DENEEN IN THE LEAD

Hopkins Claims Nomination for Senator.

Former Vice President Nominated for Governor Over James Hamilton Lewis—Stringer Gets Democratic Senatorial Indorsement.

Complete returns from 88 counties out of 102 in Illinois give for the Republican nomination for governor: Deneen, 181,509; Yates, 170,233, giving Deneen a plurality from returns at hand of 11,254. Eighty-eight counties give for the Republican senatorial indorsement: Hopkins, 117,822; Foss, 99,709; Mason, 71,655.

The friends of Governor Deneen confidently predict that he will secure the nomination by a majority of at least 10,000 over Yates, and the Yates managers made about the same prediction for their man.

Senator Hopkins declared that he believed that he would be indorsed for the senatorship by a plurality of 25,000.

The Foss managers claim that they have carried many of the senatorial districts and that when the legislature comes to vote for senator the men from these districts must be guided by the vote in those districts, irrespective of what the vote of the entire state may have been. They argue that in this way Foss is certain to receive the election from the legislature, even though he runs behind in the primaries.

For the Republican gubernatorial nomination Deneen received in Chicago and Cook county 79,700; Yates, 72,100, giving Deneen a plurality in Chicago and Cook county of 7,591.

The Democratic senatorial indorsement may be dismissed with the single statement that Stringer won easily in every county in the state so far as heard from.

Adlai E. Stevenson, former vice president of the United States, ran far ahead of his opponent for the Democratic gubernatorial nomination, although James Hamilton Lewis of Chicago made a phenomenal run in Chicago and Cook county, securing nearly as many votes as all other candidates together.

AMERICAN FLEET AT AUCKLAND.

Premier Officially Welcomes Admiral Sperry to Australian Waters.

Cloudy weather greeted the landing at Auckland, N. Z., Sunday of Admiral Sperry, commander-in-chief of the United States fleet, and his officers to receive official welcome to Australian waters at the hands of Premier Sir George Joseph Ward on behalf of the government. The landing was made at the newly erected quay at the foot of Queen street. Grouped about the prime minister were the members of the cabinet and representatives of the various town and borough districts of the dominion. Immense crowds thronged the street and the verandas and roofs of houses adjoining were masses of humanity. Unbounded enthusiasm prevailed. In his address Sir Joseph eulogized President Roosevelt as representing the best traditions of the common civilization. He then presented to Admiral Sperry, for President Roosevelt, a decorated gold and silver album, suitably inscribed, as a souvenir of the visit of the American fleet to New Zealand. To Admiral Sperry was given a beautiful illuminated address of welcome. The American commander-in-chief, in reply to the welcome, said no greeting would appeal more strongly to President Roosevelt than that coming from a people small in number but great in accomplishments.

After the ceremonies of welcoming by the government, a procession was formed, the round being through Queen street to Drill hall, where the mayor accorded Admiral Sperry an enthusiastic welcome. Queen street was lined by thousands of spectators, who enthusiastically cheered the American officers and men as the procession passed.

Dog Rescues Dog From Ocean. Children playing at Long Branch, N. J., threw their pet dog in the surf. The current was strong and the animal was unable to swim against the undertow. The pet fast was being carried out to sea, when Tommy Johnson's white bulldog, Thistle, jumped in the ocean, swam out to the other dog and brought it ashore.

OPEN FIRE ON TRAIN

Three killed and Eleven Wounded at Blocton, Ala.

Three men were killed and eleven injured, two of whom will probably die, when striking miners fired into a passenger train on the Birmingham Mineral railroad at Blocton, Ala.

The dead: Conductor Joe T. Collins, O. S. Dent, deputy sheriff, Willard Howell, nonunion miner.

Among the injured are: Major E. H. Dodge, superintendent of safety Tennessee Coal company, wounded in hand and leg; E. E. Cox, superintendent of mines, Tennessee Coal company, wounded slightly in knee.

The train was a special bearing nonunion men to the Blocton mines under guard of soldiers and deputies. On the outskirts of the town the engineer suddenly saw a log across the track and at once a fusillade was fired into the train. The engineer did not stop, but let the pilot throw the log from the track and put on full speed. The place where the attack was made was in a cut, the ground being on a level with the lower part of the windows. The assailants, from the rocks above, poured down a fire directly into the windows and at the engineer. Practically every window in the train was broken and shots struck all parts of the engine and cab. Eight negroes were arrested. Governor Comer held a hurried conference with Colonel Hibbard, commanding the militia, and another company was hurried to Blocton.

Shah at Mercy of Tribesmen.

Dispatches received from Teheran give a tragic-comic description of the position of the shah of Persia, who is virtually a prisoner in the hands of wild tribesmen summoned to Teheran to protect the throne against the revolutionaries, but who have become a greater menace to the monarch than his other foes. The tribesmen are extravagant in their demands for money, which the shah is unable to grant, and they threaten to destroy the palace and pillage Teheran.

NEWS OF NEBRASKA

Attorney General Thompson Bars Neble from Ticket.

Says Party Must Have Polled One Per Cent of Total Vote of His District Before Name Goes on Ballot. Sustains Protest.

Lincoln, Aug. 11.—Attorney General Thompson, in an exhaustive opinion, decided that Sophus Neble of Douglas county cannot go on the primary ticket as candidate for the legislature. This decision is based on the law which requires that no party can have candidates who did not poll at least 1 per cent of the total vote cast at the preceding election. Neble's counsel argued that the Populist candidates not appear as "Populists" at the last election, but as "People's Independent," and that there were at least 10 per cent of the votes cast by Populist voters at that election.

The decision is considered important, since it will affect candidates in other parts of the state.

DECREASE IN LIVESTOCK VALUES

Result of Decreased Numbers of Both Horses and Cattle.

Lincoln, Aug. 11.—The value of Nebraska cattle has decreased \$1,250,000 since last year and the horses owned in the state have \$500,000 less value than in 1907, according to valuation placed on these classes of live stock by the state board of equalization. The decrease in the valuation is the result of decreased numbers of both horses and cattle, due largely to the high price of rough feed and corn. Many farmers disposed of their live stock in order to dispose of their hay and corn at a good price.

The returns are not in and the number of horses and cattle is not known to the board, but it appears that they have decreased at least 10 per cent.

On horses the assessment was increased in seventeen counties and decreased in two. Cattle were valued higher in twenty-four counties and lower in one.

Douglas county assessors' returns showed a decreased valuation of \$500,000 on merchandise and large dealers in that county were called upon to make explanation. Three of them responded, and in each case they declared that their stocks had been considerably reduced because of the panic of last fall.

Cheek Torn Away by Kick of Horse.

Tekamah, Neb., Aug. 11.—James Pipher, the young man who has been the rural free delivery carrier on route No. 3 out of Tekamah for several years, met with a serious accident while in his barn caring for his team. One of the horses kicked him in the face, tearing away a part of his cheek and knocking out all his teeth on one side. He was also kicked in the breast and side. He was rendered unconscious and remained in that condition for several hours.

Four Governors in Lincoln.

Lincoln, Aug. 8.—Four governors of states were in Lincoln last evening. Governor Hanly of Indiana came to fill a lecture engagement. Governor Hoch of Kansas, who was passing through the city, stopped to pay his respects to Governor Sheldon of Nebraska and, with the Indiana executive, took dinner with the Nebraska governor. Governor Haskell of Oklahoma was a guest at Fairview of Mr. and Mrs. W. J. Bryan.

Boost Allen for Chairman.

Tecumseh, Aug. 11.—Friends of A. B. Allen of this city are preparing to push his candidacy before the state committee for state chairman of the Republican party to succeed William C. Hayward, who has resigned to accept the secretaryship of the national committee. Mr. Allen has been identified with politics of the state for many years.

Drought Broken in Nebraska.

Lincoln, Aug. 8.—Except for the eastern section of the state for a distance of from forty to seventy miles west from the Missouri river, the drought was effectually broken in Nebraska. Nearly an inch of rain fell in most sections. It was especially welcome in the southwestern part of the state, where hot winds had already damaged the corn.

Drowned in Missouri River.

Tekamah, Aug. 10.—Jay E. Webster, aged seventeen years, a son of Al Webster, one of the prominent farmers of this county, was drowned while bathing in the Missouri river near his home. The exact spot where he had lost his life is a half mile south of Lake Quinnebaugh, where a number of Tekamah people are in camp.

Find Coal Vein Near Broken Bow.

Broken Bow, Neb., Aug. 7.—While sinking a well on the farm of Mr. Miller five miles from Ansley, Street brothers of this place struck a six-inch vein of coal at a depth of 180 feet. The coal is underlaid with sand, gravel and rock. Street brothers not long ago found coal fourteen miles southwest of here at a depth of fifty feet.

Clayton Arrives in Lincoln.

Fairview, Lincoln, Aug. 10.—Enthusiastic over the prospects of Democratic success in November, Representative Henry D. Clayton of Alabama, chairman of the committee on notification of William J. Bryan of his nomination for the presidency, arrived in Lincoln.

HAYWARD GOES TO NORFOLK.

Will Confer With County Chairmen for Northwest Part of State.

Omaha, Aug. 10.—Colonel William C. Hayward, chairman of the state Republican committee, who has just been appointed secretary of the national Republican committee, to succeed Elmer C. Dover, left last evening for Norfolk, where he will meet in conference a number of county chairmen from the northwest part of the state.

It was while in this city that he received his first official notice of his appointment to the new position. Secretary Corrick had received a telegram from Chairman Hitchcock announcing the appointment and forwarded the telegram to Mr. Hayward here. He expects to leave for the east within a few days.

There is still some doubt as to who will succeed Chairman Hayward in the conduct of the state campaign. Warren J. Keifer of Nuckolls county is vice chairman of the committee, but that position carries the occupant in the capacity of a figurehead, and as Mr. Keifer is a candidate for office in his own legislative district, it is presumed he will be actively engaged in conducting his own campaign. It is believed, however, that Keifer will be called on to take charge of the work for the present at least, until some definite arrangement can be made for a successor to Chairman Hayward.

Before leaving for Norfolk, Mr. Hayward expressed the belief that he would be located in Chicago and expects to have charge of the western bureau which is to be located in that city.

It is understood Chairman Hitchcock of the national committee has extensive plans for polling the entire country by the index system and, Hayward being an expert in that line, will doubtless be called upon to give his attention to that particular kind of work.

BOARD OF EQUALIZATION

Lands Raised Two Millions Through-out Nebraska.

Lincoln, Aug. 10.—The state board of equalization concluded the assessment of lands. The total assessed valuation of this class of property as fixed by the board is \$201,667,725, an increase over the original returns made by the counties of \$2,018,529. The total land assessed last year was \$146,617,694. The increase is \$55,650,013.

Increases were made in thirty-three counties and decreases in eighteen, while thirty-nine counties were left as originally returned to the state board. The board endeavored to keep the aggregate value of lands within the figures returned by the county assessors, but in order to equalize the lands in the various counties it was necessary to make the increase of \$2,000,000. Many county officials appeared before the board to resist any increase, but most of them departed very well satisfied with the proposed action of the board which was announced some time ago.

The following counties were decreased: Colfax, Fillmore, Hamilton, Harlan, Madison, Phelps, Pierce, Red Willow and Washington, 5 per cent; Chase, Gosper, Kearney and Sherman, 10 per cent; Sioux, 15 per cent; Brown, 20 per cent; Box Butte, 25 per cent, and Otoe, 4 per cent.

Two Drowned in Missouri River.

Nebraska City, Aug. 10.—Two sons of David James of Minorville were drowned in the Missouri river near here. Mr. James, wife and three sons went to the river for a picnic and the boys went into the Big Muddy for a swim. Elmer, eighteen years old, got into water beyond his depth, when his brother, Charles, twenty years old, went to his aid. In the effort to rescue his brother, Charles was drawn under and they both drowned. The elder James and son, Byron, attempted to rescue them and barely escaped with their own lives.

Double Track All the Way.

Omaha, Aug. 7.—Harriman's trip across Nebraska has had one immediate result, and that is the order which has gone forth from the Union Pacific headquarters to proceed at once with the completion of the double track on the main line of the Union Pacific across the state of Nebraska. The first work to be completed will be the double track from Omaha to Grand Island and enough men will be put at work at once to complete this work as soon as possible.

Hayward Meets County Chairmen.

Grand Island, Neb., Aug. 7.—Chairman William Hayward of the Republican state committee met the county chairmen for eleven counties in this part of the state at the Koehler hotel yesterday, and today is meeting another gathering of county chairmen at Alliance. Favorable reports were presented by each of the representatives at the meeting here and Chairman Hayward explained in detail the methods which the Republican organization would adopt in the campaign.

Deny Special Rate for Bryan.

Lincoln, Aug. 7.—The Western Passenger association has refused to grant a special rate for the Bryan notification Aug. 12.

Deneen Increases His Lead.

Chicago, Aug. 11.—Related returns from the primary election served mainly to increase the pluralities of Governor Deneen and Senator Hopkins. The only definite results obtained were that John G. Ogleby has won the nomination for lieutenant governor on the Republican ticket.
