The "Old Muddy" has been on the rampage the past ten days—the annual spring break-up. It has been higher than for several years, and besides making fierce inroads on the banks east and south of town it has overflowed into the Jackson lake, filling it nearly bank full, and also into Crystal lake, but not enough to materially damage the latter body of water. It is now subsiding.

Quite a little excitement was created Sunday when some boys telephoned the sheriff from the J T Knepper place that from the appearance of things on the river bank just east of there a man had been murdered and thrown in the river. Sheriff Rockwell, Wm Biermann and Marshal Fueston were soon on the scene of the alleged tragedy and found nothing to indicate that a man had been foully dealt with. It developed, however, that a dead cow had been hauled to the river bank, skinned and the carcass dumped over the bank into the murky waters.

The Northwestern depot in this place had a close call by fire Monday night. As Ben Hall was on his way home about 7:30 in the evening he discovered the depot platform on fire at the northwest corner of the building. He gave the alarm and the news was phoned down town from W L Ross' residence. In a few minutes a crowd had collected and the fire was extinguished before any great amount of damage was done. As this is the second or third time this same depot has caught fire, presumably from sparks from passing trains, it might be well for the railroad company to put in a well of some sort at the depot, as the town people are getting weary of carrying water from residences in that locality to put out fires originating from sparks from engines.

Sheriff J P Rockwell and Deputy Wm Bierman returned Sunday noon from Eldorado, Ark, where they had gone in response to a telegram from the marshal at that place stating that he had Dan Sible, the man wanted for forgery here, under arrest. It proved to be a "wild goose" chase, as the party in custody was not Dana Sible, although the description fitted the man to some extent. Sible is the man who forged checks on the Jackson bank recently, and for whom a reward of \$50 is offered. He had relatives living at Eldorado, Ark, and it would have been no more than natural for him to turn up there. When this other man, who was working for Sible's relatives as plasterer, was arrested by the marshal the Sibles of course professed, claiming that he was innocent, but it did not satisfy the authorities there, who kept him in custody until the arrival of the Dakota county officers who soon convinced them with photographs that he was not the man wanted.

AUGUST GERLACH
Who Killed Joseph Lee at Emerson Surrenders to Officers.

August Gerlach, who shot and instantly killed Joe Lee at Emerson on the evening of January 13th, in the back room of the Jensen meat market, is now confined in the county jail in this place awaiting his preliminary hearing which has been set for Monday.

Gerlach disappeared from Emerson the day following the shooting, after the coroner's jury had been discharged without fixing the blame upon him. He first went to Valentine, Neb, and afterwards drifted back to Omaha.

near which place he worked on a farm until a few days ago when he showed up at Herman, Neb; where he formerly resided, and was immediately recognized by the marshal who placed him under arrest Tuesday and notified Sheriff J P Rockwell. The prisoner was brought to this place Wednesday morning by the marshal at Herman, being met at Emerson by Sheriff Rockwell, and will have to answer to the charge of murder.

County Attorney J J McAllister will prosecute the case for the state, while Judge R E Evans has been retained by the defense.

An Easter service will be held by the Sunday school of the Dakota City Lutheran church next Sunday evening at 7:30 o'clock. All are welcome.

Fire destroyed the barn on the R E Evans place near the Northwestern depot, occupied by Ben Hall, shortly after noon Thursday. The fire is supposed to have been started by a Burlington engine.

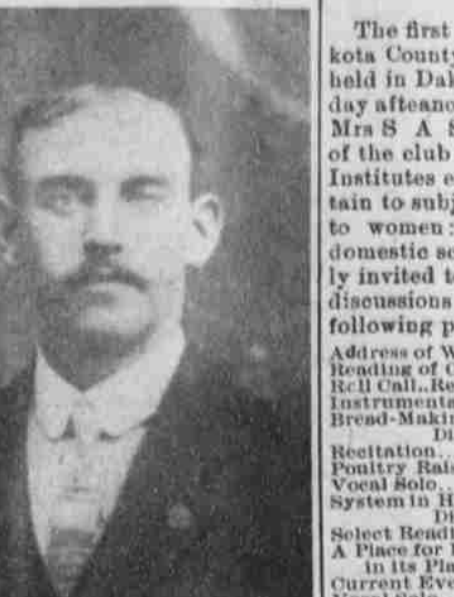

The Burlington road will soon put on another passenger train running opposite the present service. The new train will arrive in Sioux City from Lincoln at 12:20, and leave again for Lincoln at 7 p.m.

He had been confined to his bed since Sunday, and grew rapidly worse until the final summons came. Little Emil was the pride of his home and also one of the brightest boys in his classes at school, whose pleasant manners and kindly disposition won for him the respect of teachers and associates. The funeral services will be held Saturday afternoon at 3 o'clock, and will be conducted by Rev Deitz, Lutheran pastor of Ponca. Interment will be in the Dakota City cemetery.

The Stark Year Book for 1910

is ready to mail. It will be sent to any person interested in fruit-growing on receipt of 7 cents to cover postage. The Stark Year Book for 1910 represents an entirely new idea in nurserymen's literature—it is a work of art as well as a catalogue of Stark Nursery products. Within its covers are 32 full-page illustrations of fruits and flowers, representing 175 varieties, done in four colors, and exactly reproducing nature. 84 pages are devoted to descriptions, prices, and records.

Stark Delicious, the apple that has revolutionized orchard planting and established a new standard of apple values (selling at \$10.00 per bushel box this year); Stark King David, another apple of wondrous quality and merit; Stark King Philip, a hardy black grape of California grape quality, and dozens of the very best things in the horticultural world are fully described, illustrated, and priced.

To any one planting one tree or many, of fruits or ornamental, this book is of incalculable value—a horticultural text-book—a guide to proper selection.

Stark trees have stood the supreme test of actual planting for 85 years—they are the yard-stick by which all other nursery products are measured—they are the first choice of the country's most successful orchardists. The success of the orchard is dependent on the kind and quality of tree planted. Stark varieties are the best of the best. Our record of 85 years of successful selling is a positive guarantee of tree quality.

Before you decide to buy, send 7 cents for the Stark Year Book—do it today before the edition is exhausted.
