Cattle—Cattle receipts today were 16,000 head, and the two days' supply, 34,300 head, has been practically the same as last week, but 6,000 short of the same two days last year. Demand for weighty steers and desirable butcher stock was fairly broad and prices held about steady. On the general run of medium and light-weight steers and cows the outlet was restricted and bids and sales generally 10@15c lower than Monday, or 25@40c lower than the latter part of last week. In stockers and feeders the movement was very sluggish, as supplies of both stale and fresh cattle were heavy. Good quality and strong weight steers were in fair request, but there was a very poor outlet for the medium and common stuff at prices 10@15c lower than yesterday and anywhere from 25@50c lower than last week.

Quotations on cattle: Choice to prime beeves, $17.50@19.00; good to choice beeves, $16.00@17.25; fair to good beeves, $13.50@15.75; common to fair beeves, $10.00@13.00; good to choice yearlings, $12.00@15.50; common to fair yearlings, $8.50@11.00; choice to prime grass steers, $15.00@17.25; fair to good grass beeves, $12.00@14.50; common to fair grass beeves, $9.00@11.25; Mexican beeves, $9.00@11.00; good to choice heifers, $9.75@12.00; good to choice cows, $9.00@11.50; fair to good cows, $7.75@8.75; common to fair cows, $6.25@7.25; prime feeders, $13.25@15.50; good to choice feeders, $10.50@13.00; fair to good feeders, $10.50@13.00; fair to good feeders, $9.00@12.25; common to fair feeders, $6.00@7.50; good to choice stockers, $10.00@11.00; stock heifers, $7.00@8.50; stock cows, $6.00@7.50; stock calves, $7.00@11.00; veal calves, $6.00@13.00; bulls, stags, etc., $8.00@9.50.

Hogs—Today's receipts amounted to 5,800 head, making the run for the two days, 9,737 head. The shipper market was very slow and order buyers took a very small proportion of receipts at 25@35c lower than yesterday. Packers were very bearish and while a few loads were not over 15c lower, the bulk was fully 25c below yesterday. Choice hogs today seemed to suffer the most and the quality of the run on the whole was fairly good. Bulk of all sales was $18.85@19.00, sales were reported as low as $18.75 and top was made of $19.60.

Sheep—There was another liberal run of sheep reported in today, estimated at 43,000 head, making the total for the two days, 107,600 head. It is a difficult matter to give definite quotations as to the decline of feeder lambs the last two days, the top yesterday was $15.00, fair to good lambs selling down to $11.75 and culls to $10.00, the decline for the two days is propably from 75c@$1.00 on best lambs. Fat lambs are off 25@35c, $17.10 being the top yesterday.

Quotations on lambs: Lambs, good to choice, $16.75@17.10; lambs, fair to good, $14.00@16.75; lamb feeders, $12.00@15.50; yearlings, good to choice, $12.50@13.00; yearlings, fair to good, $12.00@12.50; yearling feeders, $12.00@12.75; fat wethers, $10.75@12.00; wether feeders, $11.75@12.25; ewes, good to choice, $9.25@9.75; ewes, fair to good, $9.00@9.25; ewe feeders, $8.00@9.00.

GRAIN AND PRODUCE

All Receipts Are Very Light—Corn Eight Cents Off to Two Cents Up—Virtually No Market Wheat or Oats.

Omaha, September 24, 1918.

Receipts of grain today were very light and there was scarcely enough samples on the tables to make a market in any of the cereals, particularly wheat and oats. Arrivals were 32 cars of wheat, 31 cars of corn, 8 cars of oats, no rye and 4 cars of barley.

Corn prices ranged from 8c lower to 2c higher. Good grades of white showed the big decline. Some of the choice yellow brought the advance, while the remainder of this kind was about unchanged.

Wheat was quoted as unchanged for the few cars sold.

Oat figures were firm and barley unchanged. There was no rye sold.

CHICAGO GRAIN AND PROVISIONS.

Temporary Stoppage of Shipments Brings About Advance in Corn Market.

Chicago, Sept. 24.—Temporary stoppage of the issuance of permits of grain from country points had bullish effect today on corn. Closing prices were firm, ⅝@1c net higher, with October $1.47¼@1.47⅜ and November $1.45@1.45¼. Oats finished unchanged to ⅛@⅜c lower. The outcome in provisions varied from 35c decline to 5c advance.

Inasmuch as the corn trade had been expecting liberal receipts the reversal of this outlook gave an immediate advantage to the bulls. It was explained that official figures showed too large a number of cars waiting to be unloaded at the eight leading markets, and that the avoidance of congestion was of the utmost importance. Some uncertainty as to how soon the clearing up of the tracks would allow a resumption of the rural movement led to a sharp reaction, which was emphasized by the favorable character of the war news, but profit taking by shorts together with a assurance of a decided falling off in supplies for the time being brought about later a fresh upturn in values.

Commission house selling checked advances in the oats market. Receipts were small, and in good demand.

Weakness in the price of hogs made provisions average lower.

Butter—Market unchanged.

Eggs—Higher; receipts, 11,985 cases; firsts, 43½@44c; ordinary firsts, 41½@42½c; at mark, cases included, 40½@43c.

Poultry—Alive, market lower; fowls, 21@27c; springs, 25c.

Subsequently, covering by shorts led to rallies. The close was firm, ⅝ to 1 cent net higher, with October $1.47¼ to $1.47⅜ and November, $1.45 to $1.45¼.

In the later trading pork and ribs underwent an additional setback. Lard, however, developed a little strength.

Corn—No. 2 yellow, $1.59; No. 3 yellow, $1.50@1.55; No. 4 yellow, $1.40@1.48.

NEW YORK STOCKS

Market Broader and More Active, but Profit Taking and Professional Selling Check Advance.

New York, Sept. 24.—In a broader and more active stock market today the recent advance in prices was repeatedly checked by profit taking and professional selling. General intluences were considered favorable to a continued advance, but pressure from special sources weakened many individual shares, and the general list moved irregularly in response. Stocks regarded as essential war issues did not respond to the impetus shown elsewhere.

Heaviness in the tobacco and distillery issues, the latter suffering sharp declines ostensibly because of federal legislation favorable to prohibition, was offset to some extent by the strength shown by Central Leather, oils, equipments, motors and some of the utilities. Central Leather advanced 2 points after declaration of its 2 per cent extra dividend.

Except in periods of profit taking the most popular shares were sustained by the good war news. United States Steel reached its highest price of the current movement at $1.11⅞, but was subsequently freely sold when it became known that no alteration would be made in the present prices of Steel products. Sales amounted to 300,000 shares.

Exchange rates on neutral countries again exhibited a drooping tendency. Liberty bonds overcame their recent weakness, the third 4¼s moving up 50 points. Foreign issues sold higher, with French municipals especially strong. Railroad and other bonds continued their downward trend. Total sales par value, $8,200,000.

United States bonds (old issues) unchanged on call.
