Trading On 'Change Marked by a Break in Prices.

CROP REPORT STARTED THE WEAKNESS

Closing Prices Were About the Lowest of the Day—Corn Made a Temporary Rally When the Estimates for Today Came In.

CHICAGO, Ill., July 6.—A break in prices in both grain and provisions marked today's trading on 'change. Fine weather everywhere and the favorable government crop report started the weakness. The rioting at Pittsburg and the uncertainty of the Hatch bill, which it was thought might be acted upon tomorrow, made the sluggish market complete. The closing prices were about the lowest of the day. Compared with the last night's close wheat is 1½c down, corn from 1c to 1¼c, oats from 1c to 1⅛c, pork 25c, lard 12½c and ribs 15c.

Corn made a temporary rally of ⅝c when the estimates for tomorrow came—194 cars. Raiding by local operators brought out a block of stop orders in provisions.

There was a fair demand for vessel room with not a large amount offered. Rates remained steady at 2c for wheat, 1½c for corn and 1½c for oats to Buffalo.

Estimated receipts for tomorrow: Wheat, 134 cars; corn, 194 cars; oats, 224 cars; hogs, 30,000 head.

Traders' Talk.

CHICAGO, Ill., July 6.—Counselman & Day to Cockrell Bros's Commission Co.: The grain and provision markets opened practically unchanged in prices but very tame in tone owing to fine weather. It is apparent that buyers are becoming daily more indifferent and that the speculative long interests have became overgrown. Some selling of packing house product, possibly on apprehensions of labor troubles suggested by the Pittsburg riot, started a general desire among holders to lighten their loads. It developed a very small and very independent short interest. September pork declined 30c from $12.00, lard 17½c from $7.37, ribs 22c from $7.57, wheat 1c from 78⅛c, corn 1c from 50¼@50⅜c and oats 1c from 32⅝c, with closing prices hugging the low points all around. The markets act as if further liquidation would follow, and we think a new short interest must be created before much of an upturn will come.

CHICAGO, Ill., July 6.—F. G. Logan & Co. to Duncan, Hollinger & Co.: The wheat market from the opening till the close has been weak with little divinc. September opened at 78⅝c and gradually sold down to 77⅝c, closed at 77¾c bid. Reports of threshing from the winter wheat belt are on the increase daily and results prove the crop to be a heavy one and of fine quality. This with the advance of export orders and prospects of receipts of the new crop, when has already begun, causes a feeling of distrust in present prices. The growing spring crop may meet with disaster, but unless it does this season is likely to break all low price records. The realizing and liquidation in corn have been heavy. This, with the prospect of fine weather creates a weak feeling. September opened at 50c, sold up to 50⅛c and closed at 49⅞c. The near future is largely a question of weather and receipts. Taking profits on advances is wise. Oats, in sympathy with corn, closed weak. We can only repeat our previous advice on hog product, take profits. September pork, $11.70; lard, $7.22; ribs, $7.40. Charters, 143,000 wheat, 150,000 corn, 15,000 oats.

CHICAGO, Ill., July 6.—Kennett, Hopkins & Co. to S. A. McWhorter: The arrival of several cars of new wheat, fine harvest weather and a slack export demand had a depressing effect, but the wheat market was stubborn until near the close, when it became weak and closed so. The news is increasingly bearish. It is learned that stocks of old wheat in farmers' hands are larger than had been supposed and it is being marketed freely as the new wheat is secured in good condition. The superior grading of corn received today has had a discouraging effect on longs as well as the bad weather. One or two prominent holders were selling moderately, and receiving houses, almost without exception, are of the opinion that prices are high enough for the present. Still corn advances easily, and outsiders are very bullish on it. We do not think it is not safe to sell. Oats in sympathy with corn look like a safe purchase on soft spots. In provisions extensive realizing weakened the product materially. Hogs kept going up and not much reaction can be expected under such circumstances.

STOCKS AND BONDS.

Course of Prices in the Security Market Occasions Disappointment.

NEW YORK, July 6.—Disappointment has been occasioned during the last two days by the course of prices in the stock market as where there has been the usual expectation of a stimulation of trade and advances in prices from the new investment demand the reality has been of the opposite description and weakness and falling prices have prevailed. To this result the passage of the free coinage act by the national senate undoubtedly contributed most, acting through the fears of foreign investors, but the local element espoused the bear side and the industrial troubles in Pennsylvania also helped today to cause distrust.

There is also a suspicion that the investing public, which has been depended upon to come in and advance the market, are not forward to seeing lower quotations. There is at any rate a marked lack of support in the market, and the active stocks are those which are most vulnerable to attack from that cause. Consequently the grangers, New England and a few specialties showed the largest declines today, though the whole list was affected by the selling pressure. There was some talk on the street of a movement to bring about the repeal of the present silver law in order to force the fight against the silver men. Texas Pacific securities were sold down last week on reports of the possible appointment of a receiver, but Mr. Russell Sage denied positively today that there is a foundation for such a rumor. The market, however, gave no sign of rallying through the afternoon until just before the close, when shorts again covered and prices were lifted a little and the close was firm and quite generally at close at the lowest figures.

London Financial Review.

[Copyrighted 1892 by James Gordon Bennett.]

LONDON, July 6.—[New York Herald Cable—Special to THE BEE.]—The arrest of Gladstonite successes at the polls has caused a more cheerful feeling in the Stock exchange, though at present it has not led to any increase in business. Consols improved ⅛ per cent for the money account. Indian rupee paper has given way ⅜ per cent owing to the flatness in silver. Spanish bonds have given way ¾ per cent. Notwithstanding the comparatively few dealings, home railways are strong. The weekly traffic statement proved more favorable than was expected. Final prices showed a rise of ⅛ per cent in Brighton deferred, ¼ per cent in Northeastern and London and ⅛ to ¼ per cent in several others. The market for American railways has been disturbed by the passing of the silver bill by the senate, but the tendency at the close is more favorable in most cases. Final quotations are above lowest, still nearly a general decline is established, including 1⅛ per cent in Union Pacific, 1⅛ per cent in Lake Shore, ¾ per cent in Northern Pacific, ⅝ per cent in Louisville & Nashville and ⅛ to ½ per cent in most others. Erie, Atchison income and Central Pacific are unchanged. After having been lower Canadian lines leave off in good tone. Canadian Pacific are ⅛ per cent better. Grand Trunk issues recovered the early decline. Money has continued almost unloadable with the supply of floating capital conveniently large. Short loans have been freely offered at ⅛ per cent. In the discount market bills have been scarce, those at two and three months being quoted at ¾ and 13-16 per cent.

New York Money Market.

NEW YORK, July 6.—MONEY ON CALL—Easy at 2@3 per cent; last loan, 2 per cent; closed offered at 2½ per cent.

PRIME MERCANTILE PAPER—3@5 per cent.

STERLING EXCHANGE—Quiet but steady at $4.87 for sixty-day bills and $4.88¼ for demand.

LIVE STOCK MARKETS.

Cattle and Hogs Still Scarce and Prices Going Higher and Higher.

OMAHA, July 6.—Receipts so far this week foot up 4,355 cattle, 19,167 hogs and 598 sheep against 5,748 cattle, 21,275 hogs and 997 sheep the first half of last week.

Offerings of cattle fell far short of expectations and over a third of the supply consisted of western, part of them Texas billed direct to a local killer and part of them fit only for feeders. The native cattle were generally pretty good and there were several loads of really choice beeves here. Continued light supplies produce further excitement in the already wild market and prices again scored an advance of about 25c on decent grades of beef and shipping steers. Light, thin and green stuff, while selling substantially stronger than a week ago, have not kept pace with the advance on the better grades. All buyers took a hand in the market, but as usual the local houses were the highest bidders and took by far the greater portion of the offerings. Good to choice 1,200 to 1,350-lb. steers sold at from $5.00 to $5.50; fair to good 1,000 to 1,200-lb. steers from $4.60 to $5.25, with common to poor grass light stuff at from $4.50 down to $3.50. Several loads of fair to choice hay-fed western cattle sold at from $4.10 to $4.80, with some poor New Mexico stuff at $2.40. An early clearance of all desirable offerings was effected.

There was a tolerably active trade in butchers' and canners' stock at steady to strong prices. Some prime spayed heifers brought $4.50, but aside from this the range was $2.60 to $3.25 for poor to very good she stock. Bulls, oxen and stags were firm at from $1.75 to $3.00.

Calves were unchanged at from $2.50 to $4.50.

Stockers and feeders were lower. There was no outside demand to speak of and regular dealers took the fresh offerings at decidedly easier prices, $2.80 and $2.85 buying good western feeders, with very good 950-lb. native cattle going at $2.90. Representative sales:

HOGS—The supply was fair, pretty much the same as last Saturday both in quantity and quality. Business opened up with a lively scramble among local shipping and speculative buyers for the hogs. Prices were unevenly higher, all the way up from 10c to 20c. The average of prices was 5c higher than Tuesday. Fair to choice butcher and heavy hogs sold at from $5.70 to $5.85; fair to choice light and mixed stuff sold at from $5.55 to $5.75. It did not take very long to exhaust the supply, and by 10 o'clock the pens were empty, the market closing up firm at the advance. Sales were largely at from $5.65 to $5.70 against $5.50 to $5.60 Tuesday; the general average of prices paid being $5.68½ against $5.53½ Tuesday and $5.16 last Wednesday. Representative sales:
