

PE-RU-NA

For Cramps in the Stomach of Six Years' Standing.

"I was troubled with cramps in the stomach for six years. I tried many kinds of medicine, also was treated by three doctors.

"They said that I had nervous dyspepsia. I took the medicine for two years, then I got sick again and gave up all hopes of getting cured.

"I saw a testimonial of a man whose case was similar to mine, being cured by Peruna, so I thought I would give it a trial. I procured a bottle at once, and commenced taking it.

"I have taken nineteen bottles, and am entirely cured. I believe Peruna is all that is claimed for it."—Mrs. J. C. Jamison, 61 Marchant St., Waterville, Cal.

RHEUMATISM

There is hope for you. I want every chronic rheumatic to throw away all medicines, all salicylates, all plasters, and give **MINNIE'S RHEUMATISM REMEDY** a trial. No matter what your doctor may say, no matter what your friends may say, no matter how prejudiced you may be against all advertised remedies, give one bottle of **MINNIE'S RHEUMATISM REMEDY**. If it fails to give satisfactory relief, I will refund your money.

Remember this remedy contains no salicylates, no opium, cocaine, morphine, or other harmful drugs. It is put up under the guarantee of the Pure Food and Drug Act.

For sale by all druggists. Price, 25c.

45 to 50 Bushels of Wheat per Acre

have been grown on Farm Lands in WESTERN CANADA

Much less would be satisfactory. The general average is above 20 bushels.

All are in full praise of the great crops and that wonderful country. Extract from correspondence National Editorial Association of August, 1905.

It is now possible to secure a limited area of 100 acres free and another 100 acres at \$500 per acre.

Hundreds have paid the cost of their farms (if purchased) and then had a balance of from \$100 to \$200 per acre on one crop.

Wheat, Barley, Oats, Flax—all do well. Mixed farming is a great success and dairying is highly profitable.

Excellent climate, splendid schools and churches, railways and what is most every district within easy reach of market.

Railway and Land Companies have lands for sale at low prices and on easy terms.

"Last Best West" Pamphlets and maps sent free. For these and information as to how to secure land, Railway Rates apply to W. D. Scott, Superintendent of Immigration, Ottawa, Canada, or E. T. Holmes, 315 Jackson St., St. Paul, Minn., and J. M. MacLachlan, Box 210, Waterville, Me. District Agents, Waterville, Me.

REFUSE SUBSTITUTES.

Paxtine TOILET ANTISEPTIC

Nothing like it for THE TEETH. Paxtine excels any dentifrice in cleaning, whitening and removing tartar from the teeth, besides destroying all germs of decay and disease which ordinary tooth preparations cannot do.

THE MOUTH. Paxtine used as a mouth-wash, washes and cleans the mouth and throat, purifies the breath, and kills the germs which collect in the mouth, causing sore throat, bad breath, grippe, and such ailments.

THE EYES. When inflamed, tired, red, and burn, may be instantly relieved and strengthened by Paxtine.

CATARH. Paxtine will destroy the germs of inflammation and stop the discharge. It is a sure remedy for uterine catarrh.

Paxtine is a harmless yet powerful germicide, disinfectant and deodorizer. Used in bathing it destroys odors and leaves the body antiseptically clean.

MAID AND MATRON

A Woman's Question.
Before I trust my fate to thee,
Or place my hand in thine;
Before you get your omelette
Or help me on with mine;
Before I permit all for thee,
Question thy soul to-night for me.

Before we sit a single spot,
Stand back and let me know:
Does my black skirt touch on the sides,
And does the white skirt show?
Speak now, lest at some future day
My whole life wither and decay.

Look deeper still within thy soul,
And let me learn my fate;
Am I all buttoned down the back
And is my hat on straight?
Let no false pity spare the blow
But in true mercy tell me so.

Gaze on my face and answer true,
Before we start to go:
Can't thou detect the roseline
And does the talcum show?
If so at any pain or cost,
Oh, tell me now ere all is lost!

Nay, answer not; thou couldst not tell,
The words would come too late;
Get on thy hat and hurry up,
We haven't time to wait.
Whatever in my heart may fall,
Remember, I must risk it all!

Waiting for Some Man.
Woman has been handicapped through the ages by being brought up to think that there is not much worth while in life outside of marriage, writes Orison Sweet Marden in Success Magazine.

How many precious years and opportunities for growth, for life enlargement she has missed while waiting for marriage!

Even to-day, in this splendid age, we see young women everywhere with splendid possibilities who seem to be just waiting, waiting, waiting for what they have been brought up to believe is the supreme event of their lives.

Many of them might broaden their education and improve themselves wonderfully while they are waiting for the right man to come along. Did they but know it, they are not half as likely to find the right man while waiting inactively as when they are vigorously preparing themselves for a large and useful life.

It is most unfortunate that any girl should be brought up to-day with the antiquated idea that marriage is everything, and that other things do not count much.

The traditions of the past, however, are rapidly falling away from the emancipated woman of the twentieth century. In this new era tens of thousands of girls have found glorious openings in all departments of life.

Useful fields are awaiting women on every side. She is realizing that achievement is sexless; that she can be just as independent as man, and that there are just as many opportunities and fields of usefulness for her.

Who can estimate what this new era means to the plain girl, the girl with splendid mental powers, but who may be physically unattractive, or who may prefer a single life?

Fads and Fancies

in Dress

Faded gloves are being worn in Paris more than white ones for smart afternoon dress.

Satin is best left untrilled, although for afternoon gowns for spring it will be among the most popular fabrics.

Hats of fine coral chip, as well as the once more popular crimoline, will be seen, with wide-spreading brims curled up on one side.

A rather wide band of ribbon, brought up around the hair and tied in a broad, girlish bow at one side, is a French head finish much favored.

Dangles, tassels, fringes, all are in order, and passementerie drop trimmings may be found in all the modish colors and in the metallic, pearl, jet and crystal effects.

Metallic tissues and nets are being brought out in amazing variety. Every shade of gold, silver, gun metal and bronze is represented, and there are, too, all of the colors shot with metal.

Net girdles of wide soft mesh, am bordered boldly in ribbons (a lustrous blue) and fringed with this same ribbons, are offered in many of the fashionable colors and in white, which may be dyed to any shade.

Raffia has been woven into extraordinarily smart bags and belts, the straw often being oddly but delightfully studded with semiprecious stones, whose color shows attractively upon the soft shade of the straw.

Heads are no longer crinkled and ratted past all semblance of humanity. The simpler the better, say the knowing ones. If your "style" permits a demure wave flowing away from a classic center part, so much the luckier for you.

Fresh Air for the Sick.
Nothing is more common than fresh air. It is all pervading and provided by nature. It is free to all who will take it. We all need it and all have to have it. The sick need it more than the well, and yet there are those who think the windows in the sickroom must be kept closed. As a matter of fact, the one best thing we can do for the sick is to see to it that they have an abundance of fresh air all the time.

Wives of the Presidents.
The wives of the Presidents are as follows:
Washington married Martha (Dandridge) Custis; John Adams, Abigail Smith; Madison, Dolley (Payne) Todd; Monroe, Eliza Kortwright; John Quincy Adams, Louisa Catherine Johnson;

Jackson, Rachel (Donelson) Roberts; Van Buren, Hannah (Hoes) Harrison; Anna Symmes; Tyler, Letitia Christian; second wife, Julia Gardiner; Polk, Sarah Childress; Taylor, Margaret Smith; Fillmore, Abigail Powers; second wife, Caroline McIntosh; Pierce, Jane Means Appleton; Lincoln, Mary Todd; Johnson, Eliza McCord; Grant, Julia Dent; Hayes, Lucy Ware Webb; Garfield, Lucretia Rudolph; Arthur, Ellen (Levis) Herndon; Cleveland, Frances Folsom; Harrison, Caroline Lavinia Scott; second wife, Mary Scott Dimmick; McKinley, Ida Sexton; Roosevelt, Alice Lee; second wife, Edith Kermit Carow; Taft, Helen Herron.

Fancy Tucked Blouse.

The latest blouses are made with just such long pretty sleeves as these, and this model can be utilized both for the separate waist or net, thin silk, lingerie material and the like and for the entire gown. In the illustration it is made of fine lawn combined with banding of Valenciennes lace, and with hand embroidery worked in the squares formed by the design, but these squares can be filled with applied motifs if preferred, and for the trimming any banding is appropriate.

Laundry Work.

Table linen should be starched while still wet. Prepare about four quarts of blue water, and to this stir in a tea-cupful of good, hot starch. Dip the table linen in the starch, wring, and hang out to dry. All bed and table linen should be taken down while still damp, folded tightly and evenly, mangled and ironed. Starch should not be used without the dilution of blue water for table linen, as otherwise it makes servietts much too stiff for comfort in using, and if a tablecloth is too much starched it is very difficult to iron it properly, and it does not lie flat upon the table. Linen stiffened with hot starch must be sprinkled with warm water, not cold, should it get too dry before ironing. Nothing sets off the faintness of a dinner table better than beautifully got up damask.

Good Headache Remedy.

One of the very best remedies for a sick or nervous headache was suggested to me recently by a Finnish servant girl. She took raw potatoes without either washing or paring and cut them into thin slices. These were laid close together on the forehead and temples and kept in place by covering with a large handkerchief folded cornerwise and tied in the back.

In a short time the pain disappears. As the pieces of potato get hot replace with cold fresh ones. They give all the coolness of ice without the incidental dampness, and there is not the burning sensation ice often causes. The potato is distinctly soothing.

To Overcome Boils.

A French doctor has had great success with scattering boils by applying at the first sign of inflammation compresses wet with equal parts of tincture of arnica, tincture of iodine and spirits of camphor. Continue until the trouble seems to be passed. If with the compresses one drinks sulphur water or red clover blossom tea, it will help to scatter the boils and overcome the tendency.

Ironing-Day Hint.

To prevent the iron from sticking to a collar or shirt front when ironing it, a capital plan is that of using white wax, while at the same time a good gloss is obtained on the surface of the linen. Instead of investing in special wax for the purpose, any odds and ends of candles may be used, and these should be worn into a square of cotton or linen, and the iron passed once or twice over it before beginning to use it.

Polish the Furniture.

A furniture polish that is recommended by those who have tried it is made with one wine glassful of olive oil, the same quantity of vinegar, and two tablespoonfuls of alcohol. Apply with a soft cloth and polish with flannel.

A Foot Warmer.

When retiring at night take a large, soft feather pillow and place directly over the feet; it will keep them delightfully warm on the coldest of nights.

To Keep Chamois Clean.

Chamois should be rinsed in warm water several times while using, and when the work is through should be washed thoroughly in ammonia water to keep from stiffening.

A LITTLE KNOWLEDGE

Of Painting Requirements Will Save Much Expense.
When one sees the surface of a house or other building scaling, or peeling, or spotted or blistered, or showing other symptoms of paint "disease," it is evident that a poor painter has been on the job, or that poor paint was used—or possibly that a good painter has been dominated by a property-owner who knew nothing about paint.

It is an easy matter to be informed on paint and painting. A complete painting guide, including a book of color schemes, either for exterior or interior—specifications for all kinds of painting—and an instrument for detecting adulteration in paint material, with directions for using it, may be had free by writing National Lead Company, 1902 Trinity Bldg., New York City, and asking for Houseowner's Painting Outfit No. 43.

Then, every houseowner should make it a point to get only well-known reliable brands in buying his materials. Pure white lead is especially important, or the paint will not prove satisfactory. The famous "Dutch Boy Painter" trademark of National Lead Company, the largest makers of pure white lead, is an absolute guarantee of the purity and quality of the white lead sold under it. That trademark is a safeguard against paint trouble.

English mercantile marine, which forms more than one-half of the whole world's shipping, brings that country about \$450,000,000 every year.

Home Tonic for Old People.
Wonderful results, eventually restoring full physical vigor, are obtained from the following: "One-half pint good whiskey, add one ounce syrup sarsaparilla and one ounce Toris compound, which can be procured from any druggist. Take in teaspoonful doses before each meal and before retiring."

Theodore Gill, the world's greatest authority on fishes, works for the United States government for \$1 a month.

Pettit's Eye Salve 100 Years Old.
relieves tired eyes, quickly cures eye aches, inflamed, sore, watery or ulcerated eyes. All druggists or Howard Bros., Buffalo N. Y.

On Her Way to the Club.
"For money's sake, whose dirty little boy are you?"
"Yours, mamma."—Chicago Tribune.

No Wonder She's Cross.
The woman who has a thousand petty cares and annoyances while she suffers with headache or sideache must not be blamed if she cannot always be angelically amiable. What she needs is thoughtfulfulness from her family and such a simple and natural remedy as Lane's Family Medicine, the herb tea that makes weak women strong and well. Sold by druggists and dealers.

New York City's water reservoirs hold a sufficient supply to meet the usual needs of the city for fourteen weeks.

Only One "BIOMO QUININE."
That is LAXATIVE BIOMO QUININE. Look for the signature of E. W. GROVE. Used the World over to Cure a Cold in One Day, 25c.

In the reign of Charles I. the death rate in London was seventy a thousand, or more than three times what it is now.

What a Former Oregon Farmer Thinks of Western Canada.
Albert Nelson left Benton County, Oregon, in September, 1904, for the great Canadian prairies. To quote from his letter: "I was greatly surprised to find such an immense stretch of rich virgin prairie still almost unoccupied in the very heart of North America. The splendid crops of oats, wheat, barley, potatoes and hay I beheld in the settlements made me very eager for a piece of this rich soil, and I soon located in the Goose Lake country. We have here a great stretch of the rich deep clay loam of the Saskatchewan—a soil heavy and hard to break, but particularly well adapted for the retention of moisture and production of the bright No. 1 hard wheat, and great crops of oats, barley, fax and potatoes. I had 60 bushels of oats weighing 44 pounds to the bushel per acre. Some of my neighbors had still greater yield. Wheat yielded from 20 to 30 bushels per acre. We have all done well here, and I could name many Americans who came here with means to go ahead, who have done big already. For homesteads one has to go further west, but the best prairie can be bought here for from \$12 to \$16 per acre. The climate is dry and healthy. This is the regular Saskatchewan fall weather—frosty nights and bright sunny days—ideal for threshing and hauling out of wheat. The trails are dusty, as thousands of wheat teams are moving towards the elevators.

The sight of it makes one stop and wonder what it will be in a few years when the immense prairies get under cultivation. Heavy snowfall is the exception here. Snow generally falls in December and goes off in March. It sometimes gets very cold, but the Saskatchewan farmer does not fear the cold. Winter is his season of rest. The first or second crop he builds a comfortable house for himself, and warm stables for his horses. He need not, like some, be poking about in the mud all winter attending a few beasts for a livelihood.

One on Uncle Hiram.
City Niece—Well, Uncle Hiram, how did you enjoy the tea with the slices of lemon in it?
Uncle Hiram—Tea? Gosh, gal! I thought that was pure out-and-out circus lemonade.

Wise people use Hamlin Wizard Oil to stop pain because they know it always makes good. Foolish people try experiments. Ask your druggists about it.

An estimate by the geological survey places the country's production of Portland cement in 1905 at 40,000,000 barrels, a decrease from 1904 of nearly 20 per cent.

AFTER DOCTORS FAILED

Lydia E. Pinkham's Vegetable Compound Cured Her.
Willimantic, Conn.—"For five years I suffered untold agony from female troubles, causing backaches, irregularities, dizziness and nervous prostration. It was impossible for me to walk upstairs without stopping on the way. I tried three different doctors and each told me something different. I received no benefit from any of them, but seemed to suffer more. The last doctor said nothing would restore my health. I began taking Lydia E. Pinkham's Vegetable Compound to see what it would do and I am restored to my natural health."—Mrs. ETTA DONOVAN, Box 290, Willimantic, Conn.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backaches, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

This Trade-mark Eliminates All Uncertainty
in the purchase of paint materials. It is an absolute guarantee of purity and quality. For your own protection, see that it is on the side of every keg of white lead you buy.
