## Low Rate Tours Spring and Summer 1910

### Plan now a 5,000-mile summer tour of the coast.

See the far west with its diversified sections broadening under scientific cultivation; visit its incomparable cities with their environment of intensive land wealth. A Coast Tour is a broad education and the world's greatest rail journey.

Round trip, central Nebraska to California or Puget \$60 Sound, via direct routes, June 2st to September 30th.

Round trip on special dates each month from April to \$50 July, inclusive.

Higher one way through California, Portland and Seattle.

One way, eastern and central Nebraska to San Francisco, Los Angeles, San Diego, Portland, Tacoma, Seattle, Spokane, etc., March 1 to April 15.

Proportional rates from your town. Consult nearest ticket agent or write me freely asking for publications, assistance, etc, stating definitely your general plans. L. W. WAEELEY, G P A, Omaha, Neb 1004 Farnam street.

is ready to mail. It will be sent to any person interested in fruit-growing on receipt of 7 cents to cover postage. The Stark Year Book for 1910 represents an entirely new idea in

Stark Year Book for 1910 represents an entirely new idea in nurserymen's literature—it is a work of art as well as a catalogue of Stark Nursery products. Within its covers are 32 full-page illustrations of fruits and flowers, representing 175 varieties, done in four colors, and exactly reproducing nature. 84 pages are devoted to descriptions, prices, and records. a Stark Delicious, the apple that has revolutionized orchard planting and established a new standard of apple values (selling at \$10.00 per bushel box this year); Stark King David, another apple of wondrous quality and merit; Stark King Philip, a hardy black grape of California grape quality, and dozens of the very best things in the horticultural world are fully described, illustrated, and priced. To any one planting one tree or many, of fruits or ornamental, this book is of imestimable value—a horticultural text-book—a guide to proper selection. Stark trees have stood the supreme test of actual planting for 85 years—they are the yard-stick by which all other nursery products are measured—they are the first choice of this country's most successful orchardists. The success of the orchard is dependent on the kind and quality of tree planted. Stark varieties are the best of the best. Our record

the kind and quality of tree planted. Stark varieties are the best of the best. Our record of 85 years of successful selling is a positive guarantee of tree quality.
