REPUBLICAN PRIMARIES.

Thurston's Still Hunt For Church Howe.

Douglas County to be Delivered to the Nemaha Fraud.

The wires are being laid very quietly to carry Douglas county for Church Howe, according to arrangements made last winter.

Thurston is making a vigorous still hunt for the boss fraud from Nemaha, who aspires to a seat in Congress from this district. Thurston's adjutant, Frank Walters, has been very busy of late setting up the pins. Hascall has a battallion of raw recruits out on Thirteenth street, engaged on the grading out there, who are to swoop down on the Second ward as usual, and squads of repeaters are being stationed all along the line to make the delegations harmonious. It is not generally known among republicans of this city and county that the primary elections to select delegates to the state and congressional conventions will occur next Monday afternoon.

Under the call of the committee the polls will be open from 5 to 7 p. m., and in the country from 6 to 9 p. m. Each ward is entitled to seven delegates and each precinct to three. The polling places in the city of Omaha are as follows:

First ward—Eastern hotel.
Second ward—Joseph Cavan's.
Third ward—O'Connor's, Twelfth and Douglas streets.
Fourth ward—Sheriff's office.
Fifth ward—Burn's store, Sixteenth street.
Sixth ward—No. 1 engine house.

Douglas county is entitled to eighteen delegates to the congressional convention and eighteen to the state convention. There are also to be chosen delegates to the convention that will nominate a district attorney. There are a number of eminent statesmen who claim that they are entitled to a delegation from this county. Hon. Pat O. Hawes, late contingent congressman, desires to have a solid delegation to the congressional convention, which will be held at Nebraska City next Thursday, Sept. 7th. Mr. Howe claims that his labors in behalf of Nebraska, without pay, entitle him to a seat in congress for at least one term. Tom Hall is out in dead earnest, with a claim for a delegation to the state convention for the governorship, which he considers as the proper sphere for his talents. Then comes John Manchester, who is willing to serve Nebraska as secretary of state. Last but perhaps first, we should have mentioned that Col. Chase is willing to take the delegation as governor, provided it comes spontaneously from the people.

If these varying contestants do not pull each other all to pieces, Hon. J. L. Webster expects that the Douglas delegation will be given him for the congressional convention.

All these will, however, be subject to ratification by John M. Thurston, if the Church Howe still hunt is successful.

As a part of the general scramble it is not to be forgotten that the present incumbent, N. J. Burnam, and Walter Bennett are making a very active canvass for the position of prosecuting attorney.

A NEW SWINDLE.

A Bogus Agent for Harper's New York Publications.

A man named Chas. W. Hill has been arrested at the instigation of the agent of the American News company, charged with swindling.

It seems that Hill has been representing himself as an agent of the company and taking orders for Harper's publications. He bought his sample copies at the bookstores and then took subscriptions at a much less rate than the publishers give their wholesale agents. The pay was taken in advance and pocketed, being of course all clear gain, as the subscribers need never expect to get anything back for their money.

Hill's books contain the names of a number of Ashland and Lincoln ladies and he had succeeded in getting several Omaha orders. One Omaha lady was, for $2 40, to receive Harper's Bazar and The Young Ladies Journal for one year, and in another case a still greater reduction was made.

It is doubtful whether anything can be done to Hill in the way of criminal proceedings or not, as he might yet go to work and fill his orders, though it would be at a loss to himself.

DESERVED PROMOTION

Fred Mertzheimer Made Master Mechanic of the Colorado System.

Mr. Fred Mertzheimer, for many years master mechanic of the Colorado Central, with headquarters at Golden, has been promoted, after sixteen years of faithful service, to a most responsible position.

Mr Mertzheimier's territory covered one of the important lines of the U. P. system in Colorado and there were two other men occupying similar positions in the Centennial state, over other lines of the same system. Mr. M. was recently summoned to Omaha, and on his arrival here was notified that he would hereafter have sole charge as master mechanic of the entire Colorado system, with two assistants, his future headquarters to be at Denver. This will be one of the most important divisions on the road, embracing no less than than 112 locomotives and many hundred miles of road, and there are hundreds of old friends of this well known official who will heartily congratulate him on his preferment. Mr. Mertzheimer is a son-in-law of Judge Baldwin of this city, whose son is also a prominent railway official in Denver. The official circular will be issued in a day or two, though the new regime went into effect yesterday.

POLICE COURT.

Judge Beneke's Budget for Hangman's Day.

The docket in the police court yesterday was not extremely large.

Peter Damcore, a youthful vagrant of some sixteen years, who has been in this country less than a month and, coming from Sweden, cannot yet speak a word of English, was sent up for three days. He ought to be looked after by his countrymen, as it isn't the nature of a Swede to turn tramp.

Jim Johnson, arrested by P. J. Qualey for breaking into his barn, was sent up for ten days.

George Dover was arrested on the charge of Mr. Dick Kitchen. He is accused of having broken into the Withnell house bar room and stolen some cigars, wine and a small amount of cash, the whole amounting to perhaps $50 or $60. He denied all the charges except having stolen three bottles of champagne. He was held for an examination for larceny.

The two colored men arrested for stealing a center table and eleven pictures, amounting to $27 in value from "Johnnie Bull," will have a hearing to-day. The property was mortgaged and that taken was during the absence of Miss Bull from home

A couple of complaints have been filed against a man charged with assaulting a couple of the Russian refugees who recently came to Omaha.

SKILL IN THE WORKSHOP.—To do good work the mechanic must have good health. If long hours of confinement in close rooms have enfeebled his hand or dimmed his sight, let him at once, and before some organic trouble appears, take plenty of Hop Bitters. His system will be rejuvenated, his nerves strengthened, his sight become clear, and the whole constitution be built up to a higher working condition.

AN ELOPEMENT.

A Wedding Under Difficulties—Alleged Kidnapping.

A curious case is reported in the county court, which it was to get at the inwardness of, from the conflicting statements made by the various interested parties.

On Tuesday last a young man came over from Cass county, Iowa, and before County Judge Chadwick obtained a license for the marriage of J. F. H. Taylor and Olive R. Byrd. The affidavit usually taken alleged that the groom was twenty-four years old, and the bride, to be, eighteen years of age. The applicant then left, and nothing more was heard of the matter until yesterday.

Later the arrival of the eastern train a gentleman and lady called at the office of Judge Chadwick and entered a protest against granting a license to the parties named above. The judge then turned to his book and informed the visitors that a license was issued four days ago. While they were talking a messenger came in with a dispatch, which was sent Tuesday but which by mistake was delivered to County Clerk Baumer and the intention of which was to stop the issuance of a license. Immediately after this dispatch came another party with the licensed on Tuesday, to which was appended the certificate of marriage, signed by J. C. Stoes, pastor of the First Presbyterian church, of Lyons, and witnessed by C. E. Ferris and Helen M. Ferris.

From this it appeared that the wedding took place in Omaha Thursday.

At this double confirmation of the successful termination of the love affair, the man swore bloody vengence on the groom and declared that the girl was not willing to go and had been carried off by force by her lover. Inquiries were made for the police, and the gentleman, who appears to be the girl's father, threatened to send the newly made husband to the penitentiary, as he claimed that the girl was but sixteen and that the affidavit was out and out perjury.

It appears from the angry remarks made by the girl's father that there had been some difficulty between the groom and his prospective father-in-law, and that the former had sworn to get even with him and to marry his daughter yet. He has certainly fulfilled his obligation, and by stealing a march on the old man and getting the license before they eloped they made a dead sure thing of it and are by this time basking in the full mellow light of the honey moon.

Marrying Rich.

You need not be poor and dependent on your wedding day, for every person—male or female—can get a good round sum of money at marriage if they hold a certificate of membership in THE MARRIAGE FUND MUTUAL TRUST ASSOCIATION, of Cedar Rapids, Iowa. $10,000 has already been paid in benefits to its members, in the nine months of the associations' organization, and there is a golden opportunity for thousands more to reap even larger benefits. Nothing like it was ever known. Do not postpone sending in your request for circulars giving full and complete information regarding the plans and operations of the association. Agents can make bigger money than in any other business. It is strictly honorable, pleasant and profitable. The Auditor of State holds a deposit from the association as prescribed by law, for the protection of their members. The only association of the kind in existence organized according to law. Write at once for circulars. Say where you saw this notice. aug31-1m

ANSWERING BOB.

A Lecture at St. Philomena's in Defense of the Christian Religion

The number of clerical gentlemen who have replied to Col. Ingersoll's abuse and ridicule of the Christian religion are so few, comparatively speaking, that it is not at all strange none of them have, until the present, come our way. The party in this instance is the Rev. J. M. Cleary, of Milwaukee, Wis., a gentleman who though unknown to us is, it is claimed, deservedly ranked as a polished speaker among those with whom he is acquainted. The gentleman comes under the auspices of the altar society of the cathedral of St. Philomena, and will lecture in the cathedral on next Sunday night, the subject being a "Reply to the Attacks of Col. Ingersoll and Others on the Christian Religion." Considerable curiosity will doubtless be manifested to hear the reply. Tickets sell at 25 cents.

Harvest Home.

The following has been issued by Bishop Clarkson:

To the Clergy of the Diocese of Nebraska:

DEAR BRETHREN:—I hereby appoint Sunday, the 17th of September, as our annual diocesan harvest home. The Lord has faithfully blest us with an abundant harvest. Let us thank Him and praise Him for all His mercies. I recommend that all the churches be decorated with fruits and flowers and grain on that day, and the people be invited to special acts of adoration and gratitude. The clergy are at liberty to choose such lessons and anthems as may be appropriate for such a service.

Where one cleryman serves two stations or parishes on different Sundays the Harvest Home Festival will take place on the successive Sundays in his different churches. As is customary, the offering on that day will be devoted to diocesan missions and sent directly to Mr. Julius Metcalf, treasurer, Nebraska City. Let the people be requested to accompany their joyful praises with liberal gifts for the Lord's cause and work. I am very truly and affectionally your friend and bishop.
