YOU should need no further proof that Bee advertisements are read. Just as you are reading this ad, 50,000 are reading yours, if you are a Bee advertiser today.

And advertisements that are read, if backed by a reliable newspaper, are advertisements that pay. The fact that The Bee has increased 41 per cent in its paid want ads over the same week a year ago is evidence that these ads bring results. Hear what a real estate man says:

"Bee want adds brought me more returns last week than all the other papers."
