BLOOD POISON

A written Guarantee to CURE ANY CASE or MONEY REFUNDED.

Our cure is permanent and not a patching up. Cases treated ten years ago have never seen a symptom since. By describing your case fully we can treat you by mail, and we give the same strong guarantee to cure or refund all money. If your symptoms are **pimples on face, sore throat, mucous patches in mouth, rheumatism in bones and joints, hair falling out, eruptions** on any part of the body, feeling of **general depression, pains** in head or bones, you have no time to waste. Those who are constantly taking mercury and potash should discontinue it. Constant use of these drugs will surely bring sores and eating ulcers in the end. Don't fail to write. Those who prefer to come here for treatment can do so and we will pay railroad fare both ways and hotel bills while here if we fail to cure. We challenge the world for a case that our **Magic Remedy** will not cure. Write for full particulars and get the evidence. We know that you are skeptical, justly so too, as the most eminent physicians have never been able to give more than temporary relief. In our many years practice with this **Magic Remedy** it has been most difficult to overcome the prejudices against all so-called specifics. But under our strong guarantee you should not hesitate to try this remedy. You take no chance of losing your money. We guarantee to cure or refund every dollar and as we have a reputation to protect, also financial backing of **$500,000**, it is perfectly safe to all who will try the treatment. Heretofore you have been putting up and paying out your money for different treatments and although you are not yet cured no one has paid back your money. Do not waste any more money until you try us. **Old, chronic, deep-seated cases cured in thirty to ninety days.** Investigate our financial standing, our reputation as business men. Write us for names and addresses of those who have cured of Syphilis, who have given permission to refer to them. It costs you only postage to do this; it will save you a world of suffering from mental strain, and if you are married what may your offspring suffer through your own negligence. All correspondence sealed in plain envelopes. We invite the most rigid investigation and will do all in our power to aid you in it. **Write us for our 100 page book and absolute proofs of cures.**

PROPOSALS FOR CLOTHING, ETC., DEpartment of the Interior, Office of Indian Affairs, Washington, D. C., June 17, 1897.—Sealed proposals, endorsed "Proposals for Clothing, Etc.," as the case may be, and directed to the commissioner of Indian affairs, Nos. 17 and 19 Wooster street, New York City, will be received until 1 o'clock p. m. of Thursday, July 15, 1897, for furnishing for the Indian service clothing and woolen goods. Bids must be made on government blanks. Schedules giving all necessary information for bidders will be furnished upon application to the Indian office in Washington, Nos. 17 and 19 Wooster street, New York City, or 121 State street, Chicago, Ill. Bids will be opened at the hour and day mentioned, and bidders are invited to be present at the opening. CERTIFIED CHECKS—All bids must be accompanied by certified checks or drafts upon some United States depository or solvent national bank for at least FIVE PER CENT of the amount of the proposal. W. A. JONES, Commissioner. J21 d20t.

Proposals for Lumber and Shingles.—U. S. Indian Service, Pine Ridge Agency, Pine Ridge, Shannon County, S. D., July 1, 1897.—Sealed proposals, endorsed "Proposals for Lumber and Shingles," as the case may be, and addressed to the undersigned at Pine Ridge, Shannon county, South Dakota, will be received until one o'clock p. m. of Saturday, July 24, 1897, for furnishing and delivering either at Rushville, Neb., or at this agency, within forty (40) days after notice of approval of contract, a quantity of assorted lumber and shingles, a full list and description of which may be obtained by making application to the undersigned. Bidders will state specifically in their bids the proposed price of each article and point of delivery. All articles delivered under any contract will be subject to a rigid inspection. The right is reserved to reject any or all bids, or any part of any bid, if deemed for the best interests of the service. Certified Checks—Each bid must be accompanied by a certified check or draft upon some United States depository or solvent national bank in the vicinity of the residence of the bidder, made payable to the order of the Commissioner of Indian Affairs, for at least five per cent of the amount of the proposal, which check or draft will be forfeited to the United States in case any bidder or bidders receiving an award shall fail to promptly execute a contract with good and sufficient sureties, otherwise to be returned to the bidder. Bids accompanied by cash in lieu of a certified check will not be considered. For any further information apply to Captain Wm. H. Clapp, acting U. S. Indian Agent.

Catarrh

Mrs. Josephine Polhill, of Due West, S. C., had a severe case of catarrh, which finally became so deep-seated that she was entirely deaf in one ear, and part of the bone in her nose sloughed off. The best physicians treated her in vain, and she used various applications of sprays and washes to no avail. Fourteen bottles of S. S. S. promptly reached the seat of the disease, and cured her sound and well.

CURED BY

Warm Competition Between Two Roads for Profitable Line of Business.

"OVERLAND" AND SHORT LINE AT CUTS

Belligerency Comes to the Surface and is Shown When Matters of Business Come Up for Consideration.

Another evidence of the belligerency existing between the Union Pacific system and the Oregon Short Line is furnished by the negotiations pending for the shipment of steel rails and other building material and equipment for the Boise, Nampa & Owyhee railroad to Nampa, Idaho. Each of the two belligerent lines has offered very low rates for the transportation of such material to Nampa, if it may have the privilege of specifying the route over which such material may be shipped.

The contract for handling this traffic is a big one and each of the fighting lines is not only desirous that it may reap the principal benefit from the business, but that its rival may secure as little of the haul as is actually necessary. The Union Pacific has offered big inducements for the business if it may receive it at Council Bluffs and carry it through to Ogden, turning it over to the Oregon Short Line at that point. The Short Line would then receive a haul of 379 miles over its own line, but it appears to want more. It insists that the Union Pacific shall not be given any of the haul, and if any, certainly not further westward than Denver. The Short Line officials have told the officials of the new railroad in Idaho that if they do not want to pay full local rates on their rails they must route their business here and Ogden by some other line than the Union Pacific. If the Rio Grande lines do not get the haul into Ogden, the Short Line officials are going to insist on full local rates from Ogden to Nampa, which would amount to a sum enormously greater than is usually paid for the transportation of such business.

The Short Line officials have evidently considered their position in this matter impregnable, believing that the Boise, Nampa & Owyhee railroad would be forced to turn over its rails to the Short Line at Ogden. The officials of the new road, however, are now contemplating a move that will not compel them to use the Rio Grande Western into Ogden or to pay local fare on a haul of 379 miles either. Instead of buying American rails at Pittsburg they will probably purchase British rails at Portland. Then they will have only to ship the rails over the Oregon Railway & Navigation company's lines from Portland to Huntington, and from the latter point to Nampa on the Oregon Short Line. By this means they will be compelled to pay local rates for a distance of eighty-two miles, but they consider that preferable to choosing between paying local tariff for 379 miles or having the line east of Ogden say that it must use what is dictated to it.

As but twenty-two miles of the proposed line have been built, the contract of hauling the rails yet to be used is a big one. The line when completed will extend from Butte, Mont., to Winnemucca, Nev., a distance of something over 400 miles. The object is to allow an outlet from northern lines for California business, all of which now goes to Portland or Seattle and is then shipped by rail or water to California. The new railroad will act as a shunt for this traffic and the return business, and will cut off 200 miles. Work is being pushed on the new railroad with considerable energy, and the part of the line already built is now in operation, train service connecting with the Oregon Short Line at Nampa. It is believed that the entire line will be complete within the next three years, so that it will be seen what a contract for hauling the entire amount of rails to be used amounts to. The officers of the new line state that they would much prefer to buy American rails in the east and ship them across the country, but that if the Short Line insists on full tariff rates for such an enormous contract British rails will most certainly be bought in Portland instead.

HELPS THE RIO GRANDE WESTERN.

Benefits Derived from Opening Salt Lake Gateway.

The boon to the Rio Grande Western by the opening of the Salt Lake gateway of the Oregon Short Line to all railroads is evidenced by the following extract from a letter just sent out by Vice President Peabody of the Rio Grande Western to the preferred stockholders of that company:

During the past four years, as the annual reports have shown, there has been expended for betterments and improvements of the railroad a sum nearly equal to the total surplus of over $473,000 shown on June 30, 1897. This surplus is more than 6 per cent on the amount of our preferred stock. The net earnings for the last month of the fiscal year ending with June will be nearly equal to the largest month in the history of the company, and the present outlook for July and future months is most encouraging—partly due to business from new districts not heretofore tributary to your line. The dividends of 4 per cent will be issued on August 16 in full shares, or a trip to holders of record as of July 20.

RIFLES SELECT THEIR ROUTE.

Omaha Soldiers Make Arrangements to Go to San Antonio.

It was announced yesterday afternoon that the Thurston Rifles had decided upon their route to San Antonio, Tex., for the interstate encampment and military contest next month. The company will leave here in a special sleeping car, and their equipment will be carried on a special baggage car. The Missouri Pacific will carry the crack drillsmen from here to Kansas City. The Missouri, Kansas & Texas railway gets the long haul from there to Texas, the Southern Pacific getting a short haul into San Antonio.

There is now said to be but little doubt about the appearance of the Thurston Rifles in this great military contest, although it is believed that if Omaha subscriptions do not come in more liberally the members will have to pay their own expenses.

Transportation of Bicycles.

R. H. Soule, superintendent of motive power of the Norfolk & Western, has designed an arrangement of safety bars and hooks for the safe transportation of bicycles in baggage cars. Sixteen bicycles may now be carried in the long baggage cars, twelve in the short baggage cars and eight in the combination passenger and baggage cars of this line.

Introduces New Features.

Since the acquisition of the services of B. N. Austin, the passenger department of the Baltimore & Ohio seems to have taken on a new lease of life. Mr. Austin is well known among the railroad men of this city, having served for years as the assistant general passenger agent of the Northern Pacific. He is now the head of the eastern line's passenger department, and has already introduced several new features. Observation cars, each with a parlor in the rear, furnished with easy arm chairs and sofas, are now attached to the express trains of the road. Omaha passenger men are of the opinion that Mr. Austin will bring up the passenger department of the Baltimore & Ohio even more than he improved the Northern Pacific's service to Yellowstone park.

REDUCED RATES FOR MERCHANTS.

Western Passenger Association Finally Makes a Concession.

CHICAGO, July 7.—The roads of the Western Passenger association have decided to grant rates of one and one-third fare for merchants who desire to visit other cities for the purpose of purchasing goods. The rates will be made on the certificate plan and there must be at least 100 applications for the rate before it will be allowed to any town. Full fare will be charged for the trip to the point of destination and one-third fare for the return. This was settled at the meeting today of the wholesale merchants of this city and representatives of the roads in the association. The Chicago merchants desired that the roads make the rates for them, but this the roads refused absolutely to do unless it was made to every point in the territory of the association where the merchants chose to organize and apply for the low rate. Any place in the territory of the Western Passenger association, no matter of what size it may be, can have rates of one and a third if its merchants will show that 100 tickets will be taken at the rate made by the roads. There was great reluctance on the part of the roads to make the rates at all, but the pressure brought to bear upon them was very heavy and they finally concluded to give the matter a trial, but many of them did not favor making the rate if there was any way out of it. The selling dates will be limited to two days in August and two in September, but have not been definitely settled upon as yet. Return tickets of fifteen days will be allowed on tickets bought in the Transmissouri territory of the association and ten days from the eastern committee territory.

Steamer Rate War.

NEW YORK, July 7.—The rate war between the Mallory line and the Southern Pacific on the one hand and the Lone Star line on the other between this city and Galveston, has begun in earnest, and between now and Saturday, when the first steamer of the latter company leaves this port, there is likely to be a series of sweeping rate reductions. Taking effect last Monday, the Mallory company issued a new tariff of class rates to Galveston, which involved a cut of 50 per cent. The Southern Pacific, which is in sympathy with its old competitor, followed by reducing its rates to the same level and these two lines are waiting to see what the Lone Star concern will do.

Pass Agreement in Force Again.

CHICAGO, July 7.—The general managers of the western roads met today to consider their old pass agreement, which has become rusty of late from lack of use. The agreement to limit the issue of passes to very narrow limits was carefully observed for a time, but when the supreme court declared that all associations were illegal the pass agreement was ignored with great energy. The roads have concluded that they have been overdoing the thing and have made up their minds to take up the original agreement once more. They reaffirmed it and all of the roads represented have pledged themselves to stand by it faithfully.

Checking a Schedule.

The Burlington officials in this city are now checking up a provisional schedule of freight tariffs submitted by the Board of Railway Commissioners of South Dakota. It will be remembered in the movement recently begun by six prominent railroads against the enforcement of the maximum rate law in South Dakota, the Burlington objected only to the passenger rates proposed by the railway commissioners, maintaining that its freight rates were so low that no set of men would cut them down.

SCORES OF THE WESTERN LEAGUE.

Detroit Has Little Trouble in Defeating Columbus Again.

DETROIT, July 7.—Detroit had little difficulty in defeating Columbus today in a slow and uninteresting game. Clarkson pitched very clever ball, keeping the hits well scattered. Score:

Columbus	1	0	0	2	0	0	0	0	1	—4
Detroit	0	3	1	2	0	0	0	2	*	—8

Base hits: Columbus, 7; Detroit, 13. Errors: Columbus, 3; Detroit, 3.

MINNEAPOLIS, July 7.—Kansas City played a wretched game today and although they scored but two runs less than the Millers, were never a serious factor in the game. Score:

Minneapolis	0	0	0	4	3	2	0	0	*	—9
Kansas City	0	2	0	0	0	2	3	0	0	—7

Base hits: Minneapolis, 10; Kansas City, 10. Errors: Minneapolis, 1; Kansas City, 7. Batteries: Minneapolis, Hermann, Hutchison and Boyle; Kansas City, Bevis and Blanford.

INDIANAPOLIS, July 7.—Scott was batted out of the box in the third and Brady was also given a severe drubbing. Phillips pitched steady ball. Attendance, 500. Score:

Indianapolis	1	0	7	0	0	3	6
