REVISING DRY GOODS PRICES

Irregular Conditions Prevailing Bring This Result.

NEW YORK, March 19.—The irregular price conditions that have been prevailing in cotton goods gave promise at the close of the week cleaning up in the near future. Revision of prices is under way and will be made to reach a trading basis. The mills are being pressed in consequence, some of the low prices and curtailment of production was undertaken in many of the southern mill centers, supplementing the extensive curtailment which has been going on in New England. The volume of business being done in gray goods is fair, but at prices which manufacturers say show losses varying from 1c to 2c per pound. Fall River sold 200,000 pieces of print cloths, of which 60,000 pieces were for spot delivery. This volume was about 30,000 pieces in excess of the restricted product. There is a fair trade passing in jobbing houses on prints, ginghams, wash goods and some new lines of domestics. Buyers are still very conservative in their orders, but they order very frequently and are making no effort to increase their holdings of merchandise in anticipation of future business with the south and better southwest which has been doing a rather better business than other sections. Orders of underwear are slow. Fine gauged seamless staple hosiery is in increasing demand. Shirting manufacturers are beginning to place their orders on goods for the coming season.

Corn Helped by Sympathetic Action and the Increased Consumption—Cash Conditions Show Signs of Improvement.

OMAHA, March 18, 1911.

Shorts started covering early on mixed crop reports from the southwest. Values advanced steadily on this buying. The trade was general, being included to follow the damage reports at this season of the year.

The strength in wheat helped corn and reports on actual increases in the consumption caused shorts to cover their sales following the early advance.

The following cash sales were reported:

WHEAT—No. 3 hard: 1 car, 88c; No. 2 mixed: 1 car, 87.

CORN—No. 3 color: 1 car, 42c; No. 2 yellow: 2 cars, 42¾c; 1 car, 42¼c; No. 3 yellow: 3 cars, 42¾c; 4 cars, 42½c; 6 cars, 42¼c; 1 car, 42c. No. 2 mixed: 1 car, 42½c; No. 3 mixed: 1 car (old), 42¾c; 1 car, 42½c; 2 cars, 42c; 1 car, 41¾c.

OATS—No. 2 white: 1 car, 30c; standard: 1 car, 29½c; No. 3 white: 3 cars, 29¼c. No. 3 yellow: 1 car, 29¼c.

Primary wheat receipts were 418,000 bu. and shipments were 322,000 bu. against receipts last year of 613,000 bu. and shipments of 294,000 bu.

Primary corn receipts were 405,000 bu. and shipments were 865,000 bu. against receipts last year of 522,000 bu. and shipments of 473,000 bu.

Clearances were 283,000 bu. of corn, none of oats and wheat and flour equal to 156,000 bu.

Liverpool closed ⅜ to ½d lower on wheat and ¼d lower on corn.

The wheat market rallied quickly from opening values. The cause of the advance was on less favorable crop reports from Kansas. Cash conditions show some signs of improvement and sales today were reported ½@1c higher.

The tone of the corn market was firm and prices were fractionally higher. Trade was active, receipts larger and the cash demand active. Cash sales were reported ¼@¾c higher.

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, March 18.—Except for a brief dip during initial trades wheat today ruled strong. The reason lay chiefly in pessimistic crop reports from western Kansas by a Chicago expert, who yesterday sent forward glowing dispatches regarding the east half of the state. Closing prices were ⅝@¾c higher than last night. In corn there was a net gain of ¼@⅜c to ⅜c, oats were unchanged to ⅛c up, and provisions down 5@7½c to 20c.

Attention to the telegrams concerning the western part of Kansas developed acutely when it was noticed that the expert's employers here were purchasing on a large scale to cover short wheat. This decided many other shorts to reduce their commitments, and not hold the trades open over Sunday. The weak start was on favoring rains in a good portion of the winter crop belt, and because of disappointing cables. Besides receipts at the primary centers were more liberal than for the preceding seven days and there was no trace left of the alleged improvement in the demand for cash wheat. Such factors, however, were lost sight of in a hurry after Kansas took the center of the stage. Steadiness prevailed at the close, which was almost the top level reached. May touched as high and low limits, 91⅝c and 90⅝c, with last sales ⅝c up at 91¼c.

Corn had special support from leading longs and their followers. For the May delivery, prices ranged between 49⅝ and 49¼@49⅜c, with closing figures at 49⅝@49¾c, a gain of ¼@⅝c net. Cash corn was steady. No. 3 yellow finished at 47½@48c.

Oats displayed a tendency to imitate corn, but commission offerings were free on every bulge. May ranged from 31⅛@31⅝c to 31½c and in the end were a shade up at 31⅝@31½c.

Provisions weakened in view of a heavy run of hogs. When the pit was closed pork had sagged 17½@20c, and lard and ribs between a nickel and a dime.
