GRAIN AND PRODUCE MARKET

Trade is Extremely Light and So is the Demand.

REPORTS OF RUST IN NORTHWEST

General Indications from Wheat Threshing Are that Crop Will Not Exceed Three-Fourths of Last One.

OMAHA, July 27, 1907.

Trade was extremely light with little demand. More rust reports came from the northwest and general indications so far from wheat threshing returns are at best not to exceed three-quarters of last year's crop.

The wheat market rallied some with no wheat pressing and more rust reports from the northwest.

Threshing is still delayed by continued wet weather.

September wheat opened at 84⅝c and closed at 86⅝c.

Corn opened lower on reports of continued rains in southwest and cool temperatures throughout the corn belt. Selling was scattered and largely by commission houses.

There was little buying on resting orders and trade very light. September corn opened at 47¼c and closed at 47⅜c.

Oats opened soft and a shade lower on some selling. There was no particular pressure on the market and the demand was fairly good on the decline. September oats opened at 36½c and closed at 37¼c.

Primary wheat receipts were 795,000 bushels and shipments 504,000 bushels, against receipts last year of 1,242,000 bushels and shipments of 329,000 bushels. Corn receipts were 377,000 bushels and shipments 478,000 bushels, against receipts last year of 343,000 bushels and shipments of 561,000 bushels.

Clearances were 182,000 bushels of corn, 6,000 bushels of oats and wheat and flour equal to 501,000 bushels.

Liverpool closed ⅝@¾d lower on wheat and ¼d lower on corn.

Seaboard reported 184,000 bushels of wheat and 114,000 bushels of corn for export.

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, July 27.—Fresh confirmation of black rust in the wheat fields of the northwest caused an advance of more than 2c per bushel in the price of wheat in the local exchange today. At the close the September delivery showed a net gain of 1⅞c. Corn was up ¼@⅜c. Oats were ⅛c higher. Provisions were a shade to 5c higher.

The sharp advance in wheat prices followed a weak opening, due to selling brought out by lower prices at Liverpool and by a decline in the price of wheat on the Minneapolis curb. Favorable weather for the crop in this country also had a weakening tendency at the start. Sentiment in the pit, however, soon changed to bullishness upon receipt of reports from Minneapolis which claimed that black rust is steadily spreading throughout the Dakotas and Minnesota. An improved demand for cash wheat at Minneapolis aided in bringing out an active demand for wheat here by shorts and commission houses. As trading progressed the buying became more urgent and prices advanced rapidly. The market closed strong, with prices almost at the top. Clearances of wheat and flour were equal to 501,000 bushels. Primary receipts were 795,000 bushels, compared with 1,242,000 bushels the corresponding day a year ago. Minneapolis, Duluth and Chicago reported receipts of 265 cars, against 292 cars last week and 745 cars a year ago.

The corn market opened easy because of rain and cooler weather in the southwest, but became firm on buying based on the sharp advance in wheat. Trading was rather quiet all day. The buying was chiefly by leading commission houses. The market closed firm, September opened unchanged to ⅛c lower, at 53¼@53⅜c, advanced to 53¾c and closed at 53¾@53¾c. Local receipts were 155 cars, with 17 cars of contract grade.

Trading in oats was very quiet and the market followed the trend of wheat and corn. There was quite active covering by shorts late in the day, which caused a strong finish. September opened unchanged to ⅛c lower, at 38½@38⅝c, advanced to 39⅛c and closed at 39¼c. Local receipts were 67 cars.

Provisions were quiet and steady. A feature of trading was the liquidation of lard by a prominent local holder. The market was supported by packers. At the close September pork was up 5c. At $16.50. Lard was a shade higher, at $9.25. Ribs were a shade higher, at $8.75.

The leading futures ranged as follows:
