2. A rat-guard is a large metal disk about 18 inches in diameter which is fastened around ropes and hawsers used in mooring ships to docks. It is designed to prevent rats from getting ashore and spreading the bubonic plague. One of the duties of the U.S. Public Health Service is to inspect ships as they arrive in this country and among other things to check on the rat-guards.

3. These are all foreign terms for cheese, and we find that cheese is one of the staples in the diets of many lands. It contains valuable minerals such as calcium and phosphorus. Cheese is an excellent protective food.

TESTED RECIPE
—By Frances Lee Barton—

Do you like a chocolate pie? A fruity pie? A pie with whipped cream? If so, how would you like a pie that combines all of these? "Yes!" is the answer with this recipe:

Orange Chocolate Cream Pie

3 squares unsweetened chocolate; 2½ cups milk; 1 cup sugar; 6 tablespoons flour; ½ teaspoon salt; 2 egg yolks, slightly beaten; 2 tablespoons butter; 1 teaspoon vanilla; 1 baked 9-inch pie shell; ½ cup cream, whipped; 2 tablespoons grated orange rind.

Add chocolate to milk and heat in double boiler. When chocolate is melted, beat with rotary egg beater until blended. Combine sugar, flour, and salt. Add gradually to chocolate mixture and cook until thickened, stirring constantly; then continue cooking 10 minutes, stirring occasionally. Pour small amount of mixture over egg yolks, stirring vigorously, return to double boiler and cook 2 minutes longer. Add butter and vanilla and cool. Turn into pie shell. Chill. Pile whipped cream lightly around edge of pie to form a 1-inch border. Sprinkle cream with grated orange rind.

MISSOURI GOVERNOR NAMES STATE COMMITTEE ON NEGRO EMPLOYMENT

JEFFERSON CITY, Mo, April 4 (ANP)—Acting upon a report from a "Fact Finding Committee" headed by Prof. C. T. Pihlbland of the University of Missouri, Gov. Lloyd C. Stark last week appointed a Missouri State Committee on Negro Employment to consider economic problems confronting the Negro population.

The special committee headed by Dr. Pihlbland was created at a conference on Negro employment problems called by Gov. Stark last Oct. 30. Its report was presented at a meeting in the governor's office Tuesday, March 13, attended by a small group interested in Negro employment, including Lieut. Lawrence A. Oxley outlined steps taken by other states in pursuing a realistic course in their attack on the problem of unemployment as it is particularly related to the Negro.

The report of the finding committee, which was referred to the new state-wide committee for consideration, had as one of its major recommendations the creation of the State Committee on Negro Employment, charged with the responsibility of making a continuing study regarding Negro occupational skills, training, and employment opportunities.

Members of the committee are: Dr. Pihlblad, chairman; Earl Shackelford, commissioner of labor; Dean Sidney E. Sweets, chairman, Public Welfare committee, St. Louis Social Planning Council; N. P. Unwritten Color Law Said To Be Rule In The British Empire

London, April 4 (ANP)—An unwritten color bar is the rule throughout the British Empire except in New Zealand, according to Dr. Harold Moody, African physician who reports in a letter to American friends, rebuffs received by a briliiant colored medical student who sought postgraduate experience as a house surgeon in English hospitals. "He was turned down on every hand," declared Dr. Moody, and "and such treatment as thsi is excused by the Englishman's saying 'No Negro is entitled to such a chance the race proves itself fit by producing some world famous surgeons.'"
