squad in uniform and the sun was still fairly high in the heaven. On top of the afternoon workouts, the Huskers will go to "night school" the remainder of the week. At these sessions Coach Dawson and his assistants will thoroughly explain new plays; and attempt to give the Nebraskans an insight into Notre Dame's defense.

Notre Dame lost some of its best players last year through injuries, but as usual Coach Rockne's reserve list had players on it who were almost as good. This year the tables are turned.

Almost every regular Nebraska lineman is suffering from injuries. With one exception these injuries are not serious, but they are sufficient to make the scrimmage practice hazardous. Doug Myers, regular end, has been unable to do much since the Missouri game on account of his bad knee. His is probably the most serious injury to be encountered thus far.

The Irish leave South Bend Thursday afternoon, arriving here Friday morning.

TWO DISTRICT CHAMPIONS DECIDED IN SOCCER TOURNEY

SOCCER RESULTS.

Highland 1, Vinton 6.
Howard Kennedy 0, Long 0.
Train 6, Comenius 0.
Miller Park 4, Cass 2.

Two district champions were decided in the third annual Omaha Bee grade school soccer championship tournament yesterday when Miller Park defeated Cass 4 to 2 and Highland beat Vinton 1 to 0. Miller Park again wins the district championship of Division No. 4, while Highland is champion of the first district.

Train and Comenius and Howard Kennedy and Long may play their games over Thursday, although it hasn't been definitely decided.

Jones and Burns were the chief scorers for Miller Park yesterday. Each booted two goals. Clowser, with a goal, and Wells, with a goal, starred for the losers. Houser and Weimmer of Park and Bass and Camero of Cass also played a good game.

The Comenius-Train teams played good soccer. Neither team was able to come close to scoring. An additional 10 minutes was necessary and darkness fell on the field, causing the referee to call the game.

Crawford, halfback on the Highland team, scored a goal for his team in the first half and Highland beat Vinton at Athletic park. The game was well played throughout.

Twenty additional minutes were necessary in the Howard Kennedy-Long game and still neither team was able to score, so close was the guarding.
