Those having phones should pay
their monthly rental to C. H. Burleigh
in exchange for his receipt. Many are
paying a year in advance. It is urged
that all pay at least six months in ad-
vance to avoid extra bookkeeping.

The B. & M. claim agent has agreed
with Mr. Rockey, the representative of
most of the persons owning real es-
tate in the burnt district north of town,
to settle at the rate of twenty-five cents
an acre for all acres burnt. The rail-
road company is to be commended for

taking this just course. It is also re-
ported that those who used their teams
to take citizens to the fire will be paid
for the hard work which fell on their
teams.

Several farmers who live east of town
were delayed more than an hour Tues-
day by a train across the track. They
finally went for the marsh but the
train pulled out while they were gone
and thus all opportunity of building up
a school fund was lost, at least for the
present.

A. D. Millett, our assessor, is deep
in the mazes of the new revenue law
which no one, even among the state
officers, seems able to understand and
interpret. A new revenue law is a
ticklish thing to assess under until it
has been in force long enough for a
number of test cases to be tried, thus
giving decisions to guide the assessing
officers.

Clark Olds & Co. have employed a
gentleman by the name of Dick Herald
as blacksmith. It is said that he is an
excellent workman and that he turns
out a prodigious amount of work in a
short time. For a long time the need
of more help in the Olds shop has been
felt by the proprietors and they now
seem determined by the hiring of ad-
ditional help, the installing of modern
machinery, to handle all the work that
comes here. It should be pleasing to
both the town and country people to
see these further evidence that the
town is going ahead. The fact that
we have added a creamery, bank, po-
tato storage warehouses and a modern
blacksmith and wood working shop to
our enterprises since the county seat
was lost, would indicate that Heming-
ford is not entirely wiped off the map.

man's last week and also living on their

—one Sells and the other a Byer (s).

farm north of town and will try farm-
ing a little this season. Tom ought to
know how for he came from Missouri.

gine E. V. Cramer's crew was laid out
at this place for a few hours on Sat-
urday, which gave that gentleman the

Easter, the most sacred day in the
year and which brings to memory our
risen Lord, will be observed by a pro-
gram entitled "Easter Bells," by the
children of the Sunday school at the
M. E. church on Easter night.

There will be a meeting of the stock
holders of the creamery on the 5th of
April at 2 o'clock at the creamery
building. The business to be trans-
acted is the election of officers. All
stock-holders should be present and try
to assist in devising a way to dispose
of the property, which is fast running
down.

A part of Buffalo Bills wild west
show was side tracked at this place for
two hours last Saturday. Two large
Buffalos in a grater car was the at-
traction of young and old. The same
train carried six splendid Percheron
stallions, which were billed for Boze-
man and which the accommodating
helper exhibited to our stockmen. At
the same time True Miller was in town
with his fine imported Jack which cost
him in the east \$500 and altogether we
had quite a menagerie for one day.

CANTON

to Hemingford this week.

this week, looking up spring rye.

J. W. Broshar and Arthur Bass are
both afflicted this week Job's afflictions.

Quite a number of the elite of Can-
ton attended the Easter turkey dinner
at J. B. Hulbertson's, Snake creek, Sun-
day.

The Sunday school elected its officers
Sunday for the ensuing year, all of the
old officers being re-elected. C. W.
Lockwood, superintendent; Mrs. J. W.
Broshar, assistant superintendent; A.
Bass, treasurer; W. C. Phillips, secre-
tary; Miss Jessie Clayton, librarian;
Miss Myrtle Broshar, organist.

C. W. Lockwood happened to a double
accident this week, while hitching his
team to a load of hay his dog ran
around the hay stack, scared the team
and one horse jumped on his right foot,
bruising the toes very badly. Then
jumping off the load of hay on to the
stack he sprained the ankle of his left
foot and is now on crutches for re-
pairs.

Stolen.

From my place on Section 11-25-51 in
Box Butte county, Nebraska, on or about
December 23, 1903, three head of horse
stock, to-wit: One dark bay clyde mare
seven years old, small white spot on fore-
head, weight about 1500 pounds and her
two-year-old bay mare colt, white stripe
in forehead weight about 1000 pounds and
her light bay sucking horse colt, wire cut
on front part of neck and small wire cut
above knee on front leg. No brands on
above stock when they left my place. The
above are all good clyde stock and I will
pay reasonably for any information that
will lead to their recovery.

Stolen.

James Butler, jr.,
Hemingford, Neb.
Miss Josephine Peterson was astonished
to discover a strange and curious little
animal in a bunch of bananas suspended
in the window of her brother, A. K. Peter-
son's fruit store last Thursday. It proved
to be a kangaroo rat about the size of a com-
mon rat and the color of a bat. It had a
litter of six young ones that constantly cling
to the mother after the manner of all mar-
supials. They are about the size of half
grown mice. A nest of dry leaves had been
cozily constructed in the middle of the
bunch of bananas, in which they had safe-
ly emigrated from their native clime in the
far off south land. They are pretty little
creatures and it is interesting to watch them
clamber about the bird cage in which Mr.
Peterson keeps them, using their feet,
which resemble minute hands, and their
long, slender, prehensile tails.—Wisner
Chronicle.

Commissioner Loer of Nonpareil was a
county-seat visitor last Wednesday.

Rinehold Kittleman of Box Butte was at
the county hub yesterday.
