Omaha Woman Will Fill Two Posts in Federation of Women's Clubs

Mrs. M. D. Cameron

Mrs. M. D. Cameron, prominent Omaha clubwoman, was named to fill two important posts in the General Federation of Woman's Clubs, from the biennial convention of which organization held in Hot Springs, Ark., she returned Wednesday. Mrs. Cameron succeeds Mrs. A. G. Peterson of Aurora as director from Nebraska in the federation directorate and also was elected secretary of the endowment fund commission, formerly headed by Mrs. Peterson. Mrs. Homer Miller of Des Moines was named to replace Mrs. Peterson as chairman, Mrs. Peterson having had to decline renomination because of the pressure of her war duties as chairman of the Nebraska women's Liberty Loan committee. Her daughter, Nell, leaves in June to do Red Cross canteen work in France.

Mrs. F. H. Cole of Omaha, who headed the civil service reform committee last term, was forced by ill-health to decline reappointment to this department. The board adopted resolutions of regret on her inability to continue in office, and named her advisory chairman to the new head of the department, who has not yet been appointed.

Other Nebraska women serving in important capacities at the biennial were Mrs. H. L. Keefe of Walthill, former recording secretary, who served on the credentials committee, and Mrs. A. E. Sheldon of Lincoln, on rules and regulations. Nebraska was the banner state for the number of state chairmen present.

Enroute home with Mrs. Cameron, who joined her at the Springs, Mrs. Cameron visited Camp Pike, where Mrs. C. H. Johannes of Omaha is serving as head of the Young Women's Christian association hostess house. Mrs. Johannes will return in June to visit her mother, Mrs. Fitch. In St. Louis, the Camerons attended the opening of the beautiful Hotel Steadtler roof garden.

The Vacuum Pipeless Furnace Saves Fuel

And Means a Deal of Comfort Winter Time

Now is the time to see about it

We can install the Vacuum Pipeless Furnace in either new or old houses, without cutting the walls or weakening the construction.

Only one large radiator required for both hot and cold air; no pipes.

All heat goes to the rooms; no heat wasted in basement or between walls, as in the case of a pipe furnace.

The Vacuum burns any kind of coal, coke or wood.

The first cost is much less than a pipe system.

Send us a rough plan of your house, or better yet, let one of our men come and see your problem, then we can tell you if it can be heated satisfactorily by the Vacuum principle.
