Publishers at Postal Hearing

Protest Against Proposed Second-Class Mail Rate Boost to Pay Employes.

Washington, Dec. 27.—Protests against increases in second class mail rates proposed in the administration measure to raise revenue for postal salary increases were presented today to the joint congressional postoffice committee by spokesmen for the American Newspaper Publishers' association.

Renewing their complaint against hasty consideration by congress of the Postoffice department's cost ascertainment report, on which the rate raises are predicated, the publishers contended that the department records show the inadvisability of raising rates on second class mail matter at this time on the theory that such an advance would produce an increase in revenue.

Pointing out that since 1912 second class mail has been the only class on which congress has increased rates, they contended that these advances increased the revenues of the department more than 125 per cent, but at the same time resulted in a large decrease in the volume of the mails.

The arguments for the publishers' association were presented by S. E. Thomason of Chicago, president; John Stewart Bryan of Richmond, Va., vice president; D. J. Barnum of Syracuse, N. Y., chairman of the postal committee; E. H. Baker of Cleveland, M. F. Hanson of Duluth, L. B. Palmer and Howard Davis of New York, and Elisha Hanson, the association's Washington representative.

Previous Raise Hurt.

Figures were furnished in an effort to show that the previous increases in second-class rates had curtailed the mail circulation of daily newspapers from 15 to 40 per cent. The present proposed increases, representatives of the publishers declared, are more than double the former increases, whichc were spread out over a period of four years. The effect, they said, would be an "irreparable" injury both to publishers and subscribers.

If the advance became effective, it was argued, congress within two years would be obliged to revise rates downward again because revenues are increasing sufficiently on the present rate structure to provide for the salary increases within that time.

Meantime, the publishers said, many publications would be forced out of the mails by the increased rates.

Spread Rural Loss.

Reiterating their contention that the Postoffice department improperly charged second-class mail with $29,000,000 for the rural free delivery service, they declared there was no way to cover the loss of rural delivery except by spreading it over the entire postal service, or else by regarding it as a public policy expenditure.

Attention also was directed to figures showing that the Postoffice department has a net annual loss of $27,000,000 for special services, such as foreign mail, transit, money order, registry, special delivery, insurance, cash on delivery, and treasury savings.

FOUR MEN FINISH NEW TESTAMENT

To promoting a greater appreciation of the Bible through a more general reading, N. H. Loomis, president of the Walter Head Bible class, offered to present a copy of a guide to the Sunday school lessons for 1925 to the first four members of the class who should complete the reading of the New Testament before December 31, 1924. Four men have claimed this distinction and will be rewarded at the class meeting Sunday morning at 9:45. They are Rufus E. Lee, Dr. W. S. Gibbs, John U. Loomis and Dr. J. B. Ralph. Others who have also completed the reading are N. H. Loomis, Charles Gardner, Dr. J. B. Fickes and H. A. Doud.

Another feature of special interest Sunday morning will be an address by Dr. A. F. Jonas, chief surgeon of the Union Pacific railway, on "Egyptian Gods," in which he will tell of the treatment of the sick in Egypt 1,500 years before Christ. The basis of the address is an ancient manuscript.

The class extends an invitation to men at this or any other time. The class meets at the First Presbyterian church Sunday morning at 9:45.

OMAHA LEADS IN CHURCH INCREASE

Omaha area of the Methodist Episcopal church showed the greatest increase in memberships for the last year, according to figures from the Methodist year book for 1925, made public Friday.

Increases were recorded in 13 areas in the United States, the statistics show. Decreases occurred in but eight areas.

Of the areas showing an increase Omaha led with 6,379. This brought the total membership in the Omaha area to 285,929. The total membership in the United States is 10,000,000.

The areas showing increases nearest to that of Omaha were Kansas City, 6,048, and San Francisco, 5,726.

Among the areas showing decreases were Atlanta, New Orleans, Portland, Denver, Helena.

All foreign areas, the report states, showed an increase.

Unfurnished. 80b

PRINCETON
(Fireproof.)
Nineteenth and Dodge streets; four minutes' walk from the business center. Now nearing completion; ready for occupancy early in January. Contains 37 very attractive unfurnished apartments, designed to meet the requirements of refined people desiring small apartments at moderate rentals, in an unusually good close-in location. Each suite contains large living room with built-in bed, dressing room with mirror doors, small kitchenette, and tiled outside bathroom. Some have extra closets. Oak floors; handsome walnut-gum finish throughout; unusually beautiful appointments. Built-in appointments. Built-in features include handsome dressers, beds, French gray kitchen cabinets, refrigerators, and gas ranges.
While many have already been leased, a number of choice suites are still available at $46-50, $50-54, $52-56, $55-59 and $57-61. Those reserving apartments now may select wall paper to their own order.
Our customary management policy—first class occupancy in well maintained buildings—will, of course, characterize the handling of the Princeton. One apartment has been beautifully furnished to give the public an idea of the possible arrangement of furniture. Our representatives will be at the building all day Sunday, December 28, to show this and other suites. Always glad to show apartments.
