

HOUSE ADOPTS TARIFF CONFERENCE REPORT

Vote Is 195 to 183—Twenty Republicans Against Two Democrats Favorable.

ALLEGED JOKERS UNEARTHED

Sensation Caused by Discovery of Tricks with Respect to Lumber and Leather Rates.

The House of Representatives in Washington adopted the conference report on the tariff bill Saturday night by a vote of 195 to 183. Previously a motion to recommit the bill to conference was defeated by a narrow margin—185 to 191. The previous question on the motion to recommit was ordered after the House had been in continuous session for ten hours. Twenty Republicans voted against the adoption of the report. They were:

- | | |
|------------------|--------------------|
| Cary (Wis.) | Miller (Minn.) |
| Davis (Minn.) | Murdoch (Kan.) |
| Gronna (N. D.) | Nelson (Wis.) |
| Haugen (Iowa) | Nye (Minn.) |
| Hubbard (Iowa) | Pointexter (Wash.) |
| Keller (Ohio) | Southwick (N. Y.) |
| Kendall (Iowa) | Steenerson (Minn.) |
| Lenroot (Wis.) | Stevens (Minn.) |
| Lindberg (Minn.) | Voistand (Minn.) |
| Mann (Ill.) | Woods (Iowa) |

Two Democrats, Broussard and E. L. Long, voted for the report. The Republicans voting to recommit the bill were twenty-two in number, as follows:

- | | |
|------------------|--------------------|
| Cary (Wis.) | Miller (Minn.) |
| Davis (Minn.) | Murdoch (Kan.) |
| Good (Iowa) | Nelson (Wis.) |
| Gronna (N. D.) | Nye (Minn.) |
| Haugen (Iowa) | Pickett (Wash.) |
| Hubbard (Iowa) | Pointexter (Wash.) |
| Kendall (Iowa) | Southwick (N. Y.) |
| Lenroot (Wis.) | Steenerson (Minn.) |
| Lindberg (Minn.) | Stevens (Minn.) |
| Maddox (Kan.) | Voistand (Minn.) |
| Mann (Ill.) | Woods (Iowa) |

Chairman Payne made the motion to recommit to shut off Representative Mann, who was ready to move to recommit with instructions. Under the rules only one motion to recommit is in order, and the strategy of Mr. Payne, who voted against his own motion, of course, prevented a direct vote on any specific feature of the conference report.

Of even greater interest, in some respects, than the formal proceedings in the House was the alleged discovery of startling jokers in the conference report with respect to lumber and leather. These alleged jokers were brought to notice through the meeting of the progressive Senators Saturday afternoon, and in circles where the information penetrated it caused a decided sensation.

FORGERIES IN LOOTED BANK

Bonus Paper Found After Departure of Defunct—Brother Quits Place. William H. Marker, cashier of the First National Bank of Tipton, Ind., and brother of Noah R. Marker, missing assistant cashier, who is charged with defaulting of over \$100,000, has resigned. Many bad notes and checks are turning up in the examination of the bank being made by Miller Weir, national bank examiner, and the directors. This paper, bearing forged signatures of substantial citizens, represent, it is said, thousands of dollars abstracted from the bank's funds. It is expected that the shortage will be \$110,000, and it may be much more.

FOIL \$10,000 BLACKMAILER

Moffat, of Denver, by sending a note demanding the money under threat of kidnaping Frances McClurg, his 17-year-old daughter, and dynamiting the family home. McClurg was instructed to put the money in a sealed package, and give it to a messenger boy who would call for it. McClurg notified the police, and when the boy called he was followed by detectives, but the blackmailer must have seen the detectives, as he never appeared to meet the boy.

SPAIN IN AN UPROAR; ALFONSO IS HOOTED

Barcelona Revolutionary Movement Collapses and Leaders Face Trial.

MARTIAL LAW EVERYWHERE

Heights of Guruga, Morocco, Swarming with Moors, Attacked by Cruiser Neumancia.

Rioting in the provinces of Catalonia, Spain, and the general manifestations of discontent in Madrid over the continuance of the war against the

Kabyle tribesmen in Morocco have given rise to grave fears that the entire country is on the brink of a revolution. King Alfonso Wednesday declared all Spain under martial law and announced a temporary suspension of constitutional guarantees. He announced that the rioting in Catalonia would be put down at all costs and arranged to dispatch to Barcelona at once two cruisers and the entire Third and Fourth Army corps, under the personal command of Prince Charles of Bourbon. Prince Ferdinand of Bavaria also will accompany the troops, with the rank of squadron commander.

King Alfonso was publicly hooted on the streets as he drove from the railroad station to the royal palace on his return from San Sebastian. Cries of "Down with the king!" were heard on every hand.

Barcelona is the center of the worst rioting, and it is there that the uprising against the war policy of the government seems to center. The authorities feel that their first care must be to break the spirit of the Barcelona rebels, after which they can subdue the malcontents in other places with greater ease.

Wednesday marked a black chapter in Spain's history, for there was tragedy both at home and abroad. The king reached Madrid in time to learn that part of his army at Melilla had had a bloody battle with the Moors, which, though the final victory was won by the Spaniards, cost the lives of twenty-one officers and a total of 200 Spaniards killed or wounded. The captain-general of Barcelona, Spain, has telegraphed to the general staff at Madrid that the revolutionists have surrendered, and that he is now the master of the situation. The number of victims as a result of the fighting in the streets was high. Twenty-three buildings were destroyed by the artillery. Leaders of the rebels are being tried by court-martial and summarily executed. There is no train service between Barcelona and Madrid.

Special dispatches from Melilla said that the Spanish cruiser Numancia was shelling the heights of Mount Guruga, which was swarming with Moors. Gen. Marina, commander of the Spanish forces in Morocco, reports that there is momentary quiet outside Melilla, but no details of the situation of the army at Melilla are given out except that Spanish reinforcements with a new commanding general have arrived there.

A Carlist plot to dethrone Alfonso is believed to have been foiled by the police, who raided the Carlist headquarters in Madrid and seized a large amount of papers and documents. Members of the Carlist junta, some of them close relatives of Don Jaime, the pretender, fled from Madrid just in time to escape capture. Bankers are rapidly shipping their cash reserves into France, under heavy military guard, owing to a fear that the army will revolt and a bloody revolution will follow.

CHECKS DEPORTING OF ALIENS

Immigration Bureau Rebukes Inspectors for Hasty Action. "O" late the arresting and deporting of aliens has increased enormously and a tendency is noted in some cases to sacrifice quality of work to quantity. This will not do. There must be no merely superficial inquiry in any case. Officers must not submit recommendation for arrest upon irresponsible, uninvestigated accusations." This was the sharp rebuke administered in instructions which have just been sent out from Washington by the Bureau of Immigration to all commissioners of immigration and inspectors in charge, directing attention to the failure of investigating officers in making thorough preliminary inquiry, especially in cases of alleged violation of the alien contract labor law.

MADE IMMUNE FROM TYPHOID.

Soldiers Undergo Test and Prove the Value of New Serum. The last of the series of typhoid tests have been applied to Sergeant Fuller and Privates Schmidt and Goodman, of Fort Omaha, and they have been pronounced immune. In June they were vaccinated with typhoid serum and developed the disease in a mild form. Later they were vaccinated, but the serum did not "take." Ten days ago they underwent the supreme test, that of drinking freely of a gallon of stagnant water into which one million fever germs had been placed. The men were placed in the hospital and closely watched. They should have developed symptoms within five to seven days, but as none has appeared they are now declared immune.

AMERICAN CONSUL ATTACKED.

Colombian and Stranger Wound Official—Culprits Will Be Punished. William B. McMaster, the American vice consul at Cartagena, was attacked and seriously wounded by a Colombian and a stranger, according to a dispatch to the State Department in Washington from the legation at Bogota. FOREIGN

In German Southwest Africa new diamond mines have been discovered whose value is estimated at \$250,000,000. During the past two weeks 174 deaths from the bubonic plague and thirty-six deaths from cholera occurred at Amoy, China. The diseases are still unchecked. The Turkish court martial appointed by the new government to investigate the massacres in Adana Province reports that fifteen of the guilty Turks had already been hanged, that 800 more deserve death, that 15,000 deserve hard labor for life and that 80,000 deserve minor sentences. In view of the reported reconciliation of the opposing elements, it is recommended, however, that general amnesty be proclaimed, and that it be made the occasion of a national holiday.

A report from Newmarket, England, is to the effect that the sensational price of \$40,000 has been paid for the brood mare Flair, the property of the late Sir Daniel Cooper. The previous record for brood mares was \$22,000, paid for La Fleche. The cruisers North Carolina and Montana are returning to the United States from a cruise in Turkish waters, where they were sent under rush orders from Guantanamo last April for the protection of Americans in Asia Minor, following the outbreak of hostilities between the Moslems and the Armenians.

TEN KILLED IN WRECK.

Trains of Spokane and Inland Line Collide at Coldwell, Wash. Ten persons were killed and at least sixty were injured in a head-on collision of electric trains on the Spokane and Inland Railway Saturday afternoon. The wreck occurred at Coldwell, Wash., a station between Couer d'Alene, Idaho, and Spokane. No. 20 west-bound train had left Couer d'Alene at 4:30 p. m., and just reached Coldwell when it met No. 5, east bound. Both trains were going at the rate of about fifteen miles an hour. They crashed together without warning to the crew or passengers. The heavily laden coaches were crushed. Men and women were thrown from their seats, some being hurled to the top of the coaches, while others were sent flying through the windows. Several coaches left the track, and passengers were caught under the pile of broken timbers. The Couer d'Alene hospital is now filled with the injured. Only one of the train crew is reported injured.

Fireworks Display is Scene of Tragic Feature in an Ohio Town. One man was killed and two were injured when a mortar exploded at a fireworks display in connection with the convention of the National Hay Dealers' Association at Cedar Point, near Sandusky, Ohio, Tuesday night. A part of the mortar struck Henry Jordan of Sandusky in the head, killing him instantly. Another piece of metal struck Thomas Larkin of Sandusky in the mouth, and flying sand probably destroyed the eyesight of Andrew Dietrick, of Reading, Ohio.

HANG SLAYER OF BENEFACTOR.

Negro Who Murdered His Employer, a Cripple, Is Executed. Claude Brooks, aged 21 years, a negro, was hanged in Kansas City for the murder of Sidney Herndon, a well-to-do real estate owner, formerly of Tyler, Tex., Jan. 12, 1908. Herndon, a defenseless cripple, was killed with a hammer in his room in a downtown apartment and robbed. Brooks had been befriended by Herndon and was in his employ as an elevator boy. The negro confessed.

WOMAN GONE; FEAR FOUL PLAY.

Clothes Found on Pond Bank Indicate That Tragedy Occurred. The finding of a woman's cape, stockings and petticoat on the bank of Truer's pond near by lends a sinister aspect to the mystery surrounding the disappearance of the young woman from a hotel in Burlington, N. J., last Thursday. The missing woman, together with a man supposed to be a New York broker, registered at the Metropolitan Inn Wednesday evening as Mr. and Mrs. Williams of New York. The man left on the early train for New York Thursday morning, and the woman, who seemed to be in trouble, hired a horse and carriage for a drive in the country. Later the team was found deserted on the bank of Rancocas creek. Letters in the woman's suitcase were addressed to "Miss A. M. Wilson, Manhattan Hotel, New York."

The report states: "This is the lowest condition ever known at this season of the year and indicates a crop of around 11,000,000 bales, and unless good rains fall in the next week throughout almost the entire belt, but more especially in Texas, southern and western Oklahoma and Mississippi, the crop will be under that figure."

Zigmund Klobber Bewails Loss of Diamond to Fair Highwayman. The Chicago police are seeking a pretty, fashionably dressed young woman who early Tuesday morning robbed Zigmund Klobber of a diamond stud valued at \$60. According to Klobber's story to the police he met the young woman in Lincoln Park. Her bewitching smile induced him to make overtures of friendship and he had no difficulty in engaging her in conversation. The girl, who was not more than nineteen years of age, says Klobber, suggested a walk, and the two strolled north in North Park avenue. At Tell place Klobber's companion stopped, and turning quickly, snatched his diamond stud from his shirt. She ran north and disappeared into an alley.

WRIGHT MEETS U. S. TEST.

Orville, with Passenger, in Airship Surpasses Requirements.

Orville Wright Friday night attained a hard earned success. In a ten-mile cross country flight near Washington in the aeroplane built by himself and his elder brother, Wilbur, and accompanied by Lieutenant Benjamin D. Foulois, of the army signal corps, he not only surpassed the speed requirements of his contract with the United States government but accomplished the most daring flight ever planned for a heavier than air flying machine.

He broke all speed records over a measured course and established the practicability of the aeroplane. Wright's speed was more than 42 miles an hour. He made the ten-mile flight in 14 minutes and 42 seconds, including the more than twenty seconds required for the turn beyond the end of the course. He attained a height in crossing the valley of Four Mile run of nearly 500 feet, and the average altitude of his practically level course was about 300 feet.

President Taft arrived at the parade ground at Fort Myer just in time to see the aeroplane land and to participate in the demonstration which welcomed the triumphant aviator. He sent Colonel Treat, commanding officer of the artillery at Fort Myer, to bear his congratulations to the victors.

WOUND MANY IN STRIKE RIOT.

Shots Are Exchanged and One Trooper Is Seriously Injured.

As a result of rioting at the McKees Rocks steel car plant at McKees Rocks, Pa., Trooper Stanford Morris of the State constabulary lies in a critical condition in the McKees Rocks Hospital, while three strikers were seriously shot and scores of others were wounded.

Trooper Morris, while walking along Ohio street, was set upon by a crowd of foreigners, and with a companion was compelled to fire a number of shots, three of which are known to have taken effect. In the melee Trooper Morris had two fingers on his right hand broken and sustained internal injuries. When the crowd of rioters was surging closer to the troopers the latter opened fire, and this scattered the crowd so that the two men could make their escape. The wounding of their comrades seemed to discourage the rioters. All through the evening, however, the troopers were compelled to do patrol duty, and hundreds of shots were exchanged.

TRADE AND INDUSTRY.

The pearl button cutters in the Iroquois Pearl Company's plant at Prairie du Chien, Wis., went on a strike for higher wages. The Carnegie Coal Company will expend \$1,000,000 in building a new dock at Superior, Wisconsin, work on which will be begun at once. The contract has been let to Schmidt Bros. & Hill of Superior, who will employ 200 men in carrying on the work.

The St. Paul public schools have enrolled about 600 pupils in the summer gardens this season and all of the young farmers are eager for the work. Boys and girls over 8 years of age are sent in squads under care of the gardeners to the gardens. Each pupil has a patch of garden truck about six by twelve feet.

A report widely published was to the effect that the Standard Oil Company chemists at Bayonne, N. Later officials of the company denied the whole story.

Work of Congress

When the Senate met Friday Senator Hale, chairman of the Committee on Appropriations, reported the urgent deficiency appropriation bill, with amendments necessary to carry out certain provisions of the new tariff law. After five minutes' open session the Senate went into executive session, and a few minutes later adjourned until 12 o'clock. Entering upon the last stages of its consideration by Congress, the tariff bill as reported by the House by Chairman Payne and ordered printed in the Congressional Record. Three hundred and fifty of the 390 members were in their seats when Chairman Payne passed up to the Speaker's desk the bulky document which has occupied the attention of Congress for four and half months.

Provision was made for the administration of the new tariff law by the adoption by the Senate Saturday of numerous amendments to the urgent deficiency appropriation bill, which was passed. In addition to the salaries for judges and other officials and employees of the new United States Court of Customs Appeals the Senate appropriated \$100,000 to aid the State Department in making treaties, \$25,000 for the President's traveling expenses, \$100,000 to pay the expenses of the advisory board which will assist the President in carrying out the duties imposed upon him by the maximum and minimum provision and \$100,000 to defray the expenses of a bureau which will enforce the collection of the new corporation tax. The Senate voted to reduce the salaries of the judges of the new Customs Court to the amount received by judges of United States Circuit Courts. Salaries of the government attorneys who will try customs cases also were reduced. The House adopted the conference report on the tariff bill, 195 to 183, twenty Republicans voting adversely. A motion to recommit the bill to conference was lost by a narrow margin.

Several Senators insisted that the conference report be read in full Monday to avoid undue haste, and the Senate dragged through a seven-hour session. Senator Daniel opened the debate on the report, charging that the Democratic members of the Finance Committee had been dealt unfairly in that they had not been permitted to vote in committee on the adoption of the report. He claimed that an agreement entered into for that purpose with Mr. Aldrich had been violated. Intentional violation was disapproved by Mr. Aldrich, who could not agree with Mr. Daniel as to what had occurred between them. Senator Bristow said the bill did not keep party pledges and he would not vote for it. The conference report on the Philippine tariff bill was agreed to by the House. The measure is supplementary to the Payne tariff bill and is intended to provide enough additional revenue to make up the amount which will be lost to the Philippine government by the enactment of the provision for free trade between the United States and the Philippines. A bill granting a franchise for the construction of a dam across the Savannah River was passed. The remainder of the session was taken up with a discussion of the urgent deficiency appropriation bill as amended by the Senate. One of the amendments provided for carriages for the Vice President and the speaker, and all of them were disagreed to.

When the Senate met Tuesday it was at once apparent that opposition to the conference report on the tariff bill had collapsed, and an agreement was soon reached to vote on the measure at 2 o'clock Thursday. The Western Senators agreed to vote on the bill at that time under the understanding that a concurrent resolution would be passed correcting the hide and leather schedule. The change will make manufactured leather dutiable at 10, instead of 15 per cent. Senator Culberson said he would seek to have cotton bagging included in the concurrent resolution. Mr. Aldrich in replying to Mr. Newlands said that the conference provision giving the President power to secure information on the maximum and minimum clause would be found more effective than the Senate clause. Senator Clapp attacked the conference report and Senator McCumber supported it. After being in session seven minutes the House took recess until 3 o'clock in the afternoon. In answer to Mr. Clark (Missouri), Mr. Dalzell (Pennsylvania) said the adjournment was moved in order that the members might take action on the conference report on the urgent deficiency appropriation bill, and that the tariff bill would not be brought in. When the House reconvened there was a very slim attendance, and the report was not ready, so the House adjourned.

John D. Rockefeller has transferred several million dollars' worth of real estate in New York to his son, John D.
