—Remember that the *Columbus Drug Store* is the *Old Reliable*, where you get just what you want, nothing substituted. Prescription work a specialty. Dowty, Weaver, & Co.

—G. Heitkemper has for sale the neatest and best machines for furnishing ready-made music that the have seen—the organia. It is simple, strong, neat, thorough and cheap.

—J. W. Taylor reports that a shaft four by six feet has been sunk on the Wilson farm Butler county, and that no rock or coal had, as yet, been reached, on Wednesday last.

—Last Sunday was one of those lovely winter days in Nebraska which it would be hard to excel in any climate, and there are more such in the year than anywhere we know of in the same latitude.

—A sensation occurred at Madison the other day, which we can only suggest, for lack of space: married man, single girl, letters, appointment, male substitute in girl's clothes, meeting, signal, tar and cotton.

—Jack Echols, who had the contract, has, with the assistance of F. Smith and Frank Eaton, done some very fine painting, graining, frescoing and papering at the residence of R. H. Henry. As the work cost over $500, it ought to be, as it is, very fine.

—Those who have phones are requested to communicate with the JOURNAL at any time during business hours; orders for advertising or job work and also items of local news can readily be sent in that way. Remember, that we shall be pleased to hear from you.

—The impression was general that the discovery of coal in the bluffs, six miles north of here, was a hoax, but developments have proven the fact of the presence of coal, and a shaft is now being sunk to ascertain if it is there in paying quantities. If it is, the last objection to Nebraska is disposed of. We await the coal millenium.—*Rising Independent.*

—J. C. McVickers of Peru was in town last week, taking orders for wood and fence posts, which he purchases in Missouri. We venture to predict that more fencing will be done in Nebraska the coming season than ever before. It is only a question of time with every farmer who has tried a small pasture. The better condition of the stock will amply repay the expense of necessary fencing.

—Our thanks are due to Representative McAllister for copies of several bills introduced in the legislature, but particularly for house roll, 189, a bill to provide for tearing down the old capitol and erecting the body of the new capitol, and senate file 65, to apportion the state into judicial districts. This bill, introduced by C. L. Harris, puts us in the sixth district, composed of Hamilton, Hall, Howard, Merrick, Nance, Platte and Polk counties.

—The editors of the Boone County *News* and the Boone County *Argus* being no longer able to settle the vexed question of their respective mental superiority had occasion to resort to force of arms. The affray occurred in the Court House. The county holds the relics of the contest, consisting of some broken furniture and ink stained walls in her temple of justice. The massive and intellectual brows of the editors are decked gracefully with court plaster. "Let us have peace."

—Rev. J. C. Evans took a trip to Kearney, and north from there to Loup City, last week. He was very much pleased with the country, and was surprised at the number and quality of the improvements on farms. There is one section where the settlers are from Michigan, quite a number of them, their dwellings in a row, called Michigan Avenue,—a fine looking farm "street." Mr. Evans says that Buffalo county is an excellent wheat country, producing this year 22 bushels to the acre.

—Timothy Sullivan, son of Dennis Sullivan, aged about 20, living on Shell Creek, this county, about eight miles northwest of Columbus met with a horrible death last Friday. He had been over to Platte Center and had taken with him his double-barrelled shot gun. On his return home he went to hang up his gun and stepping upon a chair to reach up to the straps where it usually hung struck the hammers on the edge of the chair discharging both barrels, tearing away all the front part of his head, scattering his brains over the room and on the ceiling, killing him instantly. This is another terrible warning to persons who handle fire arms.

—George Spooner visited the scene of the coal discovery in Butler county on Wednesday and Thursday last. The work is being done by four men under the supervision of Wm. Turner of Bellwood. The site is nearly opposite Columbus in the face of the bluffs, on the west side of a "draw" opening northward, opposite the residence of Mrs. Wilson, and about ten feet from the bed of a little creek. The shaft that is being sunk is five feet square. Thursday at 10 o'clock, at a depth of 30 feet, soapstone was struck, and at two o'clock they were finding in it black streaks which looked like decayed timber. A party of Columbus men will probably visit the place this week to learn what the prospect is.

—The annual statement of the Mutual Life Insurance Co. of New York printed in another column, like all the reports that have preceded it, shows the continued prosperity and growth of this corporation. It is now as it has been for many years, the largest and strongest life insurance company of the world. Its assets are $97,961,317.72, surplus over $12,000,000, amount of policies in force over $329,000,000, income over $17,000,000, paid to policy holders last year more than $12,800,000 The Mutual Life has steadily adhered to its original plan of affording the largest amount of insurance at the least price consistent with safety and with the best interests of its insured. Each succeeding statement shows the wisdom of the reduction of premium rates inaugurated by this company, benefitting old as well as new policy holders.

German Fire Insurance Co.

For the past eleven years, Gus. G. Becher of this place has been representing the above-named company, and has always found their dealings with customers perfectly satisfactory. They pay any losses promptly, without an endeavor at beating, or taking advantage of technicalities. They do straight, honest work, every time. As a proof of their popularity, it may be stated that the amount of business done in Nebraska the past year leads all the companies, being $81,955,82, and the losses paid by them $20,491,-50.

The following, from the Freeport (Ill.) *Republican*, shows the general condition and trustworthiness of the company.

It is with pleasure we call the attention of the readers of the *Republican* to the Eighteenth Annual Statement of the condition of the *German Insurance Company*, of this city, to be found in another column. The gratifying exhibit made by this institution is a source of congratulation, not only to the officers and stock-holders, but like-wise to the entire community, as we all feels just pride in having so reliable and prosperous an institution in our midst. The remarkable growth attained by the German is unprecedented. Ten years ago its assets amounted to $250,000 while to-day they have assets of nearly a million and a quarter dollars, and with the same careful and business like management for another decade their surplus will be $2,000,000. During the past year the company has issued 50,696 policies, and paid over one thousand losses, amounting to $246,265 39, the loss in every case being promptly paid as soon as adjusted. The business of the company has been conducted unostentatiously, and to the officers of the company, the genial Secretary, Mr. Fred Gund, especially, belongs the credit for placing the German in the front rank of insurance companies in the northwest. With the interests of the company at heart, he has gome toward, untiringly and persistently, increasing the resources of the company, and widening their field of operations, at the same time with a zealous care watching every vantage point, whereby the best interests of the company could be promoted. Hon. M. Hettinger, President, and the Board of Directors, haveably seconded Mr. Gund's efforts, and today the German is the only one of the dozen companies which existed in Freeport fifteen years ago, the balance haveng succumbed long since. 1.

Sparks from Granville.

J. E. Moncrief visited the school in district No. 38 last week.

D. J. Dredert's father, who resides in West Point, is very sick.

Since Christmas, there has been no preaching at the school-house.

N. J. Bentz, secretary of the Granville literary, resigned, and A. H. Miller was elected instead.

Mrs. P. L. Baker who has been visiting relatives in Iowa, and Mrs. Jas. Palmer who has been visiting in Canada, have returned.

Subject debated at Postville Saturday, was, "*Resolved*, That compulsory education ought to be adopted in the United States." Disputants were, affirmative, P. J. Bentz; negative, P. J. Coleman; Geo. Mahood, Miss Rivet and D. Faulet were judges, whose decision was in favor of the affirmative.

The question debated at the Granville literary Friday night, was, "*Resolved*, That it is wrong to prohibit the Chinese while all other people are allowed to immigrate here." Speakers on the affirmative were P. J. Bentz, A. H. Miller and W. S. Sibley; negative, G. W. Clark, F. W. Tate and P. E. O'Donnell. W. H. Cosby, Robt. Mahood and A. H. Potter were judges. Decision was in favor of affirmative.

Jan. 30, '83. YOUNG REPORTER.

Platte Center Items.

The general remark of the farmer is, hard weather on stock.

Our city is looming. Another store is open in the Henry building by J. W. Lynch and C. C. Carrig. "Critic" wishes them success.

Two dispatches were received here during the storm of Friday, one announcing the death of Mrs. Malone of Cheyenne and daughter of P. J. Maughan of Shell Creek, the other reports the death of Miss Carney of Chicago, sister of Mrs. M. Kuhne of this place.

The fair that was held here for the benefit of the Catholic church was quite a success, and much credit is due to the young ladies and gentlemen who worked so energetically for the good cause and also to Mrs. Stump of Columbus, who took an active part. The receipts are as follows: Sadie Perkinson's table, $76 25; Mazie Carrig's, $60.75; the Misses Lynch and Gleason, $60.00. On the gold bracelets Nellie Macken received 161 votes, Ellie Lackey 60. The watch was won by James McCormack of Grand Prairie. Everything went off pleasantly, and all were well satisfied except the newly-married pair who took home the doll, and the young man who could not find an oyster in his soup. CRITIC.

Postville Items.

MR. EDITOR:—Your correspondent reporting the death of old Mr. Edwards after coming from a visit here home to Minnesota did not tell you the whole truth. The poor old man was cruelly murdered in sight of his son's house for $1.10 which the murderer found upon him and took, some $16 or $17 being in his inside pocket and left untouched.

Some of our neighbors around here have lost some stock. Mr. David Thomas lost a cow which was calving during the storm. A. Henrich lost some sheep and two calves. Mr. Davis two twin calves.

Mr. Simon Burrows, who stopped awhile in your city, will enter upon the noble art of farming in the spring. More next time. ITEM.

Drippings from Platte Center.

Our new firm, Messrs. Carrig & Lynch, seem to be doing well.

Mr. I. Niemoller our courteous town merchant has just returned from a two weeks' visit to Illinois.

We hear of several parties contemplating building in Platte Center in the spring, and our town may be expected to boom.

We hear our upper Shell Creek friends are having Lyceums regularly on Saturday evenings, and they are said to be very pleasant.

Some of the Platte Centerites enjoyed themselves very much at J. J. Macken's a few evenings since in the way of a surprise party.

The sudden death of Timmy Sullivan by the accidental discharge of a gun on the afternoon of the 9th, is certainly a very sad event.

The school in Dist. No. 24, which has been conducted by Mr. Augustus Davis, closes on next Friday the 16th, and Mr. Davis goes to his Columbus home. I am credibly informed that he has given excellent satisfaction, and it is hoped that our board of directors may succeed in obtaining his services as teacher again. CONTRIBUTOR.

Card of Thanks.

To our many friends, we tender our sincere thanks for the many kindnesses shown us during the last illness and after the death of our dear wife and mother. Sincerely,

FRANK NORTH,
STELLA NORTH.

DIED.

NORTH—February 9th, Mary, wife of Hon. Frank North of this city, in the 38th year of her age.

The deceased was born in 1845, at Bristol, Conn., and came to Nebraska with the family of her uncle, S. C. Smith, Esq., in the spring of 1865. On Christmas day of that year at the Cleveland House in this city, she was married to Major North, and they have lived happily together. For thirteen years past Mrs. North was an invalid, but through all, cheerful and patient.

She was preparing to go to Lincoln Thursday morning when she was suddenly stricken down, and remained almost entirely unconscious until her death. Her husband was immediately notified of her serious illness, and was present with her when her gentle spirit took its departure. The funeral, which was very largely attended, took place Sunday from the Episcopal church, Rev. Goodale preaching the sermon.

Mrs. North was of a very amiable disposition, and all her acquaintances were her friends.

With her sorrowing husband and daughter Stella, she leaves a host of personal friends who will sincerely mourn her departure.
