

Throat Coughs

Ask your doctor about these throat coughs. He will tell you how deceptive they are. A tickling in the throat often means serious trouble ahead. Better explain your case carefully to your doctor, and ask him about your taking Ayer's Cherry Pectoral.

Who makes the best liver pills? The J. C. Ayer Company, of Lowell, Mass. They have been making Ayer's Pills for over sixty years. If you have the slightest doubt about using these pills, ask your doctor. Do as he says, always.

Mr. Renter

Harvest is about over. You have paid a large share of your entire crop to your landlord. Has it paid? Are you satisfied with the remainder. Do you realize that dollars paid for rent are dollars that do not come back? They're gone, and unless you strike out for yourself and your boys, more are going next year. Here is a Money-Saving Proposition. Go with me into the Big Horn Basin. Buy a small irrigated farm on easy payments; payments as easy as paying rent in your present locality, and in ten years you'll have a farm of your own in a growing country where crop-failures are unknown, and good prices prevail. Write me for details today. I am employed by the Burlington and my services will cost you nothing.

Wm P Warner Likely to be Re-appointed U. S. Marshal

Sunday's Omaha Bee in speaking of the prospects of Wm P Warner being re-appointed by President Taft to the position of United States marshal for the district of Nebraska, has the following to say:

President Taft can make two very acceptable Christmas gifts to Omaha residents, if he will. The appointment of United States district attorney and United States marshal for this district are due almost any day now.

The candidates for the office of United States district attorney are Charles A. Goss, the present incumbent, and Frank S. Howell of the firm of Jeffries & Howell. Mr. Goss has the prestige of a quite successful administration of the office to rely on, as well as some enthusiastic friends. Mr. Howell has some very strong backing and pressure on the two United States senators in his behalf is being brought to bear by a great many influential members of the republican party of Nebraska.

In the case of Marshal Warner there is apparently no opposition to his re-appointment. The clear field thus given is taken to mean that his Christmas gift will arrive in due time.

One important aspect of Warner's candidacy for re-appointment is that it practically removes him from the field as a candidate for congress in the Third Nebraska district.

The marshalship and the attorneyship pay \$4000 a year each. They have become very important positions by reason of the big cases that have come before the federal court in Omaha of late and others likely to come.

Both Goss and Warner are filling vacancies caused by the demanded resignations of their predecessors. President Roosevelt called for the resignations of Irving F. Baxter, district attorney, and T. L. Mathews, marshal, at the time of the commitment to custody of Bartlett Richards, W. G. Comstock and their partners. The then district attorney and marshal were held to have exceeded their authority and to have abused the power of their office when they permitted the prisoners to go with their attorney to dine at the Omaha club instead of taking them to the Douglas county jail.
