SANDERS IN HIS WAR PAINT

Veteran Twirler Pitches Pueblo Killing Ball.

BUNCHED HITS HELP OMAHA

Austin Gives Spectacular Exhibition of Base Stealing—So, Also, Franck and King—New Umpire Appears.

Omaha, 3; Pueblo, 0.

War Sanders had on his war paint and scalped the Pueblos by the one-sided score of 3 to 0 yesterday in a game in which the Indians did not have a look in from start to finish. It was another of Sanders' bright and shining days and he pitched ball as though he had a grudge against Patterson's braves. It was almost a one-two-three game all the way through, as far as Pueblo was concerned.

Sanders had them going from gong to call of time and the real hits were just about as scarce as hens' teeth. In the first place he did not issue a pass and the score shows he was hit but three times. It was really but once. Corhan gets credit for two of the hits. One was all right, but the second was a scratch. He was getting out of the way of a wide one when it hit his bat and alighted on fair ground beyond first base. Patterson got another hit after three should have been out in the last inning. At no time did Sanders show any signs of letting up at the close of the game, but treated all the heavy hitters of the Pueblo team alike, the two hits being made by about the weakest hitters on the team.

James, the young collegiate southpaw, twirled his best, but the Omaha sluggers got in their work at just the wrong time for him and everything worked against him. He was hit but six times and issued only two passes, but Omaha bunched the hits in the second inning and again in the eighth, when Austin struck the ball after a man was hit and the game went to Omaha.

In the second inning, with one out, Welch sent a beaut to the right field fence for two. Franck put an easy one toward first. Clark got the ball, but no one was covering the sack and Franck was safe, with Welch on third. Franck stole second and both he and Welch had to hold their places while Gonding struck out. Belden was there in the pinch, however, and a neat single over second sent Welch and Franck scampering home. Welch made it, but a neat throw by Matticks caught Franck on the slide.

Spectacular Inning.

The next scoring was done in the eighth inning. Red Fisher started the downfall of the Pueblos by being hit in the hand. King executed a neat sacrifice and Austin hit for a single but it was heavy enough to allow King to score. Austin then started out to give an exhibition of some of the greatest base running ever seen on the Omaha grounds. He stole second with the left handed pitcher in the box looking at him. Then when Autrey hit one to Patterson, Austin started for third and kept going home. The nerve of the play shocked the Indians deeply, but they recovered in time to make a perfect play of the ball from Patterson to Clark and from Clark to Mitze, and in spite of that Austin's giant slide beat the ball home with the third run of the game.

Mitze caught a good game and landed four foul tips after hard runs. Captain Franck made the phenom catch of the day by going into the air after Spencer's line drive in the fourth inning. Chicken Autrey had a springing match with Clark for the sack in the second inning and beat him out. Captain Franck changed the batting order all around because of the southpaw Pueblo was using. Three of Omaha's six hits were infield, which were beaten out by the fleetfooted members of the Rourke family.

Bobby Black made his first appearance as an umpire in Omaha and not a kick was heard from player or fan on any of his decisions. It was a noticeable from some of the work seen in Omaha this year.

The same teams play this afternoon.

THOMAS LINES ONE OVER FENCE

Ten Runs Accumulated by Lincoln to Four for Des Moines.

DES MOINES, July 24.—There was another slugging match here today, and Bomar and Bonno were driven fro mthe slab. Lincoln got ten runs before Des Moines accumulated any. Bonno was in fine form until the eighth inning, when the Boosters lit on him for six successive safe hits, driving in four runs. Two men were on bases when Johnson took his place, and the Indian soaked the first man in the arm, filling the bases. But Flournoy popped out and Kelley hit an easy grounder to Gagnier, ending the inning. Thomas did the tall slugging for the visitors, securing four safe hits and a base on balls. One of the balls he hit went over the back fence for a home run. He drove in half of the Lincoln scores. Niehoff was a star in fielding. Score:

SIOUX CITY HAS EASY TASK

Crutcher Pitches Giltedged Ball Against Denver.

SIOUX CITY, July 24.—Pitching giltedged ball and having brilliant support behind him, Crutcher won his game from Denver today in easy fashion, 5 to 0. The visitors threatened to score in the seventh inning when Kinneally was caught at the plate. No other Denver player succeeded in reaching third base. Corbett was hit hard and the locals were fortunate in bunching their safe bingles in three innings, the third, fifth and eighth. Herbert Lester, late of the Colorado Springs team, joined the Sioux today and made good at first base. Score:

OMAHA GETS NEW PITCHER

Signs Rhodes of Trenton, Owned by St. Louis Cardinals.

WILL LET OUT ONE OF OLD MEN

New Player Won Twenty Out of Thirty Games Last Year—May Come on Exchange for Star Rourke.

Omaha has secured a new pitcher in the person of Rhodes, owned by St. Louis Nationals, and who has been pitching for Trenton in the Tri-state league. He is due in Omaha any time and will work Saturday or Sunday in one of the double-headers.

The coming of Rhodes naturally contemplates the leaving of one of the present staff of pitchers, as President Rourke does not have need for a larger staff; it is quality and not quantity he is after. While neither he nor Captain Franck is willing to say who will be let out, public attention in this regard will naturally turn to the pitchers who have been losing most of their games. Hall, as is well known, has let down in his work materially this season. The game he lost in Des Moines the other day was his eighth successive defeat. Since his arm was wrenched early in the season at the end of a great pitching game he has not been the Hall of previous days. When urged to make greater effort he has complained that the team did not bat behind him. But the record will scarcely show that the team discriminates in its hitting support of pitchers. The last losing game Hall pitched in Des Moines the team made twelve hits behind him, far outbatting Des Moines.

Jackson has been a disappointment since he was signed the forepart of the season. Whether the new man, if he makes good, will supplant Hall or Jackson is not known.

Rhodes pitched in thirty games and won twenty for Trenton, N. J., last season. Only four pitchers in that league excelled him in percentage of wins and his team was fourth in a league of eight clubs. His work was so satisfatcory that President Robison and Manager McCloskey of St. Louis decided to hold onto him. His batting is about on an average with that of pitchers, his percentage last season being .146.

It is believed that when President Robison was in Omaha recently he and President Rourke entered into some tentative plans as to the exchange of players and the opinion is that one of the fast men of the Rourkes will be seen next year in a Cardinal uniform. Whether it will be Austin, Autrey or Welch is the question. The Smoke house emits no light on the subject.

With the pitching staff materially strengthened the Champions ought to go ahead winning and be able to cinch the pennant. Except in that department they are strong enough for the rest of the league.

BROOKLYN, July 24.—Chicago won an eleven-inning, 2 to 1, victory from Brooklyn here today. The visitors tied the score in the ninth inning on two singles and a sacrifice and won out in the eleventh on a single, a sacrifice and Tinker's double. Score:

CLAIMS NEW AIRSHIP RECORD

Baltimore Aeronaut Covers Fourteen Miles in Thirty-Three Minutes.

BALTIMORE, Md., July 23.—Lincoln Beachey, who is making daily and nightly flights in his airship from a suburban amusement resort, claims to have made new records for both distance and speed in a flight made this morning from Arlington to and around the city hall. The distance, fourteen miles, was made without a stop in thirty-three minutes. An average height of 500 feet was maintained.

WASHINGTON, July 23.—Captain Baldwin, whose airship arrived at Fort Myer yesterday, is expected here tomorrow to prepare his machine for the tests which will probably begin early next week. The Curtiss engine, specially built for Captain Baldwin, arrived today.

Lieutenant Foulois, in command of the balloon squad at Fort Myer, submitted his report on the preliminary arrangements for the tests to Brigadier General Allen, chief signal officer today. Lieutenant Foulois has laid out three courses over any of which the trials may be held. These courses lie within a quarter circle southwest of Fort Myer. The prevailing winds in the locality where the tests will be made are favorable to the aeronauts.

What is considered the best course in every respect lies southward, five miles
