J. T. Richardson, section foreman at Marsland, met with an accident Saturday which might have proved fatal and Mr. Richardson thinks it is the closest call he ever had. He boarded freight No. 48 at Marsland to ride up the hill, as he has often done before, and when within two miles of Girard he stepped off and in so doing missed his footing and fell. He was picked up in an unconscious condition and removed to the home of Frank Book at Hemingford where he regained consciousness and was attended by Drs. Holbrook and Bellwood who found that his head and neck was injured and his right hand was badly bruised. He is now able to sit up and will go to Marsland today. Mr. Richardson has been railroading for years, was used to getting off and on fast trains and this was the first accident he ever met with.

Latest War News.

[From the Omaha Daily World-Herald.]

Key West, May 5.—News of the first land fight in Cuba in which American and cuban forces were allied has just reached here. A small expedition escorting arms, ammunition and supplies, landed near Mariel. Two hundred Spanish cavalry in ambush opned a heavy fire on the tug and landing party. General Diaz, with the cuban force waiting to receive the supplies, charged in the rear. A sharp engagement followed. American and cuban flags were carried side by side. The Spaniards were routed with twenty wounded and sixteen dead, besides horses. The gunboat Wilmington, lower down, saw the Spaniards retreating and sent several shells in their midst.

New York, May 5.—The administration is hoping that within forty-eight hours our ships shall have met the Spanish fleet and annihilated it. Every move made by the strategy board seeks this end, and European powers are watching events closely, believing that it will be one of the greatest naval battle the world ever saw.

W. W. Marple, general agent of the Beatrice Creamery Company, of Lincoln, was in Hemingford Wednesday consulting some of our citizens in reference to establishing a creamery station at this point. Mr. Marple will return on Saturday, May 14th, when he will explain everything to all who are interested. The meeting will be held on the above date at two o'clock p. m. at the court house. It will pay every farmer to be present. The Beatrice Creamery Company operate the largest creamery in the world and it is a reliable concern.

Mr. Erb Replies.

Alliance, Neb., May 2, 1898.

EDITOR HERALD:

Will you please allow me a few lines of space in the only truthful paper in Box Butte county. I understand that the county commissioners and myself have been raked over the coals by the most unreliable, unprincipled, low-lived papers in Box Butte Co., and as I have never seen or read the articles myself and do not take the Alliance papers, as they are not fit to be kept in a respectable house I can only form an idea of what the articles were like and I must be condemned by those Alliance hoodlums for the follow-reasons:

First, Because I would not accept the forged petition to remove the county seat.

Second, Because I exposed their fraud and forgery by examining said petition.

Third, Because I would not be a party to the scheme of impeaching Commissioner Barry and redistricting the county so asto give the corporations a chance to elect all the commissioners and run the county in debt at their will and levying a special tax to build a $50,000 court house and jail and to improve their property, reduce the taxes in Alliance precinct and raise it in the country like they have done when they had the power' and because I would not allow my knees to bow under corporate power and be bribed with a little corporation pap and boodle funds, ride in the hobo car, drink boodle swill with them or allow myself to be used by the Alliance skinflints as some of the pap suckers in and around Alliance do. If those hobo bruisers had any proof that Will Jesse lived on section 6, township 25, range 47, and some others which I testified to the contrary, I say if those were honest why did they not offer such proof and contradict me before the Board and not go telling those lies in their unprincipled papers afterward. I have no time to dispute with those bruising falsifiers, at this time of year. I did not want to say anything but I desire to let the honest taxpayers of Box Butte county know that I am with them, and to tell those pap suckers that if they think they can drive me into line by abuse that they have got hold of the wrong dutchman. I am also glad to say that we have two county officers in Box Butte county that cannot be bought or scared by corporation power.

Yours truly, G. W. ERB.
