WEATHER IN THE GRAIN BELT

Scattered Showers in the Valleys—Warmer About Lakes.

OMAHA, March 9, 1911.

An area of low pressure extends from Manitoba south over the central valleys, with its greatest depression over western Minnesota. Some very light and scattered showers occurred in the extreme upper Mississippi and Missouri valleys during the night, and light rain is falling over the west end of Lake Superior this morning. The weather is generally fair in the lower valleys and throughout the west, except it is still unsettled in the extreme southwest, where light rains were general within the last twenty-four hours. No very decided nor important change in temperature has occurred in any section since the preceding report. It is somewhat warmer in the lower Missouri, the Mississippi and Ohio valleys and lake region, and slightly cooler in the South Atlantic states and in the upper valleys and throughout the northwest, and the outlook is favorable for slightly cooler in this vicinity tonight, with fair tonight and Friday.

GRAIN AND PRODUCE MARKET

General Situation is Lending Aid to the Bears.

BIG STOCKS ARE ON HAND

Government Report Shows Millions of Bushels Yet Held by the Farmers—The Demand Drags Slowly.

OMAHA, March 9, 1911.

The government figures on farm reserves of wheat close to 180,000,000 bushels were much above the popular estimate and large enough to be at once construed as bearish. Taken in connection with the large visible supply, slow demand and flattering crop outlook the speculative situation seems a heavy one, but crop damage at any time might readily change the bearish sentiment.

At only one time before has the volume of corn in farmers' hands at this time of year been larger than the figures given out officially yesterday.

Present corn reserves are 215,000,000 bushels over last year at this season. This should give the corn market a heavy tone if country offerings increase and the spring and summer consumption will have to be heavy to absorb this access supply.

Local cash wheat offerings were light and demand rather slow. Shipping orders are as bad as ever and cash sales were reported ½c lower for the day.

The corn offerings on the tables were light, the demand readily taking everything offered at prices ranging unchanged to ¼c higher.

Primary wheat receipts were 332,000 bushels and shipments were 170,000 bushels, against receipts last year of 653,000 bushels and shipments of 220,000 bushels.

Primary corn receipts were 509,000 bushels and shipments were 484,000 bushels, against receipts last year of 408,000 bushels and shipments of 480,000 bushels.

Clearances were 150,000 bushels of corn, none of oats and wheat and flour equal to 32,000 bushels.

Liverpool closed ⅛@¾d lower on wheat and unchanged to ¼d higher on corn.

The following cash sales were reported:

WHEAT—No. 2 hard, 3 cars, 85¾c; No. 4 hard, ½ car, 80c; No. 2 mixed, ½ car, 85¾c.

CORN—No. 2 white, 1 car, 40½c; No. 3 color, 1 car, 40¼c; No. 3 yellow, 1 car, 40¼c; 9 cars, 40¼c; No. 4 yellow, 2 cars, 39½c; No. 3 mixed, 8 cars, 40¼c; No. 4 mixed, 1 car, 39c.

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, March 9.—Bigger stores of wheat in farmers' hands than were expected led to heavy stop-loss selling here today. The market closed weak at a net decline of ⅜c to 1¼@1⅝c. All other leading staples finished higher than last night. Corn and oats were up a shade to ⅛@¼c and provisions a shade to 10@12½c.

For May, the principal option, wheat closed at the lowest point of the session. The only important rally that took place appeared to result from temporary overexertion on the part of pit raiders, who with might and main had been jumping on prices. There was also scene of unloading by owners, especially northwestern people, supposed to be millers. As if to make the situation worse from a bull standpoint, the majority of crop reports regarding the outlook in the southwest indicated a bountiful yield in prospect. The comparative steadiness in Liverpool was offset by a forecast of large shipments from India and from the Argentine. Price changes for May varied from 89½c to 90⅝@90⅞c, with the close 1¼@1⅝c down, at 89½c.

Mild weather made corn strong. Cash demand, however, manifested but little improvement. May ranged between 48⅝@49⅛c, closing steady at 48⅝@48¾c, a net gain of ⅛c. No. 2 yellow finished at 46½@47c.

Shorts in oats covered with vigor. May reached as high and low level 34⅝@30⅝c, with last sales 1-16c up, at 30⅝@30½c.

Because offerings were light hog products hardened. In the end pork was 10c to 10@12½c higher, and gains of a shade to 2½c had been added to both lard and ribs.

CATTLE—Receipts of cattle continue large, the run again today being 201 cars, which was very heavy for a Thursday. This brings the total for the four days up to 21,700 head, the largest for some weeks back and larger than a year ago.

With so many cattle on sale it was not surprising that the market on fat cattle should show more or less weakness. Here and there a salesman who happened to have handy light cattle, just the kind that packers wanted, thought that he did not have much off very much as compared with yesterday. On the other hand heavy cattle were safely 10c lower and most salesmen were quoting the general market as slow to 10c lower than yesterday.

Cows and heifers were also slow sellers and they were generally quoted around a dime lower. The trade, as was the case with beef steers, was slow and it was late in the morning before very much business had been transacted.

The supply of stockers and feeders was not overly large and considering how late it is in the week the market was in a fair condition. As a rule desirable kinds did not show very much change as compared with yesterday, but still the tendency was a little weak, as the country demand was not too urgent.

Quotations on cattle: Good to choice beef steers, $6.00@6.30; fair to good beef steers, $5.70@6.00; common to fair beef steers, $5.00@5.70; good to choice cows and heifers, $4.70@5.50; fair to good cows and heifers, $4.30@4.70; common to fair cows and heifers, $3.25@4.30; good to choice stockers and feeders, $5.50@6.00; fair to good stockers and feeders, $5.00@5.50; common to fair stockers and feeders, $4.20@5.00; stock heifers, $3.75@4.50; veal calves, $4.00@6.00; bulls, stags, etc., $4.00@6.25.
