THE SPECULATIVE MARKETS.

Wheat Operators Decline to be Scared Over Crop Damage Dispatches.

THE CORN CROWD WAKES UP AGAIN.

Oats and Corn Move Hand in Hand—The Provision Market Lit tle Unsettled—Cattle and Hogs.

CHICAGO, July 10.—[Special Telegram to THE BEE.]—The wheat market was an ordinary one today. News was not important and cables were again conflicting. The northwest was busy sending bull news, but the markets up there were not advanced to any extent and trade here declined to be scared over crop damage dispatches. The Minneapolis Tribune was given as authority for a batch of bad news resulting from the hot spell a week ago. London called wheat firm, with France buying. Paris cabled European markets easier, with better weather. Liverpool was simply steady. This market started at a slight advance, but without any special force. There were no conspicuous dealings early. When the strength came to corn, wheat also picked up. The movement was quite favorable. Out inspection here included 12,000 bushels of No. 2 wheat. Seaverns and others were trying to pick up July wheat, but it was not offered. Selling was led by S. V. White & Co., Hutchinson and Bloom. Trade otherwise was well divided. The element of uncertainty was the government crop report, which will be out late today. The action of the market was: July, 88c to 88⅞c to 88⅝c; August, 89⅝c to 89⅞c to 89⅝c to 89⅞c; September, 90⅝c to 90⅞c to 90⅝c to 90⅞c; December, 91⅝c to 91⅞c to 91⅝c to 91⅞c.

The corn trade waked up again today, and the pit was filled with excited traders all day. The climax of early buying was reached when September corn reached 39c. There were many points favoring the bull side in corn for the day, but a belief that the southwest is in great need of rain was the mainspring of the market. Members on the floor who had crossed Nebraska, Kansas and other states within a week, report crops backward, somewhat wilted and at a critical stage, where another week without good precipitations means severe loss. With such news to put prices up. Once a good advance is established, corn will come rolling in and the market will be sick. Liverpool quoted spot corn ½d dearer and futures also advanced. The best buying in corn today appeared to be for St. Louis account. McCormick & Co. were free buyers. Hutchinson also bought heavily. Connelman & Day sold a large block of August at one time. Prices were higher at St. Louis. Much of the buying fever passed away before the close and prices declined materially from the top, still closing at fair gains over yesterday. July sold 39⅝c to 37½c, closing at 37½c; August, 37c to 38⅛c, closing at 37⅞c; September 37⅞c to 38c, closing at 38⅜c; May sold at 40⅝c to 41⅛c, closing at 41c.

It was the cord between corn and oats that lifted the latter market today. No one knows what the crop report from Washington may contain, but it is expected to be bullish on corn and oats. The two markets acted together and oats at once advanced and showed better staying qualities than the corn. July oats touched 29c when September corn touched 29c; July oats closed at 28⅜c; August sold at 27⅝@28⅛c, closing at 28c; September 27⅞c to 28⅛c to 28c at the close; May sold at 32c and closed at 31⅞c.

The provision market was unsettled a little today. It opened heavy and a trifle lower for ribs and lard on large receipts reported at the yards—32,000 hogs. Then there was a slight rally, when prices followed corn in its strong advance. Again before noon it was estimated that hogs reached 35,000 and dispatches gave prices 10c to 15c lower. On this there was an easier feeling in products again. September ribs sold $5.20 up to $5.25 to $5.22½, closing at $5.22½@5.25. Lard was narrow in the range of prices and steady at the close. Mess pork in a little trouble late in the session, going off to $11.50 for July and $11.25 for September. This was on light offerings and not significant.

CHICAGO LIVE STOCK.

CHICAGO, July 10.—[Special Telegram to THE BEE.]—CATTLE—There was little or no change in values or in prices on good native steers; such sold easy and at steady prices, but the common stock dragged along all day at about the former prices, the lower grades making less money than any day this week. Texans sold from steady to strong, and first-class native butchers' stock, namely, prime heifers and fat cows, sold a shade higher. Canners and common stock unchanged. Business was light in the stocker and feeder line, with little or no change in prices for the week so far. Choice to extra beeves, $4.50@4.85; medium to good steers, 1,350 to 1,500 lbs., $4.20@4.40; 1,250 to 1,350 lbs., $3.80@4.20; 950 to 1,200 lbs., $3.5@4.00; stockers and feeders, $2.20@3.30; cows, bulls and mixed, $1.25@2.55; bulls, $2.25@2.40. Texans strong to 10c higher; stop-fed steers, $3.00@3.55; grass-fed steers, $2.10@3.00; cows, $1.50@2.00.

HOGS—The market opened with another sharp downturn of 10c, making a decline of 20c for the week so far. A few prime mixed sold early at $3.80, but the price soon dropped to $3.75, and at that figure the great bulk of best mixed, light mixed and packing stock generally was sold. Some rough stock sold at $3.65 to $3.67½. Assorted heavy sold largely at $3.77½ to $3.80, and light sorts at $3.80 to 3.85; a few of the singe variety at $3.92½@3.95.

FINANCIAL.

NEW YORK, July 10.—[Special Telegram to THE BEE.]—STOCKS—Those who expected any new features in stocks this morning were disappointed. The market proved more dull than usual. The expected advance in the Bank of England rate did not take place. London figures came materially lower, but our market opened at advances over last evening's prices, extending to ⅜ per cent. St. Paul and Northern Pacific preferred showed the largest gains. These advances were not maintained, however, the market being dull but sagging, though declines from opening prices were confined to slight fractions, except in case of New England, which lost ⅝ per cent to 40, and Wabash preferred, which declined a like amount to 25⅞c. Trading was entirely devoid of feature, and at 11 o'clock the market was dull and heavy at the lowest prices reached. There was considerable trading in silver certificates at slightly higher prices. As has happened so often of late, the succeeding hour brought a slight rally which left the market with a firm tone at better figures at noon. Atchison recovered from 45½ to 46. St. Paul sold up a second time to 72⅞ and Missouri Pacific rose a fraction over the close of yesterday. Trust shares were almost neglected. The closing hours in stocks were marked by some sharp changes. Lackawanna made a remarkable rise of nearly 2 per cent to 147⅞, giving rise to talk of strong pool. St. Paul rose to 73. An uneasy feeling in many circles abroad caused some free selling on the advance. A reported taking of $1,000,000 or more gold for export here precipitated stocks on market, and prices gave way before the close. Lackawanna broke one point, but still closed one point up, at 147⅞. St. Paul yielded ⅜ from the top and again rallied, closing with the close to 1 per cent, a gain for the day. Chicago Gas rose to 55⅝ and Sugar to 75⅞, both losing nearly a point later. Total sales were 171,000 shares.
