BIG UPHEAVAL ON STOCK EXCHANGE

Violent Fluctuations in Prices of Stocks Cause Most Exciting Episode in Years.

BULLS AND BEARS BOTH ROUTED

Buyers and Sellers Push Each Other About the Floor.

STEEL POST CENTER OF FIGHT

Range of Prices in Some Shares Exceeds Six Points.

EARLY GAINS LOST AT CLOSE

First Transaction in United States Steel Thirty-Eight Thousand Shares, Second Largest Block in Recent Years.

NEW YORK, Sept. 27.—One of the most exciting episodes in the history of Wall street in recent years was today's session of the stock exchange. Aside from times of panic it is doubtful whether the fluctuations of stocks ever were more violent. The market was in confusion throughout the day. The range of prices in some cases exceeded six points.

A peculiar feature was that trading resulted in the utter rout of both the bull and bear factions. At the opening there was a stampede of bears to cover their contracts, which they were compelled to do at heavy losses. In the afternoon the bears obtained control of the market and prices melted away. At the close the bears retired victorious.

The United States Steel corporation's statement last night that dissolution or disintegration were not contemplated by the corporation was the pivot around which the market moved. To some extent it relieved Wall streets' fears. It did not answer the question, whether the government was contemplating a suit for dissolution, however, so that the situation was unchanged in one of its perplexing aspects.

Prices Break Under Selling.

After the first wild rush to buy stocks it became apparent that heavy selling was in progress. The market wavered and broke. All through the afternoon it was attacked relentlessly. The gains of three or five points of the early trading were lost and almost all of the active stocks closed with net losses.

Veteran floor traders said they had never witnessed such scenes as those of this morning. Long before the opening, brokers began to gather about the United States Steel post ready to execute the buying orders, which had been pouring in as a result of the steel corporation's statement. The brokers were packed so closely that it was difficult for anyone to raise an arm above his head.

The gong which signalled the opening was succeeded by a long howl. The men surged and swayed about the post and then moved in a struggling mass across the floor. The stronger element, the sellers, forced the entire group across the floor. The brokers dragged each other about in such a fashion that an inexperienced observer would have thought that a fight was in progress. The crowd soon returned to the Steel post, but there was scarcely a let up in the excited trading.

Total Transactions Big.

The first transaction in United States Steel was 38,000 shares, the largest block within recent years, with the exception of a 45,000-share block on last Friday. The price touched 62, a gain of 5¾. The preferred rose 5¾; Lehigh Valley, 6; Union Pacific, 3¾ and other favorite speculative issues from 2 to 4 points. Never before had such quantities of steel stock been dealt in. The total for the first fifteen minutes was more than 190,000 shares and for half an hour 275,000.

The decline was as relentless as the advance. Bear traders took courage when they saw that the gains were being lost, and resumed operations. At times during the afternoon the market was almost demoralized. The close was nervous and unsettled. Total transactions today were the largest for the year.

Lightning Causes Fire Loss.

MASON CITY, Ia., Sept. 27.—(Special Telegram.)—Fire last night, caused by lightning, destroyed the Chicago Northwestern ice house, two passenger coaches and a caboose, entailing a loss of $8,000.

J. R. Walsh Will Not Be Released Until Next Week, if at All

LEAVENWORTH, KAN., Sept. 27.—John R. Walsh will not be released from the federal prison here until next week, if he is paroled at all.

From an authoritative source it was learned today that the report of the federal board of paroles will positively be made in Washington to Attorney General Wickersham by R. V. LaDow, president of the board, in person. He has the power to send the report by mail or telegraph, but it is known that this will not be done. Mr. LaDow will not be in Washington until the early part of next week.

Following the receipt of the board's recommendation by the attorney general, if it be favorable to the prisoner, the final act of parole will be taken. Parole papers usually are sent to the prison officials here by mail. It is improbable, therefore, that Walsh will be released before next Wednesday at the earliest.

No vote has been taken by the board on Walsh's case. This will not be done until all of the prisoners who are to appear before the board this session shall have been heard. Of course, the case has been discussed and the board members have a very good idea of what the result of the banker's hearing will be. The board is observing strictly its oath not to discuss cases which come under its consideration. It is expected that the board meeting will close tomorrow evening or Friday morning.

The Walsh hearing has been productive of many unfounded rumors. One of the most persistent was that the banker's parole papers had been prepared before President Taft left Washington and that an attempt would be made to release Walsh secretly. One story even went so far as to say that Walsh had been spirited out of his prison and taken to Chicago on a train last night.

Board members insist that Walsh's case will be treated like that of any other prisoner.

Under the new federal prison rules great secrecy attends the release of all prisoners. It formerly was the custom to announce from the attorney general's office the names of the paroled men. Prisoners complained that this worked a hardship upon them and the practice was discontinued.

Jewelry Store at Yankton is Robbed

YANKTON, Sept. 27.—(Special)—Livingston Bros.' jewelry store was robbed early Tuesday morning and gold bracelets, a watch, and other jewelry, to the value of over $100, taken. Entry was made through a transom over the rear door. There is no clue to the thieves, who were disturbed in their work but eluded an officer in pursuit, in the darkness.

E. E. Hudson, for twenty-five years member of the school board, has resigned and J. W. Smith has been selected in his place.

After a lively campaign the early closing movement has won out locally and the stores of the city close at 6 o'clock, with grocers and meat markets half an hour later.

Manager Brodt of the Yankton theater informs the people of this city that if they do not patronize the theater better than they have done so this far this season next year there will be no theater, as it will be remodeled for an apartment house, the plans for which have already been drawn up.

Loaded Omnibus Falls Into Seine

PARIS, Sept. 27.—An auto-omnibus, occupied by about twenty persons was crossing the Bridge Archeveche over the Seine, near the Cathedral of Notre Dame, today, when suddenly it left the roadway and crashed through the parapet, falling into the water. The bodies of five persons who had been drowned were recovered and twelve persons alive but unconscious were taken from the water.

Germany Replies to France's Proposal

PARIS, Sept. 27.—The German minister of foreign affairs, Herr Von Kiderlen-Waechter, today received the French ambassador, M. Cambon, at the foreign office in Berlin and communicated to him Germany's reply commenting on France's latest proposals concerning Morocco.

CONDITION OF NATIONAL BANKS OVER NEBRASKA

(From a Staff Correspondent.)

WASHINGTON, Sept. 27.—(Special Telegram.)—The abstract of the custodian of the national banks of Nebraska, exclusive of reserve cities at the close of business on September 1 as reported to the comptroller of the currency, shows the average reserve held at 15.88 per cent, as compared with 16.12 per cent on June 7. Loans and discounts decrease from $61,052,287 to $59,772,416; old coin from $1,465 to $1,544,967; lawful money reserve from $3,724,176 to $3,708,951; individual deposits increase from $52,370,423 to $53,445,006.

The banks of Iowa, exclusive of reserve cities, shows the average reserve held at 15.78 per cent as compared with 16.19 per cent; loans and discounts decrease from $95,864,156 to $95,619,468; gold coin decreases from $2,412,648 to $2,368,412; lawful money reserve from $7,666,898 to $6,777,568. Individual deposits increase from $93,400,313 to $94,295,298.

A civil service examination will be held October 28 for rural carriers at Gladstone, Neb.

FROTHINGHAM AND FOSS NAMED IN MASSACHUSETTS

BOSTON, Sept. 27.—With the exception of the town of Gosnold, which cast twenty votes for governor last year, all returns from yesterday's direct primary are in.

The vote for governor: Republican—Louis S. Frothingham, 66,543; Joseph Walker, 28,295; Norman H. White, 18,432. Democrats—Eugene N. Foss, 63,161; Thomas L. Hisgen, 5,622.

HIGHWAY OPEN; THRONGS HAPPY

Carnival of Fun Starts Auspiciously, with Thousands of Merry-Makers on Hand.

HIGHWAY AND STREETS ABLAZE

Columns of Collonade, Fountains of Light, Lead Way to Frolic.

GATES GO OPEN AT ONE O'CLOCK

Hundreds of Visitors Swarm Highway in Afternoon.

ALL RECORDS MAY BE BROKEN

Band Plays, Barkers Bark, Bright Eyes Flash, Electric Lights Blaze and Crowds Make Opening Night Glorious.

AK-SAR-BEN DATES.

Sept. 27 to Oct. 7, inclusive.
Tuesday afternoon, Oct. 3, Manufacturers' parade.
Wednesday night, Oct. 4, Electrical parade.
Thursday afternoon, Oct. 5, Military parade.
Friday night, Oct. 6, Coronation ball.

Lights and music and color, laughter and sparkling eyes made the Highway of King Ak-Sar-Ben XVII, radiant last night, the first of the ten nights of joy unconfirmed on the Highway. Though the gates were thrown open at 1 o'clock and hundreds strolled the Highway during the afternoon the throng then was as nothing as compared with that which reigned last night.

The crowds began to come early and before 9 o'clock the Highway swarmed with fun-makers. For hours people came in twos and threes and dozens and scores from all directions to the entrance of the court of honor and streamed up the white lighted colonnade to the grand gateway.

It looks as if Ak-Sar-Ben's record of 1908, the great in the history of Quivera, will have been broken before the ten days frolic is ended.

With a burst of music from Al Fairbrother's band atop the grand gateway and with cheers from a thousand throats of men, women and children, the Highway of King Ak-Sar-ben XVII was thrown open to the public at 1 o'clock Wednesday afternoon. By 3 o'clock several hundred persons had passed through the gates.

The opening was an auspicious one. The chill, damp weather and the threatening clouds of the last few days had caused Samson to experience some misgivings, but Tuesday night the clouds began to vanish and the mercury to mount upward. Wednesday morning saw the sun shining down upon the Highway, and at noon it was midsummer in Omaha. When Secretary H. J. Penfold of the Knights of Ak-Sar-Ben waved his hands and cried, "Let her go boys," the prospects for ten glorious days of limitless fun were brighter than ever before in Quivera's history.

Wednesday morning saw all preparations practically completed. The belated shows had come in and their men had worked like trojans to get into shape for the opening. At 1 o'clock some work remained to be done, but by tonight all this will be out of the way, according to Mr. Penfold, and the Highway will be complete.

Six More Victims of Toulon Disaster Dead

TOULON, Sept. 27.—The tremendous force of the explosion which destroyed the battleship Liberte Monday was again indicated today when a piece of the Liberte's armor plate was lifted from the side of the battleship Republique, on which it had fallen.

The broken plate weighed thirty-seven tons and had been hurled 225 yards. The Republique was so damaged that it will be out of commission for months while repairs are being made.

Twelve bodies were taken from the wreck this morning. The search above the water line is difficult, owing to the barriers of crumpled steel that oppose all advance into sections of the holds. Nothing was discovered leading to the belief that other living men were imprisoned in the wreckage, although this remains a possibility. The roll of dead was increased by a half dozen deaths during the night.

Blue and Gray to Hold Joint Peace Reunion

MEMPHIS, Tenn., Sept. 27.—Plans were made at the reunion of the veterans of the union and confederate armies held here today for a peace jubilee and general reunion of the blue and gray to take place at Washington in 1913. General John H. McDowell, commander of the army of Tennessee, and General S. R. Van Zant, former commander in chief of the Grand Army of the Republic, will each name a committee of six to arrange for the jubilee.

ROAD ENGINEER TO BE SENT TO AID GOTHENBURG PEOPLE

(From a Staff Correspondent.)

WASHINGTON, D. C., Sept. 27.—(Special Telegram.)—The citizens of Gothenburg, Dawson county, and Brady, Lincoln county organized a good roads association with the view of constructing a road to connect the two towns. Notice of this organization and its aims were communicated to Senator Brown, who in turn, forwarded the letter to his Washington office in order that the aid of a government expert might be assigned to advise the Gothenburg-Brady association as to the construction of the proposed road. The agricultural department has advised Senator Brown that they will order an expert now at Columbus to Gothenburg to look the proposed route over and make suggestions and that later, about the middle of October, a road expert will be sent to Gothenburg to supervise the actual construction of the proposed road.

It's a Long Way from New York to Frisco

From the Cleveland Plain Dealer.

TAFT IS VISITING TOPEKA

President Meets Leaders of Both Parties at Breakfast.

LAYS MEMORIAL CORNERSTONE

This Afternoon He Will Attend Children's Picnic at Atchison and Review Troops at Fort Leavenworth.

TOPEKA, Kan., Sept. 27.—President Taft spent six hours and a half in Topeka today, beginning his third day in Kansas. The president's train reached Topeka at 5 a. m., but he was not asked to arise until an hour later, although hundreds of curious people crowded as close to his private car even at that hour as the police would allow.

At 7 o'clock the president and his party were driven in automobiles to the Country club for breakfast, and later he dedicated a soldiers' flagpole at Washburn college. The rest of the program here included a parade, the laying of a cornerstone of the Soldiers' building and an address.

From Topeka the president travels to Atchison and Leavenworth, the only other stops he makes today.

Mr. Taft was expected to reach Atchison at 1:45 p. m. After attending a children's picnic given there by B. P. Waggener he was to depart for Leavenworth, where he will review the troops at the United States military post. He expected to leave Leavenworth for Council Bluffs at 10:35 tonight.

At the Country club breakfast President Taft met most of the political leaders of the state, both republicans and democrats being present. In addition to United States Senators Curtis and Bristow, Governor Stubbs, former Governors Hoch, Bailey and Crawford, Congressmen Campbell, Anthony and Young and former United States Senator Long were at the breakfast. On the way to the club the president rode in Governor Stubb's car driven by the governor's son. Indicating the flagpole at Washburn college Mr. Taft said that the feeling is growing in this country that to have real patriotism the children must be taught the significance of the starry flag.

Address Directed to Veterans.

The president's main address was made from a stand in front of the state capitol. The steps of the big building were black with people and thousands more filled the grounds in front of the platform. It was the largest crowd the president so far has addressed and was generally estimated at over 40,000. The president stood on a table to make his speech with the hot sun beating down directly in his face. He addressed himself to the Grand Army men of Kansas and discussed the part which the state played in the civil war.

"Looking back over the years since the war," the president said, "there is no problem facing the nation that does not seem light in comparison."

The president invoked the assistance of the men who saw war to use their influence to bring about an end of war by arbitration treaties with the world.

Governor Carroll to Join Party.

DES MOINES, Ia., Sept. 27.—Governor B. F. Carroll left today for Council Bluffs, where he will join the Taft party, which will arrive in Council Bluffs early tomorrow morning. He will speak in McClelland, Ia., en route. Adjutant General Guy E. Logan and sixteen members of the governor's staff and others who will accompany the presidential party through Iowa left on a later train.

The president will spend Thursday evening in Waterloo, where early in the evening he will be the guest of honor at a dinner to be given by Congressman Charles E. Pickett at the latter's home. Governor Carroll, United States Senator Kenyon, former United States Senator Young and members of the Iowa delegation in congress, who will accompany the president through Iowa, have received invitations to the dinner.

FOWLER BALKED BY WIND

EMIGRANT GAP, Cal., Sept. 27.—Robert G. Fowler was prevented from continuing his transcontinental flight early today by a strong wind blowing across the summit of the Sierras, which he must cross on the next stage of his journey. He waited until 6:30 o'clock, but discouraging telegraphic reports from Summit led him to abandon the flight temporarily. He hopes to start later in the day.

James Rolph, Jr., is Elected Mayor of San Francisco

SAN FRANCISCO, Cal., Sept. 27.—While probably less than a third of the ballots in yesterday's municipal primaries had been counted at an early hour today, there was no shadow of doubt as to the result. The only question was as to the size of the plurality rolled up by James Rolph, jr., the candidate of the fused republican and democratic parties, over P. J. McCarthy, the labor union mayor of the city, who sought to succeed himself. Rolph's plurality over McCarthy was estimated at close to 18,000, the largest ever polled in this city by a mayoralty candidate. Under the charter provisions, he is mayor-elect of the city today, having received a majority of the total vote cast, estimated around 70,000. The city rolled up a tremendous vote estimated at 75,000 to 80,000, probably the heaviest it has ever cast. Until more figures are forthcoming, it is impossible to say who of the candidates for other offices have majorities which will elect them without recourse to the general election in November, except in a few cases where there was no serious contest.

The contest between Charles M. Fickert and Ralph L. Hathern for district attorney is close, and it is practically certain that these two will oppose each other at the general election. Incomplete returns from a total of 340 precincts out of 356 give Fickert 7,573 and Hathorn 6,722.

Commercial Club May Have Home of Own in Short Time

The new home committee of the Commercial club now has a proposition before it from J. L. Brandeis and Sons, which it is seriously considering for a new home.

Arrangements have been made with the Boston Ground Rent company, through its agents, the McCague Investment company for the erection of an eight-story fire proof building on the Dr. Gifford lot on the northwest corner of Seventeenth and Douglas streets. The plain as submitted is for the Commercial club to take a ninety-nine lease on the lot without reappraisement and to build a $250,000 structure. Brandeis offers to loan the club $125,000 and to have the club members take the other $125,000 in bonds. Thus the club would own the building and have the prestige of owning its own home, which would help to rent the offices.

MOB ATTEMPTS TO LYNCH MAN AT DUMAS, ARKANSAS

DUMAS, Ark., Sept. 27.—Breaking into the county jail here and overpowering officers in charge, a mob of 100 men took Charles Malhass, a white man, to a water tank and attempted to lynch him today.

Malhass' injuries were at first believed to be mortal, but when he was brought here and placed in jail his wounds were found not to be serious.

The attempted lynching followed a fight which took place late yesterday at the home of Malhass, in which Sheriff Preston, a deputy, and two mulatto sons of Malhass were killed and Malhass wounded.

The officers had gone to the Malhass home to arrest the two sons.

PIPER DRAWS THIRTY YEARS IN PRISON AT ANAMOSA

FORT DODGE, Ia., Sept. 27.—(Special Telegram.)—Ray Piper today was sentenced by Judge Albrook to thirty years in Anamosa and Mrs. Piper to fifteen years in the penitentiary, for uttering forged instruments. Piper passed checks on many stores here last spring and made his escape. They were arrested in Omaha, when Piper was forced to seek medical relief for a bullet wound. Neither is more than 23 years old.

New Orleans Shopmen Out.

NEW ORLEANS, Sept. 27.—The firemen and sheet metal workers employed in New Orleans by the Illinois Central railroad went on strike today in sympathy with the striking clerks of that road. A total of 410 men walked out.

MILITIAMEN ARE IN CAMP

Two Thousand Have Pitched Their Tents at Ceder Siding.

THEY WILL CAMP FOR TEN DAYS

Regular Army Officers Have Been Detailed to Each Company to Train Soldier Citizens in Real Camp Life.

Two regiments of Nebraska National guardsmen, consisting of nearly 2,000 men, detrained at camp John H. Mickey yesterday afternoon and pitched camp for practice maneuvers, which are to continue for ten days.

Among the first detachments to arrive were the hospital corps in charge of Major Burtner of Lincoln, and the signal corps under Captain Jets of Fremont. Several companies of both the first and second regiments did not arrive until late in the evening. The first regiment is in charge of Colonel F. J. Mack, and the second is under command of Colonel G. Eberly. The entire mobilization is superintended by Brigadier General Joseph A. Storch.

The commissioned officers from the regular army have been assigned to each company to instruct the militiamen in army dicipline.

The encampment will continue to October 6. The soldier boys will drill, work out military problems, probably will take some long hikes, will engage in rifle practice and take part in the Ak-Sar-Ben military parade on October 5. Officers from Forts Crook and Omaha have been detailed by the War department as instructors at Camp Mickey.

Visitors will be welcome at the camp at all hours of the day. Women, even the wives of the officers, will not be allowed in camp after dark. A telephone was installed yesterday so that all friends of the soldier boys who want to telephone them may do so, if they pay tolls. Mail should be addresses to Camp John H. Mickey. To reach the camp it is necessary to walk a little over half a mile south from the interurban car line at Twenty-seventh street, Bellevue.

Thursday morning will be spent in putting the comp in shipshape and the hard work will begin Thursday afternoon with company drills.

Staffs Are Announced.

The brigade staff is composed of Brigadier General Joseph A. Storch of Fullerton, commanding; Major H. H. Antos, Lincoln, adjutant; Major Morgan J. Flaherty, Fullerton, quartermaster; Major Charles H. Dean, Lincoln, commissary; Major L. H. Gage, Lincoln, inspector of small arms practice; Lieutenant E. Wood Smith, Columbus, aide.

The following members of the general staff, detailed with the brigade, are in camp: Colonel A. D. Falconer, Lincoln, quartermaster and commissary general; Colonel A. D. Fetterman, Omaha, inspector general; Colonel Willard A. Prince, Grand Island. Adjutant General Phelps is not in camp today, but is expected for part of the encampment. All the officers of the medical corps will be on hand.

Following are the companies of the two regiments, with their captains.

First regiment, Colonel G. A. Eberly of Stanton, commanding; Company, A, York, Captain R. E. Olmstead; Company B, Stanton, Captain Iver S. Johnson; Company C, Beatrice, Captain C. L. Brewster; Company D, Norfolk, Captain C. L. Anderson; Company E, Blair, Captain F. A. Abbott; Company G, Geneva, Captain H. E. Ford; Company H, Osceola, Captain R. O. Allen; Company I, Auburn, Captain O. E. Davis; Company K, Wymore, Captain J. V. Craig; Company L, Omaha, Captain H. E. Eisasser; Company M, McCook, Captain J. Roy Weidenhamer.

Second reigment, Colonel Fred N. Mack of Albion, commanding: Company A, Kearney, Captain H. N. Jones; Company B, Beaver City, Captain John Stevens; Company C, Nebraska City, Captain C. E. McCormick; Company D, Hastings, Captain J. H. Ritee; Company E, Holdrege, Captain F. A. Anderson; Company F, Lincoln, Captain P. L. Hall, jr.; Company G, Omaha, Captain E. E. Sterricker; Company H, Aurora, Captain C. G. Johnson; Company I, Omaha, Captain G. A. Lundberg; Company K, Schuyler, Captain C. H. Johnson; Company L, Alma, Captain L. A. Kimberling; Company M, Albion, Captain L. H. Davis.

In addition there is the Signal corps

(Continued on Second Page.)

TANIN HINTS AT HOLY CONFLICT

Turkish Paper Says Tripolitan Question Involves All Relations of Christianity and Islam.

ITALY'S ACTION IS DENOUNCED

Part of General Animosity of Christians Toward Mohammedans.

NO JUSTICE IN EUROPE

It Says Treaties Are Only Instruments of Deception.

EUROPEANS IN TRIPOLI UNEASY

Fear that Landing of Italian Force Will Be Followed by Massacre—Outgoing Steamers Are Crowded.

CONSTANTINOPLE, Sept. 27.—The newspapers suggest that all Ottoman subjects refuse to pay their debts to Italians in the event of an Italian occupation of Tripoli.

The Tripoli deputies held a meeting here yesterday and discussed the situation. The authorities have prohibited a public meeting of protest against the threatening attitude of Italy arranged at Stamboul.

The Tanin's leading article today says: "The Tripolitan question brings on the tapis the whole question of the relations between Christianity and Islam. The Turks have trespassed on nobody's rights, yet Italy is preparing to occupy Turkish territory on the pretext that Germany and France have taken away the independence of Morocco.

"Such conduct is in violation of the principles of international law, humanity and civilization. It is evident that there is no justice in Europe. Treaties are merely instruments of deception, which are destroyed when an advantage is to be gained thereby.

"The Italian aggression is really the outcome of the animosity on the part of Christianity toward Islam."

Germany Also Distrusted.

The Tanin regrets its former belief in Germany's friendship and adds that it is apparent that Turkey has no friends in Europe.

It is understood that Germany is trying diplomatically at Rome and Constantinople to arrange an understanding, but there is no hope here that the effort will succeed.

The Turkish transport Berna, which sailed with ammunition from Constantinople and was detained for several days at Smyrna, arrived at Tripoli yesterday.

The Turkish cabinet in council yesterday decided that in the event of a rupture of the relations between Italy and Turkey the Italians should be deprived of all benefit of the capitulations.

The capitulations are Turkish state papers guaranteeing to foreigners residing in Turkey and its dependencies extra territorial rights and immunities, such as trial by consular courts, in cases where Turkish subjects are concerned.

Europeans Are Uneasy.

TRIPOLI, Sept. 27.—The uneasiness of European residents here increases through apprehension of native demonstrations. A French steamer sailing yesterday took aboard many Europeans for Tunis, but was compelled to refuse others who sought passage because of the lack of accommodations for them.

LONDON, Sept. 27.—A letter from Tripoli dated September 21 says: "On the day that the Italian newspapers intimating that the Italians contemplated an expendition to occupy Tripoli were received here every cafe and theater, all the shops and stores were instantly closed and word was passed immediately to Arabs throughout the towns to meet in the great mosques to decide what they would do.

"They agreed that they would resist the Italian landing to the last and if they had to yield that they would go to the British consulate and seek British protection."

Panic in Tripoli.

MALTA, Sept. 27.—A private message from Tripoli today says that Italian warships with an expeditionary force are lying twenty miles off Tripoli and that there is a panic among the Italian residents there, as it is feared that the landing of troops will be the signal for a massacre of Europeans.

The Anglo-Maltese colony in Tripoli today sent an appeal to their compatriotts, saying:

"We emplore your bretharn to appeal to the government to assist us and to come to our help, as the Italian steamers refuse to receive any but persons of their own nationality."

Riots in Northern Italy.

CHIASSO, Switzerland, Sept. 27.—On the frontier September 26—Today's advices from Rome state that the anti-militarist demonstrations have assumed a grave character in the provinces of Ravanna and Forloi, where the socialist and republican elements predominate. A mob, after stopping the trains, which were transporting troops being moved in connection with the trouble in Turkey over Tripoli, stoned the cavalry. The rioters used street cars to form barricades. At Vigevano province of Pavia, the manifestants paraded, led by a woman and singing anarchistic songs.
