

Where is Your Hair?

In your comb? Why so? Is not the head a much better place for it? Better keep what is left where it belongs! Ayer's Hair Vigor, new improved formula, quickly stops falling hair. There is not a particle of doubt about it. We speak very positively about this, for we know.

Does not change the color of the hair.

Formula with each bottle show it to your doctor. Ask him about it, then do as he says.

Induced, the one great leading feature of our new Hair Vigor may well be said to be this—it stops falling hair. Then it goes one step further—it aids nature in restoring the hair and scalp to a healthy condition. Ask for "the new kind."

Before going down a well, test the purity of the air by lowering a lighted candle or lantern. If the light burns dimly or goes out the poisonous carbonic acid gas "damps" can be driven out by igniting a quantity of turpentine and sawdust or kerosene and rags, in a kettle, and lowering it to the surface of the water; and then, later, pour several bucketfuls of water into the well from the top. Test again with the lantern and note the improvement.

The following item taken from the South Omaha notes in the Omaha True Voice, refers to Father Moriarty who was a resident at Jackson for several years: "Rev Father Moriarty of Benson attended the meeting of the Old Settlers Association last Tuesday. Sioux City Journal, May 10th: W H Barnes this morning received from A G Campbell a telegram saying that arrangements are complete to give the show on the Beall triangle May 28 and 29 for the benefit of the Playground association.
Next Monday two advertising cars will arrive here and forthwith the bill boards will be clothed in gayly colored posters announcing the multitudinous acts in the Campbell shows. Not only will Sioux City be thoroughly billed, but all towns within a radius of twenty miles will be flooded with posters and advertising matter.
The circus will arrive here early on the morning of the 28th. A street parade each day will be followed by performances afternoon and evening.
In the meantime the men and women interested in the Playgrounds association will thoroughly canvass the city with tickets. By the sale of tickets it is hoped to secure sufficient funds to carry the Playground project through its first season without asking the public for subscriptions.
