BUILDING GAIN IS MARKED FROM MONTH TO MONTH

All Indications Are That These Increases Will Continue—Record Spring for Building Expected.

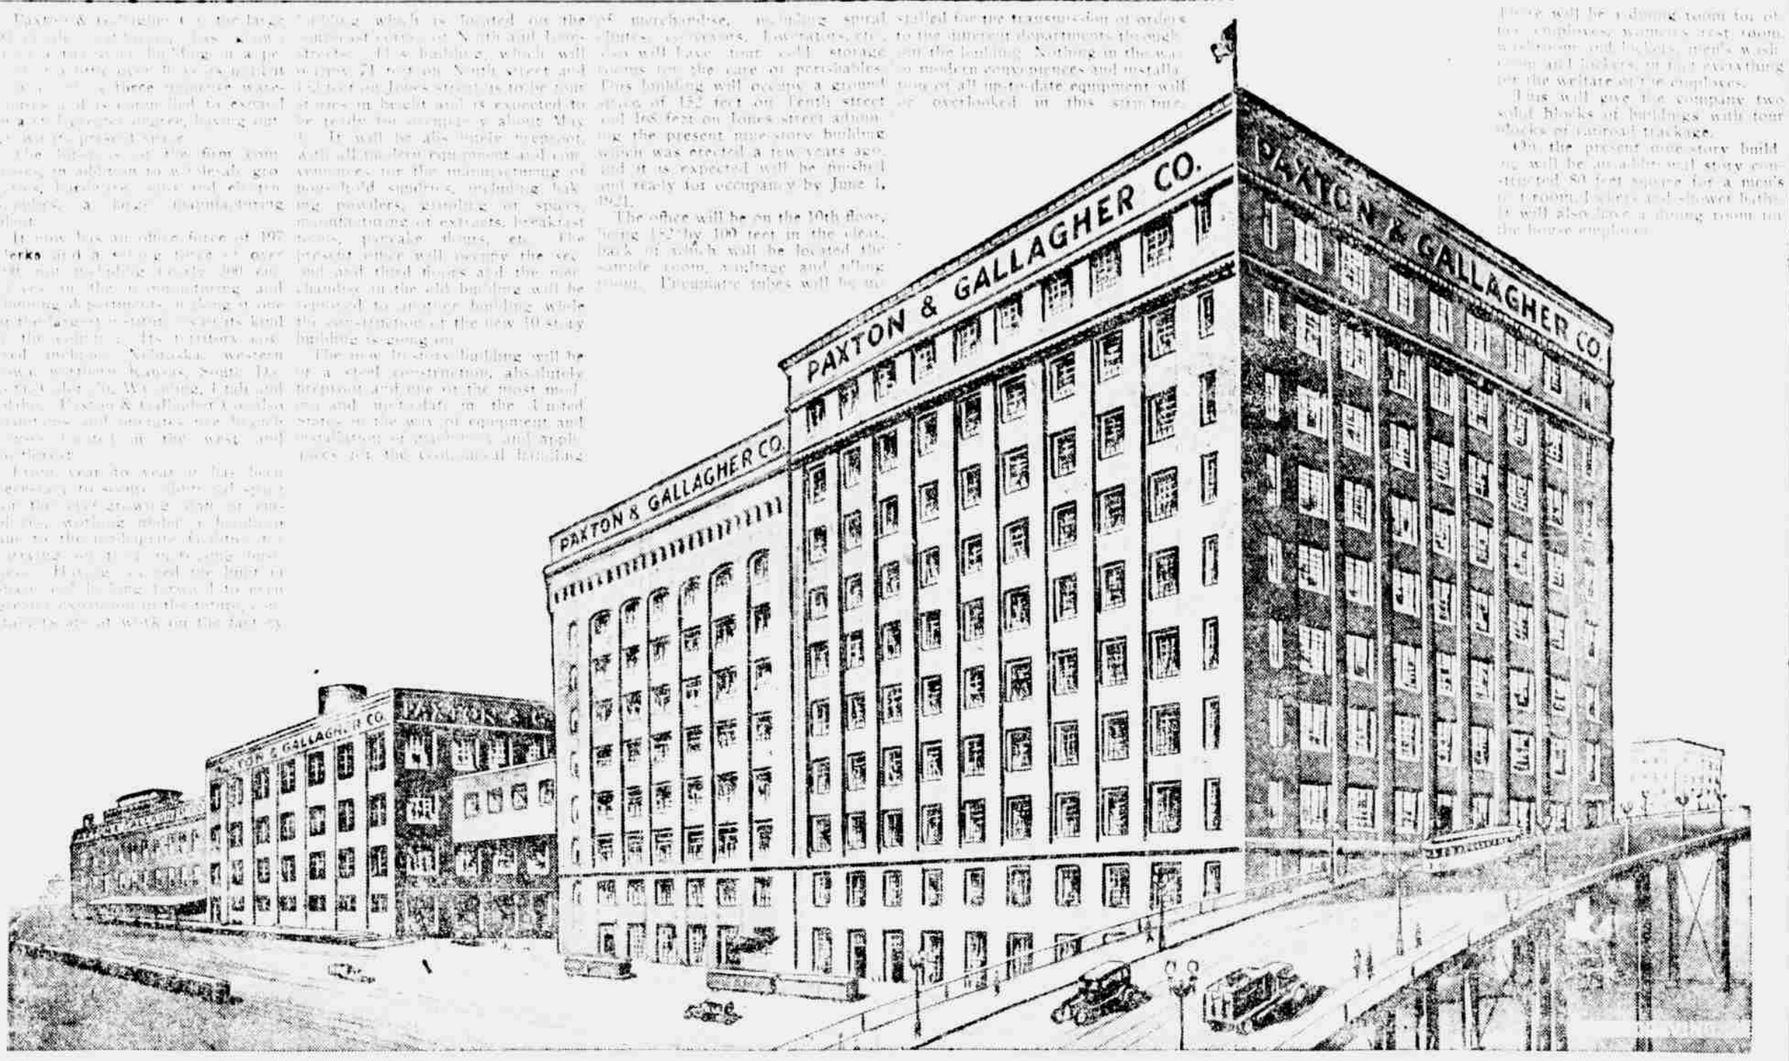
[illegible]

"Building costs are moving toward higher levels, and there is no immediate indication that these tendencies will be changed. The labor supply is still greatly limited and the demand for buildings is all-inclusive enough to create unfavorable conditions that will exert a compelling pressure toward higher price levels.

"General conditions throughout the industry are in a wholesome condition. This is reflected in a strong demand for capital with which to further building enterprises. The enormous demand for space and the steady mounting up of rents has brought about a considerable amount of new building of the larger types of construction such as office structures, manufacturing plants, hotels and apartment houses in the leading cities of the country.

"While the demand for buildings of all kinds will continue strong for an indefinite period, there is no likelihood of a runaway market or boom conditions, as the shortage of labor and building materials will prevent such conditions and there seems to be every indication that the industry will gain added momentum along thoroughly substantial lines."

Paxton & Gallagher's Mammoth Warehouses, Offices and Factory Now Building



[illegible] merchandise, including spiral stairs, elevators, lavatories, etc., also will have their own storage rooms for the care of perishables. This building will occupy a ground space of 152 feet on Tenth street and 165 feet on Jones street adjoining the present one-story building which was erected a few years ago and it is expected will be finished and ready for occupancy by June 1, 1920.

The office will be on the 10th floor, being 152 by 100 feet in the clear, back of which will be located the sample room, storage and filing room. Pneumatic tubes will be installed for the transmission of orders to the different departments throughout the building. Nothing in the way of modern conveniences and installation of all up-to-date equipment will be overlooked in this structure.

There will be a dining room for the employees, women's rest room, a gymnasium and locker, men's washroom and lockers, in fact everything for the welfare of the employees.

This will give the company two solid blocks of buildings with four blocks of railroad trackage.

On the present one-story building will be an double-deck story constructed 80 feet square for a men's gymnasium, lockers and shower baths. It will also have a dining room for the house employees.

100,000 PRIZES FOR SCHOOLS FOR ESSAYS ON ARMY

"Treasure Trove" Given Away by Government—Ton of Coal First Prize In Indianapolis.

Washington, Feb. 1.—Uncle Sam's "treasure trove" party for the little neighbors and nieces to be held May 5 is going to be attended by tens of thousands of children from Maine to California. Invitations to the party will be issued April 20 and the lucky ones from "Ma" and "Pa" in the national state, county, town, village and all are invited to the national essay contest on February 22 on the subject "What are the lessons of our enlargement in the U. S. army?" The "treasure trove" is worth $100,000 in cash, silver medals, bronze medals, engraved certificates, gold, bank deposits and what not.

More than [illegible] already have joined in the essay contest by February 20 [illegible] and teachers entered more than [illegible] pupils. There's a cash prize for the best essay written by a boy or girl in Dallas, Tex., and a ton of coal for the best one in Indianapolis. Yes, and these are the only prizes offered in these days of cut-down expenses, merely given to show the spirit of the thing. Scholarships in high schools, colleges and a year's subscription to the home town paper have also been the "treasure trove."

It is reasonably doubtful that Count Bolo-Pasha has entered a double [illegible] in the contest, but he has [illegible] that he has requested permission to stay in Sing Sing Bolo-Pasha's birthday, 1st June and March on the same board of [illegible]. It is doubtful if he would be looking [illegible] the United States army, however.

54 Years In American Army Without Asking for Day Off

Washington, Feb. 7.—A record of long service at the quartermaster's [illegible] United States army is said to have been brought to the attention of Secretary Baker in the case of John Alarcon, a messenger in the Little Rock depot, who has been in the service over 54 years.

The war department has issued an official statement concerning the record of Mr. Alarcon, in which it is stated that during his service he has never asked for a day's leave, his only absence from duty being about three weeks, due to an accident.

Up Sculpture to Escape Household Work

Iowa City, Ia., Feb. 7.—"I became tired of housekeeping and sculpture work as a sculptor to escape the drudgery of housekeeping," confessed Miss Nellie V. Walker, noted Iowa sculptor, now working in the Midway studios, Chicago, in association with Lorado Taft, in addressing a class in history of art at the University of Iowa here.

"To be sure," she said, "my father was a workman in granite and marble. He cut tombstones. That gave me a job in a factory and an opportunity, but I began the work because I disliked dusting, sweeping and, above all, washing dishes.

Miss Walker is one of Iowa's best known sculptors. She executed the statue of Chief Keokuk, which stands above Keokuk's grave at Keokuk, Iowa.

Miss Walker never received any help financially from her parents, but they never opposed her work as an art student.

"Bachelor Gallery" in London Restaurant

London, Feb. 7.—The fashionable West End's latest eating place, the Embassy club, has solved the long-year difficulty by installing a "bachelor's gallery," where everything feminine is barred.

Early Icebergs Already Are Seen Off Grand Banks

New York, Feb. 7.—Capt. A. F. Hakansson, of the Swedish liner Stockholm, which arrived here from Gothenburg, said two large icebergs and a quantity of field ice were sighted east of the Grand Banks of Newfoundland. This is usually a sign of spring, but the heavy seas of two weeks may have started the ice.

Extreme Decollete Gown Hissed In Paris Theater

Paris, Feb. 7.—The same sort of costumes that go on the Paris stage don't go in the audience at all. A beautiful woman entered a box a few nights ago at one of the Paris theaters whose charms are gold and dancers are not in her lack of raiment. When she removed her fur coat and displayed a gown extremely decollete the audience hissed her. She was escorted from the theater by the manager and two ushers.

22 Ounces Standard Weight of Bread Loaves

Manhattan, Kan., Feb. 7.—Twenty-two ounces as the standard weight for loaves of bread was set by the Riley county fair price commission a few days ago.

Investigators revealed that one bakery was turning out bread weighing 24 ounces per loaf, while others were making only 20-ounce loaves. All the bread was selling at 15 cents per loaf.

Advises "Corn Silk"

Extract in Treatment of Kidney and Bladder Ailments.

Allays Inflammation and Restores Normal Action.

Just a simple extract of green corn silk compounded with other simple well-known drugs, seems to bring results in the treatment of Kidney and Bladder disorders that might almost be classed as miraculous. Congestion and inflammation of the kidneys and bladder cause untold distress. Pains in back and hips, pain and pressure in bladder region, frequent desire to eliminate, causing restless sleep soon wears out the patient's vitality and more serious results follow neglect.

The soothing, balmy effect of Balmwort Tablets are noticed quickly as the inflammation is allayed and the organs are toned up to act as nature intended.

Alexander T. Matson, 20 Elm Street, Passaic, N. J., writes:

"I have been taking Balmwort Tablets for Kidney and Bladder trouble and find they give me the most beneficial results."

Stop your suffering and nightly distress by asking your leading druggist for a tube of Balmwort Tablets. Price, $1.00.—Adv.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your Back hurts or Bladder troubles you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a scalding sensation, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, bring back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time, by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, thick and glossy and you look years younger.

Mable McKinley—Niece of the Late President of the United States—Takes Nuxated Iron for Health and Strength

And Says She Regards It as the Ideal Tonic For All Weak, Run-Down, Nervous Women

Dr. George H. Baker, Formerly Physician and Surgeon Monmouth Memorial Hospital of New Jersey, Explains Why Iron Is One of the GREATEST OF ALL STRENGTH BUILDERS

Says: He has found nothing in his experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron.

Every woman who wishes to possess health, strength and beauty, should carefully read the statement of Miss McKinley who, after her personal use of Nuxated Iron, tells of the results she obtained.

Miss McKinley says, "While I had often heard of Nuxated Iron I must admit that prior to using it myself I had no idea of its remarkable value for building up the health and strength.

"Following the strain imposed by months of the most exacting work singing for the soldiers in the various army encampments, together with my social engagements and charitable pursuits, I found myself in such a weakened, run-down state that I feared a complete collapse.

"It seemed utterly impossible for me to drop everything and go away for a complete rest, but I realized that as my condition was serious I must rather do this, or find something that would actually be helpful in my work, and enable me to continue my activities.

"I had always been prejudiced against tonic preparations which, for the most part, I found only acted as a temporary stimulant and usually left one worse off than ever. However, when my own family physician insistently recommended that I give a fair trial to Nuxated Iron, I consented to begin its use, with a result that after a few days the weakness and exhaustion from which I suffered began to be replaced by a feeling of renewed strength and vitality. In less than three weeks' time my whole system was tingling with energy and power and I was astonished to find that I was once more in superb physical condition.

"I cannot too highly recommend Nuxated Iron to my friends and acquaintances as a most beneficial tonic for all run-down, nervous, weak or anemic people, and I shall always be glad to do so."

In commenting on Miss McKinley's statement regarding the efficacy of Nuxated Iron, Dr. Ferdinand King, New York Physician and Medical Author, says: "It is my opinion that in every nine times out of ten, nervousness and failing strength and vitality are due to deficiency of iron in the blood. Many a woman who is run-down, nervous and who quickly tires out, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron, might really build up their red blood corpuscles, increase their vitality, energy and get themselves back to vibrant and vigorous health, by enriching the blood and increasing its oxygen carrying capacity. Nuxated Iron is a [illegible] Iron. [illegible] Iron [illegible] Iron [illegible] Iron
