## "The Senator from Nebraska."

On the 5th day of March, 1881, General Charles H. VanWyck made his advent in the United States senate. Within two brief years Senator VanWyck has achieved a national reputation.

"The senator from Nebraska" has won renown as one of the ablest debaters on the floor of the senate and by all odds the most fearless and outspoken member of that body. However much men may differ with him as to his views or the policy he is pursuing in opposing cabinet officers and denouncing existing abuses, all must concede that Senator VanWyck is entitled to respect for his manly and fearless course.

"The senator from Nebraska" is no longer a nonentity whose record consists in rising to move an adjournment or an executive session, or to announce that he is paired on the question before the house. He is a man who attracts attention whenever he rises, either to enter debate on a pending issue, move an investigation into some crying abuse or advocate some measure of vital importance to the people.

During the whole session that has just closed "the senator from Nebraska" has been a prominent figure and the leading journals of America have paid him the tribute due to the highest qualities that any public man may be possessed of. In fact no great daily between New York and San Francisco can be perused without finding some reference to "the senator from Nebraska." Mr. Morrill, the head and front of the high tariff syndicate, thought that listening to "the senator from Nebraska" was as good as hearing opera bouffe but Senators Conger, Logan and Cameron were forcibly impressed with the idea that it was much more like high tragedy.

Considering that General VanWyck has been in the senate only two years his record has certainly been a brilliant one. He cannot be charged with being a monomaniac on any subject and harping on but one string. He has dealt with almost every question that has become before congress and thrown daylight upon abuses that had existed for years without exposure. It was "the senator from Nebraska" who broke up the surveying scrip frauds and aroused public attention all over the country to the exemption of the land grant railroads from taxation. It was "the senator from Nebraska" who exposed in a masterly manner the impositions of the lumber ring upon the treeless states, and put a stop to the infractions upon the national policy in dealing with American republics. Throughout his record has been consistent as an opponent of jobbery and extravagance and monopoly of every description.

While he may not be a good provider for the hungry crew that hanker after loaves and fishes, Nebraska has certainly no reason to be ashamed of her senior senator. Not only have Nebraska's interests been faithfully represented, but also those of the entire west, and for this work our state has been credited by such papers as the Chicago *Tribune* and *Times*, St. Paul *Pioneer Press*, and the Cincinnati *Commercial* and San Francisco *Chronicle*.

General VanWyck's personal eccentricities are those common to positive men who have an individuality and do not impose upon the public by pretended wisdom, courtly manners and glittering generalities that mean nothing.

"The senator from Nebraska" may sometimes have been grotesque, but he wears no mask and means just what he says.—*Omaha Bee.*

Gov. Dawes did not complete his appointments under the new judicial law until a late hour at night on the 6th. They are as follows:

Additional judge in the Third judicial district, Eleazer Wakely, of Omaha, Douglas county.

Judge of the Fourth judicial district, A. M. Post, of Columbus, Platte county.

Prosecuting attorney, Fourth judicial district, Jacob C. Robberts, of David City, Butler county.

Judge of the Fifth judicial district, William H. Morris, of Crete, Saline county.

Prosecuting attorney, Fifth judicial district, George W. Bemis, of Sutton, Clay county.

Judge of the Ninth judicial district, Fayette B. Tiffany, of Albion, Boone county.

Prosecuting attorney, Ninth judicial district, E. M. Coffin, of Ord, Valley county.

Judge of the Tenth judicial district, Samuel L. Savidge, of Kearney, Buffalo county.

Prosecuting attorney, Tenth judicial district, J. W. Bixler, of North Platte, Lincoln county.

Gov. James W. Dawes places his veto on several acts passed by the late Nebraska legislature. Among others are the following:

"An act to provide for the election of county attorneys, and to define their duties."

"An act to regulate the practice of pharmacy and sale of poisons and to prevent adulterations in drugs and medicinal preparations in the State of Nebraska."

An act entitled "an act to authorize precincts, townships and towns to vote bonds to aid works of inter-improvement, and to legalize bonds already issued in certain cases for such purpose."

The appointment of Hon. C. Hostetter as register of the U. S. land office has given his many friends another opportunity to testify their confidence in his integrity and ability. He will, no doubt, perform the duties of the office with entire satisfaction. We subscribe fully to the sentiment expressed by the Central City *Nonpareil* when it says of the retiring Register, Hon. M. B. Hoxie, that "he has made a very efficient officer, and steps down and out followed by the best wishes of a long string of friends."

Gov. Alex. H. Stephens, of Georgia, died at 3:30 on the morning of the 4th. His remains were laid in state in the executive mansion, and were viewed by 20,000 people. The Atlanta *Chronicle* says: The death of Stephens is a calamity to the state. All denominations and classes, irrespective of party, are profoundly moved by the death of the statesman, patriot and philanthropist. Though dead, he will live as among the most illustrious of Georgians."

James McVey was arrested at Omaha for dealing in counterfeit coin and manufacturing the same. He has lived in Omaha for a number of years and is quite well known. He is a horse shoer by trade, and was employed in the blacksmith shop of P. Manning. The officers found at his residence a lot of bogus dollars, halves and quarters, and in a stove they found well executed dies of dollars, halves and quarters, together with three small crucibles in which the metal is usually melted.

If a high protective tariff were placed on all manufactured goods and the raw materials from which they are made, and the profits of the business distributed equitably to the holders of the capital invested and to the workmen engaged, there would not be so great objection; but when the workmen make but low wages and they are further subjected to competition with imported cheap laborers, on whom there is no duty, what shall be said of the high protective tariff system?

Dr. M. A. Randall, a prominent physician of Roseville, Ohio, was called from his home one night last week and has not since been seen. Since he disappeared his horse was found, and subsequently his hat with a hole in it was found on the bank of the creek. It is supposed he was murdered and thrown in the creek. Search is being made.

DR. FISHBLATT,
OF THE
OMAHA MEDICAL DISPENSARY,
ON ACCOUNT OF HIS
Immense Practice in Columbus, Nebraska,
WILL MAKE HIS NEXT VISIT
On Saturday, April 14th, 1883.
AND WILL REMAIN ONE DAY AT THE CLOTHER HOUSE, WHERE HE CAN BE CONSULTED ON
THE THROAT, and LUNGS, CATARRH, KIDNEY
AND BLADDER AND FEMALE DISEASES, AS WELL AS ALL CHRONIC AND NERVOUSD ISEASES.

DR. FISHBLATT

Has discovered the greatest cure in the world for weakness of the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, timidity, trembling, dimness of sight or giddiness, diseases of the head, throat, nose, or skin, affections of the liver, lungs, stomach or bowels—those terrible disorders arising from solitary habits of youth, and secret practices more fatal to the victims than the songs of Syrens to the mariners of Ulysses, blighting their most radiant hopes or anticipations, rendering marriage impossible.

Those that are suffering from the evil practices, which destroy their mental and physical systems causing

NERVOUS DEBILITY,

the symptoms of which are a dull, distressed mind, which unfits them from performing their business and social duties, makes happy marriage impossible, distresses the action of the heart, causing flushes of heat, depression of spirits, evil forebodings, cowardice, fears, dreams, restless nights, dizziness, forgetfulness, unnatural discharges, pain in the back and hips, short breathing, melancholy, tire easily of company and have preference to be alone, feeling as tired in the morning as when retiring, seminal weakness, lost manhood, white bone deposit in the urine, nervousness, confusion of thought, trembling, watery and weak eyes, dyspepsia, constipation, paleness, pain and weakness in the limbs, etc., should consult me immediately and be restored to perfect health.

YOUNG MEN

Who have become victims of solitary vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of exalted talent and brilliant intellect who might otherwise entrance listening senators with the thunders of their eloquence or wake to ecstacy the living lyre, may call with full confidence.

MARRIAGE.

Married persons or young men contemplating marriage be aware of physical weakness, loss of procreative power, impotency, or any other disqualification speedily relieved. He who places himself under the care of Dr. Fishblatt may reliciously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANAL WEAKNESS

immediately cured and full vigor restored. This distressing affliction—which renders life a burden and marriage impossible, is the penalty paid by the victim for improper indulgence. Young people are apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now who that understands this subject will deny that procreation is lost sooner by those falling into improper habits than by prudent? Besides being deprived of the pleasure of healthy offsprings, the most serious and destructive symptoms of both mind and body arise. The system becomes deranged, the physical and mental functions weaken. Loss of procreative powers, nervous irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, wasting of the frame, cough, consumption and death.

A CURE WARRANTED.

Persons ruined in health by unlearned pretenders who keep them trifling month after month taking poisonous and injurious compounds, should apply immediately.

DR. FISHBLATT

graduate of one of the most eminent colleges of the United States, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at certain sounds, with frequent blushing, attended sometimes with derangement of the mind were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. F. addresses all those who have injured themselves by improper indulgence and solitary habits which ruin both mind and body, unfitting them for business, study, society or marriage.

These are some of the sad,
