DRESSED BEEF RATES GO UP

Tariffs to Be Advanced by Agreement of Railroads.

COMPLAIN THEY MAKE NO MONEY NOW

Attorneys of Various Companies Meet and Decide on Rates, as Present Rates Are Said to Be Unprofitable.

At a meeting of the attorneys of the various western roads held in Chicago this week it was decided to raise the rate on dressed beef and packing house products between the Missouri river and Chicago 5 cents per 100 pounds. If this action is carried out it will be taken in compliance with the recent ruling of the Interstate Commerce commission in the Parsons cattle case.

Rates on live stock from Omaha to Chicago at present are 25½ cents per 100, and the rate on packing house products is 30 cents. The live stock people claim there should not be a loss cent for the finished product than there is on the live stock. The rate formerly was the same but the Chicago Great Western, before it entered Omaha and Chicago, stated that to consolidate or pooling one-third of the business between Omaha and Chicago it would reduce the rate 5 cents per hundred. This forced the other roads to reduce their rates. At the government business men said Wednesday morning. It was not the desire of the established roads to place the packers that caused a reduction in the rate but this was forced to do it by the action of the Chicago Great Western.

Dressed beef has the same rate as packing house products, but has a loss behind them and the railroads claim they are not making too much money on either the packing house products. The commission held that the rates on live stock should be no higher than those on packing house products, and upon the railroads belonging to conspiracy with the packing men was begun in the United States courts to compel it.

The case in the courts is to decide the basis will adhere all roads from Northwestern through the Great Western and the Burlington will try to secure concessions to handle dressed in the pool, not in the cattle. It is contended that this proposed increase in rates will cost the packing house interests several millions of dollars annually, and it is promising to will be met with every possible resistance possible to devise. It is contended that to protect the city check of traffic is paying too much and rather high charge traffic. Many of the traffic men claim that when the cost of transfer or cars at each and is considered, and the rates paid by the roads to the packers for the use of the refrigerator cars also is taken into, that the business is decided by no means loss. It is understood that in order to break the deadlock in the roads the eastern roads commissioners of that business on the roads between Chicago and the river.

GREAT WESTERN LOSES SUIT

Wednesday Called on for Damages on Union Stockyards Terminal Stock and Pay Dollars.

The last term of the case of Thomas Wolf against the Missouri City & Texas Dodge railway was concluded Wednesday morning in the United States circuit court with a verdict for the plaintiff for $6,000. The jury was out less than half an hour.

Suit was brought for damages in $10,000 for property owned by the closing of Monmouth park. Mr. Wolf's wife and the subsequent grading down of the street for railroad use, leaving his property in bad condition so as to be practically valueless for business purposes as well as a dangerous condition from the cutting down of the property adjoining.

HELP THE AK-SAR-BEN PARADE

President Wattles Calls on Citizens to Do Their Part Toward Samson's Big Show.

OMAHA, MAY 24.—To the Citizens of Omaha: The carnival of the Knights of Ak-Sar-Ben has become a state celebration. It corresponds to the harvest festivals of other states. It is a bright spot in the lives of dull toil for thousands of the great army of producers throughout Nebraska. It is a worthy enterprise which should command the loyal support of every business man in Omaha who is interested in the upbuilding of this city and the maintenance of friendly relations with the producers and business men of the state on whose prosperity we depend for present and future greatness.

It should be a part of the duty of the citizens of Omaha to join and support the Knights of Ak-Sar-Ben. The parades and other festivities are expensive. These expenses must be met by the voluntary contributions of Omaha citizens. Samson is now asking for subscriptions for the purpose of his parade for the local year ending with the grand coronation November 11. It is hoped that your response may be prompt and liberal. Do not wait for a personal call. The Board of Governors is composed of busy men. Show your appreciation of their services by joining early and by sending your parade subscription now to Samson now.

VICTOR W. WATTLES,
President.

TASK BEFORE THE Y. M. C. A.

One Hundred and Twenty-Five Thousand Dollars Must Be Raised by Middle of July.

By noon 8:30.00 by July 15 is the task that will confront the board of directors of the Young Men's Christian association. The board met Tuesday night and in accordance with the suggestions of Dr. Johnson, chief Field Secretary, World, decided on a short active campaign for the building fund. The entire cost of the proposed new property, lot and building is estimated at $250,000. The board has on hand $130,000 and with an allowance of $5,000 as good possible assets in the estimate, this will leave $125,000 to be raised.

There are being drawn for the building but none of them have yet been submitted to the building committee.

DIFFICULT TO GET THE MEN

Farmers in Kansas and Oklahoma Are Now in Industrial Situation in Nebraska.

The idea adopted this spring by Superintendent Moore of the Rockford Chautauqua to overcome the difficulty of the state with the fact that there is a free labor bureau connected with the organization which he succeeds in working all the week. So good, calls for help are being received this M. Moore is well aware, from Fairfield, Lincoln to find men to fill the places offered. He is able to find only about half the number of men which he needs.

LOCAL BREVITIES.

Owing to the size of the High school graduating class, it has been decided to hold the commencement exercises on Monday afternoon, May 29, in the auditorium of the Boyd. Mr. Mechlin, director of Chautauqua and Dewey park schools, is preparing programs, so arranged that the exercises will be given.

Omaha's Hunter has filed a petition in the District court to enjoin the city from, by its officers, keeping a stock yards, from the city, in Omaha, keeping a stock yards, through its officers, in this city. The city, which is the plaintiff, is the defendant. The city has not yet filed its answer.

Mr. Hunter, who is the plaintiff, is the owner of the stock yards in question. The city has not yet filed its answer. The city, which is the plaintiff, is the defendant. The city has not yet filed its answer.

The regular board meeting of the Omaha Commercial club will be held this evening. The report of the committee on the proposed new building will be presented. The report of the committee on the proposed new building will be presented.
