St. Albans lodge No. 17, Knights of Pythias, work in third rank Monday evening.

Ivanhoe commandery No. 17, Knights Templar, will meet in regular conclave at Masonic temple Tuesday night.

BUDWEISER on draught—The Grand Anheuser on draught—S. Adrain. Budweiser in bottles at all first class bars.

Clean your house with a Santo Vacuum cleaner; twenty different attachments. For rent, $2 a day, by Petersen & Schoening Co.

W. A. Whittier, a local newspaper man, was called to his former home at Brookfield, Mo., yesterday by a telegram announcing the death of his father.

SAM SNYDER LOANS MONEY on household goods, horses, cattle and all chattel securities at a big discount of the usual rates. Office over 320 W. B'way.

FOR SALE—A highest grade piano; a good typewriter; a fine toned violin; one organ; owner leaving town; will sell very cheap. Enquire at 414 East Washington Ave.

Mr. and Mrs. Francis J. Pierce announce the engagement of their niece, Miss Georgia Darlem Bond, to Frank Oscar Vincent. The wedding to take place in June.

Attention Grand Army of the Republic and old soldiers. All old soldiers are requested to report at Woodbury chapel at 4 p. m. sharp Sunday, May 26, to attend the funeral of Comrade George T. Miller.

Morningside chapter of St. Paul's guild will have a picnic in Morningside at the Edmundson chapter meeting Tuesday. All intending to go will meet at the home of Mrs. A. H. Reed at 2:30 o'clock. Refreshments will be provided. Visitors are invited.

AUTO COATS AND SILK WRAPS CLEANED AND PRESSED—Our process removes the soil, the stains and the wrinkles. It does not shrink or full the material, affect the color or leaves any odor in the garment. We do the work right. Bluff City Laundry, Dry Cleaning and Dye Works. Phone 2814.

The Odd Fellows of the city are requested to meet at their temple promptly at 1 o'clock this afternoon for the purpose of attending the funeral of Past Grand O. Younkerman, which will take place from the family residence, 206 Benton street, at 2 o'clock. Funeral services will be conducted by the Elks and Odd Fellows jointly.

The regular May meeting of the Daughters of the American Revolution will be held at the home of Mrs. E. P. Schoentgen, 407 Glen avenue, on Friday afternoon. At this meeting will occur the annual election of officers. The hostesses will be Mrs. William Kselins, Mrs. J. G. Wadsworth, Mrs. George Wickham and Mrs. H. H. Pinney.

Kate M. Siegel has begun a divorce in the district court against John J. Segel, asking annulment of the marriage tie on the ground of cruelty. They were married in Council Bluffs on August 19, 1897, and separated the first of the present month. She asks for the custody of their minor child and for a restraining order preventing her husband molesting her.

W. A. Hillis, who was special bailiff in the Marks case, and Bert Sanborn, in charge of the local men engaged in the Harriman strike, have been appointed deputy sheriffs to serve at Manawa during the present season. Manager Barnet pays their salaries and they are merely deputized to act by Sheriff McCaffery. Hillis will be on duty during the day and Sanborn at night.

According to a circular letter received here yesterday by several men the Iowa State Automobile association has joined in the effort to carry the republican primary election for Senator Lafe Young. The letter, mimeographed on the stationery of the association and signed by W. E. Moyer as president, enthusiastically boosts Senator Young, and makes a ringing appeal to all automobilists for his nomination and election on account of his activity as a maker of good roads sentiment. Some of the letters fell into the hands of Kenyon supporters yesterday and created considerable of a flutter.

Walter Atwood, Glen Mortensen, Jens Jensen, Mairius Christensen, Eugene Davis and Harry Budats, all young men from 19 to 20 years old, were arraigned before Justice Joseph yesterday after they were brought into court upon warrants charging them with assault to do great bodily injury. The complainant is George Hughes, another young man of about the same age and son of the former manager of the Independent Telephone company. They are accused of assaulting and beating him on the night of May 17, and as the story now goes he was an innocent victim and not the young man upon whom the attack was intended. All of the boys were held under $100 bonds for hearing on Tuesday, but they were permitted to sign their own bonds.

J. J. Klein, who recently closed out all of his interests after many years of successful business life in Council Bluffs, has likewise sold out his interests in Omaha and will leave in two weeks for the Isle of Pines, with the intention of locating there if the situation appeals to him after a careful investigation. C. B. Washington of Omaha, with whom he was associated in business, has also made similar arrangements and will accompany Mr. Klein. Mrs. Klein will leave in a few days for Syracuse, N. Y., where she will spend the summer visiting her mother. When Mr. Klein returns from the Cuban isle he will land in New York and will join his wife at Syracuse. If he makes the investments now contemplated they will then return to Council Bluffs for a brief visit with relatives and go direct from here to their new home. Mr. Klein's health is not as sure as it could was and his physicians have advised a change of climate and many interesting stories and considerable reliable information have turned his attention in the direction of the beautiful island that lies south of Cuba.

M. F. ROHRER CANDIDATE FOR COUNTY TREASURER

M. F. Rohrer, candidate for the nomination of county treasurer on the democratic ticket, has been an active democrat during the forty-one years that he has been a resident of Pottawattamie county.

He rode over the entire county on horseback in every direction before it was fenced into farms, at which time you could buy the very best farms of today at $5 to $10 per acre. He served the city of Council Bluffs two terms as mayor, and has served the city continuously for twenty-five years without pay as a trustee of the free public library, and served the board many years as its president, during which time the gift of $70,000 was received from Andrew Carnegie to construct the present library building.

He solicits the votes of all fellow democrats and will be thankful to all who turn out at the primary election on Monday, June 3, 1912, and vote for him.

NEW IDEA GAS RANGES—We have a big line of these stoves. Prices range up from $18. We connect all gas ranges free of charge. P. C. De Voi Hardware company, 504 Broadway.

Council Bluffs

FIGHT MADE ON CARNIVAL

Doubt Exists as to Legality of Using Bayliss Park as Site.

LAWYER WILL PUSH CASE

Thomas Q. Harrison, Who Conducted Fight Once Before, Has Been Retained to Insist Grounds Be Not Thus Used Again.

After an affirmative vote, representing about 95 per cent of the membership of the Commercial club, expressed at the annual election last March, there has arisen a grave question whether the street carnival then determined upon will be given. This will not be due to any change of heart of the club members or weakening of the public approval that has been accorded all of the carnivals that have been held and which have made Council Bluffs famous. The trouble that may become a preventive is the aftermath of the successful effort to prevent Bayliss park being used as the site for a huge tar-paper tabernacle by the Ministerial association for the Hart-Magann revival meetings. The assertion is made that if the park cannot be legally used as the location for a temporary church it must be equally illegal to use it as the site for a temporary show.

It is declared that this opposition does not come from the local clergymen or those interested in getting the park for revival meetings, but from others who have not yet disclosed their identity. It is said they have employed Thomas Q. Harrison, the same attorney who represented the plaintiffs in the injunction proceedings, and have instructed him to appeal to the courts for a restraining order to prevent the use of the park for carnival purposes. If denied the use of the park it is certain that no carnival will be held, for it has been the location in the heart of the city, the brilliant setting made possible only by the beautiful park, that has made the carnivals the great successes that have characterized them.

Attorney Harrison was questioned yesterday and admitted that he would have to act in the matter, both from a professional and a moral standpoint.

Harrison Will Make Fight.

"I was sincere when I prosecuted the suit of my clients in the district court, and I would be recreant to everything if I refused to act now," said Mr. Harrison. "It is true Judge Arthur dissolved the temporary injunction and granted the preachers the privilege of erecting their tabernacle there, but I am sure he would not do so again, for there is not a particle of doubt that the supreme court would not sustain him, for there is a stack of decisions against him. If the Commercial club or the Ministerial club attempts to use the park for a carnival or any other purpose I will be obliged to stop them by an injunction. It will be fought out in the courts with the certainty that there will be but one possible decision—that there will be no carnival."

In accordance with the original plan the Commercial club has gone ahead with the arrangements and has planned the greatest carnival yet, the revenue to be used exclusively for the purpose of providing the club with funds to promote the commercial interests of the city in the way of securing sites for factories and locating similar enterprises. The club has appointed B. M. Sargent, T. D. Metcalf, J. B. Long, H. W. Binder, H. A. Quinn and Mayor Maloney to act as a general committee of arrangements, with Mr. Sargent as its chairman. The first duty of this committee will be to secure the consent of all of the property owners around the park for the temporary closing of the streets. The members are also to secure the requisite order from the park board. It has already been ascertained that not more than one person living near the park is liable to object, and he is a pretty good fellow and never a kicker and it is believed his objections can be easily overcome. The park board will also grant permission, but the legal tangle presents a Gordian knot that may resist all of the attacks of the knives and hatchets that may be directed against it.

New Liberal League to Meet on Friday

The recently formed Liberal league, which now has a membership of 2,500 voters in the county, has planned to hold its second general meeting next Friday. The first meeting was held at Avoca several weeks ago and resulted in an organization fully covering the county. The next meeting will be held in Council Bluffs next Friday. Delegates from all parts of the county to the number of 500 have been provided for, and it is expected that more than 1,000 of the members will be present.

A special train will leave Walnut Friday morning at 8 o'clock, and will stop at all intermediate points, returning at any hour that may be decided upon after the close of the convention.

Speeches in both German and English will be made by well known men including Colonel Joseph Elboeck of Des Moines, president of the Iowa State Liberal league; Max Rathberger of Dubuque, the league's state organizer, and others. The speech of welcome will be made by Mayor Maloney. The Council Bluffs branch of the league has full charge of the entertainment program. Following is the program:

10 A. M.—Reception of the county delegates.
1 P. M.—Meeting called to order. Address of welcome. Business.
4 P. M.—Meeting of the delegates.
5 P. M.—Auto ride through the city.
8 P. M.—Banquet at the Danish hall, only for members of the league.

Real Estate Transfers.

Real Estate transfers reported to The Bee May 25 by the Pottawattamie County Abstract company of Council Bluffs:

LOGAN CITIZENS SAVED LONG WALK BY RAILROAD

LOGAN, Ia., May 26.—(Special.)—The case of Logan against the Chicago & Northwestern railroad came up before the state railroad commissioners here today and resulted favorably for the town of Logan. For a number of years the Northwestern has maintained a barbed wire fence between its passenger station and that of the Illinois Central. The distance between the two stations is a little over 100 feet, but because of the barbed wire fence 1,134 feet. The Northwestern has agreed to cut out six feet of the fence and let the traveling public cross between the stations instead of going around as formerly.

Iowa News Notes.

FORT DODGE—While leading a horse to a blacksmith shop Rasmus Peterson of Badger dropped dead from heart trouble. Just before he fell he remarked jokingly to a bystander, "It's mighty hot; I'm all in." Mr. Peterson was 70 years old, a pioneer farmer of Webster county and well-to-do.

FORT DODGE—Because he became confused when trying to get away from the path of an automobile and turned directly into its path the 7-year-old son of L. A. Pollard of this city lies with both hips broken and internal injuries that may cause his death. The front wheels of the automobile passed over his body. The child was on his way to school.

Bullets Fired at Police Chief Since Reitman's Tarring

SAN DIEGO, Cal., May 26.—Developments today in the Industrial Workers of the World situation here included the assertion of Chief of Police Wilson that attempts had been made recently to assassinate him and one of his officers since the declaration by alleged "vigilantes" that if Emma Goldman and Dr. Reitman attempted to come back to San Diego they "would be shown a good time" and the investigation by Attorney General U. S. Webb and his chief deputy, Raymond Benjamin, of the disturbances here.

Chief Wilson said that shortly after two policemen had been ambushed here by alleged members of the Industrial Workers of the World he was shot at one night as he was retiring.

He said he had heard two bullets as they passed his window, but had heard no report, presumably because Maxim silencers had been used.

When men said to be "vigilantes" were told of the prospective visit of Miss Goldman and Dr. Reitman the declaration was made that they would be met at the depot by several thousand citizens and that they never would "get off the train."

SAN FRANCISCO, May 26.—Colonel Harris Weinstock, Governor Johnson's commissioner to San Diego, sent to investigate the Industrial Workers of the World situation, read at the luncheon of the Commonwealth club a letter which warned him "that he might get a taste of the Ben Reitman episode."

Miss Keen and Party Climb Mt. Blackburn

SEATTLE, May 26.—A telegram from Kennecott, Alaska, announces the safe return of Miss Dora Keen of Philadelphia and party from a successful ascent of Mount Blackburn.

Miss Keen and her party of six men attained the summit of Mount Blackburn, 16,140 feet, last Sunday morning. They arrived at Kennecott on the Copper River railroad today, all well. This is the first ascent of the great Copper river peak.

Miss Keen, with her instruments and tents, sailed from Seattle on April 10 for Cordova and upon her arrival at Kennecott her chief of staff, John E. Barrott, superintendent of the Blackburn mine, was ready with his five men and two teams of dogs. They started up Mount Blackburn last August and were obliged to turn back.

Caught in the Act

and arrested by Dr. King's New Life Pills, bilious headache quits and liver, stomach and bowels act right. Only 25c. For sale by Beaton Drug Co.

Gillig's Old Age

DELAY GETTING LOAN BUREAU

Legislature Must Pass Law Permitting Higher Rate of Interest.

MINERS VOTE FOR WAGE SCALE

Fifteen Thousand Men in District No. 13 Will Resume Operations at Early Date—Eight Years for White Slaver.

(From a Staff Correspondent.)

DES MOINES, May 26.—(Special Telegram.)—Until the legislature takes action that will permit the organization of loan bureaus conducted by public companies or the municipal authorities, no loan bureau will be established in Des Moines. The Commercial club here appointed a committee to organize and open a loan bureau for the purpose of heading off the loan sharks, but the committee after full investigation decided it could not be done legally. The regular loan offices really get high rates of interest and commissions, and any loan bureau would have to charge more than the legal rate to be self-supporting. A committee will be named to go to the legislature and get a special act to permit cities and towns to open loan bureaus.

Miners Will Resume.

President William H. Rogers of the Iowa Mine Workers this evening announced that he hoped the wage question could be finally disposed of so that work in the coal mines could be resumed by the 15,000 miners before the close of next week. The vote shows a clear majority for resumption of work.

White Slaver Sentenced.

George J. Wilson, indicted and convicted on two white slave counts, was sentenced by Judge McPherson to serve eight years in prison. Wilson was convicted on the testimony of his wife, whom, it was charged by the government, he brought from Lincoln to Iowa. The age of the girl, she being less than 18 years old, added three years to the maximum five the court could have passed in a simple white slave count.

New Dirigible Balloon Torn to Pieces by Storm

LEIPSIG, Germany, May 26.—The dirigible ballon Parseval VI was destroyed this morning, by being torn from its anchor by a squall. One of the soldiers on guard near the balloon was injured by the flying tackle. The Parseval VI had arrived only this morning, and had been anchored in an open field.

The flexible dirigible ballons of the Parsecal type have been almost as unlucky as the rigid Zeppelin dirigibles. Parseval VI, destroyed today, had already met with several accidents. It was severely damaged on March 18, 1911, by being dashed again the balloon shed at Johannisthal, near Berlin, and again near Brunswick, on April 22, 1911. Parseval II was totally wrecked at Bitterfeld on May 17, 1911. Parseval III was badly damaged during a forced landing in a snow storm near Bitterfeld on November 18, 1909, and Parseval V was destroyed by fire at Hannoversch-Muenden on June 27, 1911.

WESTERN YOUTH CARRIES OFF HONORS IN LONG RACE

NEWARK, N. J., May 26.—William C. Martin, a small lad from St. Louis, finished first in the 100-mile bicycle race over rugged hills and roads held here today as an elimination tryout for the Olympic championships to be decided in Stockholm this summer.

Western riders carried off the lion's share of the honors, for a Grand Rapids boy, Fred Messner, was second over the line while Carl O. Schutte of Kansas City came in third. Schutte made the best time, covering the century in 5 hours and 27 minutes 6⅘ seconds. Martin's time was 5 hours 30 minutes 46 seconds. Of the eastern competitors the best showing was made by Walter Pofhal of this city, who covered the course in 6 hours 39 minutes 18 seconds.

A field of twenty-five amateur cyclists started and eighteen reached the finish mark. Ninety-one miles of the course was over hilly dirt roads, while the last nine miles were over the velodrome board track. The contest was held to enable the Olympic committee of the National Cycling association to select twelve riders to represent the United States at Stockholm. The committee is not pledged to name the twelve who finished today, for tire troubles and other mishaps put some good riders out of the running, but the result will naturally be the chief point of consideration in making the final selection.

ROURKES START OUT GREAT

Gain a Lead at Home that Will Help Them in the Jungles.

MANAGER ARBOGAST PLEASED

While Some Games Will Be Dropped, It is Hoped that the Home Team Will at Least Break Even Abroad.

After having played some of the best base ball seen in Omaha in the last five or six years and pulling themselves from seventh place to the second place in the average column during the last sixteen days at home the Rourkes will leave Omaha Wednesday morning for Sioux City, where they will play a four-game series and start a nineteen-day trip abroad, during which time they will meet five of the Western league clubs.

The Rourkes will leave Omaha snugly settled in second place and within striking distance of the top of the league. No one expects the Rourkes to jump into first place during the trip abroad, and all the local fans will be entirely satisfied if the Rourkes will break even on the games away from home or in other words take ten of the twenty games while on the road.

Fans with Arbogast.

Manager Arbogast is highly pleased with his team this year and all the Omaha fans are with him. All Omaha is figuring on the Rourkes being in the race all season. At present it looks like the race would be between St. Joseph, Omaha and Des Moines. But, Denver must be figured in this fight also. The Grizzlies go home Wednesday to open up a twenty-four-game stay at home. During this time the Bears ought to get up near first place again as it is hard for a team to go into that country and beat Denver. The Grizzlies are always winners on their own grounds.

The high altitude works on the visting teams but this year it will not be quite so bad as the visiting teams will be in the mountainous country but four days at a time and will not begin to feel the strain until the last day and will then leave before it has affected their playing. Pa Rourke is confident that his team will take at least half of the games while in Denver and is hoping by some manner to get three games. The Rourkes when they leave will go to Sioux City for four games.

From there they will jump direct to Denver for four games. After leaving Denver the team goes to Wichita, then Lincoln and finish at Topeka. They will then come back home for twelve games and leave again on an eight-day trip.

TRAVERS AGAIN WINS TITLE IN METROPOLITAN TOURNEY

SHORT HILLS, N. J., May 26.—For the fourth time in his career Jerome D. Travers of Upper Montclair won the Metropolitan Golf championship today, defeating Oswald Kirkby of Englewood in the thirty-six-hole round over the links of the Baltusrol Golf club, 9 up and 8 to play. Travers was champion in 1906, 1907 and 1911.

A feature today was the great improvement in the driving of Travers. If there was ever any particular weakness in Travers' game noted by the experts it was off the tee, but there was no trouble with his driving today. He got as much distance, if not more, than his opponent, who is admittedly one of the longest hitters in the country. Kirkby, being unable to gain anything in driving, was at a disadvantage, for Travers was unapproachable with the iron clubs.

Chamberlain's Cough Remedy has won its great reputation and extensive sale by its remarkable cures of coughs, colds and croup. It can be depended upon. Try it. Sold by all dealers.

Storz Saxon Old Bräu
IT SURE HAS SOME CLASS

If your business takes you to the court house and city hall frequently, you should have your office in the building closest to these public structures. When so much attention is being paid to "business efficiency" the professional man should likewise consider the number of steps from his office to the court rooms. This is only one of the advantages offered by

The Bee Building

Rooms 210-12-14—A large suite of offices on the second floor, having a total of 1201 square feet. Some of these offices have been partitioned so as to make a suite of about five rooms. This space will be rented either in single offices or in suite. Price per month for all $80.00

Room 323—Reception room, private office, two large closets, large workroom with two north windows. Ideal for engineer, architect, doctor or other professional men. Rental per month, $45.00

Room 352—This is a south front office facing on Farnam street, close to the elevators. It is partitioned so as to afford a private office and reception room. Very desirable. Rent per month, $30.00

Room 416—Has a south and west exposure and is always a very cool room in summer time. Size, 12½x20½ and rents for, per month $18.00

Room 422—Is 15½x19½ feet in size; has two north windows and a private office partitioned off inside this space. This room would be particularly well suited for an architect or studio. Rental $25.00

Room 550—This is a well located office facing Farnam street on the fifth floor, near the elevators. Size of office, 14x15½, having a partition dividing this room into three offices. This would be particularly desirable as an attorney's office, on account of other attorneys being located on this floor and having large libraries. Just the place for two young, ambitious attorneys. Rental price per month $35.00

...Readers of...

The Omaha Bee

get more high class, exclusive features than the readers of any other Nebraska newspaper. The highest priced newspaper writers and artists in the world contribute daily to The Omaha Bee, furnishing delicious and instructive entertainment to the thousands of Bee readers. Here are some of the special features that appear exclusively in this paper:

Mutt and Jeff

Everybody is acquainted with these great laugh makers that "Bud" Fisher draws for The Bee.

Looking Backward

A record of Omaha history of 30, 20 and 10 years ago, tersely told.

The Bee's Wedding Book

Marriage anniversaries of people you know, printed from day to day.

Silk Hat Harry

The character that Tad has given to the fun-lovers of Omaha and the west. He's a big favorite with everyone but his wife.

The Brinkley Drawings

Nell Brinkley, originator of the beautiful pen drawings that you like so much, draws exclusively for The Bee.

Daffydils

Another of Tad's great hits. They make everybody laugh. Nobody can make up Daffydils like Tad.

The Katzenjammer Kids

The captain — did you ever see him smile? He is acquainted with the Katzenjammer kids—as you know—and is still among the funniest pictures in the world.

Sherlocko the Monk

He's running great criminals to earth all the time. It's a funny way he has of doing it, too.

Little Nemo

Some one has pronounced these colored funny pictures the most instructive, for children, ever created.

Desperate Desmond

Better than any dime novel, yet so humorously formed that all Omaha daily laughs.

Happy Hooligan

Who is there that does not know of Happy—poor, old chap! He furnishes the best kind of fun every Sunday.

What Women Like to Read

Ella Wheeler Wilcox, Winifred Black, Mabel Herbert Urner, Dorothy Dix, Francis Garside, Ada Paterson and many others write exclusive articles on things that interest women of all ages.

Carpenter's Letters

These travel tales of this great writer are among the most interesting features of this great paper.

Colored Comic Section

Every Sunday appears four full pages of comics, printed in colors. The best comics published anywhere.

Pink Sporting Section

The pink section—four pages—gives the best news of every branch of sport. The Bee is the only Omaha paper that prints all the box scores.

In the Political Field

Every bit of news—and every interesting sidelight—dealing with the 1912 presidential campaign appears in The Bee.

Telegraphic and Cable News

From every part of the civilized globe The Bee gathers news, keeping its readers informed on every subject.

Your one paper for every day should be

The Omaha Bee
