Cattle—Estimates called for 2,200 head of cattle here today or 1,500 less than Thursday. Total for the five days is 25,800, or over 2,000 larger than receipts for the same period a week ago, but 6,000 less then for the corresponding time last year.

All grades of beef cattle moved at about steady prices this morning and quality as a whole was very plain. Demand for butcher stock appeared light, and the usual slow market prevailed at prices generally unchanged from yesterday. Stockers and feeders were about steady.

The long string was $13.70@13.80 and there was enough of a spread to create a bulk of $13.60@13.80 and top at $14.00. Extra heavy hogs continue in the undesirable class, regardless of weight, with several loads at $13.25 and sales made as low as $12.00.

Sheep—Arrivals of sheep and lambs today were limited as is usually the case for the close of the week. Receipts amounted to 7,000 head and practically all of the offerings were fat. Packers were good buyers from the start and fat lambs made reflected quite a little improvement. Good fat lambs sold largely at prices a quarter higher, best grades bringing $20.20@20.50, with a decent class of killers selling from $19.50@19.75. Fat sheep rulled strong with top on ewes $13.25. There was nothing much doing in feeders, owing to a light country demand and a very small supply. Good fleshy feeders are still quotable around $17.50@18.00.

New York Coffee.

New York, Feb. 20.—There was some further covering in the market for coffee futures today owing to firm Brazilian cables, but recent advances had evidently left the technical position easier and the general ruling of prices was lower under realizing sales and holiday. The market opened 1 to 4 points lower, and after showing net losses of about 14 to 18 points steadied up slightly on reports of higher futures in Brazil.

The bulges met increased offerings, however, and May declined to 14.65c on the later trading, or 23 points net lower. That delivery closed at 14.66c, with the general list showing a net decline of 22 to 26 points. March, 14.29c; May, 14.66c; July, 14.86c; September, 14.78c; October, 14.75c; December, 14.71c.
